HOME WEDDING.
Marriage of Ferris C. Oberlin and Ruth E. Johnson.

An informal wedding took place at Seven Oaks, the home of Mr. and Mrs. F. M. Johnson, in this village, at eight o'clock, Saturday evening, June 5, when their daughter, Ruth Elizabeth, was united in marriage to Mr. Ferris Covert Oberlin, of Belding.

The brief ceremony was performed by Rev. H. H. Harris, pastor of the M. E. church, in the presence of only the immediate relatives. The bridegroom stood in the library, before the mantel, which was banked with spruce, and the rooms were decorated with cut flowers, snowballs, lillies-of-the-valley and pansies.

After congratulations, light refreshments were served.

Guests present from out of town were: Mrs. Ross G. English, of Grand Rapids, and Mrs. Mrs. Charles Oberlin and three daughters, Verba, Vera and Una, of Belding. Mr. and Mrs. Oberlin will make their home in Lowell for the present.

COMMUNITY PARTY.
A very enjoyable community party was held in the City hall Monday evening, June 4. It was decided at this meeting to form a Community Council here with D. G. Look, chairman.

Mr. Krake led in community singing, after which the work was discussed and explained by Miss Sorberg, county chairman. Miss Vaughn directed some entertaining games. Every one left with the feeling that "unless this country is made a good place for all of us to live in, it won't be a good place for any of us to live in."

MOTHERS OF LOWELL.
Every mother in Lowell is invited to a Mother's meeting, Monday, June 14, at 3 p. m., at the High school in Junior High room. Come and bring the children. Play ground director and social service worker will be there to entertain you.

SOUTH BOSTON M. E. CHURCH.
Service at 3:00 o'clock. Come and enjoy a good time with us. Real earnest persistent work for Christ always pays in the end. Are you one of those folks that never will "lay down on the job" when the "job" is in God's service? One of that kind that just "ploughs" right ahead no matter what folks say or don't say, or do or don't do?

Lowell High School Junior Play a Great Success.

"Green Stockings," the play given by the Juniors of Lowell High school last Wednesday evening was simply immense. Each member of the cast took their part so exceedingly well that the audience completely forgot that the play was amateur.

Miss Betty Scheulke, the director, cannot be praised highly enough for the efforts. She, as well as Juniors in the cast, sacrificed much of her time to make the play a success.

Every one agreed that Bertha Ault-haus as Celia Faraday, was the star of the comedy. She played the long and difficult part wonderfully well. One could certainly find no fault with Frank Morse's characterization of Col. Smith. Irma O'Dell, as Phillis Celia's engaged sister, Thelma Clark, as Madge, her married sister and Leah Pletcher, as Lady Trenhard, her widowed sister, could not be improved upon. Admiral Grue, played by Richard Mange, and his whiskers both did very well. Audie Wright, in her slightly intoxicated scene brought back very forcibly the old days when prohibition was not. Phillis' fiancée, was really a scream. Dan Wingeier, taking the part of the butler, was the perfect servant, which every one knows is extinct. George Houser, as Celia's father, was just as he should be, very fatherly. Harry Anderson, as Henry, and William Appleton, as Jim Bawleigh, two young men about town, played their part with characteristic pep and excellence.

We are glad that Lowell people appreciate home talent, and Juniors wish to thank them for their splendid patronage. (Com.)

Boston Township Mourns the Passing of Mrs. Myron Kysner.
Alice E. Ware was born Sept. 13, 1854 in Berlin township, Ionia county, Michigan. When 8 months of age she with her parents and family, moved to Boston township, which has since been her home.

She was united in marriage to Myron Kysner, Dec. 20, 1870, and together they lived at the old home until his death, which occurred Oct. 19, 1915.

Ten years ago they took into their home, Blanche, a little girl 4 years of age, whom they gave a parents' love and care, and she has the respect and esteem of a large circle of friends and acquaintances who pay tribute to her estimable character. She was not so much given to social pleasures, but her affection was centered in her home, and home ties. After a brief illness she peacefully passed away, June 4, 1920.

