lation of fire extinguisher in all buildings.

Mr. Fankboner, another representative of the Michigan Inspection Bureau, was the next speaker and explained fire insurance ratings. He traced the history of fire insurance classifications from the earliest known period down to the present time and explained that today each building that is inspected and rated by the Bureau is charged or credited as a good risk according to conditions. Lowell as a city is rated fourth class being in a group of such cities as Holland, Grand Haven and Muskegon where paid fire departments are maintained. Mr. Fankbone assured us that we could not hope to get a better we could not hope to get a better rating as a city and that we should be well satisfied to be m a

fourth class group.
The Co-insurance clause was explained and several members questioned the speaker in the sp-plication of the clause.

Dr. Lewis Webber, secretary of the Fremont Board of Trade. was introduced. He explained the workings of their organiza-tion and told how they were able to have an attendance of some 400 farmers at their annual ban-

quet February 16.
Mr. Smith, County Agricultural Agent, although limited for time, gave many good sugges-tions for bringing merchant and farmer closer together and con-gratulated us on placing a course of agriculture in our schools for the coming year.

Went Away" and responded with Frank Taylor, caucus nominee for treasurer, had 60 majority over R. E. EMPLOYES of the American Clothing Manufacturer's association to the number of 32,000 are benefitting by a wage increase that has been in effect since December, \$8,000,000 being thus added to the pay rolls. That this advance was justified will be cheerfully agreed to by many who object to the piling up of official salaries from thousands to more thousands, while laboring men and women support large families on a few paltry hundreds.

"Topay there should be just one party, and that party the American party," said Representative Schall of Minnesota in the House Monday, voicing the sentiment of every good citizen and patriot. We have our political differences and fight them out every four years among ourselves: but in the face of a foreign foe we are united in defense of our common country and flag. Thus may it ever be. ----ECONOMISTS are predicting the

highest food prices ever reached in this nation, owing to the fact 40,000,000 men formerly occupied in production are now en gaged in destruction and in con plies. This condition will grow worse instead of better during the coming year. Nothing but abundant crops can prevent world-wide famine. ____

The temper of the people as regards the continued activity of the peace-at-any-price promoters is shown by the defeat of Alderman Emmer for Grand Rapids commissioner. Prior to his vote for the LaFollette meeting in the armory his success was unquestioned: after it his defeat was assured. Boat rockers are not needed just now. ____

THE Michigan Supreme Court has condemned the "third degree" or torture method of forcing confession of guilt in criminal cases, and rightly so. Only recently it was found that a boy had been compelled to confess a crime that another had committed. ____

Some 3,000 Virginia bachelors are liable to prosecution for taking liquor into the state under a law which gives that privilege to "heads of families or those living with their parents." A rush for marriage licenses is now due in Old Virginia. ____

ALONG with the threat of high priced ice for the season soon to open, comes the news that the west shore of Lake Michigan is packed high with drift ice, showing that Nature has done her par whether man has or not. ____

As For his attorney's plea that Harry Thaw is "civilly dead" and cannot be tried for crime, most people will agree that he ought to have been real dead long ago, with some of his tricky lawyers for company.

Entered at the postoffice at Lowell, Michigan gest, a second class matter.

SAGINAW and neighboring then women and now towns are already discussing the and how are they all to problem of providing amusement in the front row? for those who now frequent saloons, when those places are closed in 1918; and the discussion if you would keep ther is timely. Lowell must meet the same issue also and provide proper substitutes. However, it will be found that improved home conditions are likely and the discussion vigorous and growing. of talents waste and de disuse. As the cave fish blind, so may it be wear conditions are likely as who drift with the tide. home conditions resulting in who drift with the tide multitudes of cases—where fath- and do with others. ers, brothers and husbands now waste their money on strong drink, will in a large measure offset the attraction of the bar

____ EMPLOYES of the American Clothing Manufacturer's association to the number of 32,000 are benefitting by a wage increase that has been in effect since December, \$8,000,000 being thus added to the pay rolls. That this advance was justified will be cheerfully agreed to by many who object to the piling up of official salaries from thousands to more thousands, while laboring men and women support large families on a few paltry hundreds.

"Today there should be just one party, and that party the American party," said Representative Schall of Minnesota in the House Monday, voicing the sentiment of every good citizen and patriot. We have our political differences and fight them out every four years among ourselves; but in the face of a foreign foe we are united in defense of our common country and flag. Thus may it ever be.

