## Money is Like a Stream of Water

Did you ever stop to think of a stream of water—how it flows through your city or past your home—day after day and year after year. But the moment a dam is built and the water stopped—or even part of it—the stream becomes a constantly widening and deepening reservoir of power, with all its significant possibilities of usefulness.

Saving money is like building a dam across a stream. You can let your money come and go, as water in a stream, or by forethought you can stop some of the outgo and pile up for yourself week by week or month by month, the savings which in later years will add to your independence, to your ability to take advantage of new opportunities, and to the comfort you can get out of life.

There never was a time when it was so worth your while to save as now. The dollars put away today will buy just that much more when prices come down. Come in and let us work out some plan to take advantage of today's unusual opportunity for saving.

### METHODIST NEWS.

The furnace has been repaired and in the near future the church will be warm, minister, come and worship with us if you have no other church home. We will be glad to see you.

The boxes that the Euodan Sunday school class sent to the Philippine Island Sunday school, contained a variety of articles, whistles, dolls, balls, lead pencils, rattles, beads, candy, and articles of clothing for pastor, his wife and baby.

Missionary meeting. When? Friday afternoon, Nov. 12. Where? At the home of Mrs. Hugh Young. Who are invited? Every one who wishes to get a better idea of the World's progress and needs.

Remember the prayer meeting Thursday evening. Come and let us pray and rejoice together, because of the peace in the nation, and peace in our own hearts.

The 48 ladies who attended the November meeting of the Ladies Aid society, held at the home of Mrs. Harold Weekes, last Friday transacted business along various lines of the church work. Also had a very enjoyable time. The committee and daughters of the hostess wore Puritan bonnets and kerchiefs. The devotional services were conducted in a way that impressed those present of the thanks that they owed to their Creator.

Mrs. Newton Coons, contributed two original poems, and a description of Lowell, using the names of the local people. Mrs. Orlo Yeter gave a reading in a very interesting manner. One of the games, tested our knowledge of Puritan history. Some very excellent musical selections were rendered. All greatly enjoyed the afternoon, and one of the happiest was the three-year-old daughter of the hostess, who wishes her mamma would have a party like that every day.

A good attendance at Vergennes last Sunday. We still have room for more. Meet us there next Sunday.

## PASTOR'S TROUBLES

Mrs. Vincent Webb, Lowell, Files Crossbill in Court.

From Grand Rapids News.—The second chapter of the marital difficulties of Rev. Vincent Webb, formerly a Baptist clergyman at Alto, and now a pastor at Lowell and Lyons, comes to light in the form of a cross bill filed by the preacher's wife, in which she sets forth that in making the charges of "paying too much attention to other women," she "accused him of nothing but the truth."

Webb's bill of complaint set forth that because Mrs. Webb circulated reports about his behavior he was compelled to leave the church at Alto and seek another field to work in and that he was finding it hard to earn enough to support his three children.

Mrs. Webb says in her cross bill that the preacher has been paying her \$10 a week to support herself and the three children and she finds it impossible to get along. She denies that she wrote her husband anonymous letters and called him on the telephone in an assumed voice. She likewise denies the statement in his original bill that he was exonerated of all the charges against him by the state officials of the Baptist church.

She sets forth that "early in 1920 he developed a passion and attachment for a certain woman in Alto" and that along about that time he began to sleep alone in a downstairs bedroom and that from her room she observed "signaling by lights and shadows with a woman across the street."

The affair at Alto according to the cross bill was the culmination of the preacher's "fondness for women," which she claims had continued over a long period. She says that in the summer of 1914, while they were living in South Haven, he went bathing with other women and the defendant one day heard him make a date with another woman for 9 o'clock that night.

Since taking up the pastorates at Lowell and Lyons some months ago she says he has developed a fondness for a member of his flock at Lyons.

Mrs. Webb's crossbill also claims that she has in her possession letters written by the pastor to other women and that she has confessions from the parson and the woman in Alto that "they loved each other," and that he had hugged and kissed her.—[Grand Rapids News.]

## LITERARY CLUBS

The Lowell Literary Club Had an Antique and Heirloom Program.

Mrs. D. G. Look was hostess of the Lowell Literary club last Wednesday afternoon, assisted by Mesdames Bergin and Hartman.

The day was given to the subject of Antiques and Heirlooms and as roll was called each one responded with the history of their costumes and display of relics.

Mrs. Dyk had a native's dress of the Isle of Pacific, made of the inner bark of the hibiscus tree.

Mrs. Hooker wore a wedding dress, veil, mitts and shawl over sixty years old, and read to us from a Lessie Burdett Star printed Nov. 14, 1860, by G. S. Packard.

Mrs. L. J. Post had a spinning wheel which she used during the Civil war and Miss Audie had a very elaborate dress brought to her by Dr. Post from Japan.

Mrs. Clyde Collar wore a dress made from a paisley shawl, and read a paper printed at the time of George Washington's death in the year 1799. She had a letter written in 1846 before any stamps or envelopes were used.

