SECRETARY BIERCE'S LETTERS ON M-16 READ STRANGE TO LOWELL PEOPLE

The following correspondence will be of interest to friends of fair play both in Lowell and Grand Rapids.

GRAND RAPIDS ASSOCIATION OF COMMERCE
Grand Rapids, Michigan, December 17, 1923.

Mr. C. J. Farley, President,
Grand Rapids Dry Goods Co.,
City.

Dear Mr. Farley:

Acknowledging receipt of and replying to your favor of December 12th.

This matter will be brought up at the meeting of the wholesalers Monday noon. However, for your information permit the writer to state that the matter has already been passed upon by the Administrative Board at Lansing and the Board has concluded that the short, direct route is the proper way to build this highway and furthermore the Federal Highway Department has also sanctioned the short route and intimated that it would not sanction the longer route.

The writer is certain that as far as the State Highway, the Governor and the Administrative Board are concerned the matter is a closed issue.

Very truly yours,
Lee R. Bierce,
Secretary.

GRAND RAPIDS ASSOCIATION OF COMMERCE
Grand Rapids, Mich., December 21, 1923.

Board of Trade,
Lowell, Michigan.

Gentlemen:

Several wholesalers, members of the Grand Rapids Association of Commerce, have called our attention to the fact that they are in receipt of letters from your organization asking our co-operation in trying to get State Highway M-16 routed through Lowell. There seems to be quite a little misunderstanding in connection with this entire proposition and we would like very much to meet with representatives of your organization and will be glad to drive over to Lowell, or be glad to have you come to Grand Rapids, for this purpose. We want to see if we can come to a definite understanding in advance before we appear before the Administrative Board at Lansing.

Awaiting your further wishes and reply in this connection, we remain very truly yours,
Lee R. Bierce,
Secretary.

LOWELL BOARD OF TRADE
Lowell, Mich., Jan. 3, 1924.

Mr. Lee R. Bierce,
Secretary, Grand Rapids Association of Commerce,
Grand Rapids, Mich.

Dear Sir:

In reply to your letter of Dec. 21st, will say that our Board of Trade committee wrote to nearly all of the wholesalers of Grand Rapids, and have received more than a score of replies favoring the paving of "M-16" as a "road" and proposed.

When we received your letter we felt that you, too, as an officer of the G. R. Association of Commerce, were with us; inasmuch as you wished to come to an understanding with us before we appear before the Board at Lansing. Accordingly preliminary plans were made to receive you at a business men's dinner here in Lowell, and we came a letter from Mr. C. J. Farley of the Grand Rapids Dry Goods Co., enclosing a letter from you written on Dec. 17, just four days previous to the letter you wrote to us, in which you assured him that the matter was settled in favor of the air line route, and that the issue is closed. Now it occurs to us that, while the majority of the wholesalers of Grand Rapids are aware of the advantages and necessity of paving "M-16" as a "road" and Mr. Northrup and a few others who think more of Detroit automobile manufacturers than you do of your principal customers, the latter, are favorable to, and are boosting for the new air line route. Further than this, your attitude as outlined in the Sunday Herald and the line of bank and the distorted map accompanying the same, which we believe must have received your approval; leads us to believe that no good would come from a conference with you.

Grand wholesalers will be advised that the issue is NOT CLOSED, and will not be until M-16 is paved through Portland, Ionia, Saranac, Lowell and Ada. We would welcome assistance from the Grand Rapids Association of Commerce, but until you change your attitude we do not think that further overtures with you would be of any benefit to our cause.

Yours truly,
Lowell Board of Trade.
R. T. Ford, Pres.
Norman Borgerson, Sec.

LITERARY CLUB OFFICERS ELECT

The Lowell Literary club met with Mrs. Clyde Collar Tuesday, Jan. 8. Owing to the absence of the president, Mrs. Look presided.

The following officers were elected for the ensuing year: President, Mrs. C. H. Horn; 1st vice president, Mrs. D. G. Look; 2nd vice president, Mrs. J. Thomas; recording secretary, Mrs. Thos. Wilson; corresponding secretary, Mrs. Wm. Hartman; treasurer, Mrs. N. C. Borgerson; critic, Mrs. J. M. Hutchinson; parliamentarian, Mrs. J. S. Hooker; custodian, Mrs. M. C. Greene.

Mrs. M. C. Greene and Mrs. F. F. Rosewarne had planned a very enjoyable program of which Mrs. Greene was chairman.

Victrola selection, To a Wild Rose, MacDowell.

Mrs. Verena Kropf, in her pleasing way, gave a wonderfully interesting talk of Switzerland; dwelling chiefly on the mountain life and illustrating her talk with a miniature house representing the characteristic Swiss home. The staircases are built on the outside which gives them a very picturesque appearance and they are built of wood and can be washed from inside and out. These houses are called chalets. The people are extremely fond of flowers in this country, which was very plainly shown by the beautiful views Mrs. Kropf brought. The evenings are spent in weaving, watch making, carving and embroidery. The Swiss emblem (a bear) carved from oak wood and a Swiss doll were also exhibited. Another interesting feature was about the shepherd taking his cows and goats from the valley to the mountains. Deer hunting is a famous industry in this country. One of the main industries is the hotel business. In closing, Mrs. Kropf vividly told of the Swiss yodlers.

