Gov. Green Backs Auto Tax Split

Lansing, Mich., Jan. 31.—Legislation giving municipalities and townships a share in the automobile tax revenues will be submitted to the next Legislature with the backing of the present State administration, it was indicated today.

What form this legislation will take has not been definitely determined. Unquestionably, however, it will represent a compromise between the existing statutes, under which the municipalities and townships receive nothing, and the Dykstra bill, which would give them a third of the automobile tax.

The first intimation of the administration's willingness to compromise was given here Thursday by M. B. McPherson, a member of the State Tax Commission and a supervisor of Kent County, at the closing session of the annual meeting of the State Association of Supervisors.

Committee Is Named.

Mr. McPherson condemned the Dykstra bill in vigorous terms and accused its sponsors of using "highwaymen's methods." Chief backers of the bill are the Michigan Municipal League and the Detroit Property Holders' Association.

Despairing of getting a Legislature dominated by farmers to adopt the measure voluntarily, they are planning to circulate an anti-Dykstra petition.

Mr. McPherson offered a resolution, subsequently adopted, authorizing the president of the association to appoint a committee of three to co-operate with the State Highway Department in devising a system of distributing the highway funds that will be "really equitable." The State Highway Department, he said, already is working on the problem.

Samuel Eddy, of Houghton County, new-elected president, appointed a committee consisting of Mr. McPherson, Rep. William D. Ward, of Grand Traverse County, and John C. Barron, of St. Clair County.

Detroit Promised Aid.

Hints that the State would participate in the widening of Gratiot avenue in Detroit followed a conference between Gov. Green and Mayor Bowles. That the State is willing to help the townships, too, was indicated by Mr. Dillman in an address before the supervisors.

But the administration never had taken kindly to the idea of turning over a part of the weight tax or the gasoline tax to the municipalities and townships. Its representatives have argued that the money should be spent under State supervision and with the welfare of the State as a whole uppermost in mind.

In view of these facts, perhaps the most tenable theory regarding the administration's present attitude is that it is willing that legislation should be adopted directing that a certain percentage of the automobile revenues be spent in cities and a certain percentage in townships, but always under the direction of the State Government or possibly, in the case of the townships, the county highway commissions.—(Detroit News).

PARNELL GRADUATES HONORED AT M. S. C.

East Lansing, Jan. 30.—Clare Jakeway and John A. Downes, graduates of St. Patrick's High school of Parnell, have been honored by Michigan State college faculty by having their names placed upon the honor roll for 1928-29. Students whose names appear on this roll have made a scholastic average of 85 per cent or better for the year.

Jakeway is a son of Lee Jakeway, supervisor of Grattan township, Kent county, and Downes is a son of Mr. and Mrs. James Downes, Grattan township farmers. Both are members of the class of 1931, and are enrolled in the liberal arts division. The boys are cousins.—(Grand Rapids Press).

MRS. REUBEN LEE IS WINNER OF PLACE IN WRITING CONTEST.

Word has been received from Mrs. William Hartman that Mrs. Reuben Lee, of South Boston, has won fourth place in a National contest for amateur writers on the subject, "Family Good Times." This appeared in the January number of Successful Farming.

This is the second time that Mrs. Lee has had articles published according to Mrs. Hartman who informs us, that Mrs. Lee also had a contribution appear in the November number of Country Gentleman.

Mrs. Lee lives on a farm in South Boston and has been receiving the congratulations of friends.—(Ionia County News).

A REAL AUCTION ADVERTISING SERVICE AT A LOW PRICE.

Farmers within the range of The Ledger's circulation will find no advertising as cheap and as worthwhile as now being given by this paper and job printing plant. You can pay more money and get much less value. Don't do it.

You can pay \$25 if you consent and get less than we are giving you for \$10. What you want is service in your surrounding community at a price you can afford to pay. What good will a hurriedly glanced at paper in Kamchatka or Patagonia do you? Put your ad. in a paper that stays on the family reading table from one week's end to another and then some, and is read by every member of the family. That's The Ledger for money or marbles and \$10.00 pays for a big display adv. in the paper and 100 bills from the adv. Besides extra reading notices thrown in. Don't be hornsawzled or bamboozled!

