### Strike A Medium

It is a pretty well established fact that the spendthrift usually finds himself without funds and friends, at the same time. It isn't necessary to spend everything you make to gain friends, nor is it necessary for you to save all you make to gain success. Strike a happy medium—spend judiciously and save the same way.

### MILTON COULTER GONE ON AHEAD

Milton Coultter passed away at his home on Monroe avenue Tuesday morning, March 17, aged nearly 77 years. Funeral services were held at the home at 1:30 this Thursday afternoon; burial at Irving cemetery.

Milton Coultter, son of George and Lydia Coultter, was born June 16 1848, at Bennington, Vermont.

When a small boy, he with his parents moved to Ohio, living there a short time, after which they came to the near vicinity of Lowell, living here a time then to North Irving, Barry county, living there until his marriage with Miss Mary E. Cobb Feb. 12, 1879.

To that union were born three sons, two of whom died in their youth, leaving Roy M. Coultter, his only son. Mary Cobb Coultter died in 1901 and in 1902 he was married to Miss E. Carmen of Grandville, who died in 1919. On December 23, 1920, he was united in marriage with Mrs. Caroline Yeiter, who with his son and the sons and daughter of his wife, who loved him and whom he loved as his own, and many friends, survive.

He will be missed by his neighbors, for he was a good neighbor, always ready to lend a helping hand. He united with the Methodist church of Lowell soon after his marriage and was always in his place of worship and in the Sunday school class until his health failed about two years ago.

McCaul, administrator of the estate of Wilfred McCaul, who have sued to recover for the death of the girls, killed when an automobile in which they were riding plunged through the bridge over Flat river on M-86 north of Lowell, Grand Rapids Herald, March 18.

### OLDER BOYS' CONFERENCE

The Seventh Annual Older Boys' conference that met at Lowell March 14, 15 was a distinct success. Both the visiting boy delegates and all the leaders and speakers united in expressing their appreciation of the benefits received.

The people of Lowell had a much larger part in planning and carrying out the program than is ordinarily apparent. The General Arrangements committee was headed by Mr. Runciman, the food which means so much to a boy was served by the ladies of the Methodist and Congregational churches and the girls of the high school and the members of the Girl Scouts. The mothers and fathers of the community adopted the visiting boys during the three days of their stay in a very real sense (not a single boy got lonesome or went home on that account); the churches and the high school were thrown open for the use of the delegates; the H-Y club worked untiringly to help complete the many necessary arrangements; and the program was a success in no small part because of the contribution of the local pastors, who not only gave addresses at the general sessions, but made their own the Sunday program fit into the general scheme of the conference.

At the closing session on Sunday afternoon, many new decisions were made by the boys that will effect especially their relationship to their local churches. These decisions will be the stronger because of the fine friendships begun, not only among themselves, but with many of the boys and older people of Lowell.

Frank Dorman of Cedar Springs, the newly elected president of the conference, wishes to express the heartfelt thanks of all the visiting delegates and leaders for the splendid hospitality of the many people mentioned above, in addition to others not named. The newly elected officers of the conference include: President, Frank Dorman, Cedar Springs; 1st vice president, Kenneth Hawkins, Cedar Springs; 2nd vice president, Clark East, Sparta; 3rd vice president, William Foster, Lowell (Bill was also elected yell master of the conference); secretary, John Ladner, Rockford; treasurer, Roy Budding; Byron Center.

MAIL DELAYED  
Mail due to arrive in Lowell Saturday morning, including The Herald bundles, did not arrive until afternoon due to a freight train derailment near Saranac, concerning which The Press had the following: Traffic over the Grand Trunk railway between Grand Rapids and Detroit was detoured over the Pere Marquette tracks early Saturday morning when the Grand Trunk lines were tied up by freight cars derailed near Saranac.

A freight train of 30 loaded cars Detroit-bound, blocked the trunk line about 4 o'clock when eight cars jumped the rails. Relief crews were dispatched to Saranac to aid in placing the cars back upon the rails. No serious damage resulted from the mishap, said employees.

STOLEN FOWLS SOON FOUND  
DEPUTY SHERIFF BOWES' QUICK WORK FOUND MISSING BIRDS AND CAPTURED CULPRITS  
As a result of quick and efficient work by Deputy Sheriff Pat Bowes, fifteen fowls stolen from Thomas Smith and twelve from Mrs. H. H. Dawson Thursday morning, the property was next day restored to the owners and Saturday the culprits who were soon captured, made confession and were sentenced by Judge Willis P. Perkins of Kent Circuit court to pay a fine of \$100 each or serve six months to five years in Ionia reformatory.

Leonard Sisson, 28, John Baker, 27, and Clarence Sisson, 19, brother of Leonard, are the ones so punished. The former claimed he just went along to drive the car. On account of his wife and children, the Deputy interceded for him, otherwise the sentence for all would probably have been more severe.

Leonard's fine was paid Saturday morning and Monday Grand Rapids officers took Baker and Clarence to Ionia to remain until their fines are paid.

Mr. Smith phoned Deputy Bowes of his loss Thursday at 7 a. m. In the meantime, the fowls had been sold to W. J. Precious and by him to Frank Graham and were on their way to Grand Rapids. Bowes drove to Alto, back to Lowell and then phoned to Grand Rapids where Graham was notified that the chickens were stolen and agreed to return them, which he did and the fowls were returned to their owners.

