

Why Not Mail it?

A farmer recently meeting his neighbor asked: "Where are you going?" "Well," was his reply, "I've been owing a little bill to old man Blank, 12 miles east of here for some time and I thought I would drive over and pay it." "Why go over?" was the response. "Why don't you mail him a check? I keep a little account with the bank and whenever I owe anyone at a distance, I simply mail him a check, thus saving time and trouble." Can you afford to work yourself and team half a day to accomplish what Uncle Sam will do for 2 cents?

A LOWELL PIONEER

Mrs. Matthew Hunter's Long Illness Ended.

Mrs. Matthew Hunter, one of the pioneers of Lowell township, passed away Friday, July 12, at her home at Lowell Center, south of this village, after an illness of nine months. Funeral services were held at the residence Monday afternoon at two o'clock, Rev. D. B. Davidson of Lyons, her former pastor, officiating, and burial services were conducted by Cyclamen Chapter, Order of the Eastern Star, at Oakwood cemetery where she was laid to rest beside her husband.

Mary Farmer was born March 7, 1820, at Cobling, Ont., and on Oct. 6, 1846, was married to Matthew Hunter. To this union were born nine children, four having preceded her some years ago. She came to Lowell with her husband in the year of 1856, settling on the farm where they spent the remainder of their lives. Mr. and Mrs. Hunter celebrated their golden wedding Oct. 6, 1896, and six years later, July 4, 1902, the husband passed to the better world.

Mrs. Hunter was a faithful and sincere member of Lowell Baptist church, an honored member of Cyclamen Chapter No. 94, Order of the Eastern Star, and of Hooker Pioneer society. She was held in the highest esteem by all who knew her, and will be lovingly remembered by a large circle of friends, among both the old and young.

The following relatives and friends were here to attend the funeral: Dr. J. E. Hunter of Greenville, Ohio, Mr. and Mrs. Chas. Gibson of Pontiac, Mrs. Beebe of Holly, Mrs. Grant Hunter and children, Alma and Warren, and Mrs. Mina Kinney and daughter, Imogene, all of Grand Rapids.

Mrs. Smith was born in Columbus, Ohio, Aug. 23, 1831, and moved to Vassar, this state, 42 years ago. For the past seven years her home has been most of the time with her daughter here. GONE TO HER REST

Death of Mrs. Charles E. Francisco.

Mrs. Charles E. Francisco passed away Tuesday, July 16, at the home of her daughter in Grand Rapids. The funeral is held this afternoon at the Alton church, Rev. W. D. Ogg officiating.

Corn Barto was born in Grattan, Mich., Aug. 14, 1847. She was the youngest daughter of Mr. and Mrs. Barlow Barto, one of the early and influential families of Grattan township, where her early life was passed. Jan. 31, 1864 she was married to Charles E. Francisco. To this union three children were born, one son, Waldo, now of Zephyr Hills, Florida, and two daughters, Ella, Mrs. Chas. Jankaway of Lowell and Minnie, Mrs. Chas. Krum, of Grand Rapids.

In 1893 Mr. and Mrs. Francisco left their farm and removed to Lowell and for the last nineteen years their home has been in this village, with the exception of one season spent in California.

Mrs. Francisco has been an invalid the greater part of her life. Last fall in order to escape the severe cold they decided to spend the winter in Florida where their son was located. Although Mrs. Francisco was so ill that they were obliged to wait in Grand Rapids some time for strength to resume the journey, she made the trip successfully and after resting for it regained her health and strength rapidly. She gained steadily through the winter, writing her friends that she had not been so well in a great many years and she thoroughly enjoyed the climate. But after one of the happiest winters of her life, her old enemy who had lain in ambush during those happy months again attacked her and she rapidly declined. Wishing to escape the intense heat and reach her home she was brought to her daughter's home in Grand Rapids, where after two months of intense suffering she fell asleep in death, July 16, 1912. Her devoted husband, who for long years has not spared himself either in strength, time or means in ministering to her need, has the great comfort of knowing that when he could no longer help, she had sought and found that friend whose "grace was sufficient for her," and whose presence would go with her even through "the valley of the shadow of death."

