Good Will

It's not what we have done for our customers, but it's the way we have done it, that has secured their good will.

It's not attending to the routine banking functions which we're obliged to perform, but it's the going out of our way voluntarily to be helpful to all, that has made people speak well of us.

Helpfulness, or courtesy in action, is not selective in this bank. We never hesitate before rendering a service, nor discriminate between customers—all are valued friends.

We cordially invite everyone to use this service which our depositors have found so helpful, and which has given to us our biggest asset—their good will.

WINS BY BIG PLURALITY

GROENBECK, TOWNSEND, MAPES, MACNAUGHTON ARE RE-NOMINATED

While Lowell township voters turned out to election Tuesday in hardly more than half of the expected number, those who did go to the polls stood by their lawmakers.

For governor, Lowell gave Groesbeck 444, Fletcher 126, Joulin 59. For Congress, Lowell's vote was—Mapes 462; Alvah Brown 95.

Lowell sheriff vote—Hase 125, Kelley 116, Smith 90, Pattison 65. For U.S. senator—Lowell clerk vote—Hill 402, Schriever 152.

The Democrat candidates generally had no opposition and were of course nominated, except in the case of governor which was contested by Alva Cummins of Lansing and James B. Balch of Kalamazoo, with the former leading by a narrow margin.

Senator Townsend who won the Republican nomination by a plurality estimate from 26,000 to 28,000 over Baker, Kelly and Emery in order named, will have to contest for that honor in November with Forman or Governor Ferris, who was nominated by the Democrats.

Governor Groesbeck was renominated, winning over Fletcher; and Carl Mapes was renominated, defeating Alva Brown by an overwhelming majority.

Kent county's vote for U. S. senator is interesting, showing how the Kent voters support a home candidate.

Major John G. Emery.....11,326
Charles E. Townsend.....6,465
Herbert F. Baker.....4,713
Patrick H. Kelly.....2,363

Other winners were: Sheriff—Will L. Smith; Clerk—Robert G. Hill; Prosecutor—Carnell Hoffman; Treasurer—Jens W. Clark; Auditor—Joseph Averill; State Senator, 16th district—Charles R. Sligh; State Senator, 17th district—Thomas H. MacNaughton; Legislature, First Kent district—George W. Welch, Howard F. Baxter, Abe Dykstra; Legislature, Third Kent district—Oscar W. Brannan.

THANK YOU
I wish I could find words adequate to express my appreciation of the spirit and vigor shown by the people of Lowell and surrounding townships at the Primaries Tuesday, but can only say from the bottom of my heart "Thank you." And may my future conduct be such to justify the confidence reposed in me. If elected, I go to Lansing to represent the Second Legislative District and don't forget that I am at your service. D. G. LOOK.

LARGE ATTENDANCE

Total Enrollment of Lowell Schools Will Exceed Six Hundred

The Lowell public schools opened September 5 with a new record of attendance, with a grand total when this statement was made, of 596 and still going up.

The enrollment throughout the school system is as follows: Senior High—Seniors 41, Juniors 47, Sophomores 62—total 150. Junior High—Ninth grade, 70, Eighth grade 45, Seventh grade 45—total 160.

This gives a total for both Junior and Senior High departments today (Sept. 12) of 306. The total for the 9th, 10th, 11th and 12th grades, or High school proper, is 218. This enrollment equals that of many smaller city high schools where the population is from 4,000 to 6,000. A very good non-resident attendance is responsible for our exceptionally large enrollment for the size of the town.

Twenty new seats have been added in the High school assemblies and more are needed to take care of the present members, more students are coming each day.

The grade enrollment is as follows: Central—Sixth grade, 38, Fifth grade 39, Kindergarten, 20. East ward—Grades 1 to 5, 96. West ward—Grades 1 to 5—64, Kindergarten 15. South ward—Grades 1 to 5, 20.

LOWELL LYCEUM COURSE OUTLINE

MUSIC, ENTERTAINMENT, INSTRUCTION AND INSPIRATION COMBINED IN SIX POPULAR NUMBERS.

The committee has arranged a well balanced course for this season and has all confidence that the numbers will be both pleasing and instructive.

The Covent garden singers, a mixed quartette will be the first number, Oct. 11. They are experienced entertainers who will give a popular program of costumed operatic sketches, pleasing songs and melodies that have been proven favorites.

Most of Lowell's people will remember with pleasure Montreville M. Wood, who appeared here on a former course.

