MANY NAMES ADDED TO THE LIST MENTIONED IN LAST WEEK'S LEDGER — MUCH CREDIT DUE GARDEN LORE CLUB.

Deserve Credit Our Editor in referring to the beautifying of home gardens in last week's Ledger hinted to the Garden Lore club to use their influence in that direction and we are all quite sure that organization has influenced many in Lowell to surround their homes with flowers, shrubs, pools and rockeries...

The Consumers Power Co. recently sponsored the planting of nearly a million walleye fry in waters in this vicinity. The large pond north of Lowell recently planted 300,000 of the fry, another 300,000 were planted about a half mile south of the Fallsburg bridge...

Those signing the petition are convinced that taxes on property should be limited to a point where it is possible to pay the assessments. The following chief reasons are given for supporting the proposed tax limitation amendment.

Valuable News

Again we call our readers' attention to the business news in this issue in our advertising columns. This is as much entitled to be called news, and is more valuable to our readers, than anything in our news columns.

Special Features For Our Readers

The Lindbergh Tragedy

The most shocking tragedy in American history since the assassination of President McKinley thirty-one years ago is the ruthless murder of the Lindbergh baby, by the fiends who stole the infant from its crib and, apparently, killed the little boy and hid his body in the woods when they found themselves pursued.

We can imagine no crime worse than this. Nothing could be more shocking, nothing could so move the hearts of the whole world to pity for the little one whose life had hardly begun, to fearful sympathy with his beloved young parents and to stern and righteous anger at the perpetrators of this foul deed.

To the gallant "Lone Eagle" and his no less heroic young wife, Anne, we can only say that we know that we speak for everyone of our readers in trying inadequately to express our heartfelt sympathy. We know they will bear up bravely, for both of them have proved they are of the stuff of which heroes are made.

But there is an aspect to this crime which touches not the Lindbergh family alone, but every one of us in these United States of America. This murder of a child is the crowning climax of the wave of lawlessness, of unpunished and reckless crime which has been sweeping over our country in a swelling flood since the war.

It is a simple statement of fact that the responsibility for the kidnaping and murder of the Lindbergh baby lies at the door of every citizen who has permitted, without protest, the criminal element to defy the law, to corrupt public officials charged with the enforcement of law, and to mock at the law-abiding. It lies at the door of every lawyer who has connived to obtain the acquittal of a known criminal.

No more terrific indictment of an entire nation can be drawn than our indictment by the rest of the civilized world, which today looks upon the United States of America as the paradise of the criminal and upon our people as the most cowardly and supine race, in the face of outrageous lawlessness, to be found upon the face of the globe.

We hope that out of the death of a little child may spring a flaming spirit which will fire the American people, not to vengeance but to relentless determination to set our house in order, to give known criminals no quarter, to bring before the bar of justice every one who has connived with criminals to evade and escape the law, and so to put our country back into the list of civilized nations.

We call upon our public authorities, from the President of the United States to the most remote town constable, to make the suppression of crime and lawlessness the chief aim of their office from now on, and we promise them that, in taking the most drastic means at their command to clean the cesspools of crime, they will have the hearty and unhesitating support of every good citizen.

We heartily approve and endorse the declaration by the President of the United States that this crime must be kept "a live and never-to-be-forgotten case, never to be relaxed until those criminals are implacably brought to justice." But it must not end there.

It will not suffice merely to find and to punish the murderers of little Charlie Lindbergh. The times, and the temper of the American people, demand that the pursuit of criminals and the extirpation of crime, of defiant criminals and of organized crime, shall never be relaxed until none shall dare to affront the majesty of the law and to drag the fair name of America into the dust.

There should be no plea for mercy in this case. "Inasmuch as ye have done it unto one of the least of these my children ye have done it unto Me." That is the stern denunciation of the Lindbergh murderers which has come down to us through the ages. And if, as a result of the indignant public feeling which this crime has aroused, there should be a restoration of our country to its historic state of law and order, then we may again quote from the same inspired and sacred source:

"And a little child shall lead them."

BASEBALL Plowing and Seed For Garden Growers

The Lowell town team will open the season in the newly-formed league with a game here with Ada on Sunday, May 29. The Lowell bank has promised to play for the opening game, we are informed.

