and ALTO SOLO

VOLUME XXXIX

LOWELL, MICHIGAN, THURSDAY, OCTOBER 8, 1931

NO. 20

LOWELL VICTOR OVER ST. JOHNS BY 28-0 SCORE

VISITORS FROM CLINTON'S COUNTY SEAT FIGHT GAME—LIVE AGAINST ODDS—HOME TEAM WINS 21 OUT OF LAST 22 GAMES.

Lowell continued its march of consecutive victories last Friday by trouncing St. Johns 28-0. This was the thirteenth win in a row, and the twenty-first out of the last twenty-two games played. St. Johns displayed a much better brand of football than was shown a year ago, but the local boys were not to be denied. Coach Finch is not completely satisfied with his team because of the fact that St. Johns made nine first downs. The total yardage made by St. Johns last Friday was the most that any opponent has made against Lowell in years. The coach is not happy in the fact that the visitors threatened to score in the last period. He does not like to see the ball in Lowell's territory.

On offense Lowell looked good, making fifteen first downs and scoring four touchdowns. Bergin, Wepman, Sterkins, McMahon and Green all voted the ball for substantial gains. The line opened up great holes for the backs and assisted greatly in blocking the secondary defense.

The visitors showed flashes of form, especially half-back Carter. Lowell's entire line from end to end played a bang-up game. Baird and Boss at ends, Houseman and Hartley at tackles, Court and Dinsen at guards, and Maloney and Clark at center did a fine piece of work, and these boys can be depended upon to give all opponents a rattling good game. Many of the reserves also looked good and some of them are going to press the regulars for positions. Mr. Finch gave over twenty-five boys a chance.

Ionia Here Saturday

One of the hardest games of the season will be played here Saturday afternoon at 2:30 p. m., when the husky team from Ionia will be Lowell's guests. Mr. Finch saw Ionia play East Grand Rapids last week and he came away singing the blues. He believes that his boys are up against a real team and he is of the opinion that the breaks will win in the game. Ionia offered to play a night game but school officials thought best to have it played on Saturday to learn which type of game is preferred by the patrons. It is safe to predict that a large delegation will follow the lead from the prison city and it is hoped that local fans will turn out en masse. Tickets can be purchased at Look's drug store or at Christiansen's for 50c until one o'clock on Saturday. The charge at the gate will be 50c.

Rockford B Here Wednesday

Next week Wednesday Rockford B team will battle the local B squad in a night game at 7:30. Both coaches have promised to keep their regulars out of the gray and to give all substitutes a chance to show their wares. Charge for the game will be 25c. Let's encourage the boys who will be regulars next year.

Four Marx Bros. New Laugh Riot

Kings of nonsense, emperors of fun or just plain nutt! all they want you will but no one has ever seen their equal—the four Marx Brothers have carved their own peculiar niche in the hall of fame and we doubt if ever again will such a hair-brained partnership exist. To all appearances the picture "Monkey Business" was written by a monkey wrenched fed on peanuts and anyone is defied to find the slightest trace of rhyme, reason or sense—there isn't any, that's all! Nothing but one nutty laugh after another with the jokes and wise cracks coming so fast you have to see the picture twice to get them all! So if it's fun you want visit the Strand Sunday or Monday and when you leave your sides will be sore and perhaps half the buttons missing from your vest.

MICHIGAN THEATRE MEN CONVENE

Mr. Hollis Drew, manager of the Strand theater, Lowell, is attending the annual convention of the Allied Theatre Owners of Michigan being held at M. Clemens this year. This organization, perhaps the strongest of its kind in the country, takes an active interest in the well-being and conduct of the business of motion pictures and in the last ten years has been instrumental in effecting many reforms that are reflected in every community. The rapidly-changing show world is hard to keep track of.

WATCH OUT FOR CANADIAN MONEY

Banks announce that Canadian money is at a discount of 20 per cent. Better look your change over carefully.

MARRIAGE ANNOUNCEMENT

Mr. and Mrs. C. H. Freeman announce the marriage of their daughter, Geraldine, to Albert Mouser in Grand Rapids, May 2, 1931.

Read The Ledger ads.

