Work on M-21 is Under Way at Lowell

Work on the new state highway through Lowell is under way at Ada and detour signs directing Ionia, Lowell, Grand Rapids traffic to M. 16, three miles south of Lowell are in place, a provision which will occasion no hardship, as Ada can be reached via the Red shop corner or by the Bailey corner road through Vergennes. These gravel roads are soft now and breaking up with the Spring rains, and will require instant and constant attention and mere pleasure trips should await assurance of passability.

Forty inmates of the Michigan reformatory at Ionia have been cutting brush and blowing up stumps on M. 21, between Lowell and Ada for the past two weeks and a big steam shovel is at work at Ada. Water pipes are being laid from Lowell and steel rails for the gravel trains and sections for temporary buildings all are on the ground and sheds for road-working machinery, etc. have been put up at the Bent Rim factory yard in Lowell.

The camp buildings for housing and feeding the Reformatory workmen have been erected at Fox's Corners and great piles of gravel are in readiness along the Vergennes-Ada road. Lowell should be a busy place this Summer.

CONGREGATIONAL CHURCH.

Sunday school at 10 o'clock. Morning worship at 11 o'clock. Rev. M. K. Thomson, of Ypsilanti supply pastor.

Remember the general aid meeting at the Parish house, March 30, Friday at 2:30 o'clock p. m.

The Cheerful Doers will meet Monday evening, April 2 at the Parish house. Program in charge of Mrs. C. H. Runciman and her committee. Turn out and help them make the evening a success.

CHURCH OF THE NAZARENE.

10:00 o'clock a. m. Sunday school. 11 o'clock a. m. preaching. 7:00 o'clock p. m. young peoples' meeting.

7:30 o'clock p. m. preaching. Rev. C. C. Chaffin and wife will hold services at the Nazarene church April 1 to 15, during the Spring revival as return evangelists every night except Saturday.

All are invited to attend these soul searching and inspiring services.

CHRISTIAN SCIENCE.

Services are held every Sunday at 11 o'clock over the Lowell State bank. Subject for the lesson, sermon for April 1, is "Unreality."

FIRST M. E. CHURCH.

Next Sunday is Palm Sunday. We invite all to our services. At the morning service at 10:30 o'clock the pastor will preach a "Palm Sunday for Every Life." There will be special music by the quartette. Mr. Haas will sing "The Palms." Church school at 12 noon.

Vesper service at 5 o'clock. Young People's meeting at 6 o'clock. Stanley Coles will lead the meeting. Topic: The Christian Life a Life of Service to Others.

Special "Holy Week" services will be held Tuesday, Wednesday, Thursday and Friday nights next week. The Lenten season is drawing to a close. The week of our Saviour's sufferings is a good time for serious thought and self examination. These services will be hours of quiet thoughtfulness. Rev. Ed. Hughes, of Grand Rapids will preach each evening at 7:30 o'clock. There will be special music. All are invited to attend.

VERGENNES M. E. CHURCH.

The pastor will preach the 2 o'clock service. Sunday school at 3 p. m. We invite everybody to come and help build up this important rural church and Sunday school.

SENATOR FERRIS LOST HIS LAST BATTLE.

WOODBRIDGE N. FERRIS. The "Good gray governor," now rests from his busy life at his old home at Big Rapids. The above portrait was taken at the height of his most active days as school-master and governor.

"THE RED ROAD."

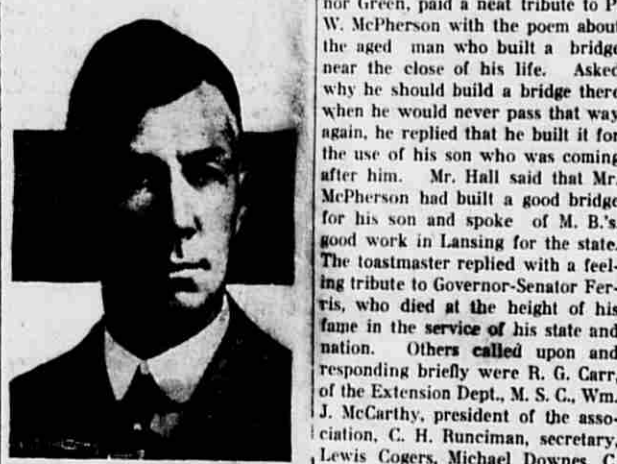

Adventure, romance and history are combined in "The Red Road," a romance of Braddock's defeat, by Hugh Pendexter, which The Ledger plans to offer to readers of its regular larger edition in the near future. Watch for further announcements. We predict that "The Red Road" will be one of the most profitable and thrilling serials presented by this paper in many years. This feature alone in book form would cost the price of the entire paper for a whole year.

LOWELL LIVE STOCK SHIPPING ASSOCIATION

Two Hundred Strong Attends Annual Banquet. Fordson Jubilee Singers Entertain. Chautauqua Starr Stars as Orator, Humorist, Entertainer.