Eventually you will take The Ledger. Why not now?

Supervisors Buck Road Tax Change

Lansing, Jan. 30.—Disapproval of the Dykstra bill, which would divert one-third of the weight tax funds to the use of cities and townships, was registered here today when the state association of supervisors unanimously adopted a resolution condemning the move of the Michigan League of Municipalities to have the measure enacted into law.

Melville B. McPherson, a member of the state tax commission, introduced the resolution in the final session of the three-day conference here.

While recognizing that the cities should share in the distribution of highway funds, he advanced the belief that the townships carry the heavier burden in the highway tax and should benefit the cash returns.

McPherson hurled a challenge at the Michigan league when he asserted that the state association would welcome a test of strength in a statewide referendum on the question of highway funds distribution as now appeared probable as the result of action expected to be taken by the next legislature. He declared that the rural vote is strong enough to sustain the position of the state association.

Proposed amendment of the state drain laws by allowing boards of supervisors to appoint county drain commissioners and to pass upon drain assessments was approved. Such a bill was killed in the last legislature.

A resolution to increase the gasoline tax from two to four cents was disapproved, as was a resolution calling upon the legislature to enact laws curbing expenditures for public school buildings.

Samuel Eddy, of Keweenaw county, was elected president of the association to succeed the late Franklin L. Dodge, Allan W. Baker, of Berrien county, was elected first vice-president; J. C. Barron, of St. Clair county, second vice-president, and Willis M. Brewer, of Pontiac, renamed secretary-treasurer.—(Detroit Free Press).

NOTICE TO DELINQUENT SUBSCRIBERS.

The address labels of delinquent subscribers will be blue marked again February 6.

We are obliged to clean up our list preparatory to circulation audit.

Our sincere thanks are due to the hundreds who have cheerfully and promptly complied with our several notices and have paid all arrears and a year or more in advance. Such people make us feel like going on at the old job until we drop in the harness.

Those still in arrears can save the blue mark by paying arrears before February 6, and three months in advance; but better make it a year and have it over with.

Your old friend,
F. M. Johnson.

Council Turns Thumbs Down Gas Franchise

A representative of the Consumers Power company appeared before the Lowell Village Council Monday evening to ask for a franchise for that company enabling it to furnish gas to possible patrons in this village from a central plant to be established in Lansing.

As such a business, if patronized at all, would come into competition with our own municipal lighting and range business, the Council very properly turned it down. At the same time a showing was made as to the patronage now being given to the Lowell Light & Power plant that must have surprised the Consumers representative as it doubtless will many others not fully informed in the matter.

It is stated that out of four hundred homes in the village of Lowell 375 have electric ranges and only four are not wired for electric stoves.

As it is the people's own plant, the market for gas would seem to be extremely limited, while the advisability of having our streets and pavements turned up for gas pipes would seem doubtful to say the least.

The Consumer's representative said his company would investigate the matter further and might submit another franchise application at some future time.

William Foster and wife, of Marshall, were week-end guests of his parents, Mr. and Mrs. W. J. Foster. He says we have no snow compared to that which they have. The buses were all snow bound three days, and the mercury fell to 22 per cent below zero. The snow drifted so as to cover automobiles that had become stalled, and still we, of Lowell, think we have had a plenty with from 73 to 76 inches all told.

\$16,000 LOST CAST AWAY AS NO GOOD

Grand Rapids, Feb. 2.—Following a trail of footprints in the snow, two Kent county deputy sheriffs arrested two Detroit youths, late Saturday night, after \$16,000 worth of securities had been stolen from the home of Herbert Van Leeuwen in Wyoming township, near here.

The prisoners are John Bosco, 18 years old, and John Sowa, 18 years old, who said they had come to Grand Rapids, Saturday morning, on a freight train. They were arrested about two miles from the scene of the robbery, huddled about a fire. The securities were found strewn about the floor of an abandoned house about a block away from the Van Leeuwen home where the snow tracks first led.

Deputy Sheriff Charles Lawyer said the youths broke open the strong box which contained the securities and threw them aside believing them to be worthless. The Van Leeuwen family returned home about 10:30 Saturday night and found the house ransacked.