Ledger Entries

Being a Collection of Various Topics of Local and General Interest

THERE IS ONE thing in which America has it all over Europe. That is our Autumn season, or as we usually call it the fall of the year. It must be admitted that we don't have very much of a spring season, in most parts of this country. We go from winter snack into summer. We don't understand what the English poets are talking about when they sing of spring. But over there they go from summer right into winter, almost. There is none of that long-drawn-out season after harvest, when the leaves are turning and falling and, in the north, at least, there is a touch of frost in the early morning and the sweet smell of fallen leaves and nature takes on a coat of gorgeous color before shifting to the somber gray of winter.

Fall is the season of play for the farmer. When the crops have been harvested and the fall plowing done, there is a period before winter sets in when hunting is at its best, when it is a pleasure to be out of doors with nothing of immediate importance to attend to. It is the season of relaxation after the heat and strain of the summer, when folks can take time to sun up the result of the year's work, and begin their plans for the next.

Thanksgiving Day, in most parts of this country, marks the end of fall and the real beginning of winter. Then we begin to look forward to Christmas and hence to construction of the year's travellers tell of countries where the seasons never change from one year's end to the other. It seems to us that half of the pleasure of life comes from the changing seasons, and from looking forward to the next change.

IT IS SAID THAT the only Republican who has any real chance to be elected Speaker of the next House of Representatives is Carl E. Mapes of Michigan. He is practically the only compromise candidate now seriously discussed. If the Republicans should by any chance pick up an additional member or two in the by-elections to fill vacancies, Mr. Mapes in all probability will be the next Speaker. But unless the Republicans are successful in these special elections, the chances are that they will not be able to hold together the 218 votes necessary to give their candidate for Speaker a majority of the House. In any case, Mr. Mapes seems to be able to get more votes than any other Republican now in sight.

MOVEMENT in Michigan to encourage the building of more 30-foot highways has been launched through the efforts of Otto S. Hess, engineer-manager of the road commission. Due to the extremely heavy demands on state highway department finances, only a limited mileage of 40-foot pavement is possible. Mr. Hess points out that with the same funds practically twice as much 30-foot mileage can be built as 40-foot, since the latter type of highway usually is a widening of an existing 30-foot road.

THE "FIRE SEASON" does not end until snow-fall. Drying leaves makes the woods dangerous. See that your cigarette stub is out before you toss it away.

INDICATING THAT airships twice the size of the Akron, now the largest craft of its type, may eventually be constructed in the United States, the Navy Department has opened bids for the construction of the great dirigible hangar at Sunnyvale, California. "The hangar will house one airship of 11,000,000 cubic feet," read an official statement. The capacity of the Akron is 6,500,000 cubic feet.

ADVERTISING LOWELL. TOWNS AND CITIES are advertised to the world largely by the kind of newspapers published in their limits.

Recognizing this, the Ledger tries, as far as humanly possible, to reflect credit upon its home town.

Correction—In the items of 25 years ago in last week's issue a transcription of letters by the machine caused a ridiculous statement. The item said "Chad Lee brought to Lowell a load of wood for which he received \$976.75." Of course, the word wood should have been wool. That was truly a case of one letter making a "W" of a difference.

MASONIC GD. LEAGUE TYLER 36 YEARS DEAD

Mrs. Bert Merriman was called to Detroit last week by the serious illness of her uncle, James E. McGregor, who passed away Friday evening at the age of 71 years.

Mr. McGregor was a former member of the Recorder's Court Jury Commission and for 36 years grand tiler of the Grand Lodge of Michigan. Masonry that was unique. Funeral services were held Tuesday in the Masonic temple, Detroit, attended by Masonic and civic dignitaries.

Mr. McGregor was married in 1896 to Effa Wickham, formerly of Lowell, who survives.

Enters University of Detroit. Gerald Henry, who was graduated from the U. of M. literary department in 1925, afterwards taking one year of law there, has entered the junior year in law at the University of Detroit.

STUDENTS SEE 'M' GRIDIRON OPENER BOUT

LOWELL HIGH HAD 100 REPRESENTATIVES IN THE 75,000 MASS IN MICHIGAN STADIUM—VISIT CAPITOL AND M. S. C. CAMPUS.

Upwards of 100 students of the Lowell high school went to Ann Arbor Saturday, where, in company with the other high schools of the state, they were guests at the opening of the football season in the Michigan stadium. It was a great experience for several of the youngsters who for the first time saw the great stadium in which were seated upwards of 75,000 persons.