Victrola selection, Alpine Specialty, Popular Yodles, Geo. P. Watson.

Club adjourned to meet January 22 with Mrs. R. M. Shivel.

Light refreshments were then served.

COUNTRY SAUSAGE

The Sparta Sentinel-Leader publishes the following under the head of Country Sausage:

"The Lowell Ledger keeps saying every week, week in and week out, 'Ada squibs.' Now if we were Ada we would get right up on our ear at any man who would so persistently insist that we are even a mild kind of prevaricator."

We know more now about what Country Sausage is made of. Reminds us of the Indian chief being entertained at a fashionable dinner, among the fancy dishes was one of "floating island." He swallowed a big spoonful without tasting it, looked in his lap and on the floor without finding it and grunted: "Heap big lie!"

NEWS OF THE HOME CHURCHES

Lowell Methodist Church
"He who defies the Constitution is a traitor to his country," the eighteenth amendment is a part of the Constitution."

The severe cold kept many from attending the services last Sunday but a goodly number braved the storm and were present. The records show 104 at Sunday school.

On account of the third number of the lecture course coming on Thursday night, the Church Training service will begin promptly at seven and close in time for all who desire to attend the entertainment.

The Missionary society will meet with Mrs. D. J. Veiter Friday afternoon. A home missionary program is being prepared by the committee. "If the leaves from the tree of life are to heal the nations, God's orchards must be cultivated right here at home."

The Greene Circle will gather at the church for an all day meeting Thursday. This will be a work meeting with a pot-luck lunch at noon.

Congregational Church
The pulpit will be occupied next Sunday by Rev. A. J. Blair of Wake-man, Ohio, formerly pastor of the Congregational church at Belding.

The Cheerful Doers had a very pleasant time at the home of Mrs. Charles Jakeway Monday evening. Community singing was enjoyed and New Year's resolutions read at roll call. Six won out in the auto race after which refreshments were served. There were fifty present. Mrs. Harvey Haysner was chairman of the entertainment committee.

Mrs. White entertained her class at afternoon tea during the holiday season in honor of the members who were home for the vacation. The ten who were able to be present spent a very pleasant hour with fancy work and visiting.

The attendance at church and Sunday school was very small last Sunday due to the intense cold. There was no evening service.

SCHOOL NOTES
Good schools do pay! They pay enormous dividends in that are lasting and that mean most in the Nation's real advancement. Not only do they pay as people in such measurable qualities as literacy, intelligence, and greater earning power, but they pay even greater dividends in unmeasured values.

A good school system offers to every child the intellectual heritage of the ages; it frees him from the grip of superstition and fear; it enlarges his interests; it deepens his appreciation for beauty; for truth and for mankind; it inspires him with a desire for service; and gives him power to carry out this desire.

Can any institution promise more?
—N. E. Research Bulletin.

If you are bothered with insect pests of any form, you have an opportunity to learn control measures. Mr. Harman, extension specialist in entomology from the M. A. C. plans to come to Lowell Jan. 22. As planned now there will be two meetings at the High school. One will start at 10:30, a. m., the other at 2:30, p. m. Anybody welcome. Come with your insect troubles.

No one can really afford not to attend this splendid vocal and instrumental entertainment. At the City hall Thursday evening, Jan. 10. Admission 75c and 50c.

The first semester is very near a close. Most of the remaining time will be used in general reviews and then final examinations. We aim above all else to be absolutely fair in the examination of students. A thorough knowledge of the subject is the only safe guard to promotion. We hope that hours outside of school will be so adjusted that every student may give his best energy and efforts to final preparation in his subjects.

The Lowell High school boys and girls ran over to Caledonia last Friday night and beat the Caledonia students on their home floor in a basket ball game, the boys winning by a score of 50-11 and the girls by a margin of four points, the final count being 23 and 18.

The girls had a hard time winning and the final results were in doubt until the very last whistle. Both teams were evenly matched as neither team was at any time more than four points in the lead. The first half ended with the score 9-9 in Lowell's favor. During the second period the lights were out for quite a time giving the teams a much needed rest and the final was a great fight. With a minute and a half to play the score was 13 all, but the Lowell girls, showing that old fighting spirit, came through with two more field goals, winning by that margin.

The Lowell boys started with a rush and committed several personal fouls before they realized that it was impossible to play so fast on a small floor. The first quarter ended with the score 10-6 in Lowell's favor, which was as close as Caledonia got to Lowell. The game was necessarily rough as the floor is quite small and a great many personal fouls were called but few free throws made. Plogus was the outstanding offensive man for Lowell while the defense was led by the Caledonia star forward being unable to get by them. Schneider and Wooten played a great defensive game but could not manage to locate the basket for country very often.

Lowell plays the strong Portland team on the home floor next Friday night and from all reports will have to go some to come through with a clear title. Citizens of Grand Rapids will officiate.

PRUDENCE

Fear sighted persons do not hold cash and checks until they accumulate a large deposit, but deposit daily instead.

