CADILLAC CALLS
REV. E. L. BUCK

REV. BUCK, NAZARENE PASTOR GOES TO DESERVED PROMOTION. LOWELL-ELMDALE CHURCHES UNITE.

Rev. E. L. Buck has accepted a call from the Nazarene church in Cadillac and will remove to that city in the near future.

The church in Cadillac is a strong organization and the change for Mr. Buck is a step forward and we congratulate him and his faithful wife and co-laborer upon their advancement; but we regret their loss to Lowell, where they have been active in religious work, successful in a marked degree and will leave the local Nazarene church well on the way to a prosperous and useful future.

The Lowell and Elmdale churches will be combined as one pastorate, and the new pastor will make his home in Lowell and will not be obliged to seek manual employment as Mr. Buck has done.

Mr. and Mrs. Buck and their son Forrest, who only last month graduated from the Lowell High school, will leave many warm friends here who will be glad to know that Mr. and Mrs. Buck hope to return to Lowell at some future time to make this their last earthly home. Until then, The Ledger bids this good family a hearty and hopeful farewell.

Only 28 at Annual School Meeting

Only 28 votes were cast at the annual meeting of school district No. 1, Lowell, Monday evening, as contrasted with more than 300 last year, owing to no appreciable notice being given to the public.

The reports of secretary, treasurer and librarian were given, the first two being referred back for audit.

C. H. Runciman was re-elected trustee for three years.

On motion salaries for secretary and treasurer for next year were fixed at \$200 and \$100 respectively, this being \$100 less than the secretary of the board has drawn without proper authority for several years past, although W. S. Winegar did the work for many years at \$100 per year, including the years when the East ward and High school were erected.

The board as now constituted stands: C. H. Runciman, president; J. M. Hutchinson, secretary; V. E. Ashken, treasurer; Grace B. Walker, trustee; F. F. Coons, trustee.

PLAYGROUND ACTIVITIES.

During the first two weeks that the playground has been in operation there has been a very good attendance but there are still a great many children who have not taken advantage of the opportunity to play under the leadership of Mr. Finch and Miss James. Parents are urged to send their children to the playground as they will be well taken care of and the more children present the more activities can be planned. The grounds have been equipped with swings, teeter-totters and sand boxes for the small children, and sports and contests of all kinds are planned for the older children.

Five horse shoe pitching courts have been added and it is hoped everyone interested in this game will take advantage of these courts.

Next week Mr. Finch expects to start tennis tournaments for all classes. This includes midgets, juniors, seniors, men and women. It is hoped everyone interested in tennis will enter these tournaments. Everyone who wishes to enter in any class should give their name to Mr. Finch or leave it at Look's drug store so that the drawings can be made this week.

Again, let us urge all parents to send their children to the playground so that they may have the advantage of well directed playing.

LEE BIERCE FOR M-21 AS IT IS

GRAND RAPIDS ASSOCIATION OF COMMERCE SECRETARY FOR THROUGH TOWN ROUTE. RECIPROCITY ASKED.

Lowell business men are liberal patrons of Grand Rapids wholesalers, some of them deal there almost exclusively, in spite of the fact that they feel that they did not get a square deal from the Valley City business people in the matter of the re-routing of M-16.

Among others believed to have given in the cold shoulder in that matter was our one-time friend, Lee H. Bierce.

In the present pressing matter of the proposed re-routing of M-21, there is a determination on the part of the citizens of Lowell, Saranac, and other towns along the route to get a square deal or to know the reason why.

In this connection the following editorial from Hiram T. Johnson's Saranac Advertiser is pertinent and to the point:

We have received a communication from Lee H. Bierce, secretary of the Grand Rapids Association of Commerce, in which he says the association is not at all averse to being asked to back M. B. McPherson in his endeavors to have M-21 re-routed from Ada bridge, and neither has the road committee or any other ever taken any action in the matter. He claims that the association favored the re-routing of M-16, but with the distinct understanding that M-21 was to be built from Grand Rapids to Port Huron and that the two routes should be connected up at Ionia by M-43, and that these routes were to receive both state and federal aid. Now this is all that is asked, and if the Grand Rapids association of Commerce will get back of this proposition, it will go.

