Hudson Mfg. Co. Host to Lowell Board Trade

About fifty members of the Lowell Board of Trade were entertained at dinner at the Lone Pine Inn Wednesday by Mr. Hudson of the Hudson Manufacturing Company of Minneapolis, who was accompanied by ten of his executive force.

This is the company with which the Lowell Specialty company has consolidated and the occasion of the meeting with Lowell business people was a free and frank statement of the affairs of the two companies involved, by Mr. Hudson and his associates.

Mr. Hudson's talk was complimentary to the management of the Lowell Specialty company, especially to Messrs. Archart, Nicholson, Look, and Bergin and their co-workers and employees, all of which was conceded to Mr. Archart by Mr. Look.

While the consolidation is practically completed, there are details still to be worked out, but Mr. Hudson stated that the working plans would be agreed upon by the new year and a definite policy worked out.

The Hudson company has other lines of manufacture with branches at Minneapolis and Hastings, Minn., and at Oshkosh, Wis. At the former factory sprayers are made, some of a different type than those made in Lowell. Owing to Michigan's being a more central point for sprayer distribution, Mr. Hudson indicated that Lowell may be chosen as the site for the consolidated sprayer industry, but it has not been determined whether occupation of the entire block on which the Specialty factory is located, including the hotel property and oil station corner, would be sufficient to house the consolidated industries and provide for future growth of an industry, which several of the speakers held to be still in its infancy, or whether it would be best to build an entirely new plant on a site which would allow for future growth, has not been determined.

Mr. Hudson stated that about 30 per cent of the two-hundred or more employees of the Hastings factory are women and a similar proportion of female labor may be expected in the consolidated industry, contributing, as he said of Hastings, to a prosperous community, beneficial to homes, the entire community and to all lines of trade. Prospects of an annual business of from \$3,000,000 to \$5,000,000 and an employment of from 500 to 1,000 people were visioned.

The business men were led to believe the consolidation will also mean a large increase of employment in Lowell, a large increase in the sprayer business, with increasing growth for years to come.

The meeting closed with the utmost good will on the part of all present and a feeling that if co-operation is needed on the part of Lowell business people it will not be lacking.

Governor Green Triumphs Over Mudslinging

George W. Welsh knows today, or ought to, what Michigan thinks of mud-slinging campaigns, especially when they are aimed at one of the very best public servants the state ever had.

This Thursday morning, latest reports indicate that Governor Fred W. Green has been re-elected by a majority of something like 225,000, and that he has carried every county by majorities exceeding those given him over Governor Groesbeck in 1896, even Detroit and Wayne county, where Welsh and his sore-heads did their dirtiest, contributed to the Green victory.

For lieutenant governor, Luren D. Dickenson, well-known Dry advocate, has defeated his nearest opponent, Fred L. Woodworth, of Detroit.

United States Senator Vandenberg, unopposed, piled up a vote of nearly 170,000 for the short term and over 200,000 for the long term. William A. Constock, unopposed for the Democratic nomination for governor, was of course, nominated by a relatively small vote, interest in the state centering on the Green-Welsh race.

Representative Dexter G. Look, unopposed for his fourth term received a handsome vote throughout the Second district, and of course the same generous treatment was awarded to Congressman Carl Mapes.

Sheriff Byron J. Patterson beat his tricky opposition by one of the largest majorities ever given an opponent in Kent county.

Thursday morning Grand Rapids Herald gives the following vote for Kent county:

For governor--Fred W. Green, 26,940; George W. Welsh, 13,353. For lieutenant governor--Luren D. Dickenson, 16,856; Fred Woodworth, 7,784; Elmer McArthur, 5,438.

For state senator, 16th district--Ernest T. Conlan, 6,904; William DeBoer, 6,021; Abel J. Beets, 3,427; Jacob S. Westra, 2,326. For state senator, 17th district--James A. Skinner, 8,822; James C. Quilan, 5,787; Alfred Fankel, 942.

For representative, First District--Ate Dykstra, 11,817; Warren J. Cook, 7,730; Edward L. Smith, 7,241; Orrie J. Dykman, 6,942; Rowland A. Hill, 6,812; Nicholas Kamp, 5,689; Earl G. Stacey, 5,231; John Hoekenga, 4,954; John F. Widoe, 2,520.

