LOWELL'S FUTURE LOOKS BRIGHT

Need for More and Better Housing For Additional Workmen.

The Lowell Board of Trade held one of its occasional "monthly" suppers Monday evening at Hotel Waverly, with good attendance. The night was warm, the supper and coffee were hot, sweat profuse and the smoke was dense. The Ledger pencil shaver cut out a big block of the latter and carried it out doors; but it refused to dissolve and is hanging around yet—like a pipe in which nicotine has once been distilled. You may break, you may shatter the pipe if you will, but the secret of the "backer" will cling to it still!

Guests of honor at the speakers' table were H. B. Belknap, president of the Greenville Chamber of Commerce; J. H. Webster, secretary of the same; Robert Morrison, editor of The Greenville Independent and H. E. Decker, F. B. Sutherland and Z. C. Boher, also of Greenville.

The meeting was called primarily to raise funds for the year's program of public events, and following a report of the executive committee and obligations of the Board of Trade by Secretary Smith, about \$800 was pledged by members present; and further pledges will be solicited by the proper committee.

President Lalley of the Board of Trade presided. Mr. Belknap likened one's home town to his mother and said that one should have some such affectionate regard for the community in which he dwells as for the mother. Lowell is a good town with splendid resources and can be made still better and larger. He advocated better sanitary conditions in more homes.

Mr. Webster spoke against allowing further increase of the hated red rag element in this country and against further increases of wages and advised that protest should be made to the proper authorities against another raise in railway men's pay. He touched a popular chord when he declared that there is room for but one flag in this country, "and that one's the Red, White and Blue."

Mr. Morrison, a new man in Greenville journalism spoke briefly. Superintendent of Schools Appleton, responded to call, announcing his willingness to boost for his home town. Spoke also of the Agricultural department of the "hubs" as a good thing to push in this agricultural community and advocated a street fair.

Lynn Perry, formerly of Decatur, Ill., endorsed the street fair idea as having been worked out satisfactorily in that city.

D. G. Look also thought the street fair idea a good one. He outlined an enterprise could be successfully worked out.

President Lalley spoke of a report that the Hayes-Ionia Manufacturing company would like to buy a factory here. He mentioned 250 men; and D. G. Look, B. Van Dyke, E. A. Anderson and J. C. Smith were appointed investigating committee.

As committee on street fair project, C. W. Appleton, E. S. White, Gero Humberg, C. Runciman and W. V. Burras were appointed. Mr. Bennett, also former of Decatur, spoke plainly of the necessity of better housing conditions here, if the town is to grow. Workmen are demanding good houses with modern and sanitary conveniences and if these are not provided there will always be objections on their part to locating here.

LAUX-CHUBB WEDDING. Mr. Rudolf Laux and Miss Emeline Chubb were quietly married in Ionia Tuesday, Sept. 9. They were accompanied by Nina Chubb, sister of the bride, and Alfred Laux, brother of the groom. After a short trip they will be at home in Lowell.

BIG OPENING DANCE, SEPT. 18.
Hale's concert and dance orchestra announces to all Lowell and vicinity dancers the big opening dancing party of the 1919-20 season, to be given in the Lowell City hall on Thursday evening, Sept. 18, using their entire orchestra in the latest and best classical, standard and popular dance music.
This party is the opening of a season's series to be given in the city hall every two weeks by this popular dance orchestra.
Remember Hale uses the largest orchestra playing dance work in this part of the state together with only the latest and best music with an admission price within reach of all. If that's the kind of parties you like, be on hand next Thursday night with your friends. A number of special parties will be given during the season also. SCHOOLS FULL RECORD BROKEN

Not Enough Seats for Seniors and Juniors, Who Total 236.

The school week has opened with 116 pupils in Senior High. This is the largest enrollment on record. Problem: How to seat 116 people in 110 single seats. Junior High has 120 pupils enrolled for this year, an increase of nine, and no vacant seats.

The Household Arts people are luxuriating in a new sewing room on the third floor. They sit and sew and so, etc.

The first of the High school social functions was an out door corn roast last Thursday evening in honor of Mr. Appleton, whose birthday anniversary occurred on that date. Everyone welcomed the opportunity to take a whack at the superintendent and every one voted to take larger clubs next year. One item of worthy mention was a fine large birthday cake concocted by our household artist, Miss Fair.

A well developed year's program is being worked out by the Music and drawing instructor, Miss Rowe.

High school chorus and a Girl's Glee club have already been mentioned.

Miss Yeiter reports 25 pupils in her sixth grade room. Every one is glad to welcome Miss Yeiter back to our school again.