She leaves to mourn her loss, her faithful Blanche, one brother, S. A. Ware, one sister, Mrs. M. T. Story, several nieces and nephews, who will miss the kindly voice of "Aunt Alice," and a large circle of dear friends and acquaintances.

The funeral was held Sunday at 2 p. m. at the home, and was largely attended. Relatives from away were: Jay Ware and family, of Hastings, Bay Ware and wife, of Detroit, Ford Hudson and family, of Lansing, Rufus Aldrich and wife, of Vermontville, Joel Aldrich, of Grand Rapids, Mrs. E. D. Misner and daughter, of Benton Harbor, Leo Worden and wife, Mrs. Nettie Lindsley and Mrs. Goldie Evisizer and family, of Ionia, Leroy Sayles and family, Roy Lowery and wife, and Mrs. Lydia Chappel, and Walter Lee and wife, of Saranac, Mrs. Orin Aldrich, Harvey Aldrich and wife, and George Aldrich and wife, of Berlin Center, Jehiel Rogers and wife, of Banfield, Charles Kysner and family, of Lowell, besides relatives, and friends from the immediate neighborhood and surrounding towns.

Mrs. C. E. Hackett, a resident of Lowell for many years, died last Thursday morning at her home at Edmore, where she and her husband, recently moved. Funeral services were held Sunday afternoon at 2:30. Mrs. Hackett had been in ill health a long time.

People who beat the newspaper man and then have to appeal to him for favors when there is death in the family, must "feel their nerve." They are like some folks who "have no use for the church" till they want to hold a funeral in it. They find in the long run that it pays to be square.

NOTICE TO WATER CONSUMERS.
The sprinkling hours are from 6:30 to 8:00 a. m., and 5:30 to 7:00 p. m.

These hours must be observed. Failure to do so will mean that the water will be turned off and a charge of \$5.00 made before turning it on again.

This cut in sprinkling hours was made necessary by the number of new customers that have been added, also by the great amount of water that is being wasted. At present we are pumping from 30,000 to 100,000 gallons more every day than we did last year. During the month of May we pumped an average of 355,500 gallons per day. This means over 200 gallons for each person every day. A great amount of this was wasted by leaking fixture. A leak the size of the lead in an ordinary pencil will, under 60 pounds of pressure, discharge about 31 gallons an hour, 744 gallons a day, or 22,320 gallons a month, which is more than will be legitimately used by three families, of five people each.

You can readily see that leaks must be attended to.

By Order of Water Committee.

Assisting the "Hired Man"

Has the "hired man" quit? Is he going to quit? Has he been lured by the big wages of industrial plants? Don't worry! A LITSCHER LITE PLANT will keep him satisfied.

IN these days when the cry is for increased production and the farmer finds himself face to face with help shortage, it is up to him to find a means by which the greatest amount of work may be done for the least amount of money. The Litscher Lite plant does this in addition to supplying electric current for incandescent lights and every modern electrical labor saving appliance.

The Litscher Lite plant is a complete, compact power plant supplying engine power and storing electric current at the same time. It operates with a minimum amount of attention on the same amount of kerosene needed to light your house with old-fashioned lamps. By the most simple operation it will develop belt power for farm machinery and will supply current for such modern appliances as electric vacuum sweepers, irons, washing machines, fans, toasters, percolators, modern bathrooms—in short, all the conveniences.

Mr. Farmer, don't you owe this to your wife and yourself? With the increasing shortage of help a Litscher Lite plant is necessary to your business and comfort.

The Litscher Lite plant gives complete satisfaction, but to further assure every owner of this modern mechanism that he is the possessor of light and power service, the Litscher Lite expert service man will supervise installations and make inspections from time to time.

To see a Litscher Lite plant in operation is to be convinced of its labor saving and comfort giving qualities. As soon as possible see a Litscher Lite plant at—
