

Quietly Patriotic

There are hundreds of good Americans who without demonstration of any kind are daily supporting their Government by setting aside all they can from their income to serve their nation's need.

There are many such people among the savings depositors of this bank, good, substantial citizens who have been able to buy their share of Liberty Bonds.

You can do nothing today (except fight) which is more patriotic than saving money.

If you are not among the many who hold the savings-books of this bank call for yours now.

WAR CONDITIONS WILL GOVERN SUGAR RELIEF

Food Administrator Says No One Can Tell How Long Restrictions Will Continue. "How long will these sugar restrictions last?" was a query addressed to Food Administrator G. A. Prescott by a small town grocer in the vicinity of the other day. The visitor said he was getting discouraged with the limitations and regulations surrounding his business and wondered if he could ever hope for the good old days when he could buy sugar as he did before the war. "The restrictions will last just so long as they are necessary," replied Mr. Prescott with emphasis. "There is no vacation on the firing line and if you cannot loyally and promptly obey the requests of the government in war time, you had better get out of business. But remember this, if you stay in business the war comes first, if you have to get out of business, my final word is simply this, get ready to make any adjustments required. Give up cheerfully, provided it will help win this wonderful fight for the freedom of the world. Be glad and proud to promote and explain any new rules among your customers. 'Fire 'em along' was the parting shot of the grocer, as he shook hands with Mr. Prescott and started for the elevator.

Farm Work Made Easy

The successful farmer is always on the lookout for the newest and best in the way of farm machinery. He must keep up with the times in these things. Labor conditions, farm product prices, and many other things all go to make it a necessity for the farmer who would make money today to fit himself out with the greatest labor-saving devices obtainable. Money spent for new machinery is not extravagance, it is a judicious investment.

We have the very best that could make, and we delight in showing the different machines and implements to interested persons.

Office of the United States Marshal, Grand Rapids, Michigan.

September 12, 1918. To the Newspapers of Western Michigan:—

Just received a letter from the Attorney General asking me to send the following notice to all newspapers in this District, with the request that they print same as a news item:

"A German alien man or woman changing his or her place of residence to another place within the same registration district shall immediately report such change to the registration officer of the registration district and present to such registration officer his or her registration card for the purpose of having endorsed thereon by such registration officer the change of residence."

A German alien male or female who desires to change his or her place of residence to a place of residence within another registration district must obtain a permit. Such German male or female must present themselves to the registration officer of the district in which she or he then resides and make application for the permit on a form supplied by the registration officer, and present his or her registration card to the registration officer for the purpose of having the permit of change of residence, if granted, endorsed upon his or her registration card. If the registration officer denies the application there may be an appeal under Article XIII, paragraph 3, of the General Regulations, to the United States Marshal of the judicial district for final action.

A change of residence in violation of the regulations subjects an alien enemy, among other penalties, to arrest and detention for the period of the war.

The registration officers who act in the registration of German aliens will continue to act as registration officers for the purpose stated in respect to permit for change of residence.

Herman O'Connor, United States Marshal.
