

PUBLISHERS OF WEEKLY PAPERS TO MEET HERE

MEMBERS OF THE FIFTH DISTRICT OF THE MICHIGAN PRESS ASSOCIATION AND LADIES TO BE LOWELL GUESTS OCT. 16

Plans are being formulated for a meeting of the fifth district of the Michigan Press Association, which is to convene at Lowell, Michigan, on Friday, October 16.

GEORGE R. AVERILL
President Mich. Press Ass'n.

This will be the first time members of this district will have met outside of the city of Grand Rapids, and is being arranged for by the district vice-president, John Pope, editor of the Grandville Star and Southwest Community Alliance, who has selected Lowell, because, as Mr. Pope declares, "it is the foremost town in Kent county outside of the city of Grand Rapids."

The fifth district comprises Ottawa and Kent counties through other nearby publishers are usually invited.

The program is but tentative. The meeting will be called to order by the district vice-president. Matters affecting the publishers and the newspapers will be under discussion in an informal way. Speakers will complete a balanced program. Headquarters will be at the Ledger office with business sessions at the City hall.

The evening will be given over to the association members, their wives and invited guests. These are to be guests at a dinner, after which all will have the opportunity of attending the night football game between Lowell and Sparta, which will take place at Recreation park.

George R. Averill, of the Birmingham Eccentric, president of the Michigan Press Association, and Joe Sturgeon, field representative, of Lansing, will be in attendance.

Burton S. Shaw Found Not Guilty

Burton S. Shaw, at one time engaged in business in Lowell and Alto, later judge of probate of Oceana county, was found not guilty of a statutory offense by a jury in circuit court at Hart last Thursday, after a deliberation lasting 14 hours.

The charge of statutory offense was made by Mrs. Viola Critchett Hilton, 18, of Shelby, who had been committed to the care of the probate court by her father in 1927, but had never been made a ward of the court. Through Judge Shaw's efforts she was placed in school at Pentwater, and was treated by Shaw as his daughter, testimony showed. She charged that on the night of May 15, 1929, Judge Shaw assaulted her in his own home while Mrs. Shaw was absent in Ann Arbor with a patient who was a county charge. Mrs. Hilton was not in court when the verdict was returned.

The case was first tried in April, when it lasted five days and a jury disagreed after 19 hours. Retrial was set for July, but was postponed because of Judge Shaw's physical condition. A petition that he be adjudged insane, made by his wife in August, was dismissed when physicians examined him and reported him sane.

The present trial opened Sept. 15, and a jury was not secured until after 3 o'clock on Sept. 17. Taking of testimony occupied five days.

Stove Line Added By Roth & Brezina

Roth & Brezina, furniture dealers, have added a fine line of heaters and ranges to their stock and extend an invitation to the public to call and inspect the new line, which is manufactured by the Independent Stove Company, of Owosso, Mich.

The Independent Stove Co. have been manufacturers for a number of years, their output bearing an enviable reputation and was selected by Roth & Brezina after careful consideration because of efficiency, beauty and durability.

APPLE TIME

We don't know who invented apple pie, but whoever it was ought to have a monument. If there wasn't anything else to do with apples but make pies of them it would still be worth while to keep up the orchards. When you come to think of it, there isn't any other fruit that grows that has so many uses, which can be served in such a variety of ways, all of them good. Apple sauce is good eating just as it comes from the kettle, or with rich, thick cream poured over it, or as a side dish with a nice, tender slice of roast pork. Baked apples are best, we think, when every bit of the core has been carefully taken out and the hole filled up with brown sugar and cinnamon before they are put into the oven. There are some folks who take the skin off the apple before baking it, but to our notion that takes away a lot of the flavor. Then there is apple butter, which reaches its complete perfection when spread on hot biscuits at breakfast, to say nothing of apple dumplings, fried apples—they're fine with sausage—the good old-fashioned dish that used to be called apple slump, and a dozen other wonderful varieties of food, all obtained from the apple, not forgetting the "apelkuchen" of our German friends.

