WHAT We OUGHT

The function of a bank is to serve the people of its community. This bank is organized and conducted with that end in view.

But safety should never be sacrificed in giving service. Safety First, Last, and Always—that is the business motto of this bank.

Make Washing Easy

From Washer to Ironer in 10 Seconds

Here is the new THOR Combination that is winning women by thousands to new freedom from washing and ironing drudgery. With it you wash faster—8 to 10 a. m. is all the time required. Change is from washer to ironer in 10 seconds—and from 2 to 4 p. m. It saves 2 to 4 hours of washing time—and 6 hours of ironing time. And costs less than you have been asked for a good washer.

Winegar & Hartman

Brucker Echoes Hoover Appeal for Law Support

By F. M. Johnson.

About 220 members and guests of the Lowell Live Stock association surrounded the tables at the Lowell City hall last Thursday evening, and were served a substantial dinner by the men of the Congregational church, while the High school orchestra enlivened the occasion with music.

Rev. A. T. Cartland invoked the Divine blessing and Secretary-Manager Runciman called the meeting to order and announced further musical entertainment by the Tudor Colored Male Quartette, of Grand Rapids, who officiated pleasingly and efficiently in that capacity.

M. B. McPherson acted as toastmaster in his customary genial manner.

Representative D. G. Look, alluding to the large appropriations by the Legislative session just closed, spoke of the deplorable conditions of many of the state institutions, crowded beyond capacity and with thousands of other of the state's insane and feeble-minded, etc., waiting for admission and declared that the \$30,000,000 appropriation was in reality not as large as the newspapers made it appear.

W. W. Gunser and Lewis Ayers responded briefly to call; and the toastmaster introduced the speaker of the evening, Hon. Wilbur F. Brucker, Attorney-General of the state of Michigan.

Mr. Brucker spoke eloquently and earnestly of Michigan as one of the greatest and best states in the Union, with the longest shore line of any, and one that if shut in by itself could be self sustaining, a state that produces 85 per cent of all the automobiles in the world. He spoke of its beauties of rivers and lakes and its attractions for tourists who bring \$200,000,000 a year into the state.

Then he spoke of taxation, which affects us all and of crime and its cost, and of President Hoover's appeal to newspaper men and through them to us all for law observance, an appeal which he earnestly endorsed. A man who does not do his part in this matter has not much to be proud of in his better moments. Law enforcement is the best defense against crime. When the law fails, society's strong right arm fails. When you came here tonight how did you know you would find your loved ones safe on your return—because of the law.

Speaking of dishonest officials in public life, Mr. Brucker said for every one of such he had known, he knows a dozen who strive to do and give their best in public service. He quoted Franklin and his reply to the Declaration of Independence signer who had said: "We'll have to hang together now," "Yes, or we'll hang separately."

There is still such a thing as faithful public service as there was shown in the bloody footprints in the snow at Valley Forge. He pleaded that his hearers take an interest in state and community public affairs, every man doing his duty in his own corner, each and every one doing his part in making, keeping and protecting the flag, which protects us and our homes.

Mr. McPherson turned the meeting back to Mr. Runciman who said that the main events of the evening were still to come and he called upon Ralph Hughes who responded humorously and entertainingly.

Mr. Runciman reported for the Live Stock association that business gets bigger and better each year. He called upon Michael Downes and P. W. McPherson, who responded pleasantly and briefly. The meeting closed at 9:50 o'clock, marking the close of another successful year in the history of the Lowell Live Stock association.

Work Begun on Superior Factory Addition

Work began Monday on a 48x48 cement block lumber storage building on the Superior Furniture company property, after which an addition to the main factory building reaching from the south end of same to the dry kiln building will be put up.

Cliff Hatch began staking out the job Monday.

The Superior company's business is expanding rapidly and more factory room is badly needed. The projected addition will help out for immediate needs.

The new lumber building will be immediately accessible to the Pere Marquette switch tracks.

LOWELL CELEBRATES WITH ANOTHER PRICE CARNIVAL

The merchants' ad. specials go to the printers to-day in preparation for the Second BETTER BUSINESS BARGAIN Circular advertising another big business day, Saturday, May 25.