The trip was made possible, through the generosity of Lowell car owners, although nearly fifty students were unable to make the trip because of lack of means of transportation. On the way over many of the students from Lowell, led by Supt. W. W. Gumpster, made a visit to the state capital, where they had the pleasure of hearing a brief talk by Governor Brucker and shaking hands with Secretary of State Fitzgerald and other officials. They visited the legislative chambers and some of the students learned for the first time that Michigan's senate chamber is held to be one of the most beautiful in the world. Civil War relics and other articles of historic value were inspected and some of the boys climbed to the dome of the capitol. Then on to East Lansing where a tour was made of Michigan State College campus, also noted for its surpassing beauty.

At Ann Arbor the students saw Michigan win two games, her opponents being Michigan State Normal and Central State Teachers College.

The Lowell party made the trip without mishap, although other schools were not so fortunate. At one point near Ann Arbor three cars became involved in a wreck and five persons were taken to a hospital.

The lines of travel in and near Ann Arbor were so congested that progress was slow—in some cases cars traveling four abreast—fender to fender and bumper to bumper.

To see 75 or more thousand of people in one mass is a great sight.

That stadium would hold a heap of hay.

Famous Artists Here Next Sunday Evening

The music committee of the M. E. church, of which Mrs. Harold Weekes is chairman, has arranged for the appearance of two noted artists at the church next Sunday evening at 7:45. Basilias Andria Kyros, Grecian basso, who has sung before kings and nobles, will be present and will be assisted by Mme. Cassandra, who will give a descriptive lecture on Jerusalem. Mme. Cassandra is a member of the Academy of Sciences, Arts and Letters of the U. S. M., also a member of the State Authors Association.

Ask Improvement Ada Mail Route Rd.

A request to the road commissioner was made by S. Frank Collar, Ada R. F. D. No. 3, for the improvement of the three miles between McCabe road and 6484 starting a mile east of Brooklyn Corners. Several petitions have been received regarding this route, which, it was pointed out, is a mail route for two thirds of its length.

Lowell Bd. of Trade Congratulates Eldred

Foss O. Eldred, of Ionia, led the field by more than 1000 votes in the special primary election held Tuesday to choose a nominee on the Republican ticket to succeed the late Bird J. Vincent as representative in Congress from the 8th Michigan district. Mr. Eldred is a former state senator and Ionia county prosecutor.

Arthur E. Hagen, of Owosso, was second in the race and William M. Smith, of St. Johns, third. There were ten others who "also ran."

The democratic nominee will be Michael J. Hart, of Saginaw, who it is said will make prohibition an issue. Eldred is expected to have the support of the dry forces.

At the Lowell Board of Trade luncheon held Wednesday noon the following telegram was presented by Rep. D. G. Look and by unanimous vote was ordered forwarded to Mr. Eldred: "Lowell Board of Trade at luncheon today congratulate you on your splendid victory and wishes you success for election."

ENJOYMENT

In renewing her subscription to The Ledger, Mrs. John L. Hanson, of Battle Creek, writes: "Herewith I am enclosing money order for renewal of the Lowell Ledger and Alto Solo. I certainly enjoy reading The Ledger."

AUXILIARY HEARS CONVENTION REPORTS—OFFICERS INSTALLED

A special meeting of the American Legion Auxiliary of the Chas. W. Clark Post No. 152 was held Monday night, October 5, 1931, at the home of Mrs. R. D. Hahn, with about twenty members present. After the usual business the vice president of the Department of Michigan, Mrs. Bess Gottfredsen, who was delegate to the annual convention at Detroit, gave a wonderful report, then as president of the Fifth district, Mrs. Gottfredsen installed the officers for the new year. The hostess assisted by her mother, Mrs. Hattie Peckham, and Mrs. Norman Borgerson, served a dainty October luncheon.

The new president, Mrs. Don Niles, urges every member of the Auxiliary to be present at the meeting of the Fifth district to be held October 9th at the City hall. The dinner will be served about 12:30.

Diet Specialist Here October 23

The women of Kent county enrolled in the home economics extension groups under Michigan State college will begin their study this month. The first meetings of project leaders in the project "Preventative and Corrective Diets" will be held in Grand Rapids at the Y. M. C. A. on Wednesday, Oct. 21st; at the Cedar Springs school, Thursday, Oct. 22nd, and Lowell school, Friday, Oct. 23rd, from 10 a. m. to 3:30 p. m.

