### 50 PER CENT MORE POWER

#### CONSUMERS POWER CO. WILL GET IT IN ALTERATIONS OF LOWELL ELECTRIC PLANT.

The Consumers Power company is preparing to make alterations and improvements in its Lowell light and phone plant during the low water period in the coming summer, calculated to increase its power efficiency fifty per cent.

The company's chief contracting engineer, Mr. Bray, is expected here within a few days to take the initial steps, preparatory to beginning the work which is likely to close the plant for several months.

Local Superintendent Kallinger says the rumor that the old Church-McDannell plant would be rebuilt are unfounded. The destruction of the old dam permits the lowering of the pit at the existing plant and securing of the needed added power.

Meanwhile the Lowell Village council is looking after the matter of a break-down service during the period of reconstruction.

### FREE CLINIC AT GRATTAN CENTER

Free clinics for the examination of the chest are being conducted in eight villages in Kent county by the Grand Rapids Anti-Tuberculosis society. The schedule is as follows:

Cedar Springs, April 2nd in Grange Hall; Galedonia, April 8th in school auditorium; Rockford, April 10th in W. B. C. hall; Byron Center, April 23rd in Byron town hall; Sparta, April 30th in library basement; Grattan Center, May 7th in Masonic hall; Grandville, May 14th in village hall. All clinics will be open from 1:00 to 5:00 p. m., Dr. E. N. Nesbitt, City tuberculosis specialist, will be examining physician. Nurses from the Anti-Tuberculosis society will be assisted by one of the staff of Miss Elizabeth Ploeg, supervising county nurse.

Since a full time tuberculosis nurse has been employed to follow into their homes the patients who attend these clinics they have become very popular. During a home visit she can fully explain the doctor's orders, make an effort to have the family physician consulted, arrange to have physical defects corrected, etc. In fact, this type of health education and disease prevention is becoming so well understood in the county that additional villages are making requests for regular clinic service.

It is the hope of the society that enough delinquent payments for Christmas seals will reach headquarters in the near future so that it will be possible to plan to hold a clinic in some village center on each Thursday afternoon during the year and add the villages of Ada, Alto, Kent City and Sand Lake to the list of centers already receiving this service.

### DOINGS OF THE LOWELL SCHOOLS

Miss Hildegard Link won second place in the state district declamation contest held at Grand Rapids Union High school last Friday evening. The contestants were the winners in each of the four sub-district contests. The schools represented besides Lowell were Allegan, Three Rivers and St. Joseph. Miss Link is to be congratulated in winning second place in all southwestern Michigan and against much larger schools.

Miss Kress, of Ionia, who won in our sub-district oratorical contest also won first place at Grand Rapids.

The seniors are beginning to keenly appreciate that their public school days are about to close and many are expressing regret. One senior said: "I would like to stay in High school all my life."

Fifty-one members make up the senior class enrollment. This is just about equal the number of first graders, and the enrollment in each grade. The total enrollment is about six hundred. Such a class is unusually large for our community. It speaks well for the school and its ability to hold students. Of course a number of High school pupils come from out-lying districts. This is also true of nearly every High school.

**COMMENCEMENT PLANS.**  
 Plans for graduation exercises are about complete. Dr. Paul Voelker, President of Olivet college will give the commencement address. The class honorary parts have been decided upon, based upon scholarship record made here. Only academic credits earned in Lowell High school are used in determining the rank.

Frances Dailor has the highest rank with a final average of 94.12, giving her the Valedictorian honors. Glennis Lee is second with a 93.83 average, which gives the salutatory honors. Edith Fletcher, class president, is third with a 93.64 average.

**ATTENTION LEGION AUXILIARY.**  
 Bring your thimble, needle and scissors to the meeting Monday evening, May 4. We are making a quilt for the Children's Bldg. at Otter Lake and need your help. Also bring a batch of home-made cookies for the Roosevelt hospital cook jar.

**FIRE ORDINANCE EXTRACT.**  
 The following extract from an Ordinance passed by the Common Council of the Village of Lowell on Feb. 26th, 1925 is quoted for the information and compliance of the citizens of the Village:

"12-B. Upon the approach of any fire apparatus, the driver of any other vehicle shall immediately draw his vehicle as near as possible to the right hand curb and keep said vehicle stationary until said fire apparatus has passed, and no vehicle shall be driven or propelled along said street in the rear of any fire apparatus, within a distance of 150 feet thereof, and no vehicle shall be driven, propelled or parked within a distance of 150 feet of any entrance of any building in which there is a fire."

This ordinance will be enforced, and arrests will be made where necessary for violation.

By Order of The Village Council.  
 J. C. Smith, Clerk.

