LOWELL, MICHIGAN, FEB. 27, 1919

What Am I?

I am probably the greatest invention of man. I make men and women prosperous. I teach them thrift. I bring them comfort in old age. I tide them over "rainy days." I am always looking for more work to do. I never tire. I never go on a strike, I pay no attention to the eight hour law--I work day and night. I can perform magic. I multiply dollars. I make fortunes out of small beginnings. I want to work for you. I will be your tireless servant. I will work so hard that you will gradually have to work less.

I Am Interest.

VERGENNES COMMUNITY MEETING

GRANGE HALL SCENE OF INTERESTING EVENT

E. A. Anderson, Rev. Floyd, County Agent Carr, Dr. Diehl and Soldiers Krum and Chaffee Speakers.

In spite of inclement weather, the people of Vergennes turned out in goodly numbers to the Community meeting at the Grange hall Tuesday. Lowell was represented by a goodly number of business men, several of them accompanied by their ladies, all of whom expected a good, substantial dinner and were not disappointed.

Following the dinner hour, Rev. W. M. P. Jerrett called the meeting to order and America was sung by the assemblage.

E. A. Anderson of Lowell followed with a half-hour talk on his experiences with the Y service in France. He attributed criticism of the Y to the lack of transportation facilities, many of the Y trucks being taken away by the army for other service, leaving in one instance but one truck for Y service to 50,000 men, where there should have been from four to ten.

Of the 100 American soldiers over seas he said cases of selfishness were rare, that in general they were free to share their blankets or rations in true comradeship fashion. One instance of exceptional and its punishment related by Mr. Anderson is worth repeating. In one company a soldier had been accused of "playing seconds"--that is getting into the ration line twice and receiving two portions, so that some one else would get little or none. Complaint was made and an officer detailed to act. Next time the soldier stepped into the ration line a second time he was called out by the officer, questioned and ordered to face a firing squad. The order to fire was given and at the report the soldier fell--in a faint. Not a gun had been discharged, except with powder. He was sick several days with the shock but was cured of playing seconds.

After dinner, Rev. Dr. Floyd gave a stirring address. He wanted to know how many ladies present had registered, and there was a goodly showing of hands. He warned against the attempt to saloonize to make Michigan wet again next spring. The men thought they had fired the saloon from the state and now on its threatened return they looked to the good women of the state, now franchised, to keep it out. He advised the women to no mistake in the manner of their legislation. After an eloquent tribute to the American army and its most righteous cause, Dr. Floyd introduced two of Vergennes' returned soldier boys, Howard Krum and Glen Chaffee, who talked interestingly of their army experiences and received generous applause from an audience of old friends.

County Agent R. G. Carr spoke briefly on the purposes of the Kent County Farm Bureau as an aid to the farming interests. He said that some one present had asked him if he were a preacher too--there were at least four men of the cloth there--and he said "No, but I have had the flu two weeks and that's why I look like one. But because I have had the flu doesn't mean that I am a fluent speaker." He told a good story: "Traveler's shoes made his feet ache. He thought smoking would deaden the pain and lighted his cigar. A woman tapped him on the shoulder and asked him to stop smoking. He complied and removed his shoes to ease his feet. Pretty soon the woman tapped him once more and said: 'Won't you please smoke again?'"

Rev. W. W. Diehl of Detroit discussed in an able manner the relations of the farmer with the high cost of living and reconstruction problems. He declared that in the settlement of these problems and the differences that must arise between capital and labor and between the farmer and those who depend upon him for food there is only one agency that can solve them justly and that is the Christian church. The high cost of living is due, he said, not to the war but to the fact that 34 per cent of our population is on the farm, while 66 per cent is in the towns and cities--1917 figures. The spirit of selfishness was illustrated by the strike of the high-waged ship builders in war time. A manufacturing concern voluntarily advanced the wages of its workman 10 per cent, expecting an increased output; but got none. No appreciation evidenced. The speaker believed that the farm 34 per cent would shrink to 20 per cent and the town 66 per cent would grow to 80 and likened the country's condition at that time to a top-heavy load of hay. To avoid this threatening danger rural life and conditions must be greatly changed. The farmer of the future will need to be an educated, skilled man. Better educational, social and recreational opportunities must be provided if the drift from the country to city is to be stopped. The League of nations may prevent war but it won't spread the spirit of democracy and there is but one thing that will and that is the Christian church. Dr. Diehl closed with a brief allusion to the great reconstruction campaign of the church in general and of the centenary program of the Methodist church in particular.