Mrs. Francisco leaves besides her husband and children two sisters, Mrs. John White of Grand Rapids and Mrs. George White of Los Angeles, California, one sister, Mrs. Warren Ford, having died several years since.—(L.S.P.)

Uncovered by Paving Gang Last Week.

While at work removing road material to lower the street grade for the paving job on Hotel Waverly corner last week, workmen uncovered at a depth of three feet below the recent street level an old crosswalk in such a good state of preservation that it held up the working teams and their loads.

Questions arising as to when the walk was built, we referred the question to our old pioneer friend, J. S. Hooker, who kindly furnishes the following data:

"In April 1855 the first blow for the improvement on the west side of Flat river at Lowell, was struck by C. S. and J. S. Hooker. The first frame building was the north part of the Franklin hotel, which was opened on Christmas day of that year. From that time on improvements and building continued rapidly. In 1856 walks were put down along Main street also several cross walks, among others was the one found by the men now preparing the street for paving. One reason for its being put in at that point was, at that time there was strong talk of erecting a church on the spot where Hotel Waverly now stands and as it was to cross the street it was thought only proper to make the foundation of heavy oak timber. A few other walks were constructed in the same manner in after years. Some were taken up and others left and covered with gravel as the streets were being filled. This one of which I speak was found nearly three feet from the street bed. But very few people are now living in Lowell who were here at that date. The lumber was hewn by Henry Montague and drawn and assisted in laying by J. S. Hooker."

Attorneys Endorse Judge Higbee.

So well has Judge Clark E. Higbee fulfilled the exacting requirements of the Probate and Juvenile courts since his appointment by Gov. Chase S. Osborn that 110 of the attorneys of Kent county, regardless of party have voluntarily signed an indorsement of his candidacy for renomination. No higher tribute to his worth or ability could be secured as these attorneys are the men who come in closest contact with the Probate court work. And the sentiment of the attorneys is no different than that of the litigants who have had business in the court. Judge Higbee's work in the Juvenile court is but a reflection of his own personality. His treatment of the many difficult cases of the Juvenile wrong doing which have appeared before him has secured the commendation of all the forces in the county which are working toward the elimination of crime among children.—[adv.]

A LETTER from the Third Assistant Postmaster General, requiring a statement as to subscribers delinquent more than a year and calling attention to the law relating thereto, compelled us to re-examine our list last week and we were obliged to report the number of fifty and to pay one-cent postage on each. We hope that all of these will respond immediately with all arrears and a year's payment in advance. Let's put an end to this dog's-tail-always-behind business. Your dated label shows the date your paper is paid to. It should be a year in advance—not a year in arrears. Come on, now, all you tardy folks and fix things up so we can show this particular post-office department a clean sheet.

AN EXCHANGE says that the newspaper publisher's worst enemy is the Post Office department. How about the Congressman who join it in its petty persecutions of the legitimate press. Among the causes which will retire the present administration from power, not the least will be its hostile attitude towards newspaper publishers. Why should any newspaper shout for an administration that is doing its level worst to ruin his business? Search us.

With the Ann Arbor hospitals full of victims of mad dogs from widely separated sections in Michigan it is time that many of the worthless curs in Lowell were put to sleep and all the others muzzled. Let action be taken before some of our children are sent to awful deaths. We surmise that if only dogs on which taxes have been paid were spared the number running at large would be greatly lessened. Mr. Dog Warden, how is this?

The Mystic Workers have joined the movement of the fraternal insurance orders for higher rates. However, their advance is only 10 per cent per monthly assessment on each \$1,000 policy, which is very moderate. The new rate takes immediate effect with new members but does not affect old members until January 1, 1913. The former age limits of 18 years and 51 years have been reduced to 16 and 49.

