

The facilities of a bank account are such that it can be adjusted to any sort of business.

A bank account is indispensable to the merchant. The farmer who carries a bank account is up-to-date and has a systematic method for keeping a record of his receipts and expenditures. Even a housewife with a bank account is able to put system into the regulation of her affairs. By paying her store bills by check, she has a complete record of her expenditures. By using a check book, bills need to be paid but once. Each check is a receipt.

GAINED BRO. SHEAR

Mr. and Mrs. Moon Remembered By G. A. R.

Last evening members and invited guests of the local G. A. R. and W. R. C. enjoyed one of the good suppers and social events for which these old Lowell people are justly famous. The occasion was of double significance, being at once the 77th birthday anniversary of

Commander D. O. Shear and the 48th wedding anniversary of Comrade and Sister W. H. Moon. The former was presented with a gold headed cane, Comrade Hicks acting for the donors, and Mr. and Mrs. Moon received a beautiful bouquet of chrysanthemums. Mrs. D. Flanagan making the presentation. The good spread and presentations were followed by an informal program in charge of Mr. Hicks. Rev. W. D. Ogg gave an address. Mrs. Levi B. Rogers spoke entertainingly with war time reminiscences as her theme and Mrs. W. O. Merrill favored the company with a reading, and heartily endorsed, gave a second selection. Miss Maude Andrews and R. D. Stocking gave instrumental numbers and the entire company joined in singing war songs. Of course, the meeting was not permitted to close without a vigorous rendition of "America."

THE REVIVAL CLOSED

Evangelist Sayles' Lowell Campaign Wrought Good Results

The special meetings which began in the Lowell Methodist church October 22, under the leadership of Evangelist Harold F. Sayles of Chicago, came to a successful close Tuesday evening, Nov. 7, about ninety people having professed repentance and declared their purpose to lead a Christian life.

It is believed that good seed has been sown in other hearts within and without the church membership which will bear fruit in better living and more faithful service for the Master.

The union meeting Sunday evening, with an attendance testing the seating capacity of the church, was rousing and enthusiastic. The morning attendance was also large and the service inspiring. Miss Melva Nagler, daughter of the Methodist pastor at Grand Haven and student of the Deaconess Training school of Grand Rapids, contributed several gospel songs.

A pleasing feature of the Sunday evening meeting was the large number of floral offerings which were distributed throughout the city next morning to the sick and shut-in people.

Mr. Sayles is an enthusiast in his chosen field, a zealous Christian preacher who has a message and knows how to deliver it with telling effect. If his words cut at times they are like the surgeon's knife used with a kindly purpose; and he leaves none but friends and well-wishers in Lowell. He has a splendid stereoscopic equipment of dissolving views with which to illustrate his sermons and hold his congregations.

He goes from Lowell to Wayland and from there to Saranac where he begins an engagement the first week in December. He was ably and faithfully assisted in the Lowell campaign by Pastor Lennox and local singers. The former is preparing to organize and conserve the results of the revival in the church, Junior League and Sunday school.

CARD OF THANKS.

We wish to thank the many friends and school children for their kindness and the flowers sent to our boy during his illness. Mr. and Mrs. John Verburg and Family.

Every Favorite Base Burner is fitted air-tight. The doors, registers and frames are milled and planed by machinery just like wood is planed, until each part fits into its proper place as closely and tightly as the meat in an egg. There is no guess work about this fitting. It has to be right. Every favorite is closely inspected before it leaves the factory, and a Base Burner that isn't air-tight, does not go out. **THE FAVORITE BASE BURNER** has three flues which are built separate from the back of the stove and from each other, giving double the radiating surface of any other Base Burner. That means the same amount of coal in a Favorite will give twice the heat that another Base Burner will. You want a FAVORITE. We have a complete line.

GLADNESS COMES

With a better understanding of the true nature of the many physical ills which vanish before proper efforts—pure efforts—pleasant efforts—efforts which are in accordance with the laws of nature, the many forms of illness are not due to any actual disease, but simply to a disturbed condition of the system, which the pleasant physical activity, gymnastics, and the use of the Gladness Remedy, will restore to its normal condition. Gladness Remedy is a powerful and effective remedy with millions of families, and is everywhere esteemed so highly by all who have used it, that its beneficial effects are due to the fact that it is the only remedy which provides internal cleansing, without demoralizing the organs on which it acts. It is therefore, all-important in order to get the beneficial effects of its use, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only.

It is produced and refined to the state, and acts gently yet promptly on the system, and breaks down the system effectively, dissolves the acids, breaks down the fats, and restores the normal condition of the system, which the pleasant physical activity, gymnastics, and the use of the Gladness Remedy, will restore to its normal condition. WOMAN HAS AMAZING CAREER

Diamond Smuggling Case Shows How Helen Dwell Jenkins "Trimmed" a Millionaire for \$500,000—Uncle Sam After Several Rich Men.