The meeting closed with a prayer and benediction by Rev. F. G. Wright of Alto.

A Farewell Surprise

About sixty of the neighbors and friends of Mr. and Mrs. Ralph Story gathered at their home Thursday evening to bid them farewell before leaving for their new home in East Lowell. Dainty refreshments were served and a jolly good time was enjoyed by all. Mr. Story's people have made many friends while living here and many regrets were expressed at their leaving South Boston.

WASHINGTON PARTY

Methodists and Friends Enjoy Social Evening at White's.

The Hulbert circle of the M. E. church were hostesses at a Washington party at the home of Mr. and Mrs. F. N. White Friday evening, and George and Martha Washington, in the persons of Mr. and Mrs. A. M. Andrews, were guests of honor. Mrs. Davidson had charge of the following program:

"America," Address, Rev. Jerrett. Music, Hawaiian Selection, On Claxtonia. Recitation, Irma Buck. Reading, "George Washington's Birthday," Mrs. O. Yeiter.

Following this, name and penny contests were conducted by Mrs. Orlov Yeiter and Miss Frances Leonard, respectively. Then the birthday cake was brought in and cut at auction by the auctioneer, E. M. Johnson. He remarked that though made by Martha Washington, it was still in a state of good preservation, and was captured by J. B. Yeiter at the reasonable figure of one dollar. While the first table were being served with refreshments, Rev. Jerrett exhibited his love of fun by arranging some stunts among the men folks which produced much merriment. After all were served the guests wended their several ways home feeling that it had been good to be there. The circle cleared about 813.

RESOLUTIONS IN MEMORY OF DR. O. C. McDANNELL

By the Lowell Board of Trade at Annual Meeting, Feb. 18, 1919.

Whereas our Heavenly Father has called from his earthly labors our good friend, brother and former president, Dr. O. C. McDannell; and

Whereas our community has lost a loyal and valued citizen, a skillful and untiring physician and the Lowell Board of Trade a valued and faithful co-worker, therefore be it

Resolved, that we mourn the departure of our brother, we will best honor his memory by emulating his many sterling qualities and virtues, his perseverance and triumph over adversity, his loyalty to his friends, his family, his profession and his country; and further

Resolved, that we remember that the good Doctor lived to rejoice in the triumph of his country's righteous cause in the great war and that he died in the service of his home, his country, and his fellow citizens, and that though in advanced years and failing strength when his younger fellow physicians were called to the colors, he spared not himself but continued his labor of love until the end of his endurance and fell at last like a good soldier at his post of duty, honored by all who knew him; and finally

Resolved--that we cherish his memory in our hearts, inscribe these resolutions on the records of our association, publish them in the local papers and present a copy to the family of our departed brother with assurances of our most kindly consideration.

RECEPTION FOR NEW PRINCIPAL AND BRIDE

Basket Ball with Grandville Last Evening. Lowell Boys and Grandville Girls Winners.

A reception was tendered Mr. and Mrs. G. A. Hinebaugh by the teachers at the High school gymnasium Thursday evening. Messrs. and Mesdames Appleton and Hinebaugh and the others teachers were in the receiving line and the Board of Education and the Senior High were guests. After all had been served to punch and wafers, Supt. Appleton, acting as toastmaster, announced the following program:

Violin solo, Miss Greaser, with Miss Miller at the piano; words of welcome, Dr. F. E. White, president of the board; vocal solo, Mrs. Braden, accompanied by Miss Schulke, pianist and Miss Greaser, violin obligato; remarks by Miss Sue White, Senior representative; piano solo, Miss Miller; remarks, Miss Bernice Greaser, representing the faculty; response by Mr. Hinebaugh; music by the boys' quartette, composed of Clifford Stinchcomb, Archaet Bank, Howard Rittenger and John Maynard.

The remainder of the evening was spent in games and jollity and in becoming acquainted with the bride and groom.

The first home game showed good team work on both sides. Lowell, starting out with the first baskets, continued to outplay Grandville despite the fact that they were outweighed. Anderson and Spencer showed great ability as forwards. To the forward credit are 2 fouts and 4 field baskets, while Spencer has the credit of 5 field baskets. For Grandville, Forward Simpson and Center Wedgewood starred.