Supervisor Lewis M. Yeiter of Lowell-Tp. has asked the Ledger to announce that all persons who desire to make gardens for growing vegetables for summer and next winter use, and who have not the means for hiring the plowing done or for buying the seed, that same will be furnished upon application to him.

This action will be of considerable assistance to those who find themselves out of work. Applications should be made now before it is too late to make gardens.

Mr. Yeiter also requests that those who have ground suitable for gardens and who wish to donate same for this worthy cause, to notify him at once so that the ground may be assigned to some worthy person.

Mr. Yeiter states that it is quite possible that the township may not be able to give assistance to those who do not provide for themselves this summer by growing vegetables for their needs the coming fall and winter.

SIX ADULTS AND THREE CHILDREN HURT IN WRECK

MRS. COLETTA CONDON, 74, SUFFERS SCALP WOUNDS AND INJURIES TO BOTH SHOULDERS — ZELLA RANSOM HEAD INJURIES.

Nine persons, six adults and three children, were involved in an automobile crash on M-21, about three miles east of Lowell, early Wednesday afternoon. The accident occurred when a car driven by a traveling man, George J. DeRan, of Tiffin, O., crashed into the rear of the car driven by Mrs. Will Converse of Keene Twp., as she was about to turn into the driveway at the James Baird residence.

Both cars were badly wrecked and the occupants more or less injured. Mrs. Converse, Mrs. Coletta Condon and Peggy Watson were taken to Blodgett hospital in a Roth & Brezina ambulance, where it was found that Mrs. Condon had sustained serious but not fatal injuries. One shoulder was fractured, the other scapular dislocated and a severe scalp wound necessitated the taking of several stitches.

Zella Ransom is still in the hospital. Mrs. Converse and the Watson girl were able to return home that evening.

Mr. DeRan and the two young men traveling with him were taken to Blodgett hospital by a passenger motorist, where Mr. DeRan is under observation. It is thought his injuries are not serious.

Mr. DeRan has been visiting Lowell for several years and is well known to the hardware trade.

Mrs. Edwin Ransom, mother of Zella, was in Hastings hospital at the time of the accident and later in the day gave birth to a girl baby. She has not as yet been informed of the accident.

DEMONSTRATION AT RECREATION PARK ON MAY 26

BY PHYSICAL EDUCATION DEPARTMENTS OF SCHOOLS—SENIOR PLAY, MAY 20—TRACK MEET JUNE 3—COMMENCEMENT JUNE 17.

Below we print a calendar of closing events for the schools. We would call the attention of the friends of the schools to some of the items of special interest.

Demonstration at Park May 26 The demonstration of the physical education departments at Recreation park on the evening of May 26 will undoubtedly provide the finest sort of entertainment for Lowell citizens. It is planned to show patrons of the schools just what is attempted in the physical education departments.

Miss Hoover and Mr. Finch are working over the time in getting the children in readiness for the event. Grade children and those in the High School will all take part. No attempt will be made to demonstrate the teaching of health and hygiene which subjects are also taught as part of the physical education program.

The program will be free to all and it is expected that the bleachers will be up to provide seats for over a thousand. The floodlights will provide a beautiful setting for the occasion. Citizens are urged to attend.

Senior Play May 20 The Senior play on Friday night will provide plenty of thrills and the crowd is promised an evening of fun. There is a charge for this event and the proceeds will be used by the Seniors for the Annual.

Track and Field Meet June 3 On June 3 the Kent County Field and Track Meet will be held here and the affair promises to be the most interesting of any held in recent years. East Grand Rapids, according to dope, should run off with the meet but Coach Finch promises to give them a surprise.

Lowell has had a monopoly on the county championship for years and everything will be done to repeat this year. Thus far Lowell has been defeated in three meets but several of the boys have been on the bench due to illness and it is expected that these lads will all be set by the time the county meet takes place.

The school calendar may be found in full on another page.

APPLICATION BLANKS AVAILABLE FOR EIGHTH GRADERS Any eighth grade graduate of a district school who desires to enter a High School may secure application blanks for payment of tuition from Supl. W. W. Gummer, who has received a supply of the form from the county school commissioner.

The law requires that such applications must be made on or before the fourth Monday in July. Proud Father—That flapper wife of mine just presented me with a ten-pound son. "Well, well—have a cigar!"