About two hundred members and guests of the Lowell Live Stock Shipping association were seated at the tables for the annual dinner and joy fest Tuesday evening at the City hall and proceeded to partake of one of the most enjoyable occasions in the history of the organization. Rev. A. T. Carland invoked the Divine blessing and Mrs. John Yeiter with a crew of school girl waiters served the repast.

Excellent music was served throughout the serving of the banquet by the Lowell High school orchestra under the efficient direction of Miss Roller.

M. B. McPHERSON.

Toastmaster M. B. McPherson called the assemblage to order with a cow bell, which had a familiar sound to all.

The Dixie Eight, colored male singers from the Fordson factory, only five of whom were present, put on a jolly concert, unique to their race. Repeatedly they retired but the farmers wanted more and called them back repeatedly.

First speaker, Mr. Hansen, of the Lansing Dairy Co., was brief. Galen Starr Ross, who was one of the "Star-ers," in the 1917 Lowell 1917 Chautauqua was also the Star-er of the night's program.

His preamble was humor and lots of it. Uncle Marcus, who on account of his lame ear had a seat beside the toastmaster in an unbreakable chair, gleaned that the speaker's preparation as a platform orator for farmers was a limited experience at milking two cows night and morning.

Boy, wouldn't that jar you! As to educating farmer boys, he advised cultivating the brain and heart, also, thrift education and the learning that "a dollar down and a dollar forever" will never get one much else than trouble. Unless a

boy comes home from college the kind of a fellow people love, his education is a failure. Many graduates are coming from our High schools and colleges with the false idea that education will enable them to live without work. It can't be done. Teach them, said he, that a community that is worth living in is worth living FOR.

To the farmers he said: "Don't be so busy buying more land to grow more corn, to raise more hogs, ad infinitum, that you can't take a little enjoyment as you go along."

Frank Hall, secretary to Governor Green, paid a neat tribute to P. W. McPherson with the poem about the aged man who built a bridge near the close of his life. Asked why he should build a bridge there when he would never pass that way again, he replied that he built it for the use of his son who was coming after him. Mr. Hall said that Mr. McPherson had built a good bridge for his son and spoke of M. B.'s good work in Lansing for the state. The toastmaster replied with a feeling tribute to Governor-Senator Ferris, who died at the height of his fame in the service of his state and nation. Others called upon and responding briefly were R. G. Carr, of the Extension Dept., M. S. C. Wm. J. McCarthy, president of the association, C. H. Runciman, secretary, Lewis Cogers, Michael Downes, C. H. Kronenberger, Peter McPherson.

LARGE CANVAS FALLS IN LOWELL YARD. A large white canvas truck cover fell into Charles McIntyre's yard during the wild blizzard Monday night. Gives some idea of the severity of the storm.

No marks on the canvas to show where it came from or who the owner is. As Mr. McIntyre lives two blocks from Flat river it probably blew across that river. Any one lose one that night?

FARMERS AND SPORTSMEN, ATTENTION! Any one wishing hatchings of Pheasant eggs may get them by calling the McQueen Motor Co., phone No. 124. Help in providing feed for the chicks will also be furnished if necessary. These eggs will also be delivered if necessary. Lowell Road and Gun Club.

BAPTIST CHURCH NOTES. Clyde Rothrick, pastor. Prayer meeting Wednesday at 7:30 p. m., conducted by the pastor. Mr. Rothrick will preach Sunday at 10:00 a. m. and 7:30 p. m. Everybody welcome. Come and bring a friend.

AMERICAN LEGION. Despite the severe storm a good many turned out to the meeting Monday evening. The members that are staying away from these meetings are certainly missing a good time. A committee was appointed to investigate the base ball proposition. The new card tables have arrived and following the coffee and sandwiches were well patronized.

BANK HOLIDAY. Monday, April 2, election day, being a legal holiday, the banks of Lowell will be closed all day. City State Bank, Lowell State Bank.

GERMAN M. E. CHURCH. Examination of the catechism class Sunday at 10 o'clock. Bible school at 11 o'clock. You are cordially invited.

O L D "LEDGER WANTED"—\$1.00 REWARD. Will pay \$1.00 reward for No. 1, Vol. 1, Lowell Ledger of June, 1893, for best preserved, cleanest copy presented. Ask Uncle Marcus. If

One of the speakers drew a hearty laugh from the company by calling attention to Mr. Runciman's shining dome and saying that the makers never put a marble top on cheap furniture.

C. H. RUNCIMAN. It was 11 o'clock when the party broke up and most of those present had several miles to go over temporarily bad roads, but ready to come again at the call of the old cow bell. Uncle Marcus.

Trade Board Entertains Alto Business Men

With the business men of Alto as invited guests the Board met in special session at the City hall on Monday, March 26 at noon.

