## Appraisal Co. Advices Lowell Light & Power

### THE AMERICAN APPRAISAL COMPANY.

Milwaukee, April 15, 1929.  
Village of Lowell,  
Lowell, Michigan.  
Gentlemen:

In accordance with your commission we have made an investigation of your hydro-electric plant, Diesel engine plant, and distribution system, and have examined certain operating records and other statistics for the purpose of recommending a general plan of rehabilitation to improve the character and reliability of the service.

We are pleased to submit herewith our report upon the basis of which and as fully discussed therein we offer the following recommendations:

- 1st. Proceed with the construction of the proposed new dam for an ultimate head of 17 1/2 feet.
- 2nd. Make provision for a future third unit but do not install this unit until such time as increased load conditions warrant the addition. In this connection it may prove to be advantageous to use Consumers' Power Company service as an auxiliary to the third wheel.
- 3rd. Reconstruct the transmission line.
- 4th. Improve the conditions of the tail race.
- 5th. Have all station meters calibrated as soon as possible and periodically every year thereafter.
- 6th. Have annual inspections made of the wheels by the builders.

It is believed that the adoption of the above recommendations will result in an entirely satisfactory service which should be considerably more economical than the installation of a Diesel engine.

We have in preparation an appraisal of your properties including the water power and flowage rights. This appraisal, upon completion, will be submitted in an additional report.

Respectfully submitted,  
THE AMERICAN APPRAISAL COMPANY,  
O. J. HIEMKE,  
Secretary.

## District Meet Women's Clubs April 25-26

Everyone is invited to attend any or all of the sessions of the West Central district convention to be held in the City hall on Thursday and Friday, April 25 and 26.

Thursday sessions will open at 10:30 o'clock in the morning and continue throughout the day. Luncheon and dinner will be served in the building in the evening. President Paul F. Voelker will give the address. The state president, Mrs. Ebner Mumford, will extend greetings.

Friday sessions open at 9:30 o'clock in the morning and close in the afternoon. Report, election and addresses by Mrs. Clara D. Pierson, Mrs. Stella Richmond Hill and John J. Lee will amply fill the time.

Mrs. C. D. Hodges, president of the L. W. C., is undertaking a big thing for our club and for Lowell. Since there are no hotel accommodations delegates must be assigned to various homes. The club women are responding splendidly to this need and all others necessary for the success of the meeting.

Press Cor.

## Friends Mourn Death of Mrs. Will Wingeier

Mrs. Will Wingeier, (nee Ethel Mullen, of Lowell,) died at her home, 808 Diamond avenue, Grand Rapids, April 13, of pneumonia, aged 33 years.

Funeral was held at the Congregational church Tuesday afternoon: burial at Oakwood cemetery. She is survived by her husband and two children, her mother, three brothers and one sister.

The esteem in which Mrs. Wingeier was held was attested by one of the largest funeral processions that ever followed a hearse to Oakwood cemetery, an attendance at the funeral services too large to be seated in the Congregational church.

**OBITUARY—GEORGE A. KERR.**  
George A. Kerr, son of J. L. B. and Adelia Gallup Kerr, was born August 10, 1852, in Vergennes township on the far at which he passed away April 12, 1929, aged 76 years, 8 months and 2 days.

He was united in marriage May 6, 1891 to Rosa Bieri, to whom were born 21 children. Three of the children died in infancy. The others, with the mother, survive him. Mr. Kerr has been a kind and loving father, taking great pleasure in his large family, of which he was justly proud. He was a man who always took a great interest in public affairs, and in his younger days was active in politics. He was an ardent Republican, and was always ready to do his part for the good of the cause he espoused.

In his passing away the family have the sincere sympathy of their large circle of friends and acquaintances.

Rev. A. T. Cartland officiated at the funeral service which was held at Yelder's chapel Monday afternoon, April 15. Burial was in the Lowell cemetery. E. T.

**ANNUAL CLEAN-UP.**  
Place your rubbish, ashes, etc., at the curb, in barrels or baskets. Clean-up will start Tuesday, April 23, 1929.  
By order of the Common Council.  
O. J. Brezina, Clerk.

## LOWELL'S PRICE CARNIVAL COMES SATURDAY, APRIL 27

Next week's issue of the Lowell papers will contain a two-page spread carrying the strongest advertising appeal ever sent out by this man's town or any other for that matter.

Territories tributary to Lowell, Rockford, Belding, Ada, Alto, Freeport, Saranac and Smyrna will be circularized and all roads will lead to Lowell for this BIG BETTERING BUSINESS BARGAINS DAY.

And don't forget about the automobile to be given away. Ask the Lowell business men about this. Remember, the Lowell Board of Trade through its Better Business Committee is sponsoring this event, which will be followed by others in May and June.

You can't afford to miss it. Come to Lowell Saturday, April 27 and bring the whole family.