Miss Muriel Dundas, nutrition specialist from the college, will discuss the question of weight. Why are you the size you are? Do your habits effect your weight, shape and growth? Too many people get over and underweight as indications of ill health. As long as they are able to be up and moving around, they think they are well. The control of weight so that it hovers about the average is a simple enough thing to do if there are no physical handicaps. How to reduce and maintain health and how to gain in weight and build health will be studied in a business way with the aid of the caloric evaluation will be planned for the "overs and unders."

STANDARD OIL LAUNCHES BIG AD CAMPAIGN

LEDGER IS ONE OF THE 1,462 NEWSPAPERS SELECTED TO CARRY STORY OF NEW GASOLINE IN BIG ADVERTISING EFFORT.

Standard Oil Company of Indiana announced Tuesday plans to carry out in the remaining part of 1931 the biggest advertising and sales campaign the company has ever undertaken in so short a period.

Directors have decided that the way to end the trench warfare with depression is to go over the top in something resembling a business war what a major offensive is in warfare.

Introducing New Gasoline. The advertising campaign will begin in October and continue until the middle of December. The main ammunition will be introduction of a new gasoline which the company has been making at refineries for some time and now has at distributing points ready for delivery, but about which the story is being told in advance of the actual advertising.

Following a series of "teaser" ads the campaign will come out in force on October 15 with large announcements in 1,462 newspapers in the thirteen central states in which Standard of Indiana operates.

These newspapers have a circulation of 12,571,677 in a territory of 32,000,000 population where 8,371,750 cars and trucks are operating with a gasoline consumption of nearly five billion gallons a year. Follow-up advertisements will appear regularly in the following two months.

Newspaper Ads Main Reliance

Newspaper advertising is to be the main reliance of the campaign, supplemented by advertising in trade, and class publications, and national magazines. Radio advertising will be used primarily to direct attention to the more extensive newspaper advertising.

On the basis of family coverage of 175 per cent it is estimated that the campaign will represent the equivalent of delivering 121,855,422 messages regarding the company's products.

The Ledger is one of the 141 Michigan newspapers selected for the campaign. The advertising strategists have planned part of the campaign to appeal to women. Women motorists will be told why the new gasoline is a "gasoline for a lady."

"Proved" Motor Oils. While the concentration will be on gasoline advertising, to which the company has devoted little of its funds previously this year, the extensive campaign on motor oils which has been in progress since last March will also be rounded out in 130 of the leading newspapers of the territory.

No other medium or method can be compared to The Ledger in covering this field.

BETTER BODY BUILDING THE CRUSADE AIM

A TOTAL OF 15,000 HEALTH HABIT CARDS HAVE BEEN MAILED THIS WEEK TO ALL THE SCHOOL DISTRICTS IN KENT COUNTY.

"Build a Better Body" is a slogan of the health crusade which will be waged in suburban and rural schools by teachers and pupils when they start to keep a record on their health habit cards this week. A total of 15,000 health habit cards bearing the above slogan have just been delivered to 210 school districts in Kent county outside of Grand Rapids. Through these cards, which are mailed at certain intervals during each month of the school year, teachers will be able to learn whether their pupils are getting enough sleep, nourishing food, including milk and green vegetables, drink enough water and playing daily in the open air. In this way teachers can discover the laws of good health which are broken most frequently by their pupils and encourage them by teaching, precept and inspiration to improve their habits.

"Since it has been discovered that tuberculosis is so often unsuspected and frequently the infection is passed on to children before a proper diagnosis has been made of the sick person, it is most important that children be taught early in life the facts that will help them 'build a better body,' so they will be able to withstand disease," states one worker.

One thousand posters on the subject of cleanliness have also been sent to all city and rural grade classrooms. The poster is a reproduction of a painting by Charles Livingston Bull, noted animal painter, and shows a mother bear giving one of her cubs an unwilling bath in a quiet wooded pool.

Odds and Ends Here and There

Gilbert Conant, of Lowell, was awarded a private pilot's license last week after an examination conducted by a representative of the department of commerce. Mr. Conant is a student at Pierson's Flying school, Grand Rapids.