And cider. Columns could be written on this nectar of the gods. You might read J. G. Holland's "Kathrina."

We don't hear so much these days of dried apples. Canning has taken the place of drying, largely. Yet dried apples had their points. We never could quite agree with the poet who deemed the immortal lines that:

"I hate, abhor, detest, despise
Abominate dried apple pies.
Tread on my give and tell me lies,
But don't let me give dried apple pies."

Even dried apple pies are better than most other pies at all, just as any kind of apple pie is better than most any other kind of pie, (except huckleberry, of course. Anyone that ever lived in good old Clare county would never go back on huckleberry pies. We are sure that the Doyle brothers, or Mrs. Peter Finck, or E. C. Water, all former residents of Clare county, will agree with the editor on this declaration.)

AMERICANS HAVE learned to eat more fruit and vegetables in the past few years than they ever did before. Only a few years ago beans and cabbage, along with potatoes, covered the average vegetable diet of the nation. Lately the discovery of the health-giving properties of greens and fruit has led to their being eaten in greater quantities. The supply is lagging behind the demand, while the prices of staple crops are still falling.

MICHIGAN OIL

THE discovery of oil in Michigan has added new problems and duties to the state fire marshal's department, says the Charlotte Republican Tribune. The Muskegon and Saginaw districts are practically out of business while the Clare-Mt. Pleasant field gives every indication of flowing permanently. Natural gas supply has unlimited possibilities when one considers that gas is being profitably piped from the Texas oil fields to Chicago. The commercial side of oil is enhanced by the reason there is no waste from the naphtha, the first unit, to the last item which goes into petroleum coke. There are already eight refineries in Michigan including one of the latest design at Trenton. The oil business is divided into three divisions: drillers, conveyers and refiners and the pay in any of these departments is very satisfactory. The best Michigan well to date from the standpoint of quantity and volume, according to Mr. Lane, is about four miles south of Clare.

DEPRESSION can be conquered by a campaign to bring home to consumers the fact that prices have not been so low as they now are since before the war. That anybody holding money in the bank is losing a chance to make a quick twenty-five per cent profit on every dollar spent by not buying right now; that almost any day will come the turn from a buyer's market to a seller's market and that prices are bound to soar when that day arrives.

The above is the conclusion reached by Walter P. Gifford, President of the American Telegraph and Telephone Company, after a month's study as head of the President's Unemployment Commission. He says the advertising that has been done so far in an effort to get people to buy by telling them it was a patriotic duty and that it helped keep money in circulation has been based upon a wrong psychology. His idea is to appeal to consumers through their self-interest alone.

Gifford's statement about low prices is borne out by the latest Department of Commerce report which shows that commodity prices are twenty-five per cent lower right now than they have been since the slump started in 1929. The reduction applies to practically all major lines except fruit and vegetables. These are actually fourteen percent higher than they were in 1931.

HOME MAKERS PLAN ANNUAL DIST. MEETS

MEETINGS WILL BEGIN AT 10:30 WITH POT LUCK DINNER FOLLOWING—DATES AND PLACES OF MEETINGS—ALL WOMEN INVITED.

Final plans have been made for the annual district meetings of the Kent County Home Economics Extension Service, the weeks of October 6th and 13th. Six meetings will be held at which officers for the coming year will be elected and plans of the organization discussed. Canning demonstrations by 4-H club teams and a demonstration on redcraft, will be features of the program. Recreational features have also been planned. Plans for the meetings have been made by Agnes Sorenson, county home demonstration agent and members of the county executive committee, Mrs. William Solomon, Mrs. D. W. Richardson, Mrs. Martin Houseman, Mrs. Maurice Recker, Mrs. S. J. Cowan, Mrs. Henry Johnson, and Mrs. John Watson. All women of the county are cordially invited. The meetings will begin at 10:30 a. m. with a pot-luck dinner.

The first meeting will be held on Wednesday, October 7th, at the Carlisle Grange hall for Wyoming, Byron, Parry and Gaines townships. Mrs. Wm. Solomon will act as chairman for the day.