Miss Beiler's fifth grade had to have a larger room provided. Thirty pupils enrolled.

The official foot ball season started in Lowell High school Monday afternoon with Coach Brown in charge. Every one who had one religiously wore his helmet in hope that he would look like wonderful material in the eyes of the new coach and assembled onlookers.

There are 85 students in the Commercial department this year.

Next week Lowell High school will spend one day at the West Michigan State fair where the Junior and Senior Ag's expect to enter the live stock judging contests.

The farm crops class is inspecting seed potatoes and selecting seed corn these days and is incidentally going on some very interesting field trips.

The enrollment in the Agricultural department is thirty-two boys; 4 Seniors, 5 Juniors, 11 Sophomores and 12 Freshmen and every man says he likes it these days when it is too hot to stay inside.

Mr. Carr, the county agricultural agent, spent two days last week inspecting the twenty potato plots in this vicinity. Seed-three boys in and around Lowell are growing Russet Rural potatoes this year and Mr. Carr has now inspected each patch for diseased hills and other varieties so these boys will have some disease-free variety pure seed potatoes this fall. Names of these boys will be published later when we know if there will be a crop or not.

The Freshman Agriculture class starts out with botany of a new and different kind. Just now the boys are doing some field trips with seed production and selection in mind.

The next High school social function will be this week Thursday evening with a Faculty Stand-up to get acquainted with each other and especially the new members of the faculty. Wear your best bib and tucker. There's a reason. H.

MORE LOWELL FLYERS
In addition to the list of nifty Lowell people who took a chance at a high dive with Lieut. Charles Stocking and his airship last week, we have the following:
Elmer S. White, Harry Day, D. G. Moking, Helen Shivel, Mrs. R. D. Stocking, Anthony Kallinger and W. V. Burras.
C. H. Runciman, who was among the first of Lowell flyers, took a second and longer trip, flying to Parnell to buy beans.
Elmer White says he wouldn't have missed the experience for \$100.
Cashier Mangle "dared" Cashier Day to fly and they both went out on a charge.

There's a good story on Anthony Kallinger. Better ask him about it. Lieut. Stocking came back again Monday evening, remaining until Wednesday. Next time if he will give The Ledger an advance date, we will announce it in print; and we'll guarantee that there'll be a new flock of amateur bird men and women ready and waiting.

Ledger job print is good.

OLD FRIENDS HAVE LEFT US

Mrs. Juliette Parker and Mrs. Libbie Hoag Gone to Their Rest

Mrs. George W. Parker, a well known old resident of Lowell, died at her home in this village Wednesday, Sept. 10, at 2 a. m., aged 81 years. Funeral services will be held at her late home at 2:30 Friday afternoon. Rev. A. H. Lash officiating. Burial at Oakwood cemetery.

Juliette Walker, daughter of Eliab Walker, Vergennes, pioneer, was born in that township Sept. 8, 1838. She was united in marriage to George W. Parker, Sept. 27, 1857. To this union was born a son, who died when two years old.

Mrs. Parker was a twin sister of Mrs. L. J. Robinson, who passed away February 3, 1918. Mr. Parker was laid to rest at Oakwood in July, 1905.

Mrs. S. Libbie Hoag died Sept. 8, 1919, of apoplexy at the home of Mrs. L. O. Barber, 332 LaGrave Ave., Grand Rapids.

A short service will be held at the Barber home in Grand Rapids and funeral services will be held at the German M. E. church in Lowell at 2 o'clock, p. m., Saturday. Burial in the Bailey cemetery, Vergennes.

One who knew Mrs. Hoag well pays this tribute to her memory. "Mrs. Hoag was a most devoted and successful teacher. Her death is a loss to the school system of this county. She was married to Sidney E. Hoag of Vergennes, where they lived on a farm until 1888, when they moved to Lowell.

In 1899, her husband passed on, leaving his wife and two children, Agnes and Warren Hoag.

Not having any children of her own, she brought up Agnes and Warren, also May Davis, joining them the loving care of a mother.

She was converted and joined the band in the church and Sunday was a faithful worker with husband in the church and Sunday school.

In the Sunday school she was a teacher for 30 years up to the time she was brought up by Christian parents, who were Quakers and in 1868 joined the M. E. church at Adrian and from there she came to Vergennes where she joined the M. E. church in 1873. Since her removal to Lowell she has been identified with the church here.

Two years ago last April, she was stricken with apoplexy from which she never fully recovered and which resulted in her death at the age of 70 years, 9 months and 27 days.