A badly wrecked car resulted about 6 o'clock Sunday evening when a car driven by E. J. Whipple, of Greenville, collided with one driven by Carl Clark, of Ionia. The accident occurred near the Sunoco gas station on West Main street. It was stated at the scene of the accident that Whipple said he would pay the cost of the damages to the Clark car. There were no serious injuries.

The regular monthly W. R. C. dinner, served at the City hall last Thursday noon was attended by about 40 people and was much enjoyed. Singing by Morris Miller, readings by Merritt Sayles and patriotic songs contributed to a pleasant noon hour. Inspector Mrs. Ella Gordon, of Grand Rapids, was present.

Sir Thomas Lipton, fine old scadog and one of the world's greatest merchant princes, died Friday at the age of 81. He died without attaining the great objective of his life, on which he had spent huge sums from a fortune made primarily from tea, the winning of the America's cup. Instead he won the epithet "The World's Best Loser," and the affectionate admiration of millions on both sides of the Atlantic.

It is estimated that between 500,000 and 600,000 persons who are "moving" automobile drivers' licenses secured prior to January 1, 1925, must secure new licenses before Nov. 1, if they continue to drive their automobiles lawfully, according to department of state records.

The first of the fall hunting seasons opened Oct. 1. According to a bulletin published by the Department of Conservation the seasons opening October 1 are: Ducks, Geese, Brant, Gallinules, Rails, Jack Snipe, Coots, Entire state (season opens at 12 o'clock noon). The rabbit, fox squirrel and woodcock seasons for the lower peninsula will not open until Thursday, October 15, when hunting for pheasants, ruffed grouse and prairie chicken will be permitted.

Fineis Oilers Are Good Losers in Tournament Game

The fourteenth annual interstate baseball tournament that started July 12 with 24 teams from four different states ended Sunday with the Ramons of East Grand Rapids defeating the Fineis Oils of Lowell and Grand Rapids, 6 to 5, for the championship chiefly through a home run by Duke McCoy, with the bases full in the first inning. The losers made a game uphill fight and had two men on the bases in the ninth inning when the final out was made after coming within one run of tying the score.

To the winners went \$1,000 in cash, valuable wrist watches and baseball glory. The losers received \$500 in cash. Ledger want ads cost little, accomplish much.

JOHN POPE, Grandville, who will call the conference to order and who selected Lowell for the forthcoming meeting of Kent and Ottawa members of the Michigan Press Association, to be held October 16.

W.R.C. Convention Here Next Week

Plans have been completed for the sixth district convention of the W. R. C. which will be held in Lowell next week Wednesday and Thursday, Oct. 14 and 15. The evening of the 14th will be given over to the Campfire for the entertainment of the visitors and for the public in general. A program of music and reading will be given.

The Department president, Mrs. Ethel Wamble, of Detroit, with several other Department officers and comrades will be present, also the 6th district president, Mrs. Nora Hafey, of Lakeview, with officers and delegates from the ten cities of the district—Greenville, Grand Rapids, Muskegon, Lakeview, Engore, Whitehall, Hesperia, Rockford, Byron Center and Lowell.

Movement to Form Glider Club Here

A glider for training purposes has been on exhibition at the Ford garage for several days. Hollis Drew, Strand manager, would like to see a glider club formed here and several persons appear to be somewhat interested in such an organization.

The glider which has been shown here has a wing-spread of 34 feet, carries two passengers and can be bought for \$175, the manufacturer having passed into receiver's hands. The original price was \$255.

Mr. Drew has found a suitable flying field about three miles from town and would like to hear from anyone interested in forming a glider club.

Machines Here for Bean Plant

At the Board of Trade luncheon yesterday C. H. Runciman announced the arrival today from the General Electric Company of twenty-five of the newly invented electric bean picking machines. The generator has also arrived and is now in place. The new building to house the plant has been completed.

Remember When

(Contributed by Mrs. Mary Curts of Alto)

How many remember the old-fashioned tallow dip for lighting our homes with, made by putting a large button in a cloth tied loosely down to the button and cut off evenly at the top and placed in a saucer of tallow, then lighted with a shaving whittled from a board or paper rolled together in a long coil and lighted by drawing coals out on the hearth of a stove?