At Bowne Center, Oct. 8.
On Thursday, October 8th, the meeting will be at the Aid hall at Bowne Center for Lowell, Cascade, Bowne and Caledonia townships. Mrs. Henry Johnson is chairman of this district and will preside at the meeting.

Meetings the following week will be on Tuesday, October 13th at Townsend park for Cannon, Gratian, Ada and Vergennes townships. On Wednesday, October 14th, at Nelson-Spencer Grange hall for Nelson, Spencer, Cortland and Oakfield townships. Mrs. John Watson and Mrs. Martin Houseman are chairmen of these districts and will preside.

Tyrone, Solon, Algoma and Sparta townships will meet on Thursday, October 15th, and Alpena, Plainfield, Walker and Grand Rapids townships on Friday, October 16th. Mrs. Maurice Recker and Mrs. D. W. Richardson are chairmen of these districts and will preside. Further announcements as to the places for these meetings will be made next week.

Late Last Night At the Council

In fact it was in the wee' smaurs of Thursday morning when the council decided to defer until next Monday evening further discussion of the problem of providing additional power for the Lowell municipal electric light and water plant.

The engineer employed by the village, Mr. Norris, of Ann Arbor, read new bids submitted on smaller engines than at first contemplated, the total cost of the engines recommended by Mr. Norris ranging in the neighborhood of \$46,000 to \$56,000.

Representatives of the Consumers Power Co. were also present with new propositions for supplying the village with power in addition to that manufactured in its own plant.

Odds and Ends Here and There

The Public Acts of 1931 as passed by the legislature and approved by the governor, have been indexed and printed and are ready for distribution by the Department of State. The price is \$1.50 for the volume.

Kent county's share of the primary school fund amounts to \$1,162,179. The bulk of the money goes to Grand Rapids, whose apportionment is \$755,473.40.

There are estimated to be 65,661 school children in the county who will benefit to the extent of \$17.70 per capita.

The epidemic of scarlet fever which has been prevalent to a more or less extent over Michigan is reported on the wane. The spread of the disease usually subsides with the coming of frost and colder weather. Fortunately this community appears to have escaped the disease.

Miss Emma Kropf was brought home from Blodgett hospital Tuesday afternoon. She is recovering nicely from the operation for appendicitis.

Gould Rivette underwent an appendectomy operation at Blodgett hospital Wednesday evening. He is reported as coming along in fine shape. Mrs. Rivette is at the hospital with her son.

Raymond Loveless, 20, of Lowell, was sentenced to Ionia reformatory for a five to ten-year term by Judge M. L. Danham in circuit court Tuesday, with a recommended term of 7 1/2 years. Loveless pled guilty to a statutory charge.

John S. Taylor has opened up a store on east Main street and will deal in second hand stoves and furniture. He has an ad in this issue.

Mr. and Mrs. J. N. Hubbell Celebrate Golden Wedding

Renew Vows Under the Same Old Apple Tree Under Which They Were Married

Guests to the number of 58 attended the golden wedding anniversary of Mr. and Mrs. J. N. Hubbell at East Lowell, Saturday, Sept. 26.

Mr. and Mrs. Hubbell renewed their vows under the same apple tree under which they became engaged more than a half century ago. Rev. Hoelms of Lowell, performing the ceremony with Glen Hubbell and Miss Ruth Put-

Grand Haven Surprised by Lowell's '11'

Coach Finch and his boys, with a small following of ardent fans, traveled to Grand Haven last Saturday, and administered a 7-0 to the boys representing the county seat of Ottawa. The victory was a surprise inasmuch as Grand Haven has a veteran team. In looking over the summary, however, Lowell should have won by even a wider margin, for the locals made seventeen first downs, while holding their opponents to one lone first down. The incessant rain preceding and during the game gave all the advantage to the heavier Grand Haven boys, for Lowell depends upon a quick start for its fast plays. In spite of the victory, Mr. Finch expressed dissatisfaction with the blocking and "drive." To pick out any star on the line would be impossible, for they all played "heads-up" football. The backs did well on offense.

