BIG NEW ENTERPRISE

Lowell Men Organizing to Operate Sand and Gravel Plant at Irving.

Considerable interest has been shown by Lowell citizens during the past week in a proposition known as the Lowell Sand and Gravel company, which is being organized by our townsmen, Fred A. Godfrey and John O'Harrow and others.

A number of Lowell business men have visited the scene of the proposed enterprise, which seems to present large possibilities, worthy, at least, of a hearing and investigation.

For the information of our readers, at our request, the promoters of the enterprise have furnished The Ledger with the following information as a basis for investigation only:

Lowell Sand and Gravel Co. Options have been secured on 331 acres of sand and gravel land at Irving, Michigan, of which 70 acres have been tested and which show an average depth of 40 feet of sand and gravel of a first class grade, giving a conservative estimate of three and one-half million tons. The Michigan Central railroad crosses this property, also the Thornapple river runs through the same, which gives first class shipping facilities and water, enabling the operation of a 10 inch hydraulic dredge pump that will harvest, wash, screen and load on cars 1,000 tons per day, or 25 car loads of 40 tons each.

The demand for washed sand and gravel is unlimited for road work and for all kinds of building.

Some facts in regard to the Lowell Sand and Gravel company now under process of incorporation. The Company will own over 300 acres of sand and gravel land, located one and one-half miles from Irving, Michigan. The Michigan Central railroad crosses this property, also the Thornapple river runs through same which will give us first class shipping facilities and water, enabling us to use a 10 inch hydraulic dredge pump, that will harvest, wash, screen and deliver on cars ready for shipment 1,000 tons in ten hours or 25 cars of 40 tons each. By actual test we have on the 70 acres of this land an average depth of 25 feet of first-class sand and gravel, which will cost the company less than two cents per ton.

Sand and gravel will weigh 2,000 tons per foot of depth per acre, using 25 feet as the average depth will give us 50,000 tons per acre and 3,500,000 tons on the 70 acres tested. Washed sand and gravel is selling from 70c to \$1.00 per ton. For a basis of figuring earnings we are using a price of 50c per ton. The plant operating 25 days per month, 1,000 tons per day will load 250,000 tons per month, and we can operate at least six months out of every year making a total gross income of \$75,000.00.

The total operating expenses will be about \$25,000 per month and for six months \$150,000, leaving a net earning of \$57,500.00 or 46 per cent of the total capital of the company.

LOWELL WON SECOND

Metropolitans Meet Defeat in Attempt to Win Two Straight.

In the game at Recreation park, July 25, Lowell defeated the Metropolitans of Grand Rapids, 8 to 4 in the second game of the series by bunching hits in the sixth inning.

The Metropolitans got their first run in the second inning by a base on balls, stolen base and a base hit, three runs in the fourth inning by three hit base on balls and a stolen base. Lowell got one run in the fourth. Rooney poked out a three base hit and scored on a passed ball.

Our boys could not wait for the seventh inning, so, selected the sixth. Tusken first man who got a single. Bannan hit for two bases, scoring Tusken. Bannan going to third on the throw in, Rooney singled, scoring Bannan. Dresser singled, filling the bases. Ozmanski was hit by a pitched ball, forcing in Rooney. Ozmanski laid a bunt in front of the plate, which he beat out, Dresser scoring. Anderson hunted and Stuart was out at the plate. Hapeman hit to second, forcing Anderson. Hapeman stole second, Tusken getting his second single, Ozmanski and Hapeman scoring, while Tusken was tagged out, going to second.

The thought of the Grand Rapids dealers in bringing their trucks to the farming country, is that the farmer cannot bring his farm to the truck show, so they are bringing the free demonstrations and a sure-fire show right to the farmer's door where the complete adaptability of the powerful trucks will be shown under all conditions. The tour has the endorsement of the Federal Department of Agriculture and is looked upon by leading farmers of the state as one of the big movements toward the eventual motorizing of progressive farms.

Congregational Church Maps was in town yesterday, calling on his old friends. He reports finding a bitter feeling toward Congress in general among the people; but the Ledger is assured that that feeling is not personal toward Mr. Mages, for we think it is generally appreciated that he has given the district conscientious service and that he is only one load in a large puddle. Mr. Mages expressed the opinion that the people have seen the worst of their troubles and that conditions will soon begin to improve, and we certainly hope that he is right.
A horse belonging to Fred Stevens, a farmer living near Cascade, was killed early Tuesday morning when an automobile struck his team as he was on his way to market here. The wagon was overturned. Stevens told officers he sprang on the running board of the machine, but was pushed off. The driver turned off his lights. Deputy Sheriff Ralph Holt investigated the case and discovered broken parts of the auto. Stevens claims there were three men in the auto when the accident happened. — Grand Rapids Herald.

