### HOW HOME FOLKS VOTED

**PRIMARY ELECTION CALLED OUT 716 VOTES IN LOWELL TOWNSHIP**

However little effect the township vote has on the general result in a State election, it is always interesting to note how one's neighbors and townsmen voted; and under present conditions the drift of local opinion is especially worthy of note.

Quinlan's, 343 National-ay, N. W., according to unofficial returns on Tuesday's primary.

MacNaughton's vote stood at 3,400 with six county precincts missing while Quinlan's total was 5,816, a margin of 408 votes.

C. Kent Jakeway of Grattan township and Ward P. Boulard of Bowne were other contenders for the honor. Jakeway garnered 1,110 votes while Boulard's total was 2,810.

This Thursday morning, Couzens' nomination is claimed by 54,000, Tuttle being swamped by Wayne vote. Groesbeck for governor is 200,000 ahead of competition.

Already it is being said, a lot of Republicans will vote the Democratic state ticket this fall.

**ADA PEOPLE HURT IN AUTO ACCIDENT AT PORTLAND**

Woman and Daughter Injured When Car Left Pavement on West Hill

A Star touring car driven by M. Sonzer, of Ada, left the road and plunged into a deep ditch partly filled with water. Mr. Sonzer said he was not familiar with the road, and that the cause of swerving headlights made it impossible for him to see the edge of the concrete until it was too late.

In the car were Mr. Sonzer, his wife, two daughters and a male companion. One of the daughters was severely cut about the forehead and was attended by Drs. B. A. and E. W. Altou, who found it necessary to take several stitches. Mrs. Sonzer was severely bruised about the body but received no cuts. The other occupants were unhurt. The Star car landed right side up in the ditch and Ward Hyland, near whose garage the accident occurred, towed it and through a field and into his shop where mechanics will be made. The front axle was badly bent, both front springs were broken and the body and fenders were jammed. Ward and Chas. Hyland took the family to their home at Exart. After the injured had been cared for, Portland Review.

**CHURCH FAMILY REUNION**

The descendants of Chester and Jane H. Church met with Mr. and Mrs. J. D. Frost at their cottage at Murray lake Sunday, Sept. 7, to the number of fifty-five. After the picnic dinner was served the following officers were elected for the ensuing year: President, Dorus Church of Lowell; Vice President, Jasper Church of Alton; Secretary, Jasper Church of near Exart; Secretary, Emma Covert of Lowell; treasurer, Alex. Church of Emerald.

The afternoon was spent in visiting and boating and was much too short and all promised to be on hand next year and voted the Frost cottage a fine place to hold our next meeting. Children of Mr. and Mrs. Church present were Emma Covert of Lowell; Jasper Church of Exart; Dorus Church of Alton; Norma Crow of Moseley, Chester of Los Angeles, Calif., not being present, was greatly missed by the whole company.

### SCHOOL NOTES

School opened in all grades Tuesday, Sept. 2, with an enrollment in the various departments much the same as last year. The classes of the senior high are holding their own with about fifty in each of the three grades. In the junior high the total enrollment has dropped slightly chiefly due to the ninth grade which numbers over fifty compared to over sixty last year. Either eighth grade graduates are not as available or else it is impossible for them to attend. The late season has meant later enrollment in school for some out of town students.

In the grades the enrollment is approximately as follows: Sixth grade, 42; fifth grade, 42; East Ward—third and fourth grades, 42; first and second grades, 45; West Ward—third and fourth grades, 32; first and second grades, 35; South Ward—grades 1 to 7, 29; kindergarten, 32.

Tuesday was used in classification and assigning text books.

Classes started out upon full schedule time Wednesday and but for the lack of a few books was near the equal of mid-term school. Various features of the opening week strengthen confidence that the year will be more pleasant and profitable to students than at least either of the two preceding years.

Lowell High school is proud of the record of the present junior and senior classes. Of those members of these classes who were in school last spring all but eleven have returned to high school this fall. Of the group who have not returned, five are going to other schools and one is north because of hay fever and expects to return soon. This will leave only five who will not be attending school some where. The total enrollment of the senior high is now one hundred and forty-nine.

### PLEASE DON'T SHOOT THE FIDELER

The Ledger has been produced in trouble during the past two weeks, during our last press run two weeks ago, the press began breaking down and we finished the run at a hazard of still worse damage. We telegraphed to Cincinnati for repairs which have not yet arrived and may not come in time for this week's press work. Last week we used the Journal's press and may have to do so this week, much as we dislike to bother our neighbors. Members remember the story of the cow-boy jiddler at his dance and his card sign: "Please don't shoot the fiddler, he's doing his best he can."

### BAD NEWS FOR LOWELL

**YPSILANTI REED FURNITURE CO. TO VACATE LOWELL BABY CARRIAGE FACTORY**

Following a report that the Ypsilanti Reed Furniture company is about to remove its baby carriage factory to Ionia, The Ledger publisher interviewed by phone the manager of the Ionia factory, in the absence of President Green, this morning and got a verification of the report.

The removal is to be made in about two weeks and the Lowell factory will be for sale or rent. The manager said the action is solely a business proposition, as a matter of economy and convenience. The company's immense new factory building at Ionia provides ample room for the baby carriage business and the haul to Lowell will be obviated. There is no complaint or feeling against the people of Lowell. Nothing but the best of good will has existed between the company and the Lowell community since the establishment of the branch factory here.

The manager declared further that it will be for the interest of the company as well as that of the Lowell people to secure a good operating tenant or buyer for the Lowell plant and The Ledger is confident that the best of co-operation between the company and the Lowell Board of Trade will find a satisfactory substitute for the Ionia concern, with which we shall part with regret.

"People who are most tired Sunday morning have the strongest reasons for going to church. It is the way to secure rest. Putting on clothes rests one. Getting into different clothes soothes the nerves; switching the train of thought to another track brings brain relief; following the thought of another branch for an hour is a vacation. All rested out people ought to be in church. It is better than golf. It is more bracing than a walk through the woods."
