## Business Boys Dine and Talk Trade Boosting

Riverview Inn on M-21, just a few jumps east of the village, operated by and under the personal supervision of Dr. and Mrs. D. J. Davis, was the meeting place of the Board of Trade Tuesday evening of the present week. There were fifty members in attendance.

At 7:00 o'clock all were seated and the dinner served was of exceptional quality, there was no lack of attention, no manifested dissatisfaction, really the affair was the most satisfactory of any which have been recently staged by the Board.

There is an air of hominess about Riverview Inn, an air of respectability, one leaves there with that "let me go back" feeling, with a good taste in his mouth, and the "goodbye" of Dock and his capable better-half spells "welcome—come again."

After the pie President Runciman took charge of the meeting; waived the reading of the minutes of the previous meeting; introduced two newly acquired members, the Webster Brothers local Chevrolet dealers, each responding briefly. Art Carson, an old Lowell boy was the guest of J. Ray Bergin; Mr. Faulkner, second baseman of the Finesis ball team, was introduced by F. J. McMahon.

Mine Host was complimented upon all which had been rendered in the way of food and entertainment, Dock responded briefly.

W. J. Kropf, chairman of the Better Business committee made a brief report of the recent sales promotion campaign, asked that the opinion of others in relation to the continuance of the same be voiced on this occasion.

Thirty or more of those who had taken part in said campaign spoke encouragingly of the project, advised that the committee be instructed to proceed at once with a campaign of similar nature.

Suggestions were made and given as to the "follow up;" every one was satisfied with the idea of letting the committee decide. Meetings of this kind where men rub shoulders together and exchange ideas are Board of Trade meetings wherein things worthwhile are brought into action. E. R. K.

The Finesis Oils of Lowell and the Fox colored Giants broke even in a double-header Thursday at Grand Rapids. Lowell won the first, 11 to 7, and the Giants, the second, 9 to 3. Brooks and Hutchinson were in the points for Lowell in the first game, Knight and McCall for the Foxes.

## July Fourth Horse Races Were Success

The horse races at Recreation Park July 4, were a success and drew a larger attendance than was expected in view of strong attractions elsewhere. There were more than 800 people there as shown by the gate receipts of \$403, \$300 of which went to pay for the new horse barn, the horsemen racing free as a benefit offering.

There were four racing events. Mr. Runciman's mare won the 3-year-old trot; Roy Dolloway the running race and L. C. Upon, the 23 trot.

The 26 pace was not finished. Lewis won the first heat, Flynn the second, and Draper, the third. Rouse finished fourth.

The deciding heat was not put on.

It is expected that other races will be held, which will be announced in these columns in due time.

## Used Plenty vs. Plenty Used

A GIRL with a VOCABULARY of 800 words can do more TALKING than a PROFESSOR with 18,000. While HE has spent his TIME in acquiring a large STOCK of words SHE spends hers USING those she has ALREADY acquired, which REMINDS us that a LITTLE BIT sometimes goes a LONG WAY as the KEEPER of the ZOO remarked when he fed a HANDFUL of hay to the GIRAFFE and that in turn reminds us that a little COIN will go a LONG WAY here at our STORE and THAT'S a long ways from what we STARTED to talk about but you GET our POINT don't you?

Moral: Words or money are of value only when properly used. Use your money and save with safety.

## Old Grocer Closes Doors of Lowell Store

Last Saturday morning, patrons of the John Borgerson grocery found that store closed, the remnant of the stock having been closed out in bulk the night before to a Sand Lake merchant.

The shelving and counters will be used for finishing lumber for the apartment that Mr. Borgerson intends to fit up in his ample second floor space. Some of the fixtures remain to be sold or stored and held for future disposal.

As has before been announced the store and basement have been leased for ten years to "Frank's" 5 and 10c string of stores centered at Ionia, and will be entirely refurnished and re-equipped by the new tenant to suit his peculiar needs.

At this time, The Ledger wishes to express its regret that Mr. Borgerson has deemed it best to close his business place.

We have always found him a cordial and accommodating dealer and a good friend. He has aided many a poor family over tight places, many times at great loss to himself, in his nearly 11 years of business in Lowell. He has been a cheerful contributor to public work of all kinds and has been a good citizen generally. He is not one who will be contented to remain idle; but he still has large interests in Lowell, and The Ledger knows that it expresses the sentiments of our fellow business men in wishing him well in whatever work he may engage and that he will remain a citizen of Lowell, where his home is, and where he has a multitude of friends.

## King Milling Co. Uncovers Work 82 Years Old

Extensive repairs are being made on the King Milling company's east side mill. Heavy oak timbers are replacing those that have been in and out of the water ever since the first mill was built there 82 years ago. An entire new flume is being built, and in taking out the old wooden work, timbers were found that were joined by oak pegs, which are as bright as when first put in place. The water wheels put in over sixty years ago are still giving good service and the firm that built them is still doing business.

A section of the oak beam and a wooden peg taken out as a souvenir may be seen at the King Mills office.