Cash kept in the office or store is often a temptation to trusted employees or robbers. Business conditions change so rapidly that it sometimes happens a delay of but a few days in depositing a check makes it of no value.

Safety for both says "Open an account with the Lowell State Bank and deposit often."

LIQUOR CASES IN IONIA COURT

From the Ionia County News. Eight violations of the liquor law are scheduled for the January term of court, which will open on Monday, January 12. Preliminary procedure on several cases takes place this week and the respondents await the opening of the term to learn their fate. Some have already pled guilty and will be sentenced at that time. The officers have two affidavits that he made sales of moonshine. He was lodged in the county jail to await disposition in the justice court. Steve McCleary is a late victim to be nabbed by the sheriff. This time for a second offense. He was taken by Lowell officers from his home at Fallburg and brought to Ionia by Sheriff Cook and Deputy French. It is alleged that he sold three gallons of "moonshine" to Doc Stowell, who has made affidavit to that effect, and who is one of the recent violators hauled before the justice court. The first offense by McCleary was in May, 1923, when he was arrested by Chief of Police Cook of Belding, after Montclair officers had purchased a pint of the booze from his place. A search warrant was issued and barrels and crocks and a still were confiscated from the place. The case has been pending for many months. It was one of the main attractions of the January term of court. With the second offense, it promises to be even more entertaining. Frank Bushre, the South Ionia justice bootlegger, appeared in Judge Taylor's court for examination on Wednesday morning. The testimony will be read on Friday of this week. He is one of the five taken in a raid the day before Christmas. Mrs. Minnie Bushre will appear in justice court on Friday on a charge of resisting an officer. She was arrested following the raid on the Bushre home. Easton township, J. C. Grummett of Easton township, taken in the day before Christmas raids, appeared in court for arraignment Wednesday afternoon. Both pleaded guilty. Judge Hawley deferred sentence until the afternoon of January 28. The case of Nell Waters for examination was on Thursday of this week.

STATE POLICE START WAR ON KENT CO. GAMING DEVICES

A squad of state police Saturday started a campaign to rid Kent county of slot machine and other gambling devices displayed for months in near-beer saloons and stores, choosing Comstock Park as the scene of the first "clean up" operation. Five slot machines and two punch boards were reported seized at Frank Burt's place, and a few machines and some punch boards were taken from the North Star bar. The raid was led by Inspector Beaver of the state department of public safety. Places operated by Nick Fink, E. Echternaech and Fred Glidde also were searched. The state men recently visited Sand Lake and Greenville---Grand Rapids Herald.

George Majnaka, 20 years old, was killed instantly late Wednesday when he fell across a bus. He was sawing wood at the farm of a neighbor in Odessa township when the accident happened. The man's body was virtually cut in two, across the chest. Free window cards and advance notice to our 7,500 readers with every job of bills printed at The Ledger office. MUST PREVENT CHILD DISEASES

Lansing, Jan. 8---Parents that think their children are better off once they have the run of children's diseases "over with," are often a sadder and wiser lot of people after their youngsters have either died of some ailment or incurred permanent disability as an aftermath to scarlet fever, measles, whooping cough or the mumps. Many people have the mistaken idea that sickness makes children tougher and more able to withstand disease later in life. The opinion of Dr. R. M. Olin, state health commissioner, in commenting on a talk delivered by Dr. James B. Davis of the Detroit College of Medicine and Surgery before staff members of the Michigan Department of Health. Dr. Davis said that kidneys do not fully develop in children until the age of six. Should a child encounter illness before that age, the development of the kidneys is seriously impaired. Disease is bad enough under any consideration, but when it comes before the kidneys have attained their full powers of resistance, little but damage can result---a stunting of future life. The normally developed kidney has seven times the amount of tissue that is necessary to do the work of the body. But with the onset of such disease, some of the extra tissue is lost never to be regained. In fighting the disease, if too much sickness is encountered in early life the result is inevitable. Some time sooner or later kidney trouble will appear, resulting from illness of years ago. Chronic nephritis and Bright's disease are leading causes of death in adult life.

KENT COUNTY FARM BUREAU

The annual meeting of the Kent County Farm Bureau will be held at the Association of Commerce Building Thursday, January 17. Officers and directors will be elected for the coming year, delegates will be selected for the annual meeting of the Michigan State Farm Bureau, and reports of the secretary-treasurer and the county agent will be given. C. H. Hunciman, business manager and purchasing agent of the Michigan State Farm Bureau, will be present to assist in the work of his department. The purchasing department has been changed from a losing one to one that is not only paying for itself but assisting materially in the support of the State Farm Bureau. Cooper and head Mr. Hunciman tell how it has been done. Another feature of Farm Bureau work is the traffic department and E. L. Ewing, manager, will be present to tell about the work in his department. The meeting will be called to order at 10:30 a. m. This is not only a meeting for delegates but all members and friends of the Farm Bureau are cordially invited to attend. Docketing the Doc. Hiring a doctor by the year makes sickness a pleasure. The patient, instead of grieving over the bill, can look forward to the first of the month when he will dock the doc.