Local Club Hears Noted Woman Talk

The Lowell Woman's club began its fiscal year with a most pleasant afternoon program followed by a bohemian lunch, the meeting being held at the Morris Lake club house on the 23rd street.

The president, Mrs. Charles Doyle, conducted the business meeting and also gave a report of the spring meeting of the county federation which was held in Grand Rapids. Mrs. Doyle and Mrs. H. L. Weekes representing the Lowell club as delegates.

The program was in charge of Mrs. W. Rutherford, who introduced the speaker of the afternoon, Mrs. Earl Nicholson, of Louisville, Ky., who spoke on the subject of "World Disarmament."

Mrs. Nicholson has been a worker in the Louisville branch of the national council for prevention of war and her address proved very interesting to those present.

The club was favored with vocal selections by Mrs. Charles Doyle and W. W. Gumsier and readings by Miss Beth Burdick. Hostesses for the day were Mrs. J. A. Aerehart, Mrs. P. J. Finck and Mrs. W. W. Gumsier.

The next meeting will be on Oct. 7, at the city hall.

James Murray Handles Unique Gun Collection

Many hunters today hunt with anything that will expel a bullet and many trappers will trap with anything that will catch an animal.

That is the way James Murray feels about it and "Jim" ought to know, for in his 20 years with the Department of Conservation he has handled thousands of guns and thousands of traps, confiscated by officers in the field. He is official custodian of the Department's confiscated property. He receives the property when it comes to the Lansing office. He sets sale prices on guns, traps, etc., and he does the selling.

Conservation officers were never particular who they arrested and the richest and the poorest lost his gun if he had used it to break a game law. So Jim receives a wide variety of weapons.

Twenty years ago any hunter would have been ashamed to own or carry a gun that was not shining and well oiled. Today many hunters fire guns that are patched with hazy wire, or that are actually rusty inside the barrel, Jim said. He has received confiscated guns that he has refused to resell because he considered that their poor construction made them dangerous to use.

It's the same way with traps. A few years ago the trapper took pride in his equipment. Today many are satisfied if their traps will spring.

The only thing about it all that remains the same is the quality of the furs. Jim believes that Michigan produces the finest furs in the world. He says he is able to prove this by the fact that no Michigan fur is rated with the highest in the fur markets.

Two Hurt in Head-on Collision on Curve

A head-on collision occurred on M-66 about 3 1/4 miles north of Lowell last Friday, when a car occupied by Miss Iva Van Sijel and Miss Pearl Churchill, both of Belding, met a car occupied by O. J. Byrne, also of Belding, and Royal Hawley, of Keene.

The accident occurred on a curve in the road. Both cars were badly wrecked and had to be towed away. Each of the ladies from Belding received painful cuts and bruises about the face and mouth. They were on their way to Lowell to escort Miss Little, south ward teacher, to her home in Belding for the week-end, when the accident occurred.

Enviably Showing By Lowell B. & L.

Despite economic conditions of the past year, assets of Building & Loan Associations in Michigan have shown a substantial gain, Department of State records show.

A survey of the industry by the Building & Loan division of the department, shows that the associations in the state are in a "good" financial position, according to Coleman C. Vaughan, division chief. In several localities, associations have required members to give 30 days notice according to law before withdrawing funds, but investigation by his staff, every instance, has been taken as an added protection to members.

It is gratifying to note that the Lowell Building & Loan Association made a set gain in assets of \$9,838.07, for the fiscal year ending with June, 1931. The assets for 1930 totaled \$83,810.15, while for 1931 assets had increased to \$93,648.22. The percentage of gain was .117%.

EACH RURAL SCHOOL MUST HAVE A NAME

NEW LAW ALSO REQUIRES THAT A MAIL BOX BE PUT UP AT SCHOOLS—MANY DISTRICTS NOW NAMED BUT NOT OFFICIALLY.

Act. No. 81 of the Public Acts of 1931 provides for the selection of a name for every rural school, and the maintenance of a mail box therefor.