BALEFUL EFFECT OF PRIMARY
Another baleful threat resulting from the primary nominating system, now prevailing, is reported out of Washington. Those trying to engineer a true economy plan are being told that they fear no good result will be attained for the reason that party responsibility has almost completely fled from congress.

Those trying to formulate and pass what was termed an organized plan of national economy, wherein one provision will tie in with another, are finding such effort difficult because of various congressional blocs. The blocs are saying in effect, "Yes, we are for governmental economy, but our particular interest must not be endangered."

The blocs in congress, or the little groups, which have arisen in place of the party, are a manifestation of comparatively recent years. If one will pause to remember, the indications will be that the blocs in congress began to appear about the time the primary system of nominations got into full swing.

Under the party system, a congressman was nominated by his party. The party leaders and the party rank and file pretty much assumed responsibility for his candidacy. Generally speaking, the congressman failed or succeeded as his party failed or succeeded. Therefore he was responsible to it and worked with it. As a result there was a majority party in congress and a minority party. Blame or praise for what happened fell squarely on one party or the other.

That look how different matters are now. There is no organization at Washington on which responsibility may be placed. As the matter now stands, the individual congressman no longer looks to his party to pull him through. Instead, he realizes that he must do what he personally can to insure his own nomination. Instead of an longer being a party representative, he becomes merely an individual seeking in every way he can to curry favor and to get himself re-nominated and re-elected. So, there is much of necessity, a candidate under the primary system becomes all things to all men.

The old plan of public campaigning by public meetings has slipped, and instead of that system, by which every man was guided, the present candidate slips from individual to individual and from group to group. Is there any wonder there are blocs at Washington? Is it any wonder that hearing groups have supplanted party responsibility?

The growing danger is truly grave. Will citizens awake in time? Responsible representative government is at stake.—(Lansing State Journal).

Advertising is ordered from the screen in 600 theatres controlled by one film company. Thus comes a further method of advertisement that is being used by the masses of the people. The successful advertiser does not thrust his advertising on people who do not want it. Resentment does not offer a fertile field for the seed of an advertising message. Advertisements thrust upon the patrons of theatres have done the advertisers more damage than their messages did good.

FIGHTING THE FIRE RATE

The National Association of Credit Men has announced the initiation of a continuous fire prevention program for 1932. "Unrelenting vigilance" is the keynote and the Association's fire prevention committees in 137 cities are the nucleus of the drive. The goal is to cut the annual fire saving in half. The announcement says: "A saving of \$250,000,000 through elimination of half our annual fire waste means a gain close to a billion dollars for American business. When dollars and commodities are tied up through fire catastrophes they cannot work. The Association deserves national approval for its stand and it is to be hoped that its example will be followed by other organizations. The war against fire must be carried on without deviation. Sporadic, temporary campaigns count for little. It is a war that is being fought in the interest of every citizen, whether or not he is a property owner, and every citizen owes his assistance. There is nothing mysterious about fire prevention. Its fundamental tenet is common sense. Carelessness and ignorance have allowed annual fire losses to exceed one-half of our national production. Knowledge and vigilance can bring this down."

BEHIND A BOTTLE OF MILK
In discussing some outstanding farm problems, an authority on those subjects pointed promptly to the given work of the milk of the housewife finds on her doorstep each morning. Back of it are the broad green fields, the rolling hills, the shining homes and barns of the countryside. Back of it are the plowing thousands of men and women, and express trains and trucks speeding the milk to the city so it may be delivered in perfect condition. Back of it is the prosperity—or the failure—of whole communities of banks, farms, manufacturing businesses.

If that bottle of milk sells for a fair price, it means that taxes are met, mortgages are paid promptly, and the farmer has given work for wages. If it sells for an extremely low price—as is the case in many states at present—it means that mortgages are foreclosed, bills and taxes are unpaid, stores go into bankruptcy. Back of the bottle of milk, then, are frozen assets, hard-pressed or bankrupt country banks, sheriff's sales.

A good commodity cannot be produced at too low a price—whether that commodity be milk or wool or automobiles or furniture or clothing. That is the reason, in the case of the farmer, for cooperatives which, through mass action, give agriculture the bargaining power with which to maintain a fair price for what he has to sell. Every person interested in American prosperity will wish the cooperative movement all success.