The wholesale dealers in Grand Rapids are directly interested in this and it means a lot to be successful. A town, through the roads, we don't mean a half mile, two or three miles away, but through the towns and no one can advance a single reason why they should not have them. We are pleased to have Mr. Bierce's pledge that his association is with us in this matter.

Ionia County Roads Have Mounted Cop

A motorcycle policeman will patrol Ionia county highways for the balance of the year. A resolution authorizing Sheriff William French to appoint one was passed Thursday morning by the board of supervisors by a vote of 12 yeas, 10 noes. As a result of this resolution the sheriff has appointed Theo. Allen, special motorcycle deputy, to work in all parts of the county and keep watch for traffic violations and motor vehicle law violators.

The action of the board provides that the motorcycle officer be employed for the balance of the present year and fixes his remuneration at \$3 a day and five cents a mile. Fees for arrests will go to the sheriff, as other law enforcement fees now go.

Supervisors voting favorably on the motion were L. C. David, J. L. Sullivan, of Campbell; James Curry, of Danby; M. C. Stout, of Ionia township; A. A. Baxter, Fred Vanderbrink, Portland; Harry Mattison, Ronald; Fred W. Balling, Sebawa; Ralph Dodds, of Keene; J. C. Long, of North Plains, and Clark Palmer, of Orleans.

Voting against the motion were M. M. Benedict, B. C. Curtis, of Belvidere; John Wallman, Berlin; Ed. R. Parker, Easton; George D. Faxon, Lyons; Louis Peterson, Otisco; Leon Williams, Odesa; Frank Linebaugh, Portland; Harry Mattison, Ronald; Fred W. Balling, Sebawa; (Holding Banner News.)

Fight Looming Over Connection Between 21-16

Lines are being formed for a hard fought contest before the state administrative board and the county road commission relative to the route of a possible connection from M-21, the Grand Rapids-Holland road, to US-16, the Grand Rapids-Lansing road, passing over Burton street or Laraway road.

A week ago the road commission received a petition for the improvement of the road running west from a point on US-16 one mile north-west of Cascade, to the Murphy schoolhouse on Burton road two miles east of East Paris road, thus permitting through traffic to avoid the downtown section by passing over Burton-st. This would require the improvement of about four miles of road.

Yesterday the commission received a petition for the improvement of Laraway road and Beals road, running from Cascade on the Thorapue river west to Grandville, none of which is a present county trunk line. It was claimed by the sponsors of this petition that this road would provide a more direct route.

The commission, at its meeting yesterday, also received a petition to reinforce the proponents of the Burton st. route. It placed all petitions on file with no indication when the question will be taken up. —(Grand Rapids Herald.)

ROAD BOARD HOLDS M-21 SHOULD TRAVERSE LOWELL

Members of the county road commission have decided to notify the state highway department and the state administrative board they are unanimous in the opinion that M-21 should be routed through the village of Lowell but the commissioners have not committed themselves to any particular route.

The village of Lowell wants the present route maintained but Superintendent McPherson, of Vergennes, township would have the trunk line rerouted so as to pass through the southern part of his township and thence to Lowell. —(Grand Rapids Herald.)

THREE ARE INJURED WHEN CAR TURNS TURTLE ON M-50

Three persons suffered injuries Saturday night when a car, driven by Frank Miller overturned in a ditch on M-50 about one mile south of US-16. Miller was evidently trying to pass another car and lost control of his, leaving the road and hitting the loose sand.

Those injured are Frank Miller, of Bellding, fractured nose and bruised around the head; his wife, minor bruises; and Eva Bauch, of Quimby, age 21. The three were taken from the scene to Lowell in an ambulance by O. Yeiter. Miss Bauch was later removed to Blood's hospital. —(Grand Rapids Herald, Sunday, July 9.)