The game was the first played by the Lowell team. They showed good team work and held Grandville down to a comparatively small score. The forwards, Beckey and Clark, played like old timers, although it was their first game. They were equally well supported by the rest of the team.

Enclosed you will find a post office order for \$1.50 to pay my subscription to The Lowell Ledger.

We are having a very busy and pleasant year. Seems they find more for us to do every year, especially since we got into that mixup with Bill. We thought when we were making all that noise the eleventh of November matters would ease up a little, but the church has caught the vision of what is her part in the reconstruction and has undertaken a big job. Besides my own work, they have lined me up for the work of organizing eight other Sunday schools in this part of the district for the work of the centenary. I have not written all of this to boast or for the purpose of provoking sympathy, but to let you know that they are keeping the old man busy.

Hope that you and yours are well. Sincerely, J. H. Wesbrook.

13 Dollars—13 Cents

When Swift & Company paid, say—13 dollars per hundredweight for live beef cattle last year, the profit was only 13 cents.

Or, if we had received a quarter of a cent per pound less for dressed beef we would have made no profit.

It is doubtful whether any other business is run on so close a margin of profit.

This is bringing the producer and the consumer pretty close together—which should be the object of any industry turning raw material into a useful form.

This remarkable showing is due to enormous volume, perfected facilities (packing plants strategically located, branch houses, refrigerators, etc.), and an army of men and women chosen and trained to do their special work.

This, and many other points of interest, are found in the Swift Company Year Book for 1919, just published which is brought out, in public as well as for the 25,000 Swift & Company shareholders.

The Year Book also represents the packer's side of the Federal Trade Commission investigation, upon which Congress is asked to base action against the industry.

Many who have never heard the packer's side are sending for the Year Book.

Would you like one? Merely mail your name and address to the Chicago office and the book will come to you.

His prices are famously low to both.

"Since you have shaken hands with that great, good man, you should strive all your lives to remember him, and never allow your hands to do anything or your lips to say any thing which you would not be will- ing to tell Mr. Lincoln."
In response to the first call for volunteers a few months later over fifty of Moody's Sunday school boys enlisted. One of these boys became Colonel James A. Sexton, later Post- master of Chicago and Commander of the Grand Army of the Republic. (Portraits of Lincoln and Moody from photographs of the time. Drawing by R. H. Palensky.)

Assisting Hereditarily.
A man's instincts, intuitions, sensa- tions and perceptions, and especially his habits, are changed, improved and made to overcome his hereditary ten- dencies by the proper training of the muscles. With the impressions shot into the other senses, mentally and physically, impressions of the correct- ible, helpful, improving sort, there is no reason in the world why the heredi- tary nature of certain weak or un- stable individuals cannot be added and lifted out of their possibly unhappy state.
Fellow-Feeling.
As a well-known Scottish divine was entering a car he noticed that some of the passengers were trying to elect a drunken man. The minister promptly interposed in his behalf and soothed him into respectability for the rest of his journey. Before leaving, however, the disturber again uttered angry words to the other passengers; then, seizing the reverend doctor's hand, he exclaimed: "Good day my friend; I see you ken what it is to be drunk!"
True Version of Cinderella.
Cinderella never had a glass shoe. This is sad but true. The pretty story of the Cinder Girl came from the French and the author made Cinder- ella wear a "pantoufle en vair," a slipper made of "vair," a word which means fur. In a French word "verre" which means glass, and the translator, mistook "vair" for "verre" and con- sequently history records Cinder Ella as wearing a glass slipper.
Signe of Mourning.
In Italy the women wear white gar- ments to show their grief, and the men clothes of brown hue. In China white is used for mourning by both sexes. In Turkey, Syria, Cappadocia and Ar- menia redolent blue is the usual tint. In Egypt yellowish brown, the hue of the dead leaf, is deemed proper; and in Ethiopia the natives wear gray as the emblem of mourning.
Science.
Only things in nature proved, not be- yond a reasonable doubt, but beyond any doubt, can be classed under the majestic word science. The slightest trace, or even suspicion, of doubt will exclude instantly any assertion, state- ment or hypothesis from being placed in a list of laws of nature, and shift them all over to the extensive cata- logue of theories.
Stone for Rosaries.
The rosaries sold at Kandahar are extensively manufactured from soft, crystallized silicate of magnesia. This is quarried from a hill about thirty miles northwest of the city, where soapstone and amethyst are also ob- tained in considerable abundance. The stone varies in color from a light yellow to a bluish white, and is generally opaque.