Economists are predicting the highest food prices ever reached in this nation, owing to the fact 40,000,000 men formerly occupied in production are now engaged in destruction and in consuming the reduced world's supplies. This condition will grow worse instead of better during the coming year. Nothing but abundant crops can prevent world-wide famine. ----

THE temper of the people as re gards the continued activity of the peace-at-any-price promoters is shown by the defeat of Alder man Emmer for Grand Rapids for the LaFollette meeting in the armory his success was unquestioned; after it his defeat was assured. Boat rockers are not needed just now. ____

der.—Will C. Stone. Mrs. Earl Vanderlip was ill STOP PAYING RENT **BUY YOUR OWN HOME**

How much money have you paid out for rent since you have been married? * Have you ever stopped to think about it? I'll venture to say you would be surprised if you only knew.

No doubt it would make a nice snug sum. As it is, what have you got to show for it? Nothing but a bundle of receipts.

However, it is not too late to change your policy. I have some exceptional bargains in homes for all--from the snug cottage to the most elaborate dwelling; and the prices and terms are right. Come in and let's talk it over.

Perhaps there is something in this list that will suit you, if not we have others.

136 acres fine farming land, clay loam soil, 3½ miles from Clarksville. 10-room house in good condition, 40 x 60 barn, good well; and farm has been well cared for. \$90 per acre. Good 7-room house on east side near village limits, 85-foot frontage, house has 2 cellars, cistern, well, bath room, complete with bot and cold water tanks; electric lights; good barn, tool and wood shed and large chicken park. Fine

home for the right party, and the price is reasonable. 9-room house in A1 condition, plenty of land for small gardening, small barngood well, cistern, electric lights, good cement walks and lots of shade. Would accept part mortgage. Price \$1300.

Fine residence on Bridge street close to business district. Good garage, city water in house and vard, electric lights and bath room. Will sell right 9-room house in northwest part of village, fine location, 1½ lots, good cellar and good well, also new roof on house. Will accept contract. Price \$900.

One acre land with 8-room house near Grand Trunk depot, good well and small barn. A good bargain if you buy at once. 9-room house on the addition, a fine little home and the house is in the best of condition; garage, city water, electric lights and good cellar. Will sell for \$1300 cash or can arrange for part mortgage.

Fine residence on West Main street, good sized house with modern conveniences and in good repair. Owner is anxious to sell at once and if you want a snap, look this up. Price \$1500. Residence in one of the finest parts of the village, 8-room house, city water, well

cistern, electric lights and fine cellar, big barn. Mortgage of \$400 on property at present and will accept contract for balance or for all and pay mortgage. Fine large residence on Bridge street, all modern conveniences and luxuries, big

lawn with fine shade, good barn with cement walks on and around the property. If you are looking for something extra fine, look this up. It's a real place and the price is right considering what you would be getting. Two big lots on the addition, fine for building lots or for gardening. You cannot afford to overlook them if you are looking for a small piece of land in

H. L. SHUTER

the village. Must sell quick! \$100 buys them.

While the following letter was addressed to us, there is a message in

it for every woman interested in economy and good cooking, so we address

"I must write and tell you of my experience with economical Lily White Flour. I say economical because I

my grocer, and when using it in a recipe that I had always used with other flours I found my dough too stiff. I used

the same quantity as usual, so next time I used less and have been delighted with the results ever since.

would be well for all housewives to know that Lily White

Flour goes farther and makes more than any other flour I ever used."

"I received a sack of Lily White, sent me in error by

"In these days of the high cost of living I think it

Mrs. Robbin is a new convert to Lily White Flour and her testimony

is very significant in view of the fact that heretofore she has used two

kinds of flour—a so-called bread flour for bread, and a pastry flour for

pastry—and has found Lily White better for all purposes than the special

F. B. McKay LOWELL

Sells the Champion Cream Saver THE NEW DE LAVAL-

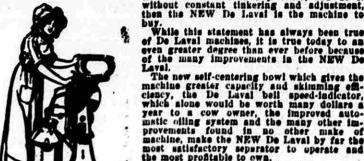

ALMOST any separator will do fairly good work when it is brand new, perfectly adjusted and skimming warm milk from freshened cows.

But a separator can't always be new, cows can't always be fresh, nor can you always separate your milk while it is at 85 or 90 degrees. In other words, your separating is done under practical conditions, and the sensible thing to do is to get a prac-

The NEW De Laval is the most practical separator you can buy

because it is the only separator that you can depend upon to akim clean under any and all conditions of milk and temperature, and to deliver cream of uniform thickness.

If you want to own a separator that will do its work better than any other, and do it without constant tinkering and adjustment,

buy.
While this statement has always been true
of De Laval machines, it is true today to an
even greater degree than ever before because
of the many improvements in the NEW De

of the many improvements in the NEW De Laval.

The new self-centering bowl which gives the machine greater capacity and skimming efficiency, the De Laval bell speed-indicator, which alone would be worth many dollars a year to a cow owner, the improved automatic oiling system and the many other improvements found in no other make of machine, make the NEW De Laval by far the most satisfactory separator to operate and the most profitable to own.

You can buy a NEW De Laval from us en liberal terms. Come in and examine the machine and talk it over.