M-21 May Be Paved to Ada This Year

Lansing, July 12.—Paving of M21 east from Grand Rapids may be extended to Ada this year if the highway committee of the state administrative board acts favorably on recommendations of Highway Commissioner Frank F. Rogers.

It had been the original plan to construct two miles of concrete pavement on this highway, using convict labor. The board, however, Monday decided to award the work to a private contractor and on the suggestion of Mr. Rogers the paving may be extended. The matter was referred to the highway committee with power to act. —(Grand Rapids Press.)

TWO DETROITERS INJURED.

Grand Rapids, July 11.—(A. P.)—Miss Mildred Goetzke, 19 years old, of 5917 Colfax avenue, Detroit, and Clark Sager, 21 years old, of 2400 Garland street, Detroit, are in Blodgett hospital here with injuries which may prove critical, which resulted early this morning when their automobile left the road and turned over several times on U. S. 16, east of Cascade.

A passing motorist found the two unconscious in a ditch near the wrecked automobile and hurried them to the hospital. Miss Goetzke has a dislocated vertebra, severe bruises, and is suffering from shock, while the young man may have a fractured skull and wrist fracture.

The couple were driving east to Detroit from Grand Haven, where they had spent the week-end with friends, according to information at the hospital, and were planning to reach home by daylight. —(Detroit Free Press.)

Housewives! Which Benefits You Most?

The Itinerant Peddler or YOUR MERCHANT? The peddler is here today and gone tomorrow. Through "high pressure" salesmanship, he persuades trusting housewives to accept his sometimes questionable merchandise...

Guard yourself against the wiles of the peddler. Too often, there is great disappointment in the goods bought. Or the housewife finds herself unsuspectingly "tricked" into a greater obligation than she contemplated.