Eleven guests and twenty-nine members were served a well prepared luncheon by Mrs. John Yeiter. Due to the passing of the mother of President Harry Day he was missed from his usual place, the same being filled by Village president, O. J. Yeiter.

In calling the meeting to order Mr. Yeiter voiced the sentiment of the entire Board when he suggested that a floral offering be forwarded to the home of Mr. Day's parents at Sparta, Michigan.

Mr. Yeiter then explained in full the primary object of the special session which was to correct an unwarranted rumor that the people of Lowell were opposed to the granting of a franchise to the Southern Michigan Light and Power company whereby the Village of Alto might be served with electric service.

While being opposed to the granting of a franchise to any electric service corporation which would cover the entire township of Lowell we freely grant them the right to cover the south half of said township wherein the Village of Alto is located. With this object in view the people of Lowell will vote with Alto at a special election to be held in the near future.

Calling to mind the long period of friendship which has existed between the two communities and the friendly base ball rivalry which at one time drew us closer together, Mr. Yeiter, assured the men of Alto that we were "back of the electric proposition" not only with words but with our votes which might aid them in securing that which they most desire. "Out in the open" at all times is the policy of the Lowell Board of Trade, respecting the rights of all others while ever maintaining such rights which are our own.

At the suggestion of Dr. B. H. Shepard the gentlemen from Alto were introduced, singly, each responding in a most friendly manner. Frank M. Johnson asked how many of those present could recall the days when Mr. Edson O'Harrow, president of the Farmers' State bank of Alto, was a resident of Lowell. There were only five.

Mr. O'Harrow was asked to speak and in a few words expressed faith in the friendship of the people of Lowell, paid a glowing tribute to the memory of William H. Chapman, one time clerk of Lowell township, book-keeper, banker and principal of Lowell village school.

As introduced the following gentlemen spoke kindly and appreciatively of the motive which had prompted the Board to invite them to this good will meeting: W. H. Watts, Earl Colby, Dr. Thorndyke, Elmer Dintaman, Mr. Duell, Mr. Dyer, Mr. Wester, Mr. Hayward, Mr. Hunt, M. A. Watson. Others from Alto and McCords were invited but were unable to attend. E. R. K.

Opportunity!

NAPOLEON said, "Circumstances, I make circumstances!" Successful men make their opportunities. Their employees wait for theirs—a long time.

Opportunity consists of three things; all three in yourself. Determination, preparedness, alertness.

Today more than ever, preparedness is necessary. And preparation means money—hard cash—for education and "to close the deal." That is the reason why "a savings account is the key to opportunity." Start your opportunity account in this bank today.

THE KITCHEN CABINET

Let me do my work from day to day:
In the forest, at the desk or loom,
Let me but find it in my heart to say,
When variant wishes beckon me astray:
"This is my work; my blessing not my doom,
Or all who live, I am the one by whom
This work can be done in the right way."
—Henry Van Dyke.

RIGHT FROM THE HIVE

We have so many delightful flavors in honey that one may choose his particular flavor. The orange blossom honey is considered very delicate and delicious, but it is hard to find anything that quite equals the flavor of the clover honey. The buckwheat, though unattractive in color, is especially well liked by a great many honey lovers.

Peach or Pear Salad With Honey Dressing.—Arrange the fruit on lettuce and fill with nuts moistened with lemon juice. Heat one-fourth cupful of honey with any fruit juice (fresh or canned) which is liked, such as a cupful of pineapple juice; add salt to season a bit of lime or lemon juice and pour while hot over the well-beaten yolks of two eggs. Return to the heat just long enough to thicken, cool and serve with the salad.

Puddies.—Beat the yolks of two eggs, add one-fourth of a teaspoonful of salt and one one-half teaspoonful of sugar, fold in the beaten whites and add one-fourth cupful of potato flour sifted with one teaspoonful of baking powder and add one tablespoonful of ice water. Pour into well-greased muffin pans and bake five minutes. Serve with white comb honey. Nice for afternoon tea.

Company Griddle Cakes.—Add one-half cupful of boiling water to one cupful of bread crumbs; let stand five minutes. Add three-fourths of a cupful of milk, one cupful of flour sifted with one-half teaspoonful of salt and one one-half teaspoonful of baking powder; mix well, add a well-beaten egg, two teaspoonfuls of honey and two tablespoonfuls of melted butter. Bake on a hot griddle, spread with butter and honey and dust with cinnamon.

Peanut Bisque.—Take one-half cupful of peanut butter, add one and one-half cupfuls of stewed and strained tomatoes, beat with an egg beater until well blended, then add two and one-half cupfuls of water, salt and paprika to taste. Simmer ten minutes and serve with croutons.

Sunny Southland Dishes.
Fresh shrimps, crabs, oysters and all kinds of salt and fresh water fish are served in such varieties in the South that one may have something different each day of the week.