Who remembers the old-fashioned elevated oven stove which looked more like a kangaroo with its short legs in front and long legs in back?

Who remembers the old pounding barrel for our washing machine? The pounder was made by boring holes in a block of wood and a long broom stuck put in for a handle.

The soap we used was soft soap made by running water through ashes to make lye, which was boiled with meat scraps until they were dissolved, the contents then placed in a soap barrel which lasted a year. Soap making and house cleaning went together every spring.

Who remembers the old-fashioned salaratus or soda? It was made by burning coals on the hearth of a stove then using the white ashes for the salaratus.

Who remembers the hoop skirts, the slat sunbonnets, the pantalettes, the clay pipe, the old-fashioned snuff box, the barn-door pants, the dicker, the celluloid collar and cuffs?

The old-fashioned cravat, the home-made shaker bonnet, the lace cap worn by our grandmothers in the day time and white night caps for night.

Auto Repairing. Del. Thebo has opened a shop for general automobile repair work in the Charles Williamson shop on north Broadway, next to the municipal plant.

The Lowell Ledger and either the Michigan Farmer or the Ohio Farmer for \$2.25 the year.

Council Votes For New Engine

Municipal Plant to be Augmented by Deisel Engine of 600 Horsepower Capacity---Gives Village Dual Protection---Will be in Operation by the Holidays---Favorable Purchase Terms Secured By Village.

At a regular meeting of the village council held last Monday evening it was unanimously voted to purchase a Fairbanks-Morse 4-cylinder, 2 cycle 600 horse power diesel engine.

The action by the council was taken after several weeks of study and deliberation, during which time various makes and sizes of diesel engines were considered as well as propositions from the Consumers Power Co. for furnishing electric current on a three-year basis.

The engine decided upon is of smaller size than at first contemplated and will cost \$35,220. The necessary additional equipment including switchboard, day tank, removal of partitions and laying foundation in the plant located in the village, together with other necessary incidentals will bring the total cost to approximately \$50,000.

Pay From Plant Earnings. Under the purchase plan proposed by the Fairbanks-Morse Company the engine is to be paid for from plant earnings over a ten-year period.

The highest payment in any one year comes in 1934, when the payment will be \$5,675, including interest. The first payment does not become due until July 1, 1932, when the payment, including interest, will be about \$2,500. The 1933 payment will be right around \$5,500.

Beginning with 1935 the yearly payments will gradually decrease until they will be about \$2,700 at the close of the 10-year period.

Chairman Harry Day, of the finance committee, feels that the council has arranged the interest payments in a very satisfactory manner inasmuch as the interest is figured only on yearly payments, instead of on the whole unpaid balance. This method provides a more equal distribution of yearly interest payments. Mr. Day also calls attention to the fact that the highest payment of \$5,675, which comes in 1934 as above stated, is less than the minimum yearly cost proposed by the Consumers Power Company under their latest proposal.

Board of Trade President Would Postpone Engine Buy

Nearly forty were present at the Lowell Board of Trade luncheon served Wednesday at Christiansen's. Subjects of local interest were discussed, including the matter of the purchase of the new engine for the municipal plant, also the question of ordinances affecting licenses, etc.

Supl. F. J. McMahon stressed the necessity of new plant equipment and Chairman Harry Day, of the finance committee, told of the favorable purchase and terms.

President N. E. Borgerson reiterated the statement made by him at a previous luncheon in which he expressed the opinion that this was not the time to enter into the purchase of additional expensive equipment for the plant. In this connection Mr. Borgerson makes a statement and inasmuch as the Ledger holds that all citizens should have a right to be heard on matters affecting the general public, space is given to Mr. Borgerson's views, as follows:

Mr. Borgerson's Statement

I sincerely regret that the village council has decided that it is necessary, at this time, to purchase a new engine, an engine with equipment which will cost the people of Lowell no less than \$50,000. It has been my hope that this plant, that operates without the necessity of paying dividends or taxes would soon carry a large part of the village expenses so that taxes could be reduced or that the profits could be used to pave streets and make other village improvements which would give employment to men of Lowell during times of stress.

Such a program has been impossible, because this is the third time in ten years that it has been deemed necessary to make expensive improvements in our power plant, the last one only a year ago at a cost of between \$80,000 and \$90,000.