New York.—The developments in the vast smuggling plot which was disclosed when Collector Loeb, through Detective Richard Parr, acted in the cases of Nathan Allen and John R. Collins, the millionaires charged with failing to declare \$300,000 worth of jewels belonging to Mrs. Helen Dwell Jenkins, indicate that the half has not been told.

A couple of years ago there was a robbery in a New York hotel and following it a young woman, Mrs. J. W. Jenkins, reported to the police that \$300,000 worth of jewelry had been stolen. A little later she said that the valuables had been recovered through a private detective agency. The customs authorities, who endeavor to keep posted concerning every large diamond collection in the country had never heard of the Jenkins collection and suspicious that some of the valuables might have been imported without having paid duty to Uncle Sam, started an investigation. The result is that information incriminating Nathan Allen, a wealthy leather manufacturer of Kenosha, Wis., and John R. Collins, a millionaire coal man of Nashville, Tenn., has been placed in the hands of United States District Attorney Henry S. Wise and will be brought to the attention of the next federal grand jury. Allen was intimate with Mrs. Jenkins and while in Europe with her and accompanied by Collins bought her many thousand dollars' worth of valuables which paid no duty. It was while investigating this case that Richard Parr unearthed the other conspiracy and the jewel-smuggling affair that was first known as the Jenkins case, then as the Jenkins-Allen case, and as the Jenkins-Allen-Collins case, is now said to have been really inspired by a New York

ZANZIBAR PARROT IS A PROFANE LINGUIST

BIRD SWORE LOUDLY IN ARABIC BUT OWNER DECLINED TO WRING HIS NECK.

New York.—All Ben Ding, a Zanzibar parrot, skilled beyond belief in the shrill articulation of Turkish, Arabian, Moorish, French, German and Spanish profanity, was responsible for the arraignment in the Tombs police court of his owner, Selim Hamad, a Byzantine sailor. Selim Hamad is a young giant and he was charged by Arem Sultan, a slim, narrow chested Arab, who lives at 37 Washington street, with performing a wild Dervish dance on his chest after endeavoring to carve initials in his neck. Arem Sultan had barely survived the ordeal and when he appeared before Magistrate Krotel to press the charge there was that in his appearance to suggest that an entire caravan had romped over him.

Bird Causes Breach of Peace.

sundry camels having stopped awhile to test the footing up and down the buttons of his waistcoat and atwath his dusky features.

Through a tiny interstice in the bandages that wreathed his countenance he told an amazing story of the profanity of All Ben Ding and how the bird had brought him into unequal encounter with Selim Hamad.

For several days, the Arab said, he had heard the name of his ancestors reviled in his native tongue. He knew there were no Arabs in Washington street and he could not for the life of him puzzle out who was cursing him. He searched the house in which he was living from top to bottom, but could not locate the voice.

As he set out for a near by restaurant Sultan was startled by the exclamation:

"Dog of an Arab, eat the dust of your thieving father!"

Sultan stopped short and his blood caught fire. The honor of the tribe of Desert for centuries. To be called a dog was the vilest of epithets.

Sultan had halted in front of 25 Washington street and he had only to wait another instant before the same voice cried out an oath that caused the young Arab to turn pale and tremble. This bit of profanity was followed by the phrase:

"The tribe of Sultan is accursed by the moon, the stars and the dogfish that swim under the stars."

That was enough for the young Arab. He rushed into the doorway and up the stairs to the rooms occupied by Selim Hamad. The profane voice of All Ben Ding, the parrot, lured him on.

Sultan knocked at the door. Selim Hamad opened it, blocking the entrance with his giant bulk.

Greatly enraged, Sultan demanded of Selim Hamad that he slay the vile bird before his eyes.

"He is bewitched of a thousand devils," Sultan said. "Kill him at once." "Puff, little one!" replied Selim Hamad in fluent Arabic. "All Ben Ding is a wise bird and knows a dog of an Arab when he sees one."

This was too much for the little Arab, and he hurled himself upon the huge sailor, with the results already told.

Drivers Then Learn of Veteran's Suicide in Barn, Which Animals Refused to Enter.

Cynwyd, Pa.—John H. Titlow, seventy-one years old, an inmate of the Soldiers' home at Hampton Roads, and who was on a visit to friends in this vicinity, committed suicide by hanging in the barn of John Duffy, near here.

William H. Duffy and William L. Downes were engaged in hauling hay to the barn, and about three o'clock, when they attempted to drive into the structure with a loaded wagon, the horses balked and refused to enter.

Investigating the cause of the horses' stubbornness, Duffy and Downes found the body of the aged war veteran dangling from a rope fastened to the rafter directly in the path of the horses.