While both parties are split down the middle by sectional and class conflicts, it is impossible to see how order can be restored in the House. The fundamental trouble is that both Republican and Democratic parties have their conservatives and their progressives. In a time like this it is hard for a party thus divided to enforce discipline. It is said that the best thing that could happen to the country would be the kind of realignment of parties that took place in 1896 when the silver men went generally over to the Democratic party and the gold men generally to the Republican party.

First to Qualify For Ionia Sheriff

First to qualify for any Ionia county office, Edward C. Good of Saranac Monday filed nominating petitions containing 243 names with County Clerk Dale K. Jepson for sheriff. Two others have signified similar intentions. They are Robert Kelley of Ionia and Lloyd Burger, Lyons township supervisor.

Henry T. Welch, Henry J. Cook and George R. Banagel have announced for the Democratic nomination.

Garden Lore Club

The Garden Lore club met at the home of Mrs. Clyde Collar Tuesday afternoon with Rev. S. B. Wenger, main speaker. His subject, "The Master Gardener and Builder," made a deep and lasting impression on the local lady gardeners.

Mrs. Wilbur Pennock gave an instructive talk on "Lawnns."

Mrs. L. E. Johnson read an article from a paper about "Narcissus." Mrs. Robert Hahn was in charge of the program.

A large bouquet was then placed on a table which held sixteen different flowers to be found in an old-fashioned garden and the group was given pencil and paper and asked to name them. Mrs. Margaret Stowell was the most successful one. Slips were then passed and each member drew a plant or shrub, the collection having been gathered by the members.

The next meeting of the club will be held Tuesday, May 31 at the home of Mrs. L. E. Johnson and there will be an outside speaker, Mrs. Kohler of Belmont. All who are interested in this line of endeavor are cordially invited to be present.

Social Events

Mr. and Mrs. Arthur Avery and two sons of Grand Rapids spent Sunday with his mother, Mrs. Helen Avery. They were joined for a birthday dinner by Mr. and Mrs. S. B. Avery in honor of the 83rd birthday anniversary of their mother.

The Greene Circle had a very enjoyable meeting in the Church House Thursday night. About forty members were present and nearly all took part in the Mother's program which consisted of games, recitations by Anna Rogers and Grace Dennis, a piano solo by Lella Dennis and reading by Miss Marion Brown. The program and refreshments which followed were in charge of Mrs. W. C. Rogers and her committee.

The social at the Charles Doyle home Friday afternoon was well attended and an enjoyable program was given. A group of piano solos by Virginia Doyle, a pianologue by Mrs. R. W. Merrill and Mrs. H. L. Weekes, "The Last Hymn," Jacqueline Day gave a piano number and responded to an encore. Gloria Doyle delighted with singing "Robin Dear" and "Apple Blossoms" accompanied on the piano by her mother. Mrs. O. J. Yelter gave in her usual happy manner, "Biddies Trials Among the Americans" and "Rufus and Sambo." Mrs. Doyle sang "Spring Song" and "A Brown Bird Singing" accompanied by Mrs. Weekes. After the program a delicious luncheon was served including two beautiful birthday cakes in honor of Mrs. Archie Velay and Mrs. Nellie Andrews who celebrated their joint birthdays on that day, Friday, May 13th.

Visitors at the home of Mr. and Mrs. Newton L. Coons last Thursday afternoon and evening from Grand Rapids were Mr. and Mrs. Joseph Reigling, Royal Reigling, Mrs. M. B. Godard, Mrs. Ella F. Surprise and Mrs. Hattie Bedell. The visitors brought full baskets of delicious food for a pot luck supper and the hosts contributed material for an old fashioned maple sugar-so-called "sugar off."

An enjoyable time was had by all and the party was invited to spend a week-end at the Reigling summer cottage at beautiful Spring Lake some time this summer.

AWARD IS VOTED TO MRS. MABEL KNAPP (Ledger, Feb 23, 1933)

Mrs. Mabel Knapp, widow of Deputy Charles Knapp of Lowell, murdered by Henry Marshall of Detroit following hold-up of the Lake dr. branch of the Grand Rapids Savings bank last summer, will be paid \$9 a week for a period of 300 weeks, together with \$100 for funeral expenses for her husband, by Kent County. The award has been determined by the state department of labor and industry.

Menso R. Bolt, assistant prosecutor, recommended to the board of supervisors that the county pay the award. The board voted the necessary funds.
