## Swanson Boy Badly Cut on Window Glass

While swimming in Flat river pond last Friday, Lester, son of Mr. and Mrs. John Swanson, was injured very badly. One of his swimming mates sprang from his shoulders to dive which threw Lester back, and as he was standing on the cement adjoining Ralph's tire shop he threw out his arm to balance himself and it passed through the window, breaking the glass and cutting his arm seriously. He was taken to Blodgett hospital immediately, and it was feared he would bleed to death. He was placed upon the operating table and for one hour and twenty minutes the doctor worked to close the flesh wounds, severed arteries and nerves. Pieces of flesh had been gouged out and a drain tube was necessary. Mrs. Arthur Clark motored with her parents to the hospital Monday evening and found him as comfortable as could be expected, considering the seriousness of his injury.

## Motor Cyclist Killed Near Here Monday

John Bosma, 21, of Holland, Mich., was instantly killed Monday evening when struck by an automobile driven by C. A. Smith, Jr., of Grand Rapids, near the La Franboise monument, west of Lowell.

Young Bosma, with a friend, John Serene, had visited friends at the John Wilchanski home and were sitting on their motor cycle. Finding that the battery was too low to start the lights or engine, they were pushing it down the road when the machine was struck by the Smith automobile. Serene was able to jump to safety, but Bosma who was on the motor cycle was struck and was dead when Serene and Smith reached him, the automobile having also been hurled off the highway and wrecked.

## Baseball Season Opens Here May 18

Sunday, May 18, the Finest Oils open the base ball season at Recreation park, Lowell, with East Grand Rapids Athletics furnishing the opposition.

When the Finest Oils take the field next Sunday they will present practically the same line-up as finished the 1929 season, with only one or two new faces in the local livery. This will not be cause for anxiety as the new players will merely strengthen some weak spots which showed up during the past season.

The East Grand Rapids Athletics made a very enviable record during 1929 and only last Sunday held the fast Muskegon Reds to a 3-1 count.

All base ball fans can be assured of a good, snappy baseball game. Let's greet the boys with our presence and assure them of our support during the coming season. Games starts at 3:30 p. m.

**HOMER WOOD IS WED IN PHOENIX EARLY MONDAY.**  
Homer R. Wood, prominent citizen of Prescott for many years, and active in state affairs, returned to Prescott last night from Phoenix with Mrs. Homer R. Wood, his bride of four days, to receive congratulations from his many friends here.

Mr. and Mrs. Wood were married last Monday morning in the Methodist parsonage in Phoenix, but news of their wedding was not known until yesterday morning. It came as a distinct surprise to many here.

Mrs. Wood is the former Bernadine S. Andrews, of Albion, Mich., who received her A. B. degree at Albion college, and afterwards taught mathematics for two years in the high school at Marshall, Mich. She is a member of Alpha Chi Omega national sorority. She has spent several years in Prescott in recent years, spending the past Winter in Phoenix.

Mr. and Mrs. Wood plan to be at home at 319 Vermont street from and after this morning. They arrived by motor last night.

The brilliant career of Homer Wood during his residence in Arizona is known to many. He was a member of Arizona's constitutional convention in Phoenix in 1910, and also was a member of Arizona's first state senate. He was the only person not an attorney to serve as chairman of a judiciary committee in a state or legislative body, and was chairman of the judiciary committee of the first state senate. At the time of the bank crashes here he was named receiver of three banks in Yavapai county, and made a record unequalled in Arizona in receiverships by paying six dividends in three and one half years, totalling over two millions of dollars, and up to 70 per cent to general creditors in one of the banks.

Mr. Wood was a member of the state commission for 12 years, and also was a member of state institutions during its organization. He is a registered professional engineer by profession, being registered under Arizona laws to practice civil and mining engineering. He attended the University of Michigan and the Michigan agricultural college, receiving his degree at the former. (Prescott Journal Miner).

