There are a thousand ways to spend only one way to save.

Upon every hand are in sistent demands to spend. Food, clothes, recreation and pleasure make steady demands upon the purse.

If you are to save, you must resist these invitations to spend. You must each week, each month, each year spend a little less than you

This is the only way you can save. A savings-book will help you. Call for it now.

I am sure that I voice the sentiments of every Protestant pastor in the city in offering Father Ryan the heartiest con-

gratulations," Responding Father Ryan ex-pressed his thanks for the reception that had been tendered him and commented briefly on the significance of the occasion.

"I hope and trust," he said, "that the spirit of unity which Dr. Bready has shown will increase. God grant that it may grow. We are in a free country and it is your privilege and right to worship and serve God ac-cording to the dictates of your conscience. May this spirit of love and charity, taught by Christ himself, increase and multiply among us, so that Pontiac will not only be a city of note and fame on account of its factories, but a community that will be pointed out as an example because of the Christian brotherly love of its people of every creed and nationality."

To "strike oil" in the oil country is like striking "pay dirt" in the gold diggings. Be that as it may—here is a farmer who "struck oil", but he did it in such a way that his good luck

can be shared by his neighbors. He writes:

"To get an International Kerosene Engine was just like 'striking oil' for me. All those little jobs around my farm that used to keep me jumping sideways I simply dumped on that engine. It took a heavy load off my shoulders, and now I have time to attend to the bigger things. It runs like a top and is always on the job." What it does for this owner it will do for you

All the skill and experience of men who have built successful farm engines for years have been put into it. Whether it runs your cream separator, churns, pumps water, or whatnot, it is going to stay with the job until it is finished right. Anybody can operate this International. It burns kerosene successfully without a Remember, also, that if repair parts or service of any kind should be needed, we will supply your needs.

This is quite an item to a busy farmer. Have a look at this engine -- watch it work -- note its good lines, sturdy build and steady stroke. Call and let

We Vouch for Them

Of all the tires that are made, -why do you suppose we prefer to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense facilities,—they employ many exclusive methods.

They can go to greated lengths in testing, improving and perfecting the things the make good tires.

We find it good business to sell United States Tires.

And-you will find it good business to buy them. They are here-a tire for every need

United States Tires are Good Tires

We know United States Tires are good tires. That's why we sell them.
