Two Cigaretts Cost Great Loss and Suffering

Irving Alexander, 16, son of Mr. and Mrs. Henry Alexander, was severely burned at John Laver's oil station on East Main street in Lowell last week Wednesday night at 9 o'clock, when he lighted a cigarette as his car was being filled. Instant flames followed the act threatening the gas tanks and station and the boy was enveloped in fire which burned his face, arms, back and hands as he ran into the street. The blazing car was pushed away from the station.

Neighbors rendered what help they could and summoned Dr. Shepard who took the boy to Blodgett hospital. Reports from there up to Tuesday were favorable. He may bear some scars on his face but his parents are encouraged to hope that he will not be permanently crippled.

The fire department which had responded to the fire alarm was not needed.

Ionia, Aug. 27.—A lighted cigarette carelessly thrown in the orchard grass near the barns on the Allen Haskins farm in Bonald township Saturday is said to have set fire to the grass, and crept to one of the large barns. Before the blaze was under control it had destroyed two barns, a silo, garage, woodshed, tool shed, 30 acres of hay, 50 bushels wheat, tools and two straw stacks. A tractor and the horses and cattle in one of the barns were saved. The Lyons community fire department arrived in time to save the home.

FREE TICKETS TO STRAND GOOD TO OCTOBER 14

Because of the fact that he had an opportunity to obtain an extra high class vaudeville feature last Monday evening, Manager H. C. Callier of the New Strand theater at Lowell could not accept the free tickets which had been given out by merchants. The Hawaiian vaudeville feature which appeared last Monday night was retained by Manager Callier on a percentage basis and they refused to accept the free tickets.

In order to live up to his agreement with the merchants who are giving the tickets and with his patrons, Mr. Callier has extended the closing date for the free tickets to Oct. 14, instead of on Sept. 29, as printed on the tickets. This will give holders of the free tickets an extra Monday, besides making good the one date which they lost.

Mr. Callier states that he deeply regrets the inconvenience which the vaudeville manager's refusal to take the tickets on last Monday evening may have caused some patrons and says that had he known that they would refuse to take the tickets he would have refused to contract with them for the performance.

Look Favors One-Mill Tax for Good Roads

Editor Ledger:—I have been misquoted by some of the newspapers of Kent county as being opposed to the spreading of the one mill tax for road purposes in our county, at the coming October session of the Board of Supervisors. I always have been, and am now, strongly in favor of the spreading of this tax.

Our county cannot afford at this time, in any way hamper our road program as laid out by our very competent County Road Commission and Board of Supervisors. We have one of the best equipped and organized road forces in the State and have a right to congratulate ourselves on having done so much in the line of road building.

The city of Grand Rapids, as well as the townships, is reaping a big dividend from its investment and every time a mile of road is constructed in the county it is beneficial to Grand Rapids, as it connects up with main thoroughfares leading into the city.

Recently I asked several residents of this community how often they went to Grand Rapids now, where they went only once before the advent of good roads and the automobile, many of them said fifty to one hundred times and admitted they spent some money every time they went. Good roads have wiped out the "so called" four corners store in this county and much of the trade that formerly went to the villages.

The one mill tax costs Lowell township two thousand six hundred dollars, (\$2,600.00) and for this we get maintenance and repairs on thirty-three miles of State and county trunk line roads.

This proportion holds good in other townships of the county and before doing away with the mill tax we should ask ourselves the question, whether we live in the city or county?

"Can we afford to do it?"
D. G. LOOK.

Fineis Oils Blank South Bend Team

Earl Brooks, coach of athletics at Owosso High school and former Mt. Pleasant baseball and basketball star, pitched the Fineis Oils of Lowell to a 5 to 0 victory over the highly rated Bendix Brakes of South Bend in one game of the eleventh annual state independent baseball championship tournament play yesterday afternoon at Ramona Athletic park before a splendid crowd. In the other, a 2 to 1 victory was scored by the Comstock Park Independents over the Ne-Hi Bolters in one of the most interesting contests of the season at Ramona.

Catcher Hutchinson, who goes to the St. Louis National league team next season, and Second Baseman Pulkiner, were other former Mt. Pleasant normal stars with Lowell. All three started. Besides pitching shutout ball, with support of major league variety, Brooks led both teams at bat with three hits, one of them a double. Two of them scored runners. Hutchinson made two clean hits and scored two of his team's five runs. Pulkiner hit safely once and scored one run.

Thirteen players of the team from northern Indiana were left stranded on the bases, two in the first, one in the second, one in the fourth, three in the fifth, one in the sixth, two in the seventh, one in the eighth and two in the ninth. The third was the only inning in which they did not place a runner on to die on the base paths. Brooks allowed nine hits, issued four transportation and struck out but two men. He tightened up only when necessary and was given support as high class as his pitching.

"Hutch" Start Something. Hutchinson started the scoring in the second, when he singled, store scored, advanced to third on the wide throw tended to cut him off at second and scored on a passed ball. Olenford drew a pass, advanced to third on a single by Ashley and scored along with Ashley on a double by Ward. Hutchinson singled in the third and scored on a double by Brooks. The fifth and last Lowell run was scored in the fifth on a single and stolen base by Pulkiner and a single by Brooks.

Guzenski singled in his first two turns at bat. Brooks ozoned him with the bases full in the fifth inning for the third out. Feeble grounders and pop flies were the best the hard-hitting players from Indiana could do at times when his meant registers.

All of the Lowell infielders played star games, particularly Ashley and Pulkiner, First Baseman Ward, who batted in ninth position, distinguished himself by making two doubles, one of which scored two runs.

Former Major Leaguer Pitches. Harry Rush, who was with the St. Louis Browns for several seasons, and later a star in the American association, manager of the Bendix Brakes, was on the firing line for his team. He said after the game that the Fineis Oils players seemed able to hit everything he had in his pitching assortment and expressed surprise that a town so small as Lowell is represented by such a splendid team as played under its colors against his team, which is backed by one of the biggest manufacturing concerns in Indiana.—(Grand Rapids Herald).