She is survived by her sister, Mrs. Ella Hoag of Lowell, Warren Hoag, Clarence W. Parks of Twin Falls, Idaho, Mrs. L. O. Barber of Grand Rapids, three grandchildren, two nephews and one niece.

She was an affectionate wife, a kind and loving mother and has left a host of loving friends and neighbors to mourn her loss.

NEW SERIAL STORIES FOR LEDGER READERS.
Two new serial stories will begin running in this paper shortly. First: "The Devil's Own," a historical romance of the Black Hawk war in the Illinois country, introducing Abraham Lincoln and Jefferson Davis. The writer is the popular author, Randall Parrish.

"Wolves of the Sea," will be followed by "Pieces of Eight," a "Treasure Island" story by Richard Le Gallienne.

Either of these stories in book form would cost the price of THE LEDGER for a year.

RURAL SCHOOLS PLAN MERGER

Cannon and Oakfield Townships Would Erect One Large Structure to Replace Rural Buildings.

Cannon and Oakfield townships are the first in Kent county to consider the advantages offered the consolidation of their schools under the new state law.

In each of these townships a movement is under way to consolidate all the schools and to erect one fine, modern, convenient building to accommodate all the school children and thus do away with the rural schools scattered everywhere and difficulties in hiring competent teachers. One consolidated school would give the children all the advantages of a city school.

Meetings of the school patrons of each of these townships will be held soon and the matter will be sifted carefully. School Commissioner A. M. Freehand, who is loud in support of the plan, will offer assistance.

No teachers in Cannon and Oakfield were not opened this week, because of inability to obtain teachers. They are No. 12 fractional, Ada; No. 4, Grant; No. 5, Vergennes; No. 9, Lowell. If schools were consolidated wherever possible this lack of teachers would be averted, it is declared. In none of these schools is the lowest salary in the county offered, although Superintendent of Public Instruction Johnson says the teacher shortage is noticeably greatest in those school districts which are notoriously poor salary payers. In some counties there is a shortage of as many as 22 teachers. In all, 65 counties report they lack instructors.

Eleven districts have reported to the state superintendent that they have combined into joint schools. About 50 district joints, he says, must either combine or remain closed.

Consolidation of the district schools is held by Supt. Johnson as the only available means of meeting the teacher shortage. He is hopeful, he says, that schemes will be worked out whereby several thousand rural school pupils in the state will not grow up uneducated because the state has forced 300 rural school teachers into more lucrative lines of employment. He also trusts that the manner in which the present teacher shortage is called to the public's attention will give power to a better-pay-for-better-work program, which will undoubtedly be submitted to the 1921-22 legislature.

State Law Assists.
The state law, which gives assistance to those districts seeking to consolidate, is known as the rural agricultural school act and provides for the establishment of rural agricultural schools by consolidation of three or more rural schools in any school or township district, for the organization of school districts, for teaching agriculture, manual training and home economics and for state aid in maintenance.

These schools are divided into two classes:
Class A—Includes rural agricultural schools with less than 20 acres of ground and having a teaching corps consisting of one principal and two or more teachers, who are engaged to teach not less than nine months in any one year.

Class B—Includes rural agricultural schools with 20 or more acres of ground used partly or wholly for the teaching of practical agriculture and animal husbandry and having a corps of teachers consisting of one principal, who is engaged for a year of 12 months, and two or more teachers, who are engaged during not less than 10 months in any one year.

Transportation Allowance.
As state aid to rural schools, each of the schools shall be entitled to receive \$200 a year for each vehicle used in the transportation of pupils. In addition, class A schools shall be entitled to receive \$600 a year and class B schools shall be entitled to receive \$800 a year.

Proper transportation accommodations are assured by the act, which stipulates that the board of education shall provide a sufficient number of vehicles for the transportation of pupils and shall designate the routes over which such vehicles are to travel. No pupil shall be compelled to walk further than one mile from his home to the nearest route. These vehicles must be of ample capacity and shall be enclosed to keep out the rain or snow and be provided with robes and foot warmers during cold weather. In case less than six pupils reside on or near any one route, the pupils may be boarded at some convenient place if the cost is less than the transportation.

Schools Community Centers.
The rural school buildings shall be community centers and be available to residents of the district or township for meetings after school hours or when school is not in session, except for political purposes.

The law also provides that the teachers employed must possess certain indications of their competency.

Put your Edison on your porch some evening and give the neighbors a real concert.

No other make of machine ever fools any one for you know what it is when you hear it, but there are many instances where the New Edison has really been mistaken for the real thing, they thought they heard someone sing, or perhaps an orchestra playing.

