Annual Tax Sale

The Day of the Handbill is Past

The handbill method is a relic of the old horse and buggy days. People can't read sales bills today as they drive along at a 30 to 40-mile clip.

The successful way to advertise an

is by publishing the list in full in a paper of KNOWN CIRCULATION

It costs much less and brings larger and better crowds.

Your list published in full in The Ledger will reach several THOUSAND more people—your results will be from \$100 to several hundred dollars more. These are veritable facts which can be proven. (If you have some particular use for a few bills we will print them for you from the newspaper adv. for practically nothing.)

> Run your auction sale adv. in The Lowell Ledger and you'll get bigger and better crowds than you possibly could by any other method. Call and see us for full particulars—it will pay you. Remember, the cost is less if you use The Ledger

HELLO, NEIGHBOR!

You never realize how much that simple, staunch greeting you hear so often means unless you go away and hear it not at all—"Hello, Neighbor"—you hear it on your way to work. It starts the day off right, gives you confidence, sends you forth with added zest, with fresh courage, and a new determination to remain worthy.

"Hello, Neighbor"---you hear it when you go to lunch. Somehow, it makes the food taste better, makes you forget your worries, makes you expand with a glow of inward satisfaction.

"Hello, Neighbor"---you're greeted as you journey homeward. And all the rancor leaves you, you catch that sense of well-being, your troubles and perplexities leave you, life seems truly sweet.

Things That Make Your Town Worth While

Development of Tourist Camp Close In. Landscaping and beautifying of river banks, one of our greatest opportunities for capitalizing one of our greatest natural assets.

Conservatively progressive in all things

'Tis strange how two such simple words can have come to mean so much. They do, though, because they catch and hold the entire essence of friendliness. One of life's greatest joys is the knowledge that the people around you wish you well, just as you wish them well. It takes a big load off your mind. And what applies thus generally, applies with specific and added force to your economic load, to your living costs, to what your dollar will bring for you.

Naturally you'll get the best deal from the men who greet you and whom you greet as "Hello, Neighbor."

"Almost a year ago," he said, "two young men came to me and asked me for the hands and hearts of my granddaughters. I asked them to go away for a year, and then return-and they have kept their wed. Before my granddaughters married I wanted to be sure that married I wanted to be sure that they could be self-supporting in case of adversity, so I quarreled with them and we parted.