The merchants of LOWELL, through the Lowell Board of Trade have sponsored this TRADE EXTENSION CAMPAIGN for the sole purpose of widening our trade area, getting more people to make Lowell their trading center, drawing people from more distant points and intensifying the interest of those near at home.

While the first Special day, Saturday, April 27, was a big success from a trading standpoint and people came from miles around, the interest shown indicates they'll all be here again Saturday, May 25, and very likely as many more.

The PLAN SEEMS TO TAKE WITH THE PEOPLE and the BARGAINS ADVERTISE THEMSELVES.

The BETTER BUSINESS COMMITTEE are out to beat all records on May 25. The merchants are putting on their best specials—all reasonable, wanted merchandise—real values—there'll be bargains galore for everybody.

The wholesalers, manufacturers, and jobbers are co-operating with the merchants, and the prices listed in the next BETTER BUSINESS BARGAIN CIRCULAR will be no indication whatever of the value of the merchandise as quoted.

More circulars, more people, bigger business, Saturday, May 25,—and don't forget about the FREE AUTOMOBILE.

Better Business Committee, Lowell Board of Trade.

222 Yes, 1 No Vote on Dam Bond Issue

The special election Monday called for the purpose of passing on the matter of a bond issue of \$65,000 for the purpose of building a new dam for the Municipal Light & Power plant at White's Bridge, was a foregone conclusion, hence the small vote—223—considering the importance of the issue.

But it was a remarkable election just the same, in that of the 223 votes cast, all but one was a "Yes" vote.

With this practically unanimous vote of approval the Village Council will proceed at once to sell the bonds and let the contracts. A special meeting of the Council has been called for this Thursday evening to set the machinery in motion.

The new dam will be built below the old one, which will serve as a coffee dam during building operations; and it is hoped to have the concrete work finished before cold weather next Fall.

Ayers, Lewis, Norris & May of Ann Arbor are the consulting engineers.

Try Ledger job print.

Webster Bros. Take Chevrolet Agency Here

The Lowell agency for the Chevrolet cars, so long held by the McQueen company, has been taken over by Webster Bros., late of White Cloud, who have opened a salesroom in the building formerly occupied by Shattuck's garden sales room and Charles barber shop, one door east of the new Strand theater. Shattuck and Charles have moved one door further east.

Webster Bros. have formerly conducted an auto sales business at White Cloud.

They will run a general Chevrolet service garage in connection with their opening announcement appears elsewhere in this issue. G. G. Webster and L. H. Webster, now of White Cloud, will move to Lowell shortly and establish their homes here.

They contemplate the erection of a new service station here. The ground has been purchased and work will begin immediately.

Don't miss seeing Tony Kropp as a harassed father in "The Patsy," Senior play at the Strand, Tuesday, May 28. adv.

Greenville vs. Fineis Oil Co. Here May 19

Next Sunday Greenville comes here to open a six-game series between the two clubs. Three games will be played in each city. Greenville had one of the fastest semi-pro teams in the state last year, and they have added new strength to their lineup this year.

With the exception of one or two minor changes the Fineis Oil Co., will present the same lineup that played against the Leonard last Sunday.

Although defeated by a score of 4 to 1 in that game the management is well satisfied with the showing their boys made and have high hopes for a very successful season. It is also believed that the class of ball displayed in the opening game has aroused some real base ball enthusiasm, and the fans who witnessed last Sunday's game are just as optimistic as the management itself.

Jno. Borgerson Leases Store to Frank's 5 & 10

John Borgerson has leased his store and basement to the Frank's 5 and 10c company of Ionia, for 10 years, from August 1 next. The Frank's concern operates a string of variety stores and does a large business.

The Borgerson store has one of the finest fronts in Lowell, but it will be altered to suit the new tenants, providing double entrances.

Mr. Borgerson has no plans for the future beyond closing out his grocery stock and collecting a large amount in outstanding accounts.

He expects to finish up another flat on the second floor. Mr. Borgerson has worked hard and built up a good business during his 10 years residence in Lowell and has made a whole raft of friends, who will wish him well in whatever undertaking he may engage.