Deputy Bowes arrested Baker Friday afternoon at his home and Leonard and Clarence Sisson at their home at 5 a. m., Saturday.

Grand Rapids papers divide the credit for the quick work with Deputy Bowes and the Lowell Deputy. Mr. Bowes was also in the matter and asks the Herald and Press reporters for a square deal.

### NEIGHBOR JOE'S LAST JOURNEY

Joseph B. Yeiter, whose illness at Kissimmee, Florida, was announced in this paper recently, died there Tuesday night, aged 69 years.

The body, accompanied by Mrs. Yeiter and daughter, Mrs. Florence Young, is expected to arrive in Grand Rapids Saturday afternoon and will be brought to Yeiter's chapel, where it will lie in state from 7 to 9 Saturday evening and from 9 to 12 Sunday morning.

Friends wishing to see the body must do so during these hours, as the casket will not be opened at the funeral, which will be held at the Methodist church, of which for many years he was a loyal supporter, at 2:30 Sunday afternoon. Burial at Oakwood cemetery.

Thus passes another of Lowell's old business men, a Christian gentleman, a good citizen and a business neighbor of The Ledger for many years.

THE HARP NOVELTY COMPANY, LAST NUMBER OF THE LYCEUM COURSE  
Those who attend the next number of the local Lyceum course Wednesday evening, March 25, will have an opportunity of being entertained by the popular Harp Novelty company.

The four young ladies, who compose the company, give a delightful program. All are talented instrumentalists, combining in their varied numbers the music of the harp, cello, violin, clarinet and piano accordion. The program ranges from strictly classical selections to the lighter and more popular airs, and every number is ably and artistically interpreted.

Humorous readings form a particularly pleasing part of the program. The popularity of the Harp Novelty company has been attested to wherever it has appeared. This is due not only to the real musicianship of its members, but to the fact that they are entertainers par excellence as well, presenting a program of marked variety and charm. City hall, admission 40c and 75c.

NOT \$95, BUT \$115.00.  
A typographical error in last week's Ledger quoted Stocking in his advertisement as offering a Radiola III A (with console) for \$95.00 when the right price is \$115.00. It was not Mr. Stocking, but The Ledger's. So please excuse us.

The Ledger.

### THE FORTY DAYS AND THE AS-SENTION

**Lesson for March 22**

**CHAPTER XII—Continued**

She lit her lamp, but her fingers slipped over the glass, and it fell to the floor with a crash that startled all the slaves in the old building. The smoky wick flared up. Joan turned it down with difficulty until the light was extinguished, and she sat staring at the bed, amazed at her weakness.

She could not sleep peacefully open, and she let them wearily. But sleep was far from her, and she lay awake, and she thought of the man who had been so kind to her.

It was the slightest distant sound, but it cut the darkness like a knife. And to her mind, the sound, which meant nothing, might be, indeed, the step of a trap.

She slept and could not wake. Or, when she did not sleep, she lay awake, and she thought of the man who had been so kind to her.

### HOW TO KEEP WELL

DR. FREDERICK R. GREEN Editor of "HEALTH"

BOTTLING SUNLIGHT

WHETHER Moss or some other plant is the cause of the trouble, it is not always apparent on the new world of food. Let there be light! Before you make the mistake of thinking that the more you know the more you know, it is better to know that there is a life there.

And in our universe, the only light is the sunlight. Without it, the world would be a dark, cold, and lifeless place.

It is the sunlight that gives us life, and it is the sunlight that gives us health. Without it, we would be as dead as the plants that grow in the shade.

It is the sunlight that gives us life, and it is the sunlight that gives us health. Without it, we would be as dead as the plants that grow in the shade.

It is the sunlight that gives us life, and it is the sunlight that gives us health. Without it, we would be as dead as the plants that grow in the shade.

It is the sunlight that gives us life, and it is the sunlight that gives us health. Without it, we would be as dead as the plants that grow in the shade.

## NOTES OF THE LOWELL SCHOOLS

Twenty-five male voices will sound over the City hall auditorium when the Kalamazoo Normal Men's Glee club sings here Friday, April 3.  
Director Maybee is the pick of the largest male enrollment among all normal colleges of the country and repeated try-outs since early last fall have brought together a club of 25 men that the Normal is willing to stand against any glee club on tour. Trained both individually and as a chorus by Prof. Maybee and his assistants on the music department faculty, it is a thoroughly able group from first tenor to second bass.  
Slightly more than half of the singers are veterans of last year's club. Very little of the best talent in the 1924 aggregation was lost and Director Maybee found the nucleus for his new club unusually good at the beginning of the year. The Glee club call last fall brought out the greatest number of candidates in Western Normal's history and as a result the new men are by far the best first-year talent the club has ever boasted.  
The Kent county Basketball tournament is to be held in Grand Rapids Saturday March 21, at the Y. M. C. A. for the boys and the Y. W. C. A. for the girls. The teams entered are Spart, Grandville, Kent City, Rockford, Lee Street, Lowell and East Grand Rapids.  
From all indications, Lowell is in line for both the boys' and girls' championships again. Lowell has been victorious over Grandville and Rockford twice this year and the other teams entered are not feared.