## Superior Co. To Enlarge Its Factory

The officers, directors and industries committee of the Lowell Board of Trade at a meeting Monday voted to loan the Superior Furniture company funds to finance the building of an addition to the factory. Details not yet arranged.

The Superior Furniture company is one of Lowell's most thriving industries. Secretary-Manager E. B. Higgins and Superintendent C. G. Cook and their co-workers are worthy of this lift, made advisable by a business growth that has exceeded the present capacity of the factory buildings.

## LOWELL LADS' WARNING AVERTS RAILWAY WRECK.

Lowell, April 17.—When Darrell Swanson, 12, and George Gottfredsen, 10, came to school today along the railroad right-of-way, they noticed something wrong with the track and informed their teacher, who in turn notified Station Agent F. F. Rosewarne.

Investigation revealed a broken joint and Mr. Rosewarne said that immediate attention undoubtedly prevented a wreck. The boys have been commended by railroad authorities.—(Grand Rapids Herald.)

## ROTH—MCKINNIE.

Miss Freda Roth, of Grand Rapids, formerly of Lowell, and Mr. Earle McKinnie, of Oak Park, Ill., were united in marriage in Grand Rapids, April 13, 1929.

Mr. and Mrs. McKinnie left for a trip to Bermuda, and upon their return will make their home in Oak Park, Ill.

## State Mutual Rodded Ins. Co. Entertains

The agents of the State Mutual Rodded Fire Insurance company of Michigan for the Grand Rapids district were entertained at dinner at Hotel Pentland Wednesday with a goodly attendance. Harry Day and F. M. Johnson, of Lowell, were present as guests, and Grant Warner as one of the agents.

President M. L. Simpson, of Vassar, presided and discussed the new by-laws amendments at length.

Director W. V. Burras, of Lowell, featured largely as reception committee, adviser and jollier.

Murry A. McKenna, Deputy State Fire Marshal, of Lansing gave an address on "Fire Hazards."

The annual statement of Secretary W. T. Lewis, of Flint, shows this company to be the largest farmers' mutual fire insurance company in Michigan, and the last year's business as showing an increase of several millions over the previous year.

## Help Wanted at Lowell Sprayer Co.'s Factory

The office of the Lowell Board of Trade, while not strictly an employment bureau, has on numerous occasions, undertaken the task of acting in that capacity, whenever appealed to, either by employers of labor, or those seeking employment; and the two have been brought together upon an amicable basis, due to our knowledge of the needs of both.

The Lowell Board of Trade was organized for the express purpose of encouraging every field of endeavor; offering to serve the business and professional people of our village, the factory owners, the farmer and those who labor as well; realizing that the success of one depends upon the welfare of the other.

During the past few weeks the office has been visited by both men and women seeking employment, while in the front window of the main building of the Lowell Sprayer company is displayed a card with the announcement, "Help Wanted" and the card remains in evidence this beautiful morning of spring.

Curiosity caused the Secretary of the Lowell Board of Trade to call upon those in charge of the employment office of the Lowell Sprayer company, and to inquire as to the kind of help required. At the present time there are employed in the factory upwards of one hundred men and women, and we are informed that there are jobs open for many more.

Men or women desirous of obtaining a job in a factory are offered an opportunity of learning the several branches of the sprayer industry, and if capable, may demand a worth-while remuneration and practically steady employment. By applying in person at the employment office of the Lowell Sprayer company, full information relative to working hours, the part of the work to be done and the scale of wages may be obtained.

This article is published in answer to the many applications for work which have been filed in our office during the past week, also for the early information of men and women desirous of earning while learning the art of making sprayers.

"Help Wanted" is a welcome sign of prosperity. The manufacture of sprayers is a big industry. Lowell is the best town in Lowell township. There is work for those who want to work and "that's going some."—E. R. K.

## Don Minor's Leg Broken by Tractor

Attorney Don Minor of Grand Rapids was the victim of a bad accident at his Hill Crest orchard, south of Lowell, Sunday when a tractor tipped over on him and broke a leg below the hip.

Dr. Gottfredsen was called and Mr. Minor was removed in the Vetter ambulance to Butterworth hospital, where the internal injuries feared did not appear, the hurts being confined to the broken leg.

While Mr. Minor was waiting for removal to the hospital he called for a cigar and cheerfully smoked it, seemingly deriving much comfort from it.

"Buy Automobile Tires Now. Demand and supply statistics indicate that prices of automobile tires will probably rise when spring driving gets into full swing. Total supply of tires is large now, but anticipated heavy demand because of record automobile output should greatly reduce present stocks on hand. Furthermore, costs of the chief raw materials going into the tires should average higher. Already cotton prices have risen and rubber prices should firm later. These factors indicate that it would be well to anticipate tire needs earlier than usual and take advantage of current tire prices."