A PROSPEROUS year's business is predicted by Chicago wholesalers in all lines of trade and by leaders in clothing, dry goods and shoes, who base their prophecies on good crop prospects, good collections, the successful closing out of old stock, a revival of heavy buying and advance orders for fall trade much in excess of the same period last season. The election is not recognized as a factor in the situation.

The Lansing Health Department has inaugurated a crusade against flies and will give citizens tickets to moving picture shows for 25 dead flies. In Lowell filthy fly-breeding places are still tolerated and the stench from them in some localities, particularly at night, makes pure breathing impossible. Owners of such places should use lime or plenty of fresh clean soil and stop the horrible nuisance.

BRYAN to date. Says Collier's Weekly: "We liked the boy orator of 1896. We admire and trust the fighting statesman of 1912." The Detroit News gives Bryan a place in history with Clay, Webster and Blaine, "whether he is ever president or not. That's fame enough for any man. But mark it—The history of W. J. Bryan is not yet written. There's more and better to come."

Express rates are to be reduced 15 per cent if the report and recommendation of the Interstate Commerce Commission are effectual. For many years consumers have been confronted on every hand by a constantly increasing scale of prices. It is to be hoped that the end of that movement is in sight. We shall hear something about it in the coming campaign.

By the expulsion of Lorimer the Senate has served notice upon boodlers and bribers everywhere that membership in that body is to remain a mark of honor and that those seeking it must come with clean hands. Senators William Alden Smith and Townsend are entitled to credit for their action in the matter.

It's too late for the bloody shirt to have a place in this campaign and General Sikes' attack upon Governor Wilson for having been "born amid rebel surroundings," will simply excite pity for an old man's childish judgment.

The man who never made a mistake didn't publish a newspaper. He wouldn't have lasted a week in that business but he reserves the right to criticize veteran publishers. Finding fault is the easiest thing in the world.

Down in Panama they are spraying ditches to kill baby mosquitoes and destroy malaria; but here in Michigan in many places flies, which are equally dangerous to health, are allowed to breed unmolested.

It's getting pretty close to home when a cyclone hits Grand Rapids. Old Michigan scatters them pretty well though, ten, fifteen or twenty years apart.

An OKLAHOMA banker owning eleven financial institutions was formerly a New York City news man. Who says opportunities are passing?

Famous Anti-Trust Shoes To Be Sold Here

Local People to Get Better Footwear at Saving of Fifty Cents to One Dollar Per Pair

MOST shoes cost more than they are worth because they pass through too many hands. Each handling adds expense and profit to the price of the shoes before they reach the wearer. Modern business methods are making necessary radical reforms in the conduct of the shoe trade, which has been carried on for years under the most old-fashioned, long-range methods.

It is now possible to get better shoes for less money—and in order to give the people of this vicinity the best values obtainable, we have made arrangements with Endicott, Johnson & Co., the largest tanners and shoemakers in the world, for the sale of their Endwell shoes.

This company is the only shoe concern operating independent of the hide and leather trusts. They have over two million dollars invested in their tanneries alone and are the only shoe concern tanning their own leather, both sole and uppers.

They carry over one million dollars' worth of shoes in stock all the time. From this enormous stock, comprising 700 different styles, we have our pick. By making this deal with Endicott, Johnson & Co. we have cut out all the middlemen's profits. There is no hide dealer's profit—no tanner's profit—no leather broker's profit—no jobber's profit—no trust profits of any kind.

These things we know to be true, and we can truthfully state that Endwell shoes are made under the most ideal conditions to produce the best possible shoes at the lowest possible cost.

This enables us to state positively that we can now sell you shoes at \$3.00, \$3.50 and \$4.00 of the very latest styles that are easily worth, both for style and wear, from fifty cents to one dollar more a pair than other shoes offered at similar prices.

Come and see the shoes for yourself.

"The Jolly Good Fellow"

Perhaps you know him. He's one of the good fellows who is everybody's friend. He only gives the "word of B" to himself and "the gift of B" to himself. And he never really realizes this truth, patent to everybody but himself. Many a wife with tear-stained cheeks and aching heart, with dread tugging at her heartstrings sits alone until the midnight hour ages late morning. She is robbed of happiness while "The Jolly Good Fellow," full of what the world calls "good cheer," is drinking to the health of careless boon companions and the sorrows of the one who loves him better than the whole gay, unthinking crowd with whom he is banqueting time that really belongs to her.

