## READY FOR ACTION

### Community Forces Organizing for Forward Movement in Lowell

A meeting of representative citizens was held last Friday evening at the City hall at which time it was decided to form a Lowell community council. A committee was appointed to go into the matter and present a report at the next meeting. A committee to draft by laws was also appointed. The idea of using a room in the City hall for community parties games and athletic recreation was discussed and it seemed to be the consensus of opinion of those present that such a plan is not only possible, but very desirable.

A meeting will be held Friday evening at eight o'clock, September 24th to hear the report of the committees and perfect the organization.

Everyone in Lowell is cordially invited and urged to be present. Lowell is aroused to the need of recreation opportunities for the boys and girls and a medium through which the residents of this community may get together, and truly become members of the community.

### SHOOTING AT IONIA.

Boys Out After Melons Believed to Have Fired Shot.

Mrs. Henry Castle, 32 years old, was shot by unknown parties, Thursday evening, after she had retired for the night. She was at the home of her parents in Ionia, and was awakened by the barking of the dog. Raising up in bed she was looking out through the screened window, when there was the report of a gun and she fell back with a bullet in her face. Sheriff Hoppough began an investigation immediately. He found some boys had been stealing melons in the vicinity and found two people who had been protecting their patch, and who were able to give a fairly accurate description of the four boys they had seen. No arrests have been made as yet.

It is believed the boys were aiming at the dog, and the bullet which struck Mrs. Castle went wide of the mark. It entered under the eye and split through the center, one part lodging in the neck. This was taken out, but the other piece is still where it struck.

Mrs. Castle's maiden name was Daisy Hodges and both she and her husband once lived near Collins. She is a sister of Mrs. Bert Randall and Mrs. Edith Wheeler, of Portland. Mrs. Wheeler is employed at the Ypsilanti Reed plant.

Mrs. Castle's chances for recovery are said to be about 50-50. [Portland Review.]

### KENT PUPILS HEALTHY.

According to Miss Elme Bergy, county visiting nurse, the health of the rural children in Kent county is improving at a rapid rate. With the assistance of three Red Cross nurses Miss Bergy has inspected 3,628 Kent county pupils in 17 schools. Eyes and teeth were given special attention and visits to the optician and the dentist have resulted in a general improvement of health, she says.

Miss Bergy says that three more nurses and a school physician are needed to properly guard the health of the county pupils and the matter is under advisement by the Kent county bureau.

The Grand Rapids Dairy company lead with about \$1,000,000, the Grand Rapids Growers' association did about \$800,000 business, the Caledonia Elevator association about \$600,000; the six livestock shipping organizations of the county about \$500,000, and volume of creamery products amounted to about \$550,000.

## LOWELL STILL WINS

### Captured 6 to 1 Game From Otsego Last Sunday.

Dresser out-pitched Carlisle and Hutchins in the game with Otsego Sunday, winning 6 to 1. Any fan enjoying league ball sure did get what he was looking for. Lowell put up the best defensive game of the season. Our battery held the base business so close that they did not get a stolen base, nor did they attempt to steal. Dresser only allowed three hits and there were no errors behind him, every throw was held perfectly. Lowell made two runs in the first inning by three two base hits and adding three more in the second inning by a base on balls, a two-bagger, fielding choice and a single, and scored their last run in the eighth by a base on balls and a two-bagger.

Otsego got their lone run in the first by a single, followed by a three base hit.

Score by innings:

	R	H	E
Otsego	1	0	0
Lowell	6	1	0

Batteries—Otsego: Carlisle; Shears and Hutchings.  
Struck out by Carlisle; Shears 2, Dresser, 10.

### ABOUT THAT BANQUET.

The writer discovered while in conversation with a member of the Base Ball committee, representing the South side business men of their good intention to banquet the North Side boys, whose brilliancy and superb class stood out so prominently in the two recent games. Great enthusiasm prevailed over the promise that the "Bill of Fare" would carry: frog legs as the "liner." The only excuse offered at this time for the delay in tendering this feed is the impossibility to catch the green hoppers at night.

The only encouragement held now is the promise of the South Siders to banquet us on either duck or turkey, if we are patient to wait until the dark of the moon, when some of their gang can do a better job catching the feathered wing birds than they did a while back, taking care of the terrific bombardment handed out by the North side batsmen. Nothing else to do, boys, except wait and be patient. However, either duck or turkey, nicely roasted enters the stomach lots more "air currents."

