Bond Issue for L. & P. Dam

We, the undersigned citizens and tax payers of the Village of Lowell, manufacturers, business and professional people, factory workers and laborers, having satisfied ourselves that the Common Council has wisely determined, the building of a new dam in Flat River at White's Bridge, to be the only logical manner of fortifying the property of the Lowell Light and Power Company against a possible and probable loss of power, due to the present condition of the OLD DAM; that the value of the property is such that the conservation of the same should be our first duty to the community at large; that the proposed bond issue of sixty-five thousand dollars (\$65,000.00) may, under ordinary circumstances, be retired from plant earnings, without adding any amount whatsoever to the present taxable valuation of the real and personal property of the village, or to the tax rate which now exists; that the Lowell Light and Power Company has demonstrated its worth over a period of years; having paid for its own maintenance, furnished the necessary funds for the payments made on Village Bonds upon properties of which it is not a part; has aided materially in loaning funds to the departments of Water, Streets, Parks, General, and other departments, which would otherwise suffer were the monies received from Village taxes the only funds available; that the continued prosperity of the Village depends upon our owning and operating our own utilities; urge the voters of Lowell village to vote favorably upon the bonding proposition at the special election to be held on Monday, May 13, 1929.

GOING OUT OF BUSINESS SALE

Standard Oil Company has a liberal sized advertisement of Polarine and Iso-Vis motor oils in this issue of The Ledger.

NEXT BETTER BUSINESS BARGAIN DAY, SAT'DAY, MAY 25

All merchants are requested to get their ad. for specials in the hands of the committee not later than Thursday, May 16. According to reports from all sources the first of these BETTER BUSINESS BARGAIN DAYS went over 100%. The crowds came early and steadily all day long until late at night. The KING MILLING COMPANY REPORTS very satisfactory sale of their celebrated King's poultry and Dairy Feeds, people coming in as far as forty miles to patronize this local industry and obtain the saving offered on this first special day. In some cases the merchants were sold out of their specials by the middle of the afternoon. The final checkup will probably show the greatest cash business ever done in Lowell in any one day. The BETTER BUSINESS Committee is out to beat this record on May 25. We ask the merchants to put on their best specials—real live ones—real values—real bargains—in live merchandise in demand now by the people of the surrounding community. The whole countryside for miles around will be covered by the BETTER BUSINESS BARGAIN CIRCULARS. We want the biggest crowd ever in Lowell on SATURDAY, May 25—and we want them to go back home satisfied. And don't forget to boost the FREE AUTOMOBILE. Better Business Committee, Board of Trade.

Old Lowellites Send Greetings From Far West

Dear Editor Johnson: Having recently returned from California, I am very glad to bring tidings. Florence and I had planned some time ago to the Coast for some time. Many of our friends here had been aware of our intended visit and had sent greetings to their relatives and friends. Many of these were able to see and individually to give these greetings, many of them were given in groups. A number of our old friends in Los Angeles were given to understand by Mr. and Mrs. Force that we would have a Lowell picnic before our return, and later Mr. and Mrs. Ward and Mr. and Mrs. Hinson undertook the arrangement of such a picnic. We were informed by them the Sunday, the 17th of March, at Brookside Park, Pasadena, the picnic would be held. Mr. and Mrs. Davey called for us with their car on the morning of the 17th and we proceeded to the picnic grounds, which were beautifully situated. The municipality provided hundreds of tables, all covered, and fireplaces with plenty of wood piled up for the use of all of them. Friends began to gather around eleven o'clock and a most wonderful spread was prepared for us about one o'clock, food like we used to get at the old church dinner, some years ago that so many of these good friends had participated in. A register was provided and everyone who attended was invited to sign their name. The list is as follows: G. H. Force, Harrison O. Joseph, Elizabeth B. Joseph, George A. Hunter, W. E. Atwell, Robert A. Cheyne, Wilder F. Wiley, V. S. Ward, Dr. G. C. Wichman, W. Wichman, Edith Wichman, George E. Mesecar, Nora M. Mesecar, Laura E. Force, Edwin Fallass, J. M. Edison, Mrs. J. M. In response to a questionnaire on religion, 700 Protestant ministers replied. Of these, 53 per cent expressed their belief in an actual place of location, 13 per cent were uncertain, and 34 per cent disbelieved. As to a communion of the Holy Spirit, 53 per cent believed that "God exists," 27 per cent disbelieved, and 20 per cent were "God's relation to man is that of Father." On most other questions there was a great divergence of opinion.

The Literary Digest for May 4 brings the welcome assurance that the advertising rates for the year will be reduced more rapidly than is generally realized and numerous examples are given of the amount of advertising space that will be given for the same amount of money.

Here's a refreshing bit of news from Detroit which is expected to be a great success. A liquor law violator, convicted, fined \$100 and released on bail, failed to reappear in court within the required time and was found selling liquor in a "speakeasy." He was re-sentenced by Judge Simmons to six months in the Detroit House of Correction and to a fine of the last one of \$175.

A Detroit policeman who shot two Canadian bandits, killing one and wounding the other, has been publicly thanked by the Canadian authorities. In this connection, officers who try to enforce the liquor laws are pointed out and all those who are not are pointed out as being in the wrong.

The Russian Soviet government is waging war on religious because "Religion is irreconcilable with communist principles and practices." To most people in such a case the logical conclusion would be to give up Communism. But the Russian government would like to see it.

THE Model T Ford led the motor industry for twenty years because of its sturdy work, reliability and economy. Those same reasons continue to make it a good car.

Don't sacrifice your Model T, therefore, but take it to the Ford dealer and have him estimate on the cost of putting it in A1 shape. A very small expenditure may be the means of giving you thousands of miles of additional service.

For a labor charge of \$20 to \$25 you can have your motor and transmission completely overhauled. This price includes new bearings, reboring cylinders and any other work necessary. Parts are extra.

Valves can be ground and carbon removed for \$3 to \$4. The cost of tightening all main bearings is only \$6. The labor charge for overhauling the front axle is \$4.50 to \$5.—near axle assembly, \$5.75 to \$7.

New universal joint will be installed for a labor charge of \$3. Brake shoes reined for \$1.50. Rear spring and perches reworked for \$1.75. The cost of overhauling the starting motor is \$3. A labor charge of approximately \$2.50 covers the overhauling of the generator.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running order. By doing so you will protect and maintain the investment you have in your car and get months and years of reliable transportation at a very low cost per mile.

### Build While You Live

The purchase of a family memorial is too important to delegate to your survivors. Like the purchase of life insurance, the making of a will or creating a trust fund—the erection of a family memorial requires careful thought and investigation. It requires the same good judgment that you use in your business. We urge you not to leave this task to some one else. Take up the memorial problem with us and we are certain you will be satisfied in every respect.