About the first and best thing, we imagine, will be to take a good long rest. Repairing of the cement walk fronting the store was begun Wednesday morning.

KROGER CO. LEASES THIRD STORE IN LOWELL

The west store of the King block, next to the Thomas store, has been leased for five years to the Kroger Company, possession to be given June 1.

The two stores will be joined by an archway and operated as one.

Farm House and Barn Lost by Fire

The brick farm house of James Denton, of Pratt lake, which was unoccupied, was struck by lightning about 10 o'clock last night and burned to the ground.

At the same time the barn on the John F. Simons farm in the Ware district, was burned to the ground.

The Lowell fire alarm was sounded because some one was called on the South side to turn in an alarm and the impression that it was the Denton house in Segwun that was on fire.

In the Simons fire, also caused by lightning, the chicken house and garage caught fire, but the buildings were saved. The barn and contents were totally destroyed, but no live stock was lost, and the wind being favorable the house was saved.

The loss was partially covered by insurance.

Mrs. O. L. Beebe and son Russell, accompanied Mr. Beebe to Blodgett hospital Monday, where the latter underwent a successful tonsil operation.

—YES SIR—

You readers of the Grand Rapids papers, no doubt seen the Mammoth One Cent Sale advertisement of last Wednesday. Now comes our own Ledger telling you People that your Rexall Store is conducting the Same Sale the same dates

Thursday, Friday and Saturday

We sent you all a big bill telling all about the money saving bargains, but seeing the merchandise is what makes you realize the Money Saving Value of a Rexall 1c Sale. Thursday, Friday and Saturday are your days of opportunity.

The Crosley Icyball

The invention known as the Crosley Icyball Refrigerator is a combination of the Crosley Icyball unit—a device for providing refrigeration by absorption principle—and an attractive cabinet. The different models of cabinets in use make the Crosley Icyball Refrigerator adaptable to a wide variety of needs.

Refrigeration in Any Locality!

For the first time, reliable refrigeration is available to all, and in any place, without the use of electricity, gas or running water! The Crosley Icyball Refrigerator is giving satisfactory service in towns, villages, camps, ranches, farms, dairies, and in many places where no other refrigeration is practicable.

Average Expense, 2c a Day

The estimated cost of operating a Crosley Icyball Refrigerator is two cents a day. There is no expense whatever connected with the unit itself. The cost is figured on the amount of kerosene consumed in heating the unit each day.

BUILD WHILE YOU LIVE

The purchase of a family memorial is too important to delegate to your survivors. Like the purchase of life insurance, the making of a will or creating a trust fund—the erection of a family memorial requires careful thought and investigation. It requires the same good judgment that you use in your business. We urge you not to leave this task to some one else. Take up the memorial problem with us and we are certain you will be satisfied in every respect.

See These New and Greater LOCKWOODS

with New Engineering Features

Ace
A new Light Twin Motor with an official speed record of 27.163 miles per hour. Holds every 1928 Class A Official American Record. No other motor meets so perfectly the requirements of speed and light-weight desired by tourist, cottager and summer camper. Weighs only 50 lbs. Develops up to 7 horsepower.

- Has the famous Eisemann Fly Wheel Magneto
- Has true float feed type carburetor
- Has sturdy, carefully balanced chrome-nickel steel crankshaft
- Has dependable Lockwood pumpless cooling system.

Chief
Faster than ever. In 1928 won 10 out of 12 official American Class B Records. Every detail of construction insures speed and reliability in operation. In addition, the 1929 "Silent Chief" embodies a remarkable new engineering feature—

"Water-Sealed" Exhaust
This new feature does away with annoying exhaust noises, and the astonishing thing about it is that not one whit of power is lost—there is no loss of speed.

All Equipped with the Lockwood "Pilot"
All Lockwood Motors are equipped with the Lockwood "Pilot"—the "unseen hand" that takes hold of the motor when you let go. No danger of sudden reverse or tipping caused by motor getting out of control.

SILENCED EXHAUST
Without Loss of Power