Mr. Wood has many new scientific surprises this year that were not divulged when he was here before. He is considered one of the foremost entertaining demonstrators of modern scientific discoveries of our day and the committee takes pleasure in presenting Mr. Wood again to a Lowell audience.

The popular lecture, "The Other Side of Main street" will be given by Alex Miller, a former editor of a country newspaper, who spent his earlier years in a small town. His lecture is happy and inspiring.

Lewis A. Convis is a man of wide travel and knows something of existing European conditions. His lecture will be on "Russia and Siberia." Since his return to America Mr. Convis has been telling his story to enthusiastic audiences, both in the East and West.

The Harp Ensemble company, by its name, insures a pleasant evening. Three harps, a cello and a violin together with delightful vocal selections will give an evening of unusual variety.

The three at play, "The Bubble," by Edward Locke, combines all the qualities so necessary in a successful comedy.

The story superbly acted by a New York company, sponsored by the Redpath Bureau insures any audience of a pleasant evening of thrilling fun.

The six numbers of unusual quality are offered at the same usual price of \$2.00. Any member of the family may use the ticket which is interchangeable. Call any member of the committee and reserve your tickets and save them the time to call on you.

There was a large attendance at the Sunday school birthday party held in the parish house Thursday evening. Mrs. H. J. Coons had charge of the arrangements. The tables were prettily decorated with bouquets of fall flowers, the birthday table containing three birthday cakes with burning candles looked especially attractive.

One pleasing feature of the occasion was the presence with us of the corps of Lowell school teachers as honored guests. We were more than glad to meet and greet them.

After supper there was a short program in charge of Mrs. B. D. Stocking. There was music by our good Sunday school orchestra, a few well chosen words of welcome and greetings from Rev. Cochran, a pleasing duet sung by Mr. and Mrs. Richard Dyk. An earnest and enthusiastic talk by superintendent MacVean, and closing pieces by the orchestra.

Our wandering vacationists are returning and truly it looks good to see them back in their respective places.

Mrs. B. D. Stocking's Sunday school class held a social gathering and "weenie" roast on the island Tuesday evening.

The "quilt committee" of Band No. 3 has been very active the past few weeks.

Cheerful Doers met in the Parish house Monday evening, Sept. 11, with Mrs. Cochran and Mrs. Hutchinson as hostesses.

Order called by the president and after a short business session and the reports from the chairmen of the different committees, the president especially urged each member to learn to work with committee they belonged to and which their chairman.

In the absence of Mrs. Look and Mrs. Hosley, Mrs. Rutherford announced the program.

FORD'S LIQUOR STAND

Regardless of what may be said in regard to other activities of the woodworth of the automobile business, Henry Ford's stand on liquor enforcement is highly commendable. Mr. Ford says he will not allow men who violate the eighteenth amendment to work in his factories. Federal and local officers may find it difficult to stamp out the both shaded and open violations, but Mr. Ford's plan will work successfully and soon any of his workmen who carries about the odor of intoxicants or who is found to have intoxicants on his person or in his home, will be immediately discharged.

There is little doubt a cut Mr. Ford's earnestness in this matter. Of late there have been brought to his attention many instances of the operation of stills, sale of "hot" and the laxity of the officials whose duty it is to stop such violations. Many accidents have resulted in his factories and to his employees a cut in the factory because of strong drink.

On the matter Mr. Ford has said: "So far as our plants are concerned, we're going to stamp out this business. This should be a warning to those making liquor and selling them to our men—and to the men themselves—that we will not tolerate present conditions any longer."

In this connection it is to be noted that the law is enforced, Mr. Ford is carrying himself as the good citizen. Every business would profit by a similar step.

St. Patrick's Birthday.

The late Mr. Robert Hall, according to a recently published book of recollections was fond of telling how it came about that St. Patrick's day is celebrated on the 17th of March. "In ancient times," said Mr. Robert, "there was a night discussion as to what was the day of St. Patrick's birth. Some would have 'twas on the 17th of March, others declared 'twas on the 9th, when one wise man said, 'Come, don't quarrel, let us add the two together and make it the 17th!'"

Improving on Salmon.

Our late and lamented friend, King Salmon, said: "He that woteth his father and cleaveth water is a man that cleaveth through and brings forth peace." But more than that, he is a man considerably wiser than an egg in an advanced stage of decay.—New Orleans States.
