## ANNEX TO COUNTY JAIL

### PLANS FOR \$25,000 ADDITION TO JAIL AWAIT BOARD'S OK. SPECIAL ISSUE TO COME UP FOR DELIBERATION.

The January session of the board of supervisors, probably the final session prior to next April's election, opens Monday, Jan. 10, and will continue three or four days.

One of the most important business matters to be considered will be the plans for the \$25,000 addition to the Kent county jail, now being prepared by the architects, Williamson, Crow & Pease.

In addition, for which an appropriation is included in the 1927 county budget, will be 72 by 28 feet, two stories and of cement block, which will be manufactured by the prisoners at the jail.

The present structure has been frequently condemned, but those in favor of erecting a new jail have always been in a minority. The majority of the electors of Kent county have apparently been of the opinion that the "Sinner's Palace," as the jail was dubbed when the first unit was erected in 1870 on what was known as the "Island."

**Jail Was a Place.**  
Back in the early days a cellar on old Canal street, was the retreat for the prisoners, according to a prominent historian. "Afterward, a wooden building on the west side, without even the pretensions of architectural display, was all the county afforded for the accommodation of those who were its guests," continued the historian's narrative.

"Now the beautiful building on Campus street, offers a rise in urban home to evil doers and perhaps of ten fosters a desire in the naturally vicious and unprincipled portion of the people to perform some peculiar feat that would warrant them an invitation to this well ordered cage of criminals."

So it is that instead of replacing the buildings with a larger, more modern structure, a cement block addition to the red brick "Sinner's Palace" will be provided.

The boards of supervisors from several counties have submitted to the Kent board for approval proposed bills, which will be brought up at the coming session of the legislature. Tuscola county wants repeal of the law requiring publication of election notices. Arenac county believes that the law requiring notice by each county of noxious weed destruction should be sufficient.

### Special Issues Up.

The board from that county has also come on record for an act to provide that the public utility registration, primary and general elections in the townships be made optional with the township boards, and to also provide that publication of the circuit of annual school meetings in graded school districts be made optional with electors of such districts.

Prosecuting Atty. Earl R. Munshaw has completed for submission to the board, a petition for the holding that petitions on file for annexation of two districts to the city of Grand Rapids comply with all statutory requirements. These districts are that part of Grand Rapids township lying between Fulton and Michigan sts. and west of Marywood academy, and that part of Paris township, which lies south of Hall st., east of Sylvan ave., north of Burton street, and west of the village and East Paris road.

The board will also determine whether an appeal shall be taken to the supreme court from the decision of the circuit court holding that the finance committee cannot withhold payment of Esther Van Fleet, census clerk in the office of County School Commissioner Freedland. The committee, to test the validity of the law which permits a commissioner to employ the help now authorized to keep up the continual rural school census and to fix the salary, declined to audit the salary claim, and mandamus proceedings were brought. (Grand Rapids Herald, January 3.)

Music was furnished by the Mangle Brothers orchestra of Lowell. PAY BILLS PROMPTLY URGES LOCAL BOOSTING COMMITTEE

Golden Rule is Cited to Show Why Bills Should Be Paid Within Time Agreed
The local business interests again from the wholesalers or jobbers. If you are in the business of selling goods, you know that it is not only your duty but your interest to pay your bills promptly.

Having read both the Republican and Democratic platforms we feel that either of them kept up in their promises, wondrous will be the result. The next community-boosting advertisement will be addressed particularly to the farmers of this community. Everybody is urged to read the platform of the party which they favor.

For some thirty years this paper has been delivered at the Lowell postoffice at about 2 p. m. Thursday, during which time we have many times matter up to the time of going to press, about noon. Recent mail service changes, notably the change from the former route to Marquette and Grand Rapids roads and re-establishment of city delivery, have made it impossible for us to get our papers out as early as we used to. We are now getting out at 4:30 p. m. on Thursday mornings.

Happy New Year to All
We sincerely hope you and we know every one around Lowell does too. The business men will come true in every respect. There is a bright future for our country.

COURT CO-OPERATION
Superior Judge Herbig informs us that the court has decided to try a case in which the defendant is charged with the murder of a woman. The case is being tried in the city court.

They to Not Know Any Better
It is difficult to be tolerant with those members of the National Conference of Theological Students who at their meeting in Ann Arbor, Michigan, substantially announced that they will refuse to fight for their country in case it becomes involved in a war. But we ought to be as patient as possible.

Five thousand small savings banks have been shipped to Scotland, and it is expected that they will be distributed to the people of that country. These banks are being shipped to Scotland, and it is expected that they will be distributed to the people of that country.

A good cold weather starter now more dependable than ever

Probably no single feature of Dodge Brothers Motor Car has been more widely talked about and commended than the power and promptness of the starter.

There are now no moving starter parts when the car is in motion—no starter chain—no noise—no wear. The new starter is even more DEPENDABLE than the old, and far simpler and more compact in construction.

Many other major improvements have been added during the past twelve months, all vitally affecting performance and increasing value far beyond the apparent measure of current Dodge Brothers prices.

The Golden Rule
Do unto others as thou wouldst be done by
Some of us are very precise about our religious, family and civic duties, but there's another Golden Rule that is often neglected—that of paying your bills promptly.

When a merchant buys goods, he must pay with cash or notes. If his credit is good, he is granted a certain, definite time for payment. To go over that date would mean injury to his credit reputation.

By paying your bills on time, you help the merchant to take care of his obligations promptly. You enable him to take advantage of discounts and special offers that in turn mean lower prices and better service to you.

PAY YOUR BILLS when you agree to pay them. At least, be frank with your creditors and make arrangements for extension of time.

Treat your merchants and business people as you would want to be treated if your places were changed.

We, the undersigned, Believers in LOWELL, heartily endorse the above:

Representative D. G. Look left Monday for Lansing. Mrs. John S. Bergin spent the holidays in Belding and Grand Rapids. Miss Mooly, who spent the holidays in Holland, returned to Lowell Sunday.

The Golden Rule
Do unto others as thou wouldst be done by
Some of us are very precise about our religious, family and civic duties, but there's another Golden Rule that is often neglected—that of paying your bills promptly.

When a merchant buys goods, he must pay with cash or notes. If his credit is good, he is granted a certain, definite time for payment. To go over that date would mean injury to his credit reputation.

By paying your bills on time, you help the merchant to take care of his obligations promptly. You enable him to take advantage of discounts and special offers that in turn mean lower prices and better service to you.

PAY YOUR BILLS when you agree to pay them. At least, be frank with your creditors and make arrangements for extension of time.

Treat your merchants and business people as you would want to be treated if your places were changed.