Hopping John.—In Carolina there is a superstition that if one eats peas on New Year's day one will have plenty—not only of peas but of other good things.

Boil half a pound of red cowpeas well washed, one-fourth pound of bacon and one pod of red pepper in two quarts of water until the peas are tender. It may be necessary to add more water. Boil twenty minutes longer, add salt if needed, two cupfuls of rice, and if necessary, a cupful of water. Cook twenty minutes longer on the back of the stove, covered tightly, when each grain of rice should stand apart, but be perfectly done.

Chicken Pilau.—This is another well-known Carolina dish. Dress a fat fowl as for roasting, omitting the stuffing. Place in a big kettle with a good-sized slice of bacon, cover with hot water and cook until done and tender. Pick over, wash, and drain two cupfuls of rice and cook in the liquor from the chicken kettle. The rice should be started cooking before the chicken is done. Cook the rice until all the liquor is absorbed and each grain tender. Set in a warm oven to keep hot and fluffy. When ready to serve spread the rice on a hot platter, cut up the chicken and arrange over the rice and pour over a gravy made by mashing the yolks of four hard cooked eggs and adding them to a pint of hot chicken liquor with the whites of the eggs finely chopped. Garnish with parsley and serve.

Crab Pie.—To one pint of crab meat add three well-beaten eggs, one-third of a cupful of butter, a scant teaspoonful of mustard, half a teaspoonful of Worcestershire sauce, one teaspoonful of salt, one cupful each of milk and cream, one tablespoonful of chopped green pepper and one-half cupful of cracker crumbs. Mix together, cover with crumbs and bake in a slow oven.

Rice Waffles.—To the yolks of three well-beaten eggs add three-fourths of a cupful of milk and one cupful of cooked rice; stir into a cupful of flour which has been sifted with one and one-half teaspoonfuls of baking powder and a teaspoonful of salt. Beat well and bake on a hot greased waffle iron. Serve with butter and plenty of honey.

Impatient
Bobby was getting impatient with his sweetheart, and said: "Betty, how is our romance going to end?" "Why, Bobby, why did you go and bring that up. You don't want to skip to the last chapter yet, do you?" was the apprehensive reply.

Childish Guidance
It is better to keep children to their duty by a sense of honor and by kindness than by fear and punishment.—Tertullian.

EMININE NOTE IN SPRING HATS; THE GAY SCARF NOW IS POPULAR

TO ACCOMPANY the feminine trend in costume design, hats must likewise take on more "fuss and feathers" and beguiling details. That they are heading to the inevitable there is no doubt. The full extent of this movement toward elaboration will, perhaps not be realized until midsummer creations make their debut. Nevertheless the spring chapeau is staging a prodigious which conveys in no uncertain terms the prophecy of more color, more hand work, more ribbon, flowers, ornaments and feather fascias.

The new fets have especially caught the spirit of ornamentation not only in a trimming way but in the matter also of contour of the actual shapes themselves. Fantastic eye-brow outlines, such as that achieved in the helmet-shaped felt at the top of this group prevail among the newer but modest. It bears a rich resemblance to a motif which is done in colored thread and metal, worked into a solid geometrical pattern.

There is a noticeable tendency toward straws which will reach its full development with the coming of summer. Many soft straws are manipulated like fabric or felt with creases, tucks and drapes. Such a straw "spring bonnet" is shown to the left in this picture. Not only does ribbon artfully handled, play a part in its decoration, but the top crown is handsomely appliqued with a colorful straw-and-embroidery motif.

Crochet visca is also an outstanding favorite in spring millinery. When it is black, embroidered with white angora wool, as is the close-fitting shape to the right in this collection. It is sure to win its way into the affections of the woman who is alert to chic and charm.

its part in imbuing the felt hat centered below, with a springlike atmosphere. The rhinestone ornament adds a glittering note. Flowers spread their silken petals over the crown of the springlike straw cloche last in this illustration. The dainty shadow veil adds its touch of femininity.

Not a dull moment in the life of the fashionable scarf! Every act

New Chiffons
The new chiffons are most attractive this year. Many have bright-colored backgrounds and small designs that are extremely wearable. These chiffons were designed by a famous French couturier.

White Taffeta and Red
Nothing could be gayer than a dance dress of white taffeta which has a long skirt lined half way with brilliant red taffeta. Small red flowers accent the shoulder.

Cashmere Sweaters
A sweater, equally at home in the South or North, is of pale beige cashmere, made with a V neck. With it is worn a belt of wool in a pattern resembling the North American Indian motifs and flowers of crocheted wool.

Plastron Motif
A deep U-shaped plastron of dull green gives a charming eye effect on a green satin dress and inspires an inverted U-shaped insert in the skirt or sweat suit.