## Memorial Day to be Observed in Lowell

The American Legion will again have charge of the activities on Memorial day. The few veterans of '65 are no longer able to look after the arrangements for the day and the boys of '17 and '18 gladly assume the responsibility. All of the graves of the veterans of '65, '98, '17 and '18, will be decorated with flags on the eve of Memorial day. Floyd Doltoway has charge of this work and he is anxious that every departed veteran be recognized, and he therefore requests that he be told of any graves that have been missed in the past. All cemeteries within the Lowell area will be visited. There will be a parade as usual in the morning and the school children will participate. Comrades Knapp, Borgerson and Kropf will have charge of the procession. Howard White, who is in charge of the music for the day assures Lowell citizens that the band will be on hand. Forest Smith is in charge of the Legion color guards and A. Zwemer is looking after the Scouts, who will also bear the auxiliary will again decorate the graves with flowers.

## Strand Theatre Closed by Poor Patronage

Tuesday morning, Mr. Callier announced that his Lowell Strand theatre has been closed in order to save. Heavy operating expenses and insufficient patronage are given as causes for his action. Requests that his electric current be not cut off indicate that the closing may not be permanent. If some of the people who drive to Grand Rapids theaters at increased costs would patronize the Strand theatre instead, the splendid Lowell place of amusement might be maintained. It's worth trying.

## Harvey Callier Sells Saranac L. & P. Plant

The Callier Light and Power company of Saranac, which was purchased by the Consumers Power company May 6, is now a part of the Grand Rapids district under the direction of John A. Cleveland, district manager, it was announced yesterday. About 350 customers are involved in the transfer.

The Saranac firm was a distributing company buying its power from the Consumers Power company and distributing it to customers. The power comes from the Lowell dam of the Consumers Power company, which now has taken over the lines and all details of distribution. (Grand Rapids Herald, May 11).

**Tornado Ruin  
Still to be Seen  
in Grattan**  
Monday, through kindness of Charles Doyle, accompanied by Harry Day and Ed. R. Kniffin, The Ledger scribe visited the scene of the recent disastrous tornado in Grattan, especially the beautiful Ladner and Hudson farm homes, where great barns were destroyed and the timbers, lumber and metal roofing scattered far and wide. At the former place a scantling was hurled through an upstairs window onto the bed where sleepers had lain. At the latter place much of the metal roofing was crumpled up against and around a large tree perhaps half a mile from the barn site. As the tornado insurance agents have not arrived to adjust the losses the destruction, is as much in evidence as it was immediately after the storm. Any one interested in wind storm havoc should drive out on M 44 east of Silver Lake and see for themselves.

## The Men Who Make The Poppies

Every good American who remembers with pride the services of the men who died in the World Wars and who has any feeling in his heart for the men who came back disabled, will buy and wear an American Legion and Auxiliary poppy when they are offered for sale on Saturday, May 24th.

Each poppy has a story of its own. Perhaps the poppy you will wear has been made by a paralyzed veteran in one of the big government hospitals. For nearly twelve years he has been confined to his bed. Although he cannot move the lower part of his body, his fingers fashion the poppies with amazing skill. Poppy making fills many long tedious hours for him, and gives him a feeling that he is a man again, earning money for useful work, since he receives one cent for each poppy.

Again your poppy may be one from the hands of a young farmer under treatment. Following a nervous breakdown. Like thousands of men in the service, this man could not stand the strain of war, but like many others his breakdown did not come until a number of years after the war. Because he held up bravely until after the time set by the government for connecting disability with service, he could not get compensation, and when he was finally forced to go to the hospital, his wife and two children were left without means of support. Money earned by making poppies enabled him to support his family and save his farm during the long period of hospital treatment.

Perhaps the poppy you buy will not be the product of a single disabled man, but will come from one of the "Poppy Corporations," organized by badly disabled veterans, who band themselves together in order to turn out thousands of poppies. In one hospital where a typical "Poppy Corporation" was working, a blinded man began the flowers, another veteran with a shattered hand then took the flowers and carried the work as far as he was able, after which a third man finished the poppy. The earnings were divided among the three, and they were able to make almost as much as the able men. Many hundreds of such interesting stories could be told.