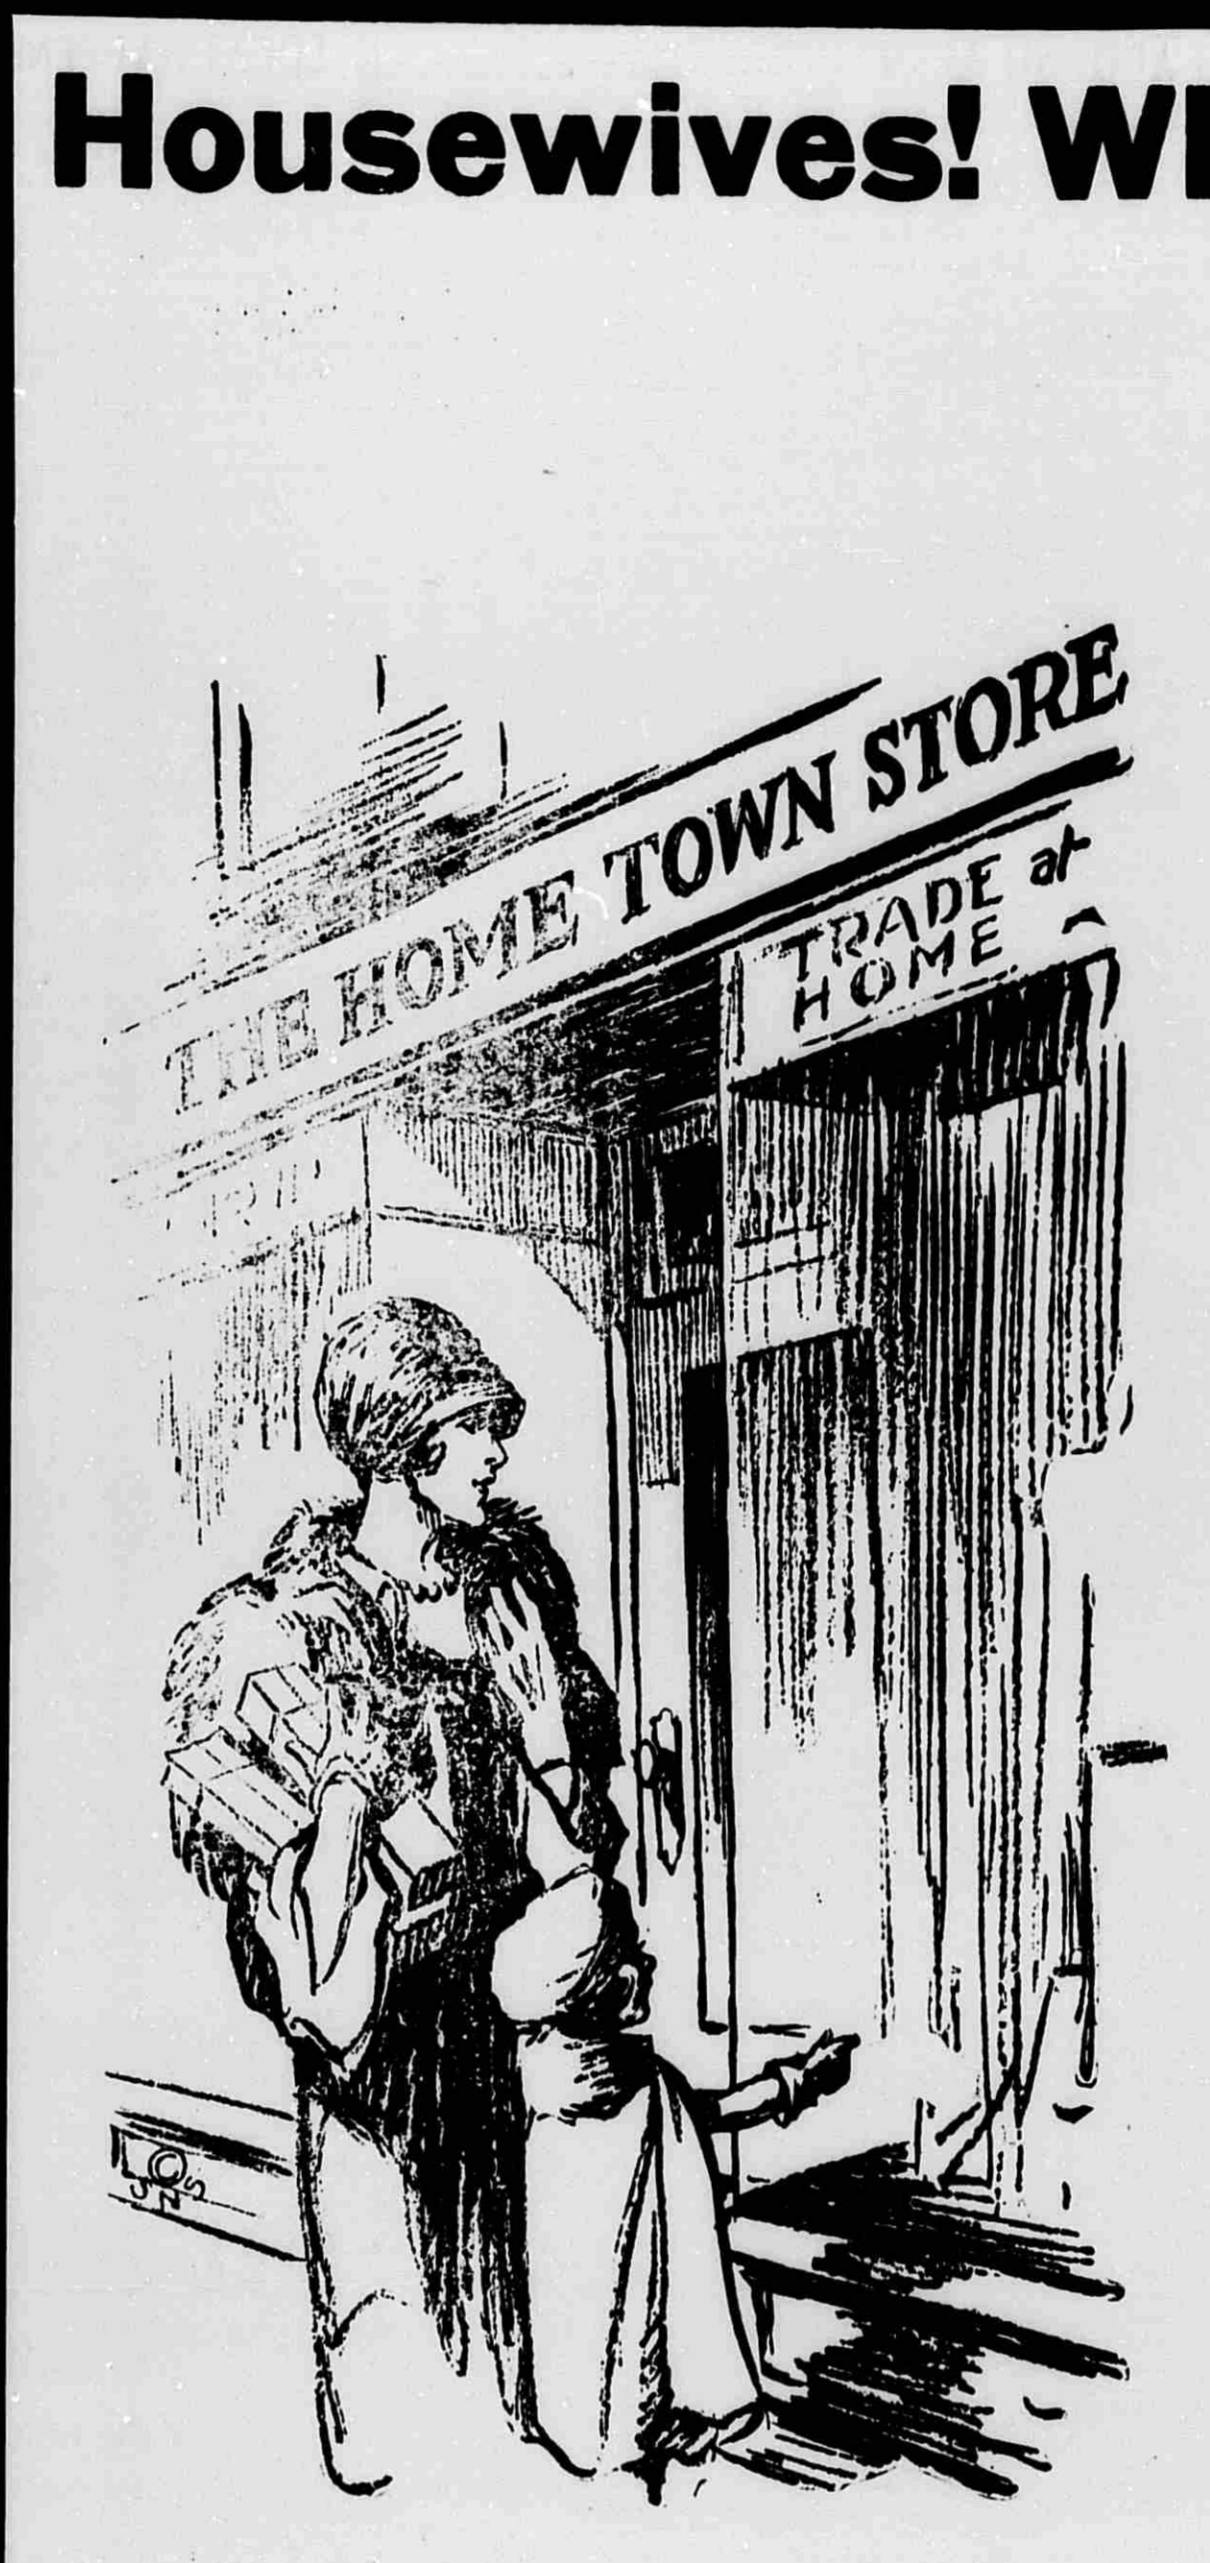

The peddler wants your dollar—that's all. There is no need for conscientious or honest service on his part. On the other hand—Your merchant is here in Lowell to stay.