For representative of Second District--Dexter G. Look, unopposed. For representative, Third District--William J. Thomas, 1,852; Emory G. Anderson, 1,704.

For Probate Judge, Long Term--Clark E. Higbee, unopposed. For Probate Judge, Short Term--John Dalton, 13,576; Edward G. Burleson, 10,606; Earl W. Dunn, 4,771; Leland D. Phelps, 3,447. For Prosecuting Attorney--Barrel J. Jonkman, 10,552; Arthur F. Shaw, 8,982; Thaddeus B. Taylor, 8,440; Peter A. Hartvelt, 6,644; Allan B. Wallover, 1,222.

For Sheriff--Byron J. Patterson, 25,710; William L. Smith, 8,493; Mervio J. Patterson, 3,981.

For County Clerk--Louis Neumann, unopposed.

Superior Factory Man Hurt In Auto Smash

Glenn Sayles, 30, of Lowell, suffered internal injuries and his wife suffered deep lacerations in the hips when a truck driven by husband crashed into a tree on US16 a mile west of Cascade during the rainstorm Wednesday evening.

Sayles swerved his truck to avoid striking a team of horses and a sudden veering caused his vehicle to skid on the slippery cement pavement. A Metcalf ambulance took the couple to Blodgett hospital. In addition to the internal wounds the husband suffered shock and bruises. Mrs. Sayles, who is 28, also may have a nose fracture. Her hips were split in the accident--(Grand Rapids Press, Aug. 30).

Glen H. Sayles, the man referred to above, is a truckman for the Superior Furniture company at Lowell. While he suffered severe internal injuries reports from the hospital indicate successful treatment and early recovery.

ADA SCHOOL TEACHER INJURED IN AUTO CRASH.

Severe lacerations of the head, other cuts and bruises were sustained last night by Miss Ruth Sullivan, 23, of R. F. D., No. 2, Ada teacher, when an auto in which she was riding and driven by Verne Hapeman, of Lowell, collided with another machine near Smyrna. She was brought to St. Mary's hospital here, where authorities said her injuries were not serious. It is believed she was thrown through the windshield in the collision--(Grand Rapids Herald, Sept. 3).

CONGREGATIONAL CHURCH.

10:00 a. m., Bible school. 11:00 a. m., morning worship. Sermon by the pastor. Subject: "The Wisdom of Foolishness."

The meeting of the Hattie Peckham group will be postponed until September 14.

The regular meeting of the Cheerful Doers will be held Monday evening, September 10. A reception will be given for the pastor and his wife at the Parish House Friday evening, September 7, at 8 o'clock. All who are interested in the church are most cordially invited.

Remember "Rally Day" Sunday, September 9, 5:00 p. m., Sunday, Christian Endeavor.

For County Treasurer--Thomas Vidro, unopposed.

For Register-of-Deeds--George M. Reed, 16,286; Harry T. Emmons, 10,608; Louis Kuntz, 3,920; Frank Golenbeski, 3,333.

For Circuit Court Commissioner--Edward E. Eardley, unopposed.

For County Surveyor--Theodore O. Williams, unopposed.

For Drain Commissioner--Robert B. Patterson, unopposed.

For Coroner--Dr. Simeon LeRoy, 23,481; Dr. H. C. Wolfe, 17,339; Dr. George L. Bond, 9,885.

Nominated.

Human Service Station

We were talking with H. Gould over at Gould's garage, and he TOLD us that he has TWO classes of CUSTOMERS. The first kind is the FELLOW who whenever he hears a strange NOISE or a tiny little KNOCK or SQUEAK, comes breezing right in to have it FIXED, while the second kind just keeps on pouring GAS and OIL into the old BUS until she is a TOTAL WRECK and has to be LAID UP for a week or two while the REPAIR COSTS mount up. And Howard says he likes the FIRST kind better because he is PROUD of his CAR and always buys more ACCESSORIES and BODY polish, and we think Howard would make a good DRUGGIST because his business is just like OURS in that respect.