Night Watch Carr and Marshal Lever arrested Charles Schwach Wednesday night and arraigned him Thursday morning before Justice Andrews, who fined him \$10 and costs for being drunk. This is Carr's fourth arrest in three weeks.

Presented to The Citizens of Lowell, Michigan, by Arba Richards 1855.

Dr. Richards was the father of the late Octavia Eaton and grandfather of Dr. R. B. Eaton. Arrangements for the dedication are now being made by Mrs. C. H. Horn, president of the Lowell Literary club.

### FRED FINGLETON DEATH INVESTIGATION CLOSURE.

Investigation into the death of Fred Fingleton, 48, of Belding, who died April 19, at the home of George Bird, Lowell, ended Monday, when Deputy Sheriff Albert C. Matzen reported to Prosecutor Earl W. Munshaw he had been unable to find evidence Fingleton had died from the effects of poison liquor. Deputy Matzen states he had been told Fingleton was under influence of liquor several hours before he retired at the Bird home, but that he was unable to find witnesses to substantiate this assertion. The investigator traced Fingleton's movements from Saturday noon, April 18, when he left Belding, until 10:30 p. m. Sunday, April 19, and stated he had found the man was not intoxicated on the night before he was found dead in bed. Fingleton was buried at Bowne Center after Justice A. M. Andrews had signed a death certificate giving apoplexy as the cause. —Grand Rapids Press, April 28.

### BASEBALL BEGINS MID MAY

#### MACEY CHAMPIONS WILL REPRESENT LOWELL AGAINST ALL CONTENDERS.

Chairman Will Hartman, of the Sports and Special Days' committee of the Lowell Board of Trade announces that the base ball season will open at Recreation park, Lowell in mid May, with the Macey team of Grand Rapids, representing Lowell.

The Macey team won the highest honors in last year's base ball tournament and will put up a high class of semi-professional base ball against all contenders.

The Lowell Board of Trade furnishes ground and grandstand, and the Macey team pays its own expenses and takes the profits. No further obligations to the Board of Trade, except to keep the grounds in good playing condition.

We understand the Board of Trade assumes no further financial obligations.

Most of the games will probably be played Sunday afternoons, which will be a disappointment to some, but as the Macey's are an industrial team, perhaps it could not be helped.

### POULTRY MEET IS ASSURED

#### FREE LECTURE MAY 1. ILLUSTRATED WITH MOVING PICTURES.

"We are assured of the poultry meeting we have been planning," said Mr. Runciman this morning. "The meeting will be held May 1, City hall, 8 p. m."

A letter which Mr. C. H. Runciman recently received stated that Mr. J. E. Burger, a poultry specialist, will be on hand at the appointed time, with a number of interesting charts and five reels of moving pictures to illustrate his talk.

This lecture will be of great educational value to all who have chickens in this county. It will cover the four most vital phases of profitable poultry production: Breeding, culling, housing and feeding.

The purpose of this highly entertaining lecture is to stimulate the production of more and better poultry in this county, by showing the best practices which enter into success with chickens.

Poultry associations, Farmers' associations, Chambers of Commerce, and prominent poultrymen who have heard it have pronounced it the best, clearest, and most interesting message on profitable poultry raising that has ever been presented.

At the close of the meeting there will be a "drawing," the winners of which will receive two automatic dry-mash feeding hoppers that will properly feed fifty birds.

There will be no admission charge. Everything will be free. It is urged, therefore, that all interested in chickens come early and get a good seat.

### METHODIST EPISCOPAL CHURCH

Lloyd H. Nixon, pastor.

Yes! You are right. Sunday is the day we begin our Combination service. The church school and morning have been combined for the summer months. The service begins at 10:30 with the regular morning worship and sermon by the pastor. At 11:45 we will be ready to sing a hymn which ordinarily would be the closing hymn of the preaching service. It is but the transition in the new combination service from the preaching to the study of the Sunday school lesson. Those who cannot possibly attend the morning service will find opportunity to enter while this hymn is being sung. Those finding it necessary to leave can do so at the same time. The purpose in establishing such a service is to enable more people to attend both services in a shorter period of time than heretofore. Previously, we were not through with the church school until 1:00 or 1:15 p. m. Under the combination service we will be through at 12:30. Every member and friend is urged to co-operate. Parents come and bring your children with you. Plan to stay with them to church school. A good example goes a long way with a child.

Tuesday evening at 7:30 a very important meeting of the church school board in the church parlors. The presence of every member is desired.

Wednesday evening at 7:30, the mid-week devotional meeting. This service will refresh you and give you spiritual re-enforcement. The young people will join in this service this week.

Sunday, May 10, is Mother's day. This church is planning fitting services in memory of our mothers. Plan to be with us.

Monday evening, May 18, a rally of all our people at the church for supper and a good program afterward. Save the date. It will pay you to do so.