### BELDING WANTS RECOUNT.

Belding, Sept. 21.—Dissatisfied with the census returns which gave this city a loss of nearly 200 in population since the last census was taken, the figures taken or taken up another city may either demand a recount of census at its own expense.

The number of children enrolled in the local schools is 180 more than 10 years ago, and there is not a vacant house in the city. A great number of new houses have been built in the past 10 years, still the census shows a loss of nearly 200.

### JUVENILE HOME BONDS.

Financing of the new juvenile home for Kent county is still in doubt with only approximately \$45,000 of the \$175,000 bond issue taken care of by the city and county sinking funds.

Dan Kimball of the Owen-Ames-Kimball company contractors, successful bidders for the construction of the new building, was called in Saturday morning by the finance committee of the board of supervisors and was invited to consider the proposition of accepting \$75,000 or \$100,000 worth of bonds in direct payment. Mr. Kimball promised to have information for the committee by next Tuesday.

An opinion was submitted to the committee by Prosecuting Attorney Hoffus setting forth that there was no recourse from the decision of the people when they voted the \$175,000 issue of bonds at 5 per cent. [Grand Rapids News.]

Everyone is here because "we satisfy." That is a pretty good reason for selecting a banking home.

Perhaps they will enjoy their improvements all the better when they get them, and in the meantime their patrons are not complaining. New applicants from other cities are operating at the Pilsbent Feed Furniture company's Lowell factory. Work in the cities is slackening here soon than can be cared for. Some one should open and operate the Lowell hotel buildings as a rooming house. Restaurant facilities are ample for the present and can be increased. The housing proposition is pressing; and those having unused or convertible buildings should make repairs for tenants. There are also numerous vacant buildings in the vicinity that might with profit be taken down and re-erected on some of the many available Lowell village lots.

The Great Lunthead Mystery EPISODE VIII When the Man who LIES OTHERS DO HIS OWN THINKING to find out covered that he was wearing the BIGGEST LUNTHEAD Medal he was in a bad way for in this case he had to DO HIS OWN THINKING to find out WHY he had the Medal. But he was THE WINNER for he found out that HE HAD A BRAIN OF HIS OWN and he found out that he HELPED HIMSELF when he used his OWN BRAIN and started in to DO HIS OWN THINKING. When he STARTED to THINK he found that HE could see things JUST AS CLEARLY as others could see them. He found that IT PAID HIM to form HIS OWN OPINIONS about his work and his life; that IT PAID HIM FAR MORE than to have OTHERS using him for THEIR OWN PURPOSES. HE found that HE HAD BEEN THIS LOSER many times in the past by letting others do his thinking. HE decided that he would be HIS OWN LEADER and not be ONE OF THE FLOCK for some other man. And having found that he was DOING HIS OWN THINKING he went out and pinned the BIGGEST LUNTHEAD Medal on the MAN WHO WAS ALWAYS SARCASTIC. (Copyright Workers' Success League.) (Follow the travels of the Lunthead Medal. Next you will be told what happened to the Man Who Was Always Sarcastic.) OLD MAN WISE SAYS: When looking for the big chance don't overlook the bits right in front of you. If Abraham Lincoln split rails as a starter, what handicap do you ask for in life's race? When some men marry they take to slippers and the easy chair, and then tell themselves that getting married ruined their chances. Some men who can't put two dollars in the bank each week can make a gambling punch board like the one exhausted men tie up. Some men won't let an employer help them buy homes, but will go down town and let a total stranger tell them that the employer should be named to buy them homes. The man who believes it is too late for him to start now was making excuses when he put on his first long pants. There are still twenty-four hours in each day. (Copyright Workers' Success League.) NEW DOG LAW BEING ENFORCED Members of the State Police are still busy engaged in enforcing the new dog law. Their activities have taken an educational trend and they are endeavoring to explain the new law as well as enforcing it. "We find that many persons are unfamiliar with this law, which accounts for its being disregarded," says Maj. Marsh. Lowell Community fair Oct. 14-15.

Red Cross workers give them the same sort of friendly aid—only more of it—that was given during the war. Furthermore, the Red Cross is teaching these laid occupations at which they can later make a living and keep in touch with their home folks in order that no dependents may suffer for lack of funds.