"The Jolly Good Fellow" of Grand Rapids and vicinity are invited to write for a copy of "The Jolly Good Fellow"—a booklet worth its weight in gold to anyone of them who will seriously take to himself the story it unfolds.

Many Jolly Good Fellows were numbered among the happy souls who have left the Neal Institute during the time it has been bringing joy into the lives of excessive drinkers.

They are thanking their stars today that the Neal Thrice Day Treatment for the Drink Habit has enabled them to get back upon the track of good, sober fellowship.

If you have a friend who is a "Jolly Good Fellow" send this book to him. Write or phone The Neal Institute, 11 Sheldon Avenue, Grand Rapids, Mich. Citizens 4776, Bell Main 1692.

What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Okla., "and I thank you, with all my heart for making such a good medicine." Only 50c. Guaranteed by All Druggists of Lowell.

Dr. A. B. Spinney of Detroit, a Specialist of 53 years' experience in treating chronic diseases, will give free consultation.

SICK PEOPLE SHOULD INVESTIGATE

I know the Diseases of Both Sexes Like an Open Book. I have Been Curing Them for 49 Years. In fact, My Entire Life Has Been Devoted to Curing Where Others Have Failed.

I have Changed Hundreds Upon Hundreds of Nervous Wrecks Into Fine Strong Men and Women. I Accept No Case I Cannot Cure.

I ESPECIALLY invite all discouraged and dissatisfied ones who have been treated without a cure to write me fully and frankly about their case. It will cost you nothing to write me, and I will gladly tell you your condition, truthfully, honestly—accepting no case that I cannot cure—holding out no false promises. I have spent my whole life in the study and cure of chronic diseases, and my study and investigation have been blessed by the discovery of many new and marvelous methods of treating disease. Forty years ago I graduated from the Western Homeopathic Medical College of Cleveland, O., for two years. I practiced at the Alma Sanitarium, Alma, Mich. I have spent many long years as a specialist, treating chronic diseases of all kinds with wonderful success, and am now owner of one of the largest sanitariums in the country, giving my entire time to the treatment of Nervous Diseases of both sexes. I cure the worst forms of Epilepsy, St. Vitus Dance, Paralysis, etc.

My long experience in diagnosing cases and my understanding of the different diseases that I treat enable me in almost every case to prescribe by mail a perfect, thorough cure. All correspondence in plain envelopes and strictly confidential.

I CURE NERVOUS TROUBLES—Wasting Away, Loss of Vitality in Both Sexes. Whether from excess or overwork, I promptly and positively cure, no matter of how long standing.

I CURE BLOOD POISON—Cure Blood Poison in the first, second and third stages—driving the poison from the system, the taint from the blood, curing pimples, copper spots, sores in the mouth, tumors and ulcers.

I CURE FITS—Epilepsy, St. Vitus Dance, Paralysis, etc., by striking direct at the cause, restoring the diseased nerves to perfect health.

I CURE PILES—in 30 days to stay cured and to never return.

I CURE CONSUMPTION, the Great White Plague, in the first and second stages. Have made a special study of this disease for fifty years. Have cured hundreds given up by home Doctors. Those I cannot treat at home by sending or by mail, I will take to my Sanitarium, where best of medical skill, nursing and private rooms are given, for Ten Dollars a week.

I GUARANTEE TO CURE, to stay cured, liquor, morphine, cocaine, nicotine or cigarette habits. Most cases treated at home.

Call and see me or write to either Sanitarium as below.

No matter what disease you are suffering from, write me fully today. I will answer at once, and my advice, which costs you nothing, may be worth hundreds of dollars—*write to you*. If I cannot cure you I will tell you so. **WRITE TODAY.**

Faithfully yours,

ANDREW B. SPINNEY, M. D.