SALADS FROM VEGETABLES AND FRUITS

Salads Made With Cabbage.

seasonings may be changed according to individual taste, but one must be sure there is enough dressing in proportion to the cabbage. A dash of cayenne pepper may be used if one does not have tabasco. If the horseradish is in vinegar use only 2 tablespoonfuls of lemon. Combine the dressing with the chopped cabbage. Serve on a cabbage leaf or in a bowl-lined over the crisped cabbage and add a slice of canned pineapple on a cabbage leaf or lettuce leaf, and on that spread a thick covering of the salad. Grated cheese may be added if liked.

Cabbage Salad.
Select a small hard head of cabbage, cut in quarters and wash thoroughly in cold water. Drain, wipe dry, and shred with a sharp knife. Put in a cloth on ice or in a cold place until crisp. Pour hot dressing over the crisped cabbage and stir until well mixed. Serve hot or cold. A cupful of raw celery may be added, or 1/2 cupful of finely shredded green pepper, or 1 cupful of thinly sliced tart apple.

Dressing for Salad.
2 eggs water 1/2 cup mustard
1/4 cup vinegar 1-1/2 tsp celery
1 or 2 tsp sugar seed
1/2 tsp salt

Beat the eggs add all the ingredients except the butter, and cook in a double boiler until thickened. Stir constantly and just before removing from the fire add the butter. Pour over the cabbage while hot. If served as cold salad, chill after the dressing is added.

Cabbage Salad.
Chop 3 to 4 cups of either white, green, or curly cabbage very fine. Combine it with a dressing made as follows: Beat one-half pint of thick whipping cream until stiff; add 1/2 cupful of lemon juice, 2 tablespoonfuls of fresh grated horseradish, a grating of onion, a few drops of tabasco, and salt to taste. These

Two scarfs, one knotted about the shoulder, the other tied about the hips, in gipsy-style fashion. The latest thing for sports wear. The tennis costume adds a third matching scarf, the same wrapped about the head in bandanna fashion.

DELICIOUS DISH FOR LUNCHEON OR TEA

Cream Cheese With Toast and Jam Is Easily Made.

(Prepared by the Bureau of Home Economics, United States Department of Agriculture.)
Cream cheese with toast and preserves is a delicious and easily made luncheon or supper dish, and it will answer the purpose when light refreshments are wanted for an afternoon or evening party. The custom of eating something sweet with cream cheese probably originated in France, where a special kind of cheese known as "Gervais" is served with the famous "bar-le-due" preserves.

A very good, quickly prepared cream soup can be made from Jerusalem artichokes. Heat 4 cupfuls of milk in a double boiler, and thicken with 1 teaspoonful of flour blended with 2 tablespoonfuls of butter. Add 2 cupfuls of grated raw artichokes, 1/4 teaspoonful of salt, 1/2 teaspoonful of grated onion, and 1/2 teaspoonful of clove parsley. Heat for five minutes and serve.

Boiled Jerusalem artichokes may be served in various ways. A puree may be made from them just as puree of potato is made, by rubbing the cooked artichokes through a strainer and adding milk or broth. A suggestion of onion flavor in the seasoning would be acceptable to many persons.

Uncooked Jerusalem artichokes are also used. The tubers have a fresh, crisp texture, and when thinly sliced are excellent in salads. They resemble the Chinese water chestnuts in flavor, and could doubtless be used in such dishes as chop suey and chow mein. The Bureau of Home Economics suggests that in using them for salads they should be sliced thin or diced after paring, and then used on lettuce leaves mixed with watercress, or used as part of a vegetable salad composed of any preferred combination of available raw vegetables, such as tomatoes, cucumbers, onions, peppers, or radishes. French dressing is recommended.

Baked Apples
Wash and core cooking apples as perfect as you can get. Place them in a shallow baking dish; fill the centers with sugar, spices, seeded raisins, chopped nuts, sprinkle with sugar, dots of butter and a dash of cinnamon. Cover bottom of pan with water and bake 30 minutes. For a school lunch they will carry better if not peeled.

Household Notes
A hint for stout persons: Do not wear tight clothes; they emphasize the curves of the figure.

To keep your electric waffle iron bright and clean, use ordinary baking soda and apply it dry.

Mold on the surface of ham or bacon may be removed by rubbing the meat with a cloth dampened with lard or sweet oil.

Rooms with plenty of light and sunshine usually are the most attractive in color. Use shades of blue or bluish colors, soft green or gray.

If a man has good character and ability, and his business venture is plently successful and growing, money will flow in naturally. Men with money are always looking for safe and profitable channels of investment, and good and safe men attract them. Hundreds of big institutions are wrecked by overcapitalization; with too little management and too much capital. Management is scarcer than money, and harder to find. When the owner of a growing and profitable business begins to say he needs more capital, he is usually getting the big head, and preparing to give his business less attention.