## Only Five Rural Mail Routes Now

Due to a policy adopted a few years ago the Post-Office department has consolidated the Lowell rural routes making five out of six. This consolidation was brought about at this time by the retirement last Fall of Rural Letter Carrier Fred L. Barnes, who faithfully and joyfully served the patrons of route four for twenty-three years.

This change became effective July 1st, causing a great many changes in route numbers and disarrangement of rural letter carrier schedules by lengthening the remaining routes and increasing the volume of mail to be delivered on each route.

Each patron has been officially advised as to their proper route number and the using of this in their address will greatly assist in delivery of their mail.

Norman Borgerson.  
By the prompt and efficient aid of the Lowell Post-office force, The Ledger has been able already to shift the names of its large rural route subscription lists to their proper number and carrier, thus avoiding confusion at the post-office or delay in delivery. For this we are indebted to Willing Willie. Editor.

LET GEORGE DO IT!

ITS NO MATTER IF YOU LAUGH
While commenting with an out-of-town clerical friend on the religious slump in general, local, it isn't the fault of the preacher. It is a part of the post-war slump in morals, in general observance, and in the general decline in good citizenship standards that followed and is a part of the reasonable year on the Constitution on good government and law and order in general.

Not since President Roosevelt bought a copy of the Washington Post, has there been such a race war as has developed over the appearance of the White House in 1928. The publication of a sample calendar which shows the full Saturday or Sabbath day to "wander backward through the week, reaching Tuesday by January, 1929, on the last election. It is not expected that the North can see eye to eye with the South on the race question; but we can look with a degree of alarm, personally, that objection to the new calendar does not appear to us as vital, except as what concerns the religious rights of others connected with the general destruction of a home, a memory and memorial dates, versus to us a more important consideration. But as this and preceding generations have sacrificed much for their successors, perhaps we can endure this inconvenience too, if it can be proved to be for the greater good of the greatest number in the long run.

White in Detroit last week we bought a copy of the Daily Times. On its editorial page was a cartoon picturing a self-satisfied crowd armed with a gun, the stock of which was cut from end to end with notches suggesting the represent the victims he had shot. The cartoon is a stand-out lie and a disgrace to journalism and all America. A fellow traveler remarked that the cartoon was in keeping with the editorial policy of the paper. True, and it shows the cost and danger of our freedom of the press policy. We believe, with all our hearts, in free speech and a free press; but we believe also that men should be held accountable for their abuse. There is too much treason abroad in our land and it should not be tolerated under the pretext of free speech or free press.

The thanks of Uncle Marcus and his Cozy Corner readers are due to Rev. A. T. Cartland for the fore down Christian and other people will forget the original meaning of the "Fourth." They suggest to our good brother that he fires of the Methodist church, the suggestion is as freely new pastorate every few years that he take over the local paper for himself and his for the years of their lives. It's a good stunt and Mr. Cartland could make it one far above the average. The suggestion is as freely offered as his good service was rendered to us.

In one very important reform, at least, Governor Green has earned the everlasting gratitude of his people. He has shown that he is a man of duty and no longer say in effect—"Let George do it?"

Christian Unity and "Real" Preachers
We have read with interest what Rev. Cartland had to say in his last week's Cozy Corner of "real" smart preachers and "really smart editors"; and we read what the pastor of a "three-point" church has to say in the Michigan Christian Advocate. Total population of the "three-point" circuit is 880 souls, big and little young and old, within which is engaged in a life and death struggle with six other churches, namely Methodist, Congregationalists, two himself.

RELMADALE ETCHINGS.
How good it seemed this year not to hear the cracking of the corseted skirts during the Fourth, and no doubt many an injury was averted by the absence of the tricky fry cracker. John Lenhard is carrying his arm in a sling, owing to an injury received while cranking his car.

Miss Minnie Wieland went to Grand Rapids Saturday. The Misses Laeche and Alice Johnson and Miss Marjorie Patten, of Boyne Center, called at Clinton Schwab's and the S. W. Custer home on Sunday.

Mr. and Mrs. Edwin Van Time, of Elkhardt, Ind., were the guests of Mrs. Albert Houserman, of the Brethren church, which will be in session Friday, Saturday and Sunday.

Mr. and Mrs. Eugene Krass and son Duane, attended a reunion at Devils Lake, Wis., last week.

### Harvest Is Made Easier By a Good Working Binder

There is no pleasure about harvest, but the day doesn't seem so hot or the labor so tiresome if you have a good working binder. The new McCormick-Deering contains all the best features of the famous McCormick and Deering grain binders. For many years these names have represented the best in grain binder construction. Now, in a single machine you can get the features that have made both binders famous. If you have not seen a modern grain binder recently, it would pay you to take the time now to look over the new McCormick-Deering. You will find many improvements in this machine that are not on your old binder.

When you buy a new binder it would pay you to get the widest cut machine you can buy. If you are now using a 6-ft. binder, remember that an 8-ft. binder will cut a third more grain in a day than the old 6-ft. machine. This means all the difference between profit and loss when bad weather threatens. We will be glad to show you the new McCormick-Deering binder if you will come in to our store.