This is not mere advertising talk, is simply the undisputed facts, and only requires demonstration to prove it.

"AIRING DAY" ON THE U. S. S. OKLAHOMA

At first glance this might seem to represent a camouflage ship entering the "danger zone" during war times, but it is really a photograph, snapped from the fighting top of the U. S. S. Many Extra Miles
We can show you—and prove to you—
that there is a genuine money saving in the
use of United States Tires.

The extra miles they give mean just so
many extra dollars counted in real money.

And there are further actual economies in
the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires them-
selves—their liveliness, ruggedness and
sturdiness.

There are five United States Tires—a type
for every make of car.

United States Tires
are Good Tires

We know United States Tires are good tires. That's why we sell them.

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

ONE of these three is the correct oil for
your particular tractor. Our Engineering
Staff, after a careful and exhaustive study of
all tractors, has prepared a chart on which is
shown your tractor and which of these three
oils is the correct one for you to use.

This is part of the Standard Oil Company
(Indiana) service to the farmers of America.

The nearest Standard Oil representative has
this chart and he will be glad to show it to you.

Send for 100 page book "Tractor Lubrica-
tion." It is free and the information it con-
tains is invaluable. Read it carefully—apply
the information given and you will be able
to keep your tractor in service longer.

Rev. James Pruvan tries to bring
law on the Ledger, but is not
entirely successful. Ledger de-
clares its independence.

Mr. H. Wilson succeeded as dis-
trict attorney of Lowell City by Dr. J.
H. Rickett. Old fire department
hall secured for practice purposes.

W. C. Kitchen of Mayville, a good
hand man, joins L. W. Kitchen in
conduct of banner laundry.

Base ball, West Bowline and Low-
ell. Visitors ahead at end of 7th
inning but refused to finish game.

Mr. Bresman, of Parcell, build-
ing the two story store and dwelling
2409. Big dance there with Wor-
den's orchestra playing.

Return of good times heralded.
Low price and poor demand for
peaches.

Katie McMahon teaching in Bar-
toletti, Vermont. Mr. J. C. G.
Magie McMahon teaching at Al-
to. It was an ideal day and
for \$100,000 has already been voted.

One building will be started in Feb-
ruary and the other in June, 1920.

John is having a "real" theater,
according to a statement of Mrs.
Barrett Tripp of Allegan, who has
just purchased two local mortgages.

Perhaps no other Grand Rapids
business has taken such a deep inter-
est in fraternal organizations. He
is a life member of Valley City
Club, F. & A. M., of Tyre county,
Columbia chapter, R. A. M., and
a member of Lytle Lodge, Knights of
Yehias, and of Intermop Lodge, No.
406, I. O. E. F. He belongs to the
Elks and served as chaplain in
busy lodge, No. 18 for several
years.

Are you going to get your money's worth this fall?

You may not know it, but the chances are 50-50 that you WON'T.

Understand, please, we are basing this calculation on the very authoritative statement of a certain clothing statistician who claims that one half of all men's clothing are marked at too high a margin of profit.

No wonder the consumer must be careful in picking the clothes line to hang his faith on.

Cease worry--We're that kind of store and if we were not, you wouldn't catch us passing out this inside information.

The People of Lowell Wanted a Laundry

Will the People of Lowell Support a Laundry?

You have a laundry in your village with all the machinery of a modern laundry to turn out high class work.

You have been without a laundry for years.

Remember, if you don't support the Lowell Model Laundry, it may be some time again before anyone else will take same chance. We will call for and deliver any package amounting to 50 cents or more. Just call the laundry and tell us you want us to stop each Monday morning for your laundry. Send your family wash "rough dry"--all the flat pieces such as bedspreads, sheets, pillow slips, towels, napkins, table cloths, handkerchiefs, etc., will be ironed. The rest of the wash comes home starched all ready to iron at 8 cents per lb.

Send your blankets, rag rugs, overalls, etc. No matter how dirty they are, they will come home clean.

Stop in and see our plant. You are welcome. We don't expect all the business, but would like to have our share.

"New Wine in Old Bottles"

That is the way one reviewer sums up that delightful story of a quest for millions in gold doubloons left in the West Indies by buccaners, recorded in the new serial about to appear in this paper.

Pieces of Eight

By Richard Le Gallienne

The lure of buried treasure is perennial. Add mysterious caves, pirates, ruins, a seaswept island, moonlight on the water and the attending dangers, and it sounds like "Treasure Island." If you have ever heard that compelling call of adventure you can't resist this story.

Keep your eyes open for the first installment!