Thelma P. Hahn,  
Chairman Poppy Comm.

## Missioners Celebrate 50th Anniversary

The Woman's Missionary society of the Methodist Episcopal church met with Mrs. Nellie Andrews, Friday, May 9, at "Sevens Oaks." A good attendance enjoyed the "coffee" and program which was prepared by Mrs. C. H. Reynolds. During the business hour, Mrs. W. S. Winegar, president, gave a short report of the organization of the Women's Foreign Missionary society of Lowell in 1897.

Mrs. D. O. Ball was first president; Mrs. A. W. Owen, 1st vice president; Mrs. M. C. Moore, second vice; Mrs. H. S. Sprague, third vice; Miss Sarah Jennings, first corresponding secretary; Mrs. Fanny Ball, recording secretary.

The Home Missionary society of Lowell, was organized in 1886, the two societies working separately until 1920, when a joint meeting was held at which time it was voted to work as one body. The new society to be known as the Women's Missionary society. Mrs. George Cheatham was its president and Mrs. W. S. Winegar, recording secretary. Now, Mrs. Winegar is its efficient president and Mrs. F. F. Coons, secretary.

The program was an 1880 party. "The Cathedral of Memory." The characters were "The Interpreter," Mrs. Cartland; Mrs. Lucy Webb Hayes, first president, Mrs. MacFarlane; Mrs. John Davis, first vice president, Mrs. Florence Glenn; Mrs. F. S. Hoyt, second vice president, Mrs. Neil Blakeslee; Mrs. H. S. Rust, the first corresponding secretary, Mrs. Margaret Stowell; Mrs. A. R. Clark, the first treasurer, Mrs. C. O. Lawrence; Mrs. H. C. McCabe, first editor, Mrs. Kate Oliver; Miss Josephine Cowgill, first missionary; Mrs. Caroline Coulter. These ladies were all dressed in costume and entered the room as the interpreter introduced them. The little pageant was to commemorate the fiftieth anniversary of the founding of the women's Foreign Missionary society. The opening of the mile boxes and a social hour followed after which a fine luncheon was served by the birthday committee, Mrs. Stowell, Mrs. Cholerton, Mrs. Young, Mrs. D. A. Wingeler, Mrs. Wardell, Mrs. MacFarlane, Mrs. E. A. Thomas, and Mrs. Andrews.

**Goldfish Care**  
Goldfish should be fed greens, quite as much as birds. Any reputable store that carries fish food has a varied supply and a sprig or two can be purchased for next to nothing.

**Geographical Distances**  
The difference in the distance around the earth at the equator and the distance going around through the poles is 42 miles. The equatorial circumference of the earth is 24,896 miles; the meridional circumference 24,854 miles.

**Glimpsing the Moon**  
By putting a penny in the slot of an automatic machine on the promenade and piers of many English south coast seaside resorts, it is possible to gaze at the mountains in the moon. The automatic telescope is the invention of a Londoner, and he is making astronomy one of the most popular hobbies on the south coast.

Mrs. Clyde Carr, 35, of Sylvia, O., is dead. The body was taken to Saranac Friday for burial. Mrs. Carr was born in Bad Axe, and later resided in Lowell. Since her marriage in 1912 she lived in Keene township, but a few years ago they moved to Ohio. Besides the husband she leaves eight children, her mother and four sisters. An infant son was taken to Saranac for burial Monday-Grand Rapids Press, May 10.  
We have received the initial number of the Maple Rapids Press, Morris & Ryan, publishers, a neat 6-column folio, with inset. The senior partner is son of A. J. Morris, Lowell's pioneer publisher and was himself in business here for a short time, years ago. Mr. Morris is also the Methodist pastor at Maple Rapids and Lowe. He will find plenty of opportunity to use all the senior partner's patience, fortitude and charity as a publisher, and we hope the people of Maple Rapids will be good to Morris & Ryan.
