LEGION DOINGS.

Let's all go to the Legion convention at Jackson, August 14, 15, 16. The Post has adopted a gold and blue smock to wear as convention dress.

Each member is to make his own smock and get in touch with Dr. Goffredsen or the Commander at once about material. The cost is very small.

Dr. Goffredsen, Robert D. Hahn and Jos. C. Scott were at Camp Carter Friday to see the revue of C. M. T. C. The work was wonderful considering the boys have only been there three weeks.

The doctor was guest of honor of the Commanding officer as a member of department of the executive committee.

Come on, Buddies, let's get ready and make a good showing at the convention.

Here's a little review of the past year. We were the second Honor Post of the state, losing out to Union City by about two hours. We entertained the Fifth district Oct. 27, 1926, and had 51 paid up members at that meeting.

We put on "Circus Solly" a musical comedy, which was very successful.

We sponsored the foot ball banquet, put on several dancing parties, bought and installed swings and teeters at the play grounds, beat the Board of Trade at a game of indoor ball, July Fourth, and we now lead the Fifth district in a five-year average in membership.

Now let's go to convention and celebrate.

HOME DEMONSTRATION SERVICE NEWS.

Seven 4H-Canning clubs are now under way in Kent county. They are the Morse Lake, Vergennes, (two clubs), Oakfield, Algoma, Nelson, Spencer and Egypt clubs. Oakfield, Morse Lake, and Vergennes are training for demonstration teams to compete for a trip to the State fair. Vergennes is also training a canning judging team. The contest will be held sometime during the latter part of August.

HOODHOOD HELD TO U. S. JURY ON LIQUOR COUNT.

Charles Hoodhood, of Ada, waived examination when arraigned yesterday before United States Commissioner Oscar E. Waer on a charge of violating the liquor law and was held to the October grand jury. Hoodhood was furnished with \$2,000 bond for his third time Tuesday, when Sheriff Byron J. Patterson and several deputies raided his home and seized 10 gallons of whiskey.—Grand Rapids Herald, Aug. 4.

FALL TOURISTS SOUGHT BY STATE ASSOCIATION.

Grand Rapids, Aug. 3.—A supplementary advertising campaign designed to bring tourists into Michigan during the fall will be proposed before the board of directors of the Michigan Tourist and Resort Association Thursday by Hugh J. Gray, secretary. The organization spent \$32,000 in summer resort advertising.—Detroit Free Press.

G. R. ARCHITECT GIVEN IONIA SCHOOL CONTRACT.

Ionia, Aug. 9.—Harry L. Mead, Grand Rapids architect, has been employed by the board of education for the new addition to Jefferson school. Plans and specifications will be ready for the approval of the board by Wednesday of this week and the work will be rushed to an early completion.

The board has found that six rooms may be added within the cost of \$40,000, voted at the recent special election. Part time sessions will be necessary at the opening of school next month, but this condition will only exist until the new structure is completed, which will be ready in February.

AN APPRECIATION

Ten Arrested in Ionia Over Week-End

Ionia, Aug. 8.—Ten were arrested by the sheriff's force here over the week-end for various offenses and three will face Judge Royal A. Hawley in a few days for violation of the prohibition law.

A raid was made on the home of William McGrath, 60, Boston township and he is charged with a sale of liquor, which was witnessed by officers. It is his second offense under the federal law and first under the state.

Richard Hunt, of Lansing, was arrested in a raid on his cottage at a Lake Odessa resort. Four other men were charged with isordery conduct.

Peter Cowell, 38, arrested for driving while drunk, is a probationer on a charge of violation of the prohibition law and will face the court on the original charge of two years ago.—(Grand Rapids Herald).

Protests Award of Only Two Miles of Road

Lansing, Aug. 9.—A number of requests for highway improvements were referred to the highway committee of the state administrative board by Governor Green, after it was decided that a tabulated statement of the amount of work authorized so far this year shall be combined in their future dealings.

The requests included the paving of the Grand Rapids-Ada road. In connection with the latter request, a communication was received from the township highway commission, protesting against the state's action in awarding only two miles. It was said the state agreed to pave the entire route and upon that promise \$15,000 was advanced by the county to pay part of the cost. Highway Com. Rogers stated the entire project could not be completed this year because of some bad bills.

The administrative board authorized the installation of equipment so inmates of the employment institution for the blind may manufacture cotton mops and dusters. The new industry will probably take the place of rug and basket manufacture.—(Grand Rapids Herald).

Mrs. Coons Demonstrates "Hot Pack"

The ladies of "Garden Lore club" met with Mrs. P. J. Fineis August 1. Nearly all the members and a few guests were present to witness the canning demonstration given by Mrs. Austin Coons.

Mrs. Coons has taken a course at the M. S. C. Her method is called the "hot pack." Beets, carrots, string-beans, raspberries, huckleberries and peaches were canned before the club. One of the cans of peaches was chilled in ice water (one advantage of canning in tin), opened, and each one present were treated to a dish of canned peaches, and a generous piece of cake. Both were pronounced fine.

Mrs. Coons is an expert at canning, her products are not only used in a great many homes in Lowell, but are shipped to Porto Rico, Chicago, Cleveland, Lansing, and other places.

Last year Mrs. Coons canned 3,000 cans of fruit, vegetables and meat, this year she contemplates canning 4,000 cans. Out of 500 cans of corn canned last year only one can was spoiled.

She opened a can of string beans from last year's canning, each one sampling and pronouncing them fine. After giving Mrs. Coons a rising vote of thanks, we adjourned, feeling that it had been a very profitable as well as enjoyable afternoon.

Man Held in Raid Foiled in Efforts to Fire His Barn

Force had to be employed by deputy sheriff Saturday morning to restrain Ignacy Mikuskis, 53, Ada farmer, from firing his barn and home when he was taken in from the flax to hear a warrant charging manufacture, sale and possession of liquor.

In the frenzy that followed the discovery more than 150 bottles of beer and two 10-gallon barrels of fermenting fruit juice, Mikuskis started for the barn with matches, threatening in Polish. The officers did not understand the threat, but two little children began to scream and two laborers assisted the officers in intercepting the man.

Several baskets of empty bottles, broken containing and five gallons of hops fermenting were confiscated. Deputies Hoogerhyde, Miller, Biernersma, Wyman and Armstrong raided the farm a mile west and three-quarters of a mile north of Ada.—(Grand Rapids Press).

This Summer—Feed Grain for Gain. There's profit in feeding grain to dairy cows in summer, just as there's profit in fertilizing soil for farm crops. Not only will you get more milk than on grass alone, but grain keeps cows in good flesh and condition, and will count heavily on your winter profit sheet. Feed a regular ration of Larro with your all purpose—and collect a premium in milk during the year ahead. J. J. BREZINA. Farm Implement Feeds.

AMCO LAYING MASH

To get your flock ready to be culled without waste

Poultry feeding specialists say that there is many a good hen sacrificed at culling time which might have been kept in production a couple of months longer if she had been fed right.

To get your hens in good physical condition before culling, feed Amco Laying Mash. It is advisable to use a little more mash than usual during the hot months and reduce the amount of scratch. One moist mash feeding a day is also recommended.

After a few weeks on Amco Laying Mash your culling job will be easy, for your good birds will have a chance to show their capacity and you can then readily cull the poor ones.