Section One provides that, in thirty days from the effective date of the act, which was September 17, the board of the school district may select a name for each schoolhouse located outside an incorporated city or village.

Section Two provides that, within the thirty days, the board shall certify to the school commissioner of the county the name so selected. If two or more schools select the same name, the first one certified will be given the right to the name, unless the other school had been known by that name for a long period, in which case the school having been known as the school with that name shall have the right to its use.

In the event of the certification of two or more names, and the name which cannot be permitted as the official name of such school, the county school commissioner shall forthwith, following the expiration of such period, notify the director or secretary of the school board to that effect and said board shall, within fifteen days following such notification, select another name and certify the same to the school commissioner. This process shall be followed until each schoolhouse has an official name, which may be changed in the same manner at any time by a majority vote of the board.

In the event that the school board fails to certify a name within the time limited, the commissioner shall select a name.

Section Three provides that, within fifteen days following such certification by the commissioner, the board shall provide a mail box for each school and maintain the same thereafter. The board shall forthwith notify the postoffice of the adoption of such name.

Gas Tax Receipts Exceed Last Year

Gasoline tax receipts for the months of August and September will exceed those for the corresponding months of 1930, Department of State records indicate. Complete figures for August will not be available but it is certain that the 1930 revenue of \$2,171,054 will be exceeded.

Unusually large attendance at the Michigan state fair as well as at various county fairs and huge influx of visitors to the American Legion convention will bring the September gas tax revenue above the Sept. 1930 figure of \$2,009,579.

Joan Crawford in New Romantic Role

"This Modern Age" with Joan Crawford in the starring role and a cast which includes Pauline Frederick, Neil Hamilton and Horat Bosworth will be the featured attraction at the Strand this Sunday and Monday. "This Modern Age" is an ultra-modern story that moves against a gay background with many thrilling episodes and permeated with the exuberance youth. Pauline Frederick in the role of mother turns in a wonderful performance and adds immeasurably to the dramatic value of the picture.

School Children to See Huckleberry Finn

Mr. Drew, manager of the Strand theatre announces that he has made arrangements with Mr. Gumsier to give the kiddies of Lowell a real treat while the new Mark Twain picture of "Huckleberry Finn" is playing in Lowell next Friday and Saturday. A special children's matinee will be held Friday and all school children will be able to attend for five cents. Mr. Drew extends an invitation also to the teachers of any urban schools who may care to take advantage of this occasion and will be glad to make any seat reservations requested for their parties.

Announcements

West Lowell U. B. Ladies' Aid society will meet with Mrs. Mary Stinton on Wednesday, October 7, for dinner.

The annual meeting of the Congregational church and society will be held in the Parish House Thursday evening, October 1, at 8 o'clock. Reorganization of the church according to the present Congregational laws will be acted upon at the time.

The Lowell Rebekahs are planning a special program for their next meeting, October 6. All members urged to be present. Pot-luck lunch.

The Union Epworth League will hold its first fall meeting Sunday at the First Methodist church. An interesting program is being planned by the committee.

IT'S FUNNY HOW SOME FOLKS ALWAYS SEEM TO FIND THE GOOD EATING PLACES

Coming through Owosso, I stopped at a restaurant for dinner and was greeted by a pleasant-faced lady, who told me she was Matilda Henri Gorte, a former Lowell school girl and schoolmate of my daughter Ruth. It was a prosperous looking place—a grocery and eating place combined and Mrs. Gorte introduced me to her husband, (C. H. Gorte), who left a customer to greet Uncle Marcus, of The Ledger's old Cozy Corner, which they praised; and said, "The Ledger is still a welcome weekly visitor there. I was served a fine dinner—twice as much as I could eat—and after I had paid my moderate bill I had urged upon me another glass of iced tea and a generous dish of ice cream."

I thought Lowell people motivated through might like to know this friendly stopping place, where they are assured of first-class service and a kindly welcome.