The first community play ground meeting was held at Central school building Tuesday afternoon. It was in charge of Misses Katherine and Anna Lalley and music was furnished by Mrs. H. L. Weekes. About seventy-five were present, with many of the parents. The youngest children had their games in the gymnasium and the older ones out doors. These meetings will be held each Tuesday afternoon, with two ladies appointed each time to take charge. At a preliminary meeting Mrs. Ray Bergin was elected president and Mrs. Carl Peckham, secretary.

CONGREGATIONAL CHURCH

Sunday, Aug. 1, 10:30 a. m. "Abiding Christ." This theme has a great richness to be mined out if we can but do it. The idea of the close personal relationship which disciples may establish with their Master's will be emphasized. Sunday school at 12 o'clock.
The attendance last Sunday was 116. We expect more next Sunday. Our slogan, "Every scholar in his place every Sunday," is going to become a reality.
During Professor Appleton's absence his class is being taught by J. M. Hutchinson. The men report interesting sessions. Every man in town is invited to that class, and we have a standing reward offered to the man who comes once, and doesn't form the habit.
8:00 p. m., "Enoch," "The Man Who Walked With God."
These evening services are inspirational in character, and last one hour with us next Sunday night.
Edgar R. Cochran, Pastor.

METHODIST CHURCH

At our Sunday services we had guests from Chicago, Detroit, Grand Rapids, Owosso, Ionia and Alto. We are always glad to have our out of town visitors in our services.
An important meeting of the Home and Foreign missionary societies will be held in the church basement Friday afternoon at 2:30. On Friday of this week the members of Mrs. Greene's circle and their families, will have a picnic supper on the church lawn. There will be a program and games played in which those of all ages can take part.
The subject of the illustrated lecture for next Sunday evening is "The Loyal Classes Who Build the State, and the Enemies Who Undermine It." These lectures are not only interesting, but very instructive. All who can do so should hear them. They are especially helpful to the young people in our High school.
Last Sunday afternoon, Mr. and Mrs. Huntley Russell, of Grand Rapids, were with us at the afternoon services at Vergennes. For nearly an hour Mr. Russell led us in the singing of the old songs and every one enjoyed it. They have promised to be with us again, some time in the future.

STATE TAX COMMISSIONERS TO HEAR CITY'S TROUBLES WITH TOWNSHIPS, AUGUST 3.

The special tax committee of the board of supervisors will go to Lansing, August 3 to present to the state board of tax commissioners certain figures and information relative to the assessment of the county.
This course has been determined upon by Commissioner George E. Ellis and Assessor J. D. Forsyth, after a conference with Supervisor M. B. McPherson, of Vergennes township, to decide what action should be taken regarding those 17 townships, which failed to raise their assessments to the requirements of the state board. Supervisor Henry H. Johnson, of Bonwe township, the fourth member of the committee was not present.
Supervisor McPherson was one of the seven supervisors whose assessment rolls show a decrease in valuation as compared with last year. He declares he is willing that the matter should be presented to the state board and adds that a field man for the state tax commission, after reviewing his rolls, was unable to point out a single instance in which the assessments should be raised.—Herald.

Feel Lost Without Old Home Paper.

Ionia, Mich, July 22, 1920.
F. M. Johnson, Lowell, Mich.
Dear Friend: Inclosed you will find two dollars (\$2.00) for which kindly send us the old home paper. We would feel lost without it. Kindest regards to you all.
Your sincere friend,
H. Van Deusen,
240 E. Main, Ionia, Mich.
Editor's note—Kind appreciations like this make a fellow feel like digging in harder than ever to do a good job.
Many thanks. F. M. J.

White Pearls Most Valuable.

Pearls that come from the coast of Australia are of many shapes and colors. Those under ten grains are sold by the ounce; above that by the gram. Color has a deal to do with the value. The white pearls go mostly to Europe and the yellow ones to India. In Australia an ounce of good white pearls will fetch up to \$500, but sometimes realize only a fifth of that amount. The yellow pearls may be rated on an average of about half the value of the white ones.

To Restore Faded Ink.
When the ink of old documents has faded and it is desired to restore it, this can be done by washing with any of the substances that blacken on mixing with iron—injection of argallic, sodium-sulphide or acetic ferrocyanide of potassium, for instance.

LAST DAY OF THE CLOTHING SALE at LALLEY'S SATURDAY, JULY 31

This has been the most successful clothing sale ever held in Lowell, both from the amount of cash sales and the confidence the public have expressed in our methods. We have received mail orders from many points in Michigan. I feel that we have done our part in reducing the H. C. L. since July 17th, and when this sale closes Saturday night, July 31st., the original price tickets will be placed on all merchandise and this event will be entered on our books as a Wonderful sale. OUR STOCK IS IN NO WAY BROKEN, so if you have not purchased your needs you will find good assortments to the last hour.