In history we hear of warriors gallantly fighting, although outnumbered, and being overcome. They are recorded as heroes. In private life many men fight gallantly, but are overcome by "infants" weakness. They are recorded as weaklings or villains. I once knew a man whose disposition was to behave; he fought hard for respectability. But he was overmatched; his natural disposition for the society of women was greater than he could overcome, and local history devotes its blackest page to him.

It is an old saying that everyone is partially insane. There is no such thing as one who is partially insane. A man is crazy, or he is not. I believe sense is the most abundant thing we have. It is true enough that we are all partially dishonest and mean, but we have sense enough; always far more than we use.

You all know about the big Mayos, at Rochester, Minn. Well, they say this story about an elixir of life is bunk; that the only way to live long and be comfortable and successful is to take care of yourself. Everyone knows it, but it will do no harm for the big Mayos to repeat it.

From the time of their birth until their death, the lives of some men are a big drunk. Byron, the poet, was such a man, but millions of unknown are like him; undisciplined in childhood, middle age, and death.

Not one American in ten takes decent care of an automobile; and so it soon goes to pieces, and he feels he is a slave, and ground down by the plutocrats, unless he has a new one.

We speak of lack of sophistication in the young. Still, the youth may go into his father's library, take down a book, and get the sophistication of a man of eighty.

I have been expecting this: The other day a son-in-law began suit to compel his father-in-law to change his will.

A crazy man never reverts over the importance of questions, modesty, fairness and common sense. Nor do you ever hear a fool quoting a sensible thing.

The idler is of necessity poor, and his human nature is always strong enough to make him hate the industrious and hard thrifty.

There are certain agents who are tremendously clever. How far are the best of them go in victimizing the people? These unusually smart and impudent men interest me, and I watch their performance. The best of them I have so far discovered worked their trick: He sold lots in a new real estate development at very high prices, and then worked his victims for donations to build an enormous college in his suburb. So far as I know, this is the high-water mark in agency.

A man really reads to learn. If you have believed the word "cut" is spelled with a k, you are not offended at the dictionary for placing you right. Why, then, are you offended if another book corrects your error in thinking? Your thinking may as easily be wrong as your spelling.

If there were no absurdities in life, there would be no poetry. The important lessons are never taught in poetry, but in vigorous prose. When a father tells his son what's what, he does not use verse. Textbooks in schools are always in prose. "I use who says things that are in grave doubt, use verses.

The ideas of the geniuses are as numerous as the sands surrounding the sea; the real truths as few as the ocean. The world is full of fine nonsense; after he passes a certain point in the use of words, they become ridiculous instead of sublime.

When you spend your money to "have a good time," do you have it? I rarely run across such a thing as a "good time," although I have searched industriously as anyone. And how I have spent money in the search!

If you are a slave, you may write your own emancipation proclamation. Freedom from bad habits beats any other kind of freedom.

I know a woman so truthful I have often been ashamed in her presence. I caught her in a lie the other day, and it was a rather pleasing sensation.

In reading I frequently encounter stories of boys who run away from home. There were so many months to feed in our family that very early in life I was chased away from home, to look out for myself.

Half our sins are foolish fighting of good preaching.

The BABY

Why do so many, many babies of today escape all the little fretful spells and infantile ailments that used to worry mothers through the day, and keep them up half the night? If you don't know the answer, you haven't discovered pure, harmless Castoria. It is sweet to the taste, and sweet in the little stomach. All its gentle influence seems felt all through the tiny system. Not even a distasteful dose of castor oil does so much good.

Fletcher's Castoria is purely vegetable, so you may give it freely, at first sign of colic; or constipation; or diarrhea. Or those many times when you just don't know what is the matter. For real sickness, call the doctor, always. At other times, a few drops of Fletcher's Castoria.

The doctor often tells you to do just that; and often says Fletcher's. Other preparations may be just as pure, just as free from dangerous drugs, but why experiment? Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold!

ADA HOME MANAGEMENT CLASS

The Egypt Home Management class was organized by Miss Agnes Sorenson, Kent county Home Demonstration agent at the home of Mrs. Campbell with 17 ladies as members. They chose Mrs. Canfield and Mrs. Linkfield as leaders who meet with a class of leaders from different parts of the county at Grand Rapids. The leaders in turn teach that lesson to their group at home.

We have had three lessons on different arrangement, equipment, etc., of the kitchen. There is a great deal of interest shown and many changes made in our kitchens as the need of a change is shown in the lesson. The next meeting is to be at Mrs. Faulkner's, March 15.