Farmers are Urged To Hold Their Land As Good Investment

The Grand Rapids Federal Farm Loan association and the Grand Haven association have loans outstanding aggregating more than \$800,000. It was announced by Samuel Newhouse, secretary-treasurer of the former, at a joint meeting of the two organizations held in Grand Rapids.

There are 134 such organizations in Michigan, and 4,600 in the United States, government records show. The St. Paul Federal Land bank, through which the local associations operate, is one of the largest of 12 in the United States.

Speakers at the meeting urged farmers to hold their land, pointing out that it affords the soundest investment security. While the average acre value of farm lands has declined less than 8 per cent in the last two years, the value of representative industrial, utility and railroad stocks has dropped 66 per cent, it was emphasized.

Lowell Graduates Off for College

Many graduates of the Lowell High school have left for higher institutions of learning during the past few days. Among those from last year's class are the following:

Kenneth Fletcher, Lena Hoffman, Margaret Reynolds and Florence White, Western State Teachers College, Kalamazoo.

Evelyn Bowen and Marjorie Lind, Ionia Normal.

Margaret Lalley, Emery Friesner, Frances Rosewater and Harry Broadbent, Central State Teachers College, M. Pleasant.

Adelbert Odell, Junior Col. Dora Regan, City College.

Phyllis Wekes, Rockford College.

Audrey Chase and Lyle Broadbent, the latter of the class of '30, at M. S. C.

Lula Belle Day and Harold V. Borgerson have also entered W. S. T. C.

Among those from here to enter the U. of M. are Roger McMahon, who enters the literary course leading to law; Thurston Springnet, chemistry; Howard Peckham, post graduate work.

Nearby Dairymen Go on Honor Roll

Among the dairymen of this vicinity listed by the National Dairy Association this year in the national honor roll for herds averaging 300 pounds or more butterfat, we find the following names:

A. J. Chamberlain, Ionia, 436.9 pounds; Lee Lampkin, Keene, 424.4 pounds; Claude Conklin, Ionia, 376.2 pounds; Hall Orchard, Ionia, 374.8 pounds; E. G. Longfield, Ionia, 365.7 pounds; Milo Peterson, Ionia, 358.5 pounds; Walter & Thorpe, Saranac, 347.2 pounds; Holgar Larson, Ionia, 324.6 pounds.

Two dairymen, A. J. Chamberlain and Lee Lampkin, were awarded diplomas with red seals for herds averaging between 400 to 450 pounds butterfat production. Only herds averaging more than 500 pounds butterfat yearly in testing associations in Michigan are awarded gold seal honor diplomas.

The sire of Mr. Lampkin's herd won first at the Ionia free fair and fourth at the Michigan state fair.

Favor Curtailment of Student Activities

Supt. W. W. Gumsier, of Lowell, attended a convention of the Michigan Conference of City School Superintendents held at the Park Place hotel in Traverse City Friday and Saturday. Probably the most important action of the superintendents was adoption of a committee report recommending immediate curtailment of state and district contests in athletics, music and other student activities. The action was taken as an economy measure.

IT WAS MRS. JOHN BARKER'S BIRTHDAY PARTY

In the Logan correspondence in last week's Ledger mention was made of a birthday party in honor of Mrs. Sally Flanagan.

Mrs. Flanagan called at the Ledger office Saturday and declared there was a birthday party all right, given at the home of her son, Orville Austin, and that she was there with the rest and all had a big time, but that it wasn't for her this time. The party was in honor of the birthday anniversary of Mrs. John Barker.

CONGRATULATIONS

The Grandville Star celebrated its 25th birthday, Sept. 24, by issuing a splendid anniversary number. The Star has been an outstanding factor in the development of the Grandville community.

The Ledger is pleased to extend congratulations to Editor John Pope and trusts that the Star's service to Grandville will always be appreciated.

MARRIAGE STATISTICS Regardless of the number of divorces granted most men and women like married life well enough to try it again.

Of the 43,881,021 men over fifteen years of age approximately three-fifths are married and of the 42,577,149 women the same proportion applies.

There are slightly more than two million widowed men and nearly five million widowed women in this country.