Moral: That's why we like to think of this store of ours as a "human service station".

KEEPING FIT

Some folks are old at forty years, others are young at sixty. Yet those young at sixty may have been less fortunate in life than those old at forty. It is simply a matter of "Keeping Fit."

Generally the successful person wins out because he has a keen intellect. He has trained himself to keep his mind clear and his body strong through a variety of active, healthy recreations.

When you build a substantial bank account and "keep fit" you can have this combination--financial means and the opportunity to enjoy them.

AN OUTRAGE AGAINST DEMONSTRATION

See page 2 of the Literary Digest for September 1, for report of an arraignment of sectarianism by Dr. John Hayes Holmes, pastor of the Community church in New York City, under the above heading.

He holds up to scorn the claim of the Baptist church to distinction from other churches because it practices the rite of total immersion.

He concludes "When shall we get rid of this pestiferous arraignment of sectarianism? The answer is easy: become Christians."

The statement is strong. Many will believe with the Digest that Dr. Holmes' "intemperance" is his onslaught.

Mr. T. swapping boarding houses, "Disgraced" Democrats are moving into C. O. P. apartments and "Hellish Republicans" are moving into the Democratic household.

Reports from the South indicate that a bitter campaign is already in progress there. North Carolina is to be the next scene.

Mr. and Mrs. William Anderson and Mr. and Mrs. Leonard Anderson are expected to start at once—Pitts burg Post-Gazette.

Not necessarily. The same conditions are common among the American Indians and the latter have many initiators among the Whites.

It might be even better if the Digest would have an opinion of its own as to whether it is better to get better results.

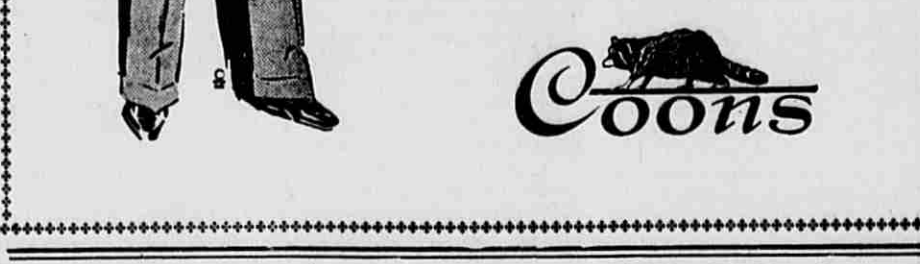

\$30 and \$35

At these two prices we have the finest, longest wearing suits we've ever shown.

New two button coats with double breasted vests and pleat top trousers. Suits with herringbone stripes, both smooth and unfinished weaves.

Smarter looking clothes are not being shown this season than the values we offer in these two lines.

These suits without the extra trousers are sold at \$25 and \$30.

Coons

After his persistent mud-slinging campaign against Michigan's best Governor Green, we guess that the Danial Fogel family reunion was held at the home of Edw. Fogel, Yoder, Sunday, August 26.

Sturgeon Bay, Wisconsin has a 17-year-old boy who picked 14,922 quarts of cherries with a total weight exceeding one ton, in 13 hours and 20 minutes.

The national-wide straw vote in which The Ledger is participating with two thousand other newspapers indicates a hard-fought and close contest for the presidency.

Reports from the South indicate that a bitter campaign is already in progress there. North Carolina is to be the next scene.

QUALITY AT LOW COST

Digestible Feed at Low Cost

Producing milk at a profit depends first, on the supply and cost of digestible feed; and second, on the efficiency with which the cow turns this raw material into milk. A cow today must bring in \$100 over her feed cost before she can be considered profitable.

There are two sources of digestible feed on most dairy farms. One is the home-grown feeds—grains and roughages. The other is purchased concentrates.

The formulas of AMCO feeds are open so after sizing up your own available stocks of feed you can select the one which gives you what your home-grown feeds lack and which, when combined with them, will make milk for you at a profit.

AMCO 24% DAIRY, when fed with home-grown alfalfa and clover hay, utilizes without waste the high protein content of these roughages. It also furnishes the safest amount of protein to feed with legume hay.