It is still my hope that the purchase of this engine can be delayed until a time when there are funds in the light and power account to at least make a sizable first payment.

I am a firm believer in continued municipal ownership for Lowell and would oppose to the utmost the disposal of our electric plant.

—N. E. BORGERSON.

Ledger want ads, bring the best results.

No Claim on Village

Under the purchase plan adopted by the council the engine in question is purchased without adding to the village indebtedness, the Fairbanks-Morse Company agreeing to accept payments only out of the net funds and earnings of the lighting plant of the village of Lowell, and agrees that said equipment shall be sold and delivered to the village of Lowell on a conditional sales contract.

In Operation by Holidays

Work in preparation for the installation of the new engine will be started at once and it is hoped to have the foundation completed in another month, after which the engine and equipment will be shipped and installed and made ready for use on or before the coming holiday season. This will protect the village in case of low water during the winter freezing period.

The new diesel engine of 600 h. p. capacity when combined with the old diesel engine of 300 h. p. capacity will give the village dual protection, providing more than sufficient power to carry the entire load of the village in case of complete shut down of the hydro electric plant.

It is to be regretted perhaps that it seemed necessary to purchase additional equipment at this time, but after due consideration of the subject from all angles and in further consideration of the desirable price, (which is \$8,000 less than former bids) and the generous purchase terms the council feels that it has acted for the best interests of the village.

The necessary papers involved in the purchase of the engine are now being prepared and by resolution adopted by the council the mayor and clerk have been authorized to sign on behalf of the village.

Oath Administered To Teachers Here

State-wide conditions to the contrary, teachers of the Lowell public schools are not guilty of committing misdemeanors insofar as adherence to a law enacted by the state legislature during its last session is concerned. Given immediate effect, the measure, signed by Governor Wilber M. Brucker last May, provides for the taking of an oath to uphold the constitution by all public school teachers.

Although inadvertently overlooked by the State Department of Public Instruction which neglected to advise local superintendents of its requirements, provisions of the law have been observed by every teacher in the Lowell schools.

Below is the oath required of all teachers as part of contract: "I do solemnly swear or affirm that I will support the constitution of the United States of America and the constitution of the state of Michigan and that I will faithfully discharge the duties of the office of teacher according to the best of my ability."

Genuine Heatrolas

Walter J. Kropf has an advertisement of the well-known Heatrolas in this issue. These stoves are on display at Mr. Kropf's store on west Main street. (p20)

Consistent and Regular ADVERTISING in the Lowell Ledger
—Backed up by good goods and interested service on the part of Lowell merchants, will do more for the enhancement of this town's well-being than any other plan or method that can be devised.

For Nearly 40 Years under both previous and present management, the Ledger has done its utmost to supply a community newspaper that would reflect credit upon its town.

The esteem in which this paper is held in more than 1200 homes in this community testifies to the fact that the management has been at least moderately successful in its endeavors.

With these facts in mind we urge upon the merchants of Lowell the great importance of a consistent, regular advertising campaign in the columns of this paper.

Pastor Welcomed

The people of the South Lowell church and community met at the home of Martin Schneider last Friday evening, October 2nd, and gave their pastor and his wife, Rev. and Mrs. C. A. Lohnes, a very hearty welcome to the church for the conference year, C. J. Place, of Grand Rapids, gave an address of welcome, which was responded to by the pastor. Then a musical and literary program was given after which refreshments were served.

Plans are being made for a Gospel Crusade to be held at the church starting Oct. 11th.

Repairs have been made on the church and a happy and prosperous year is anticipated.

Mrs. H. P. Goffredsen, of Riverside Drive, entertained at her home Thursday afternoon with a bridge party complementing her mother, Mrs. Elizabeth Forth, of Manistee. Four tables were played. Mrs. Norman Borgerson winning first prize and Mrs. Lawrence Rutherford, second prize. The guests were Mesdames D. G. Look, N. M. Henry, H. Peckham, C. Collar, E. R. Kniffin, T. Wykes, Wm. Hartman, P. J. Fineis, L. Rutherford, G. M. Parker, Yardley, F. E. White, R. T. Ford, N. Borgerson, R. G. Jefferies.