Mrs. Charles Doyle had a beautiful piece of luster worn many years old, and a secret of making it has been lost, and is now very scarce.

Mrs. Garner had a house wife, (similar to those we made for the late war), which her father carried all through the Civil war.

Mrs. Shivel had a mallet found in Alaska by her father, T. J. Doyle, which was used for cracking corn, also a thorn of a gum tree found in Arkansas in 1860.

There was a large collection of silver ware of all kinds, linens, jewelry, needle cases, fancy collars and dresses worn by the ladies present. The meeting closed with a reading by Mrs. Elmer White.

The next meeting will be held Nov. 17, at the home of Mrs. C. P. Nell. Topic, "Some National Problems." Each one is requested to answer roll call with something in regards to civics.

THE C. L. C. HEARS REPORT OF STATE FEDERATION.

The regular meeting of the Clover Leaf club of Nov. 9, was held at the home of Mrs. F. Jacob and proved to be a most interesting one.

Aside from the Victrola selections interspersing the program, the report of the President, Mrs. M. Andrews, on the meeting at Saginaw, of the State Federation of Women's clubs was the principal feature of the afternoon.

Beginning with pertinent observations by the way, as she made the trip, Mrs. Andrews gave a complete synopsis of the program from Oct. 12 to 15 in her vivid portrayal, not only of the social and cultural features, but of the personality of the leaders in club work.

The principal themes were citizenship and Americanization.

Mrs. T. H. Carver, in a discussion of Civics, asserting that clubs can be a dominant power for community betterment. The President, Mrs. Burritt Hamilton, in an admirable paper, dwelt on making the Americanization of education so thorough that the flag above the building shall typify the spirit within.

The report of the Third District Vice President, Mrs. G. G. Hunter, was most optimistic, for she claims for our district the greatest growth, there being 400 clubs now in the state, comprising 40,000 club women.

In the United States there are 25,000,000 women who are club members.

Mrs. M. O. Blakeslee presented an interesting paper on music in the club, and the development of music in America.

Prof. Zueblin, of Boston, gave a stirring lecture on "The Duties and Privileges of Citizenship," dwelling on length on the new responsibilities of women in this connection.

Miss Ackermann, F. R. S. G. S., of Pekin, China, in discussing "The Psychology of Mobs," showed how good or evil, so that with right leadership much may be accomplished by members.

The address of Thomas E. Johnson, Superintendent of Public Instruction, dwelt on needed school legislation.

He urged consolidation of schools and more efficient training of teachers.

Miss Featherston on the "Problem of the Malnourished Child," sounded a warning note when she stated that Michigan stood next to last in the Union in child welfare work.

After an automobile ride round the city, and the annual reception to the new officers, including an organ recital, the closing act of the Federation was to pass resolutions in favor of citizenship laws, Americanization, and compulsory education of foreigners in the English language.

A rising vote of thanks was tendered Mrs. Andrews for her most interesting report, and the club adjourned to meet next on Nov. 23, with Mrs. S. S. Lee.

HIGH SCHOOL NOTES. Lowell High school's undefeated football team travels to Rockford Friday to battle with Rockford team.

Lowell this year presents the strongest eleven it has had in years. The team deserves the support of everyone in Lowell. A number of High school students are anxious to go who can find no means of transportation. The school would appreciate it if those townspeople who are planning on seeing Friday's game would help the team out by carrying over a few rooters.

The Lowell team is in fighting trim and eager for Friday's battle. Any injuries received in Friday's game will not keep the players out of the Saturday game.

Newaygo cancelled the game with Lowell to have been held here last Friday. Lowell received the news too late to secure a game with an outside team for that date. A town team, composed of former players, was organized and opposed the High school. In the town team captain C. H. Runciman starred. The score at the end of the game was 19 to 0 in favor of the High school.

Yes you can have such a phonograph

LET us show you the Certificate of Authenticity which Mr. Ellison has signed. This is the outstanding fact which comes to you out of the memorable tone-test recital given Oct. 6 in City Hall: A new era in music is here. Mr. Edison has lifted the phonograph to the dignity of a new art.

You can no longer be satisfied with a phonograph that imitates. Now, you want a phonograph that equals the human voice.

You know there is such a phonograph. Mr. Edison made an astounding test with the Official Laboratory Model of the New Edison to prove it. Lowell heard the New Edison Re-Created Glen Ellison's voice in direct comparison with Ellison's living voice. So realistic was the New Edison's performance that no one in the audience could distinguish it from Ellison's living voice.

**The New Edison**  
"The Phonograph with a Soul"

You yourself can have such phonograph. Let us show you exact duplicates of the Official Laboratory Model, which triumphed in the tone-test. Let us show you the Certificate of Authenticity, which Mr. Ellison signed, after inspecting these instruments, and in which the famous Scotch baritone declares that these instrument are the equals in every respect of the instrument used in the tone-test.

You can buy your New Edison on a Budget Plan which so distributes the payments that you'll hardly feel them.