Those enjoying single blessedness are nearly fifteen times as numerous and slightly more than eleven million women.

The use of soldiers in Arkansas to keep the peace during a revival meeting is what you might call militant religion.

If any reader of The Ledger has an objection to trading in Lowell we would like to know what it is.

There are 391 persons in the United States insured for \$1,000,000 or more—maybe they are worth it, but we have our doubts.

Sir Hubert Wilkins went under the ice within 540 miles of the North Pole. Here's a hint for your next summer's vacation trip.

One thing about having opinions, you don't have to leave home to have your errors pointed out.

The man who sits down and waits for opportunity to knock has a long quiet time ahead of him.

About half of the work done in the name of religion hasn't got anything to do with religion.

There was a time in the history of the republic when it meant something to be the biggest cotton grower, or wheat planter, in a county.

A Ledger reader dropped in the other day and said, "How do you write those Notes and Comments?" Well, this is one way.

A community will thrive so long as it keeps doing something. The main thing to be active. The cultivated field produces the crops.

The people of this section have always given, we believe, a fair and liberal support to this newspaper; in return we have tried to publish the best publication for our income permits.

It's the Inside of a Circulating Heater that Counts!

Why put up with unsightly, old-fashioned heaters another winter? Why expose your family to the dangers of colds and serious illness because of cold currents, cold drafts and draughty floors?

Renown will deliver moist, warm, circulated air over the house—just like a base-heat furnace. This wonderful Circulating Heater works just like the mother, and will keep you warm and free your back.

And yet, Renown costs no more to operate than an ordinary heater. It makes a beautiful piece of furniture for the living room and retains all the cheerful glow of an open fire.

Come in and let us tell you how easy you can own one of these fine Renown Circulating heaters.

Can you depend upon what they tell you? Very often an examination will reveal defects which, if treated in time, will eliminate the possibility of future serious eye trouble. A dependable optometrist is an eye specialist; not a lens salesman.

WORTH PRINTING

From Middletown, Conn., recently came a story worth calling attention to in this day of gang murders and crime.

It seems that fire destroyed the home of a widow, leaving her without a place for herself and children. Neighbors came to their aid and gifts of material were used by workers to construct a new home for the family. If that isn't news worth printing we haven't seen any.

Guns and shells at Stocking's.

Mr. and Mrs. Charles Smith, of Alto, were Sunday evening guests at the O. J. Yeiter home.

The advance agent for the renowned Kitchen Cabinet Orchestra has been in the village booking for a concert to be held in the city hall, October 27th. Further particulars later.

R. B. and Mrs. Boylan returned Monday night after a two weeks' visit with friends in Howell and Brighton. R. B. has a touch of indigestion, but doesn't wish it mentioned.

TELEPHONE'S "SECOND MAN" IS STILL ACTIVE

Bell System Has Reached Present Development in One Life Span

"I don't believe the history of mankind can show such a tremendous development of an idea as the telephone has had in less than the life of a man," says Dr. Thomas A. Watson, the builder of the first telephone ever made, to specifications drawn up by Alexander Graham Bell. "I say less than a man's life, for I was twenty-one when I made the first telephone for Bell, and I am still going strong."

Most people born within the last half century fail to realize that the telephone does not date back further than fifty-five years ago. Dr. Watson recently gave an address on the birth of the telephone, in a large high school in a New England town. As he entered the building passing a group of boys chatting together, he heard one of them remark:

"Lissen, Jimmie, teacher said yesterday that the man who was going to talk to us this morning made the first telephone that ever was. Do you believe it?"

Jimmie looked incredulous and replied, "Gee, he must be Methusalem!"

The same notion seems to be prevalent with many grown-ups, for not so long ago, Dr. Watson was met at a railroad train by the president of the Chamber of Commerce of a thriving city, and with him he had a wheel chair, intended for the "decrepit old gentleman who made the first telephone."

Do not send your job printing out of town. We patronize home industries ourselves, employ home labor and respectfully ask you to do the same. Our prices are reasonable, and we do our work with care.