Mrs. George M. Parker entertained with a birthday dinner in honor of Mr. Parker at their home Sunday. Mrs. Herbert Freedland, of Hastings was a guest of honor, her birthday also being celebrated. Other guests were Miss Amy Hendley, Mrs. Blanche Segerstrom and two children, Harold and Thelma, and Mrs. Cooper, of Middleville, Dr. Peckham, and sister, Mrs. Godfrey, of Freepoot, and Miss Hazel Hoag and Glenn Barnes.

BIRTHS

Wednesday, October 7, 1931, to Mr. and Mrs. Paul Brown, a 10½ pound daughter, Dorothea Lucile. Miss Elva Thomas, nurse from Sheridan, is caring for mother and babe.

Chutz, and sister, Miss Blanche Chutz, of Grand Rapids, and their aunt, Miss Woolworth, of Highland Park, Miss Myrtle Taylor of Lowell. The dinner was in honor of Harrison Sherwood and Mrs. Smith's birthdays.

EPWORTH LEAGUE NOTES

There will be another of the bi-weekly social gatherings of the Epworth League in the M. E. church house, Tuesday, October 13. Among other things of interest the annual election of officers will take place. The time is 7:00. This enables the party to end earlier and this does not run counter to the wishes of the school authorities. We hope that all will come. A special invitation is again tendered the Freshmen in the high school as this is their first year in the league also. The rest are "old timers" in the game and as such are of course indispensable. All come and have a good time.

The regular Sunday night service at 7:00, with the county president present. This lad is very interesting. Let's all turn out. —(President.)

New Yorker Heads Legion Auxiliary

Mrs. Louise W. Williams, Tuckahoe, N. Y., succeeded Mrs. Robert Lincoln Hoyal as president of the American Legion Auxiliary at the election in Detroit. Mrs. Hoyal is seen placing the ribbon of office on her successor as the president's pages look on.

Parachute Might Be Handy

Edna May Cooper, noted flyer, was not the least bit afraid of being tossed by Cavaliers Bobby Vernon, Grand Champion Ayreshire, as she led the bull out to be photographed at the Los Angeles County Fair.

WEDDING

Mrs. Lillian Verke, Mr. and Mrs. John Holland and children, and Mrs. Harry McPharlin, of Grand Rapids, spent Wednesday evening at the Ferris Taylor home.

ON THE AIR

Inez Louise, little daughter of Mr. and Mrs. Earl Cole, broadcast last Thursday from Station WOOD. She will also be on this Thursday afternoon from the same station at 4:30 o'clock.

HAD LIVED IN THIS VICINITY OVER 70 YEARS

Frederic P. Pottruff was born June 17, 1851, near Hamilton, Canada, and passed away Sept. 9, 1931, in Grand Rapids. He was the last one of a family of nine children. At the age of six years he came with his parents to Lowell, Mich., and the greater part of his life since has been spent in or near Lowell.

Many years of his early life were spent in the ministry, but due to ill health in middle life he was obliged to give up his chosen work.

April 3, 1876, he was united in marriage to Matilda Godwin who preceded him in death March 9, 1918. To this union were born three sons and four daughters: Gertrude and Edwin, of Grand Rapids; Mrs. Art T. Condon, of Conklin; Ruby, who passed away in infancy; Mrs. Herman J. Hagson, of Ann Arbor; Clare, of Scranton, Pa., and Leon, of Cleveland, Ohio.

He is also survived by three grand-daughters, Reva and Lucile Condon and Betty Hagen and several nephews and nieces, besides a host of friends.

BEWARE

Smooth-worn tires skid on winter roads

Don't wait for accidents—get new rubber on every wheel now. New tires mean safety—you need them more right now than at any time in the year. It's a fact, good tires show almost no wear in cold wet weather—they'll still be "new" next spring.

STORY OF GOSPEL IN SONG

The Nazarene church was packed Wednesday evening to hear the colored minister and his wife bring the story of the gospel in song. All who attended enjoyed it very much and learned some good lessons.

The song "Telephoning to Heaven" brought out so many good thoughts.

No charges in telephoning to Heaven, if there were, maybe more would want to telephone.

Announcements

The annual meeting and election of officers of the Garden Lore club will be held Tuesday, Oct. 20, at 2:45 p. m., at the Congregational Parish House. Coffee, cream and sugar, buttered rolls will be furnished by the club. Each member to bring a dish to pass and their own service.