Alto Electric Line Matter Made Plain

The following letter is self-explanatory and read in connection with the action of the Village Council and Board of Trade and the article on the same subject in last week's Ledger will make the whole matter clear to our readers:

Mr. F. M. Johnson
Lowell Ledger
Lowell, Michigan

Dear Mr. Johnson:

I had intended calling on you relative to the matter of the Township of Lowell granting a franchise to the Southern Michigan Light and Power Company, and about all I can say in connection with the matter is that the villagers of Alto petitioned for electric service, and to give them service it involved getting a number of franchises through the Townships through which the line must be built, and it so happens that the Village of Alto has one street that has several houses in the Township of Lowell, and under date of March 9th we met with the Township Board of Lowell Township and acting at the request of the people at Alto, they passed a resolution granting a franchise to the Southern Michigan Light and Power Company, subject to approval by the voters, but it seems that the village officials at Lowell felt that the one quarter of the Township in which Lowell is located should not be covered by this franchise, and so it had to be amended, and the Township officers decided to co-operate in any way they could with the people in their Township, they met and agreed to change their original resolution and pass upon the franchise so as it would apply only on the south one-half (1/2) and the north-west one-quarter (NW 1/4) of the Township, but the action of the Township Board, although taken as soon as possible, was too late to proceed with the matter of presenting the franchise for approval at the regular election, and while the Mrs. Hattie Phillips and daughter changes are perfectly agreeable with the Company the franchise grant will have to be approved by the voters at some later date probably at a special election sometime within the next three (3) months.

If the matter of franchise is passed in the other Townships affected, the Company will proceed to get right-of-ways and materials so as to start the line this Summer.

I understand that the Lowell Board of Trade had a joint meeting with the Alto men at Lowell last Monday and I trust that some amiable feeling follows the meeting, and so far as the Southern Michigan Light and Power Company is concerned, it is a subsidiary Company of the Consumers Power Company, and their desires are simply to please our petitioners and not in any way interfere with any other Company or plant.

Yours very truly,
CONSUMERS POWER COMPANY.
G. M. BROWER,
District Manager.

Work on M-21 is Under Way at Lowell

Work on the new state highway through Lowell is under way at Ada and detour signs directing Ionia, Lowell, Grand Rapids traffic to M. 16, three miles south of Lowell are in place, a provision which will occasion no hardship, as Ada can be reached via the Red shop corner or by the Bailey corners road through Vergennes. These gravel roads are soft now and breaking up with the Spring rains, and will require instant and constant attention and mere pleasure trips should await assurance of passability.

Forty inmates of the Michigan reformatory at Ionia have been cutting brush and blowing up stumps on M. 21, between Lowell and Ada for the past two weeks and a big steam shovel is at work at Ada. Water pipes are being laid from Lowell and steel rails for the gravel trains and sections for temporary buildings all are on the ground and sheds for road-working machinery, etc. have been put up at the Bent Rim factory yard in Lowell.

The camp buildings for housing and feeding the reformatory workmen have been erected at Fox's Corners and great piles of gravel are in readiness along the Vergennes-Ada road. Lowell should be a busy place this Summer.

Two Hundred Strong Attend Annual Banquet. Fordson Jubilee Singers Entertain. Chautauqua Starr Stars as Orator, Humorist, Entertainer.

About two hundred members and guests of the Lowell Live Stock Shipping association were seated at the tables for the annual dinner and joy fest Tuesday evening at the City hall and proceeded to partake of one of the most enjoyable occasions in the history of the organization. Rev. A. T. Cartland invoked the Divine blessing and Mrs. John Yeiter with a crew of school girl waiters served the repast.

Excellent music was served throughout the serving of the banquet by the Lowell High school orchestra under the efficient direction of Miss Roller.

M. B. McPHERSON.

Toastmaster M. B. McPherson called the assemblage to order with a cow bell, which had a familiar sound to all.

The Dixie Eight, colored male singers from the Fordson factory, only five of whom were present, put on a jolly concert, unique to their race. Repeatedly they retired but the farmers wanted more and called them back repeatedly.

First speaker, Mr. Hansen, of the Lansing Dairy Co., was brief. Galen Starr Ross, who was one of the "Star-ers" in the 1917 Lowell 1917 Chautauqua was also the Star-er of the night's program.

His preamble was humor and lots of it. Uncle Marcus, who on account of his lame ear had a seat beside the toastmaster in an unbreakable chair, gleaned that the speaker's preparation as a platform orator for farmers was a limited experience at milking two cows night and morning.

Boy, wouldn't that jar you! As to educating farmer boys, he advised cultivating the brain and heart, also, thrift education and the learning that "a dollar down and a dollar forever" will never get one much else than trouble. Unless a

Trade Board Entertains Alto Business Men

With the business men of Alto as invited guests the Board met in special session at the City hall on Monday, March 26 at noon.

Eleven guests and twenty-nine members were served a well prepared luncheon by Mrs. John Yeiter. Due to the passing of the mother of President Harry Day he was missed from his usual place, the same being filled by Village president, O. J. Yeiter.

In calling the meeting to order Mr. Yeiter voiced the sentiment of the entire Board when he suggested that a floral offering be forwarded to the home of Mr. Day's parents at Sparta, Michigan.

