Arthur-Marsh Home Wedding

Their attendants were Mrs. Tuba Swartz, of Allegan, a cousin of the bride and Warner Arthur, brother of the groom. Little Miss Lucretia Marsh, as sister of the bride, was ring bearer.

The home was decorated with beautiful fall flowers and large ivory tapers were burning and soft music was played during the ceremony. A delicious lunch was served after which Mr. and Mrs. Arthur left for their home in Grand Rapids.

LOWELL TRIMS WAYLAND.

Last Friday Coach Finch's boys outfought and outplayed Wayland to the tune of 19-12. The locals looked bad at times on defense and on offense they sometimes were weak. But in all they played a good game of foot ball. Young George Sterkins who played his first game was very adept in snaring out of the ozone. Loyer was good in heaving the oval, and in advancing the ball by off tackle smashes. Friesner gained repeatedly on end runs, and Waters was always good for a few yards through the line. The back field functioned very well on offense but only fair on defense. The line played well, Marsh and Gulumbo, except for a few gaps around their ends, stopped the visitors in their tracks. Morse and Richmond did a good job at tackle but they have done better. M. Alexander and Parsons also performed in a creditable manner. Parsons one time broke through and recovered a fumble punt. Sterkins at Center played his usual steady game.

First Quarter.
First quarter opened with a rush. Friesner and Waters rapidly scored touch downs and it appeared that the game would result itself into practice affair. Wayland came back full of fight during second quarter and blocking. Lowells' visitors in their tracks. Morse and Richmond did a good job at tackle but they have done better. M. Alexander and Parsons also performed in a creditable manner. Parsons one time broke through and recovered a fumble punt. Sterkins at Center played his usual steady game.

Second Half.
Wayland tied and scored during the third quarter when Wisniski snared a pass on the 50 yard line and ran unmolested to the goal. It appeared that the Lowell boys had become too confident. About five minutes before the end of the game the local boys "Game Too" and rushed the ball to the 8-yard line and Waters plunger the rest of the distance. The final score 19-12.

East Grand Rapids Friday.
On Friday Lowell will journey to East Grand Rapids where they will meet strong opposition for county honors. The team has been defeated but once this year and has yet to meet defeat in its quest for county honors. The game will start at 3 o'clock at Ramona park. Captain Ray Alexander will again be in the line up and should help in a great deal. Gulumbo will probably be on the side line due to injuries.

Lowell Girls on a Long, Long Trail

The Misses Viola and Eythel Anderson started on a hike Thursday afternoon, jokingly saying to their parents, W. and Mrs. Harry Anderson that they were going to Preston, Canada. They reached Ovid that night, being entertained at a farm home near the village. Monday morning Mr. and Mrs. Anderson received a letter from the girls saying they reached their destination at 11 o'clock Friday night. They had gotten a ride between each town on M. 21, in all sorts of cars from a Ford to a Hudson. Their drivers were always courteous and kind.

At Imlay City they had a luncheon with a cousin, Mrs. Mable Courtier, riding from there to Port Huron, where they crossed the river on the ferry to Sarnia through which city they walked. From Sarnia they secured a ride with a New York man to London, passing through on the street car. They soon secured a ride from there to Preston, where they will visit an aunt, Mrs. Martha Anderson. Their trip of 350 miles cost them just 15 cents each. Leave it to the Scotch lassies, Eithol said, for getting through on a wee bit.

After a time in Preston they will continue their trip to Wingham, Ont., where they will visit other relatives before their return trip.

Zeigler Special Stove Nut Coal

Good housekeepers know the economy and clean lines of good coal. They know that less smoke, soot and ash mean less drudgery, freedom from smoky pots and pans and a spick and span kitchen. A good cook knows that a red hot fire, (produced by good properly sized coal) is just as important as a good recipe. They have found that there is one dependable coal—a coal that heats up quickly burns freely, don't cause excessive soot, doesn't form clinkers and leaves but very little light white ash.

Almost at once however, I discovered that for as fast a path, it was not so simple as it seemed. I could not get my foot on the treadle road, if there was a part, it was not there.

I did not at once reply. Indeed, I was busy gazing at this strange contraption that I had never seen before. In a moment, I saw the question in his eyes. It was the question of a boy of fifteen, he was clearly not a professional.