He knows that he can succeed only by gaining your confidence and good will—by selling you quality merchandise at honest prices, and nine times out of ten—if you'll make value comparisons you'll find his goods just as cheap and generally cheaper than the usual peddler trash.

Your merchant is interested in your welfare. The taxes he pays and the contributions he makes help to give you and your families, advantages that make for physical, educational, moral and civic progress.

Play fair with your merchants. They have invested heavily in Lowell because of their confidence in you. Keep that confidence intact by purchasing at home—where you get the most for your money.

PROTECT AGAINST DAMAGE BY MOTHS

Woolen and Fur-Trimmed Clothing Must Be Stored.

Woolen and fur-trimmed clothing, for coats and separate pieces, and the extra woolen hosiery that are not in use during warm weather, must, as every housewife knows, be carefully protected against damage by moths. The milder, or adult, moth does not spin a cocoon. It selects the larvae or worms, which have a tendency to feed on woolen goods as soon as they are hatched. If there are spots due to the larvae on the garment, they are usually found in the folds, seams, and under the arms.

NEXT we stand a big

But we will put them on articles also so as to be stronger and give good spring-ness. These pillows must be made to keep up with the weight of the body on the top of them. Luckily we have better stuff than wool to use, because seat wears out, especially when we sit for long hours. There are several things we can do to prevent these things from happening. We can use a good material for the seat. We can use a good material for the seat. We can use a good material for the seat.

Nature Marked Guard of Murdered Soldier

By the roadside near the Old Harbor bridge, between Avon and Cambridge in western New York, a wild flower grows that is interesting because it is the only one of its kind in all that part of the State. It is called the "Soldier's Guard" because it is supposed to be a remnant of a plant that once grew there in abundance. It is a small, white, bell-shaped flower with a long, slender stem. It is found in a rocky crevice, and it is said to be a remnant of a plant that once grew there in abundance.

OBITUARY—HIRAM GARRISON.

Our old friend and neighbor, Hiram Garrison, passed to his long rest Saturday night at his home here near Fallsburg, July 2, aged 67 years. After seven months of serious illness, of which he was a patient sufferer, and his wife ever showing much devotion to him. He would often remark: "God doeth all things well." Mr. Garrison will certainly be missed by those who knew him best. He is survived by his wife, a son Bert Garrison, of Saranac, and an only brother Dan Garrison, of Comstock Park. Sympathy is warmly extended by the friends here. He was taken to Metcalf chapel, Grand Rapids, where funeral services were conducted by Brother Fred Pottruff, of Vergennes, on Tuesday at 10:30 a. m., and the remains were laid in Oak Hill cemetery. Brother Pottruff granted the request made by Mr. Garrison, to officiate at his burial, as they had been old friends thirty-five years ago, living at Fremont.—(Com.)

CARD OF THANKS.

I wish to express my sincere thanks to my friends and neighbors for the kindness and sympathy shown me during the illness and death of my husband, for the beautiful flowers and words of comfort from Brother Pottruff. May you be as tenderly remembered in your hours of sorrow. Mrs. E. Garrison, and Family.

"OUT AGAIN, IN AGAIN," FOR BELDING DRUNKS.

Belding, July 12.—"Out again, in again," to paraphrase Mr. Finnegan, is the experience of Ray Ford, 32, and Ed. Murphy, 35. They completed a jail sentence in Ionia last week, and upon arriving in Belding celebrated their release by getting drunk. Now they are back in the hoosgow for 30 days more.—(Grand Rapids Press.)

PRIMARY SCHOOL FUND IS LOW.—ER PER CAPITA.
Lansing, July 12.—The state primary school fund distribution for 1927 has been decreased 40 cents a child to \$12.85, according to the figures given out Monday by Auditor General O. B. Fuller. The decrease, the auditor general said, was caused by the increase in population and because the Ann Arbor railroad was not paying as much back taxes as it did last year.—(Grand Rapids Press.)