Mr. Yeiter then explained in full the primary object of the special session which was to correct an unwarranted rumor that the people of Lowell were opposed to the granting of a franchise to the Southern Michigan Light and Power company whereby the Village of Alto might be served with electric service.

While being opposed to the granting of a franchise to any electric service corporation which would cover the entire township of Lowell we freely grant them the right to cover the south half of said township wherein the Village of Alto is located.

With this object in view the people of Lowell will vote with Alto at a special election to be held in the near future.

Calling to mind the long period of friendship which has existed between the two communities and the friendly base ball rivalry which at one time drew us closer together, Mr. Yeiter, assured the men of Alto that we were "back of the electric proposition" not only with words but with our votes which might aid them in securing that which they most desire. "Out in the open" at all times is the policy of the Lowell Board of Trade, respecting the rights of all others while ever maintaining such rights which are our own.

At the suggestion of Dr. B. H. Shepard the gentlemen from Alto were introduced, singly, each responding in a most friendly manner.

Frank M. Johnson asked how many of those present could recall the days when Mr. Edson O'Harrow, president of the Farmers' State bank of Alto, was a resident of Lowell. There were only five.

Mr. O'Harrow was asked to speak and in a few words expressed faith in the friendship of the people of Lowell, paid a glowing tribute to the memory of William H. Chapman, one time clerk of Lowell township, book-keeper, banker and principal of Lowell village school.

As introduced the following gentlemen spoke kindly and appreciatively of the motive which had prompted the Board to invite them to this good will meeting: W. H. Watts, Earl Colby, Dr. Thorndyke, Elmer Dintaman, Mr. Duell, Mr. Dyer, Mr. Wester, Mr. Hayward, Mr. Hunt, M. A. Watson.

Others from Alto and McCards were invited but were unable to attend. E. R. K.

AMERICAN LEGION.

Despite the severe storm a good many turned out to the meeting Monday evening. The members that are staying away from these meetings are certainly missing a good time. A committee was appointed to investigate the base ball proposition. The new card tables have arrived and following the coffee and sandwiches were well patronized.

How About The BABY

By ED HOWE... If a man has good character and ability, and his business venture is financially successful and growing, money will flow in naturally.

Why do so many babies to-day escape all the little fretful spells and infantile ailments that used to worry mothers through the day, and keep them up half the night?

It is an old saying that everyone is an old man in the eyes of his child. It is true enough when it comes to the child's eyes.

At Least, Minis Were on the Right Track

When men have the train of women in ladies' apparel show the scene resembles that created by the proverbial 'A' in the city.

What color? asked one of the other in reply to the clerk's question. 'Now, what color? asked one of the other in reply to the clerk's question.'

Power Lines Are Still Source of Interference... One of the most insistent problems in interference elimination is that dealing with disturbances which originate on, or are carried by, a power line.

Alto Electric Line Matter Made Plain

The following letter is self-explanatory and read in connection with the action of the Village Council and Board of Trade and the article on the same subject in last week's Ledger will make the whole matter clear to our readers:

Mr. F. M. Johnson
Lowell Ledger
Lowell, Michigan

Dear Mr. Johnson:

I had intended calling on you relative to the matter of the Township of Lowell granting a franchise to the Southern Michigan Light and Power Company, and about all I can say in connection with the matter is that the villagers of Alto petitioned us for electric service, and to give them service it involved getting a number of franchises through the Townships through which the line must be built, and it so happens that the Village of Alto has one street that has several houses in the Township of Lowell, and under date of March 9th we met with the Township Board of Lowell Township and acting at the request of the people at Alto, they passed a resolution granting a franchise to the Southern Michigan Light and Power Company, subject to approval by the voters, but it seems that the village officials at Lowell felt that the one-quarter of the Township in which Lowell is located should not be covered by this franchise, and so it had to be amended, and the Township officers decided to co-operate in any way they could with the people in their Township, they met and agreed to change their original resolution and pass upon the franchise so as it would apply only on the south one-half (S½) and the north-west one-quarter (NW¼) of the Township, but the action of the Township Board, although taken as soon as possible, was too late to proceed with the matter of presenting the franchise for approval at the regular election, and while the Mrs. Hattie Phillips and daughter changes are perfectly agreeable with the Company the franchise grant will have to be approved by the voters at some later date probably at a special election sometime within the next three (3) months.

If the matter of franchise is passed in the other Townships affected, the Company will proceed to get right-of-ways and materials so as to start the line this Summer.

I understand that the Lowell Board of Trade had a joint meeting with the Alto men at Lowell last Monday and I trust that some amiable feeling follows the meeting, and so far as the Southern Michigan Light and Power Company is concerned, it is a subsidiary Company of the Consumers Power Company, and their desires are simply to please our petitioners and not in any way interfere with any other Company or plant.

Yours very truly,
CONSUMERS POWER COMPANY.
G. M. BROWER,
District Manager.
