Siberian Lands Threatened.
Extensive tracts of land in Siberia are threatened by the encroachment of the great Gobi desert, and a plan has now been drawn up for a series of forest ramparts to hold back the salt and drift. The only effective defense, according to the report of agronomists sent to survey the region is in tree belts at least two miles broad. It is proposed to plant one of these from Samara to the Caspian sea, while others are recommended extending in intervals of about 40 miles right up to the Chinese frontier.

Wilson & Marshall will have about 400 electoral votes, Roosevelt about 100 and Taft but 12.

These states voted for Wilson: Alabama, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Indiana, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Rhode Island, South Carolina, Tennessee, Texas, Virginia, West Virginia and Wisconsin.

Roosevelt got the votes of Illinois, Kansas, Michigan, Pennsylvania and Washington.

Only Idaho, Utah and Vermont gave their combined 12 votes to Taft. The result in Iowa, Minnesota, South Dakota and Wyoming is still in doubt.

With the presidency, the Democrats have captured a large working majority in the House and a plurality in the Senate.

FEDERATION REPORT

Lowell Literary Club Hears Report of State Meeting.

The Lowell Literary Club met at the home of Mrs. Jessie Williams Nov. 1st for the report of the State federation by the delegate Miss Audie Post. After the meeting was called to order Mrs. Vesta Redmond favored us with a vocal solo "Ah let me dream" by Taylor, which was heartily applauded. Miss Post then gave us a very complete and pleasing report. Just at this time woman's suffrage seemed to be one of the most important discussions at the federation. Miss Jane Addams of Hull house fame seemed to be able to entice the whole delegation in regard to the suffrage question. By Miss Post's report one can readily see that the club work is progressing rapidly throughout the state.

After the business meeting, which followed the report of the federation, Mrs. Emma Greene gave us some very important facts in current literature. She then called on Mrs. Dora Vinegar who gave us a very complete description of the primaries which opened a discussion and many things were brought out.

The roll call which came last was responded to by questions asked the delegate who very ably answered the many questions of interest to the club. The Glasser bill was discussed and all hoped to see the bill become a law. The club then adjourned to meet with Mrs. Flora King Nov. 20th.—[Com.]

Always Fairy Tales.

There has never been a language spoken that has not been used for telling fairy tales. Whether in hot lands or cold, among savages or the most cultivated nations, they, not a moment passes in which some one, somewhere, is not telling a fairy tale, or listening to one, or reading one, or perhaps writing a new one. Which makes it delightfully probable that we shall always have them with us, however scarce the fairies may have made themselves in these prosaic and practical days.—St. Nicholas.

Smoking to Cure Deafness.

Harriet Martineau suffered from deafness. One who knew her writes: "The degree of deafness varied, and she tried all sorts of remedies. Under the advice of some scientific person she tried smoking. I had the privilege of providing her privately with some very mild cigars, and many a summer night have we sat together for half an hour or so in her porch at the knoll, smoking. She tried this remedy for only a few months, but she fancied it had a beneficial effect upon her hearing."

W. Boomstra will sell his horses, milk cows, grain, hay, fodder, vehicles, farm implements, etc. on the Thornapple Dairy farm near Ada village, Wednesday, November 20, beginning at 10 a. m. Free hot lunch at noon. See bills printed at Ledger office with which this notice is given free.

Will D. Crofoot, remitting for his Ledger from Concrete, Wash., writes: "I am always glad to receive the old home paper as I still have a kindly feeling for the old town where I spent most of my life and the home of many of my dearest friends. I have about recovered from my long siege of inflammatory rheumatism, and am able to be back in the store again. Kind regards to all, and success to the Old Town."

Wilson Farmhouse Burned
The farmhouse of Mrs. Charlotte Wilson, at Pratt Lake, was burned to the ground with practically all its contents last night. Mr. and Mrs. Tingate and their family moved into the house yesterday. About midnight they discovered that it was on fire, and though they summoned their nearest neighbors it was too late to save their property, even their clothing being lost. The sewing-machine and one chair were the sole things rescued. The cause of the fire is unknown.

A Special Price
Of \$3.50 for gold filled spectacles or nose mounts with Sphero lenses will be made by me on my first call in your city.

The above offer is for advertising purposes only. I am practically giving the frames away. Scientific examinations made in each case. I will be at the Hotel Waverly Monday, Nov. 18th E. C. Felt Eyesight Specialist Main office 9 North 4th at Grand Haven Mich.—adv
