LONGEVITY OF NEWSPAPERS

FOR 50,000 consecutive days, exclusive of Sundays, the London Morning Post has never failed to appear since it was founded in 1772.

We know of nothing that is harder to kill than a good newspaper. We have had occasion to make a list of American newspapers more than one hundred years old and was amazed to find that there are nearly two hundred of them.

POWER—INSIDE THE EARTH

SOME DAY we will get a large part of our heat and power without using any fuel at all. In Italy more than 12,000 kilowatts of energy are generated by the heat obtained by drilling holes into volcanic mountains.

The late Sir Herbert Parsons, inventor of the steam turbine, worked out a plan for boring a hole for twenty miles or more into the hot interior of the earth and proved to the satisfaction of many engineers that it could be done.

BURNING UP FARM PROPERTY

THE farmer is one of the worst sufferers from fire. Perhaps the reason is that this fact more fully than the officials connected with the State Mutual Rodded Fire Insurance Company, who come in contact yearly with many thousands of Michigan farmers and know whereof they speak.

At first the only identification of the man so gruesomely injured in the first accident were the words, "Kokomo Slim," tattooed on one arm. On Monday George Clark of Newaygo came to the hospital and identified the man as his son, Howard Clark, age 23.

Surgeons removed the piece of wood from the injured man's throat and neck early Saturday morning. He rallied for a time, but later lapsed into unconsciousness, passing away about noon Monday. The father returned home Monday to make arrangements for the funeral.

Extinct Passengers

EVERY little while some sportsman or naturalist reports having seen a live passenger pigeon. On investigation, however, it always turns out that the bird was a mourning dove, which is a smaller bird.

One hundred years ago, in 1832, Alexander Wilson, a famous naturalist, saw at Frankfort, Kentucky, a flock of passenger pigeons a mile wide and so long that it took four hours to cross the town, flying at the rate of a mile a minute.

Pithy Points Picked Up and Patly Put By Our Peripatetic Pencil Pusher

A reader of the Ledger who undoubtedly understands the trials and tribulations and the occasional joys which fall to the lot of the country editor, sends in the following verse:

The editor stood at the pearly gate. His face was worn and old; He meekly asked of the man of fate

"Admission to the fold. 'What have you done?' St. Peter asked. 'To seek admission here?'"

"Oh, I ran a country printing plant On earth for many a year. The gate swung open sharply As Peter touched the bell."

"Come in," he said, "and take a harp. You've had enough of Hell."

Charles Abel met with a serious accident Sunday, when, as he was leaning against a door up stairs in his barn, it gave way and fell to the ground, fracturing several ribs and his shoulder blade. Dr. Alford was called to adjust the broken bones.

It won't be long now until Nature spreads a mantle of snow on our dust laden residential streets—then we won't need any calcium chloride.

Announcement is made that the Sherwin-Williams Paint Company has entered upon a million dollar advertising campaign and will also expend several million dollars in raw materials. Hartman's Drug Store right here in Lowell is taking a part in the campaign.

A new wildlife sanctuary in Kent County containing 115 acres was accepted by the Conservation Commission at its September meeting. The new sanctuary, located in Walker township, is made up of five continuous areas, varying from 11 to 40 acres and owned by Gordon Barber, C. M. Smith, Ezra A. Hebard, George Weaver and C. H. Dent.

The first of the new type respirator or mechanical lung to be put into use in W. Michigan was installed last week in Blodgett hospital and the first patient to receive treatment therein was Leonard Curtiss of McCormick, who was taken there by Dr. H. P. Gotfredsen of Lowell. The new invention is of special value in certain types of accidents, such as a broken neck, cases of paralysis involving respiratory organs, throat muscles, etc., or for resuscitating the drowned.

President W. V. Burras, and Secretary H. K. Fisk of the State Rodded Mutual Fire Insurance Co., have been in Columbus, Ohio, this week attending the annual meeting of the National Association of Mutual Insurance Companies.

The many friends of Miss Frances Sydman, former teacher at the East Ward school, will be glad to hear that she has received a fine promotion in Pontiac where she has been teaching since leaving Lowell. Miss Sydman's promotion was due to her excellent methods in teaching. Last year her room was the display laboratory for the rest of the primary teachers and she was given credit throughout the city for her novel ideas.

The Cedar Springs Clipper has been sold by Floyd Gibson, publisher for the past 12 years, to Nine E. Babcock and Grace E. Hamilton. The Ledger extends best wishes to the new proprietors and a cordial welcome to Kent County journalism. Field Mr. Gibson was one of the candidates for the Republican nomination for sheriff in the recent primary. He has not announced his future plans but his many friends wish him abundant success.

Coroner's Jury Fixes no Blame

George Sutton, 20-year-old Boston-Ip. youth, met his death Sept. 8 as result of a rear end automobile collision on US-16, was the terse verdict of a jury rendered Monday at Ionia at the conclusion of an inquest ordered by Coroner B. J. Boynton. The jury fixed no blame.

Prosecutor F. C. Miller, of Ionia County, who examined eight witnesses at the inquest, said he would review the testimony before deciding whether criminal action would be pressed against Ernest Heliman, 38, Detroit piston ring manufacturer, who drove the car which crashed into Sutton's machine.

Pancake Breakfast Starts Rally Day

Rally Day and Home-coming at Congregational church, Oct. 2nd. This interesting day will start off with a "Men's Pancake Breakfast" served by L. W. Rutherford at 8:30. All the community men are invited.

Supt. W. W. Gummer will speak. The Rally Day in the Sunday school will hold forth at 10:00 where a program will be given. Goals are set at 200 in attendance and a \$10.00 offering. Without a formal dismissal the "Home Coming" service will continue where home talent and outside speakers continue the spirit of the day and relieve for us the past.

CRASH ON 16 IS FATAL TO HOW'D. CLARK

MAN KNOWN AS "KOKOMO SLIM" IDENTIFIED BY FATHER AS HOWARD CLARK OF NEWAYGO—SECOND ACCIDENT GROWS OUT OF FIRST.

While hundreds were enjoying the fair and program at South Boston Grange hall last Friday evening a highway tragedy occurred about one-half mile east on US-16 in which one man was so seriously injured that he died later in Blodgett hospital.

A second accident grew out of the first and in all five persons were injured.

The first accident was caused when a sedan crashed into a platform truck which had stopped partly off the pavement for repairs. One of the occupants of the car, who has since been known as the "mystery man," was gruesomely injured, a stake 18 inches long, about two inches wide, and perhaps a half-inch thick, penetrating his face to the depth of several inches.

The injured man was at first thought to have been killed outright, but while awaiting the arrival of Ionia county officers he showed signs of life and was picked up by George Dunsmore of Lowell and started for Blodgett hospital.

Near Cascade, Dunsmore's car collided with truck driven by Orville Tuttle of Hastings, who was accompanied by his son and Doris Smith of Lake Odessa, all of whom were more or less injured. Dunsmore was thought to have sustained a fracture of the skull, but fortunately not, as he was able to leave the hospital Sunday.

At first the only identification of the man so gruesomely injured in the first accident were the words, "Kokomo Slim," tattooed on one arm. On Monday George Clark of Newaygo came to the hospital and identified the man as his son, Howard Clark, age 23.

Surgeons removed the piece of wood from the injured man's throat and neck early Saturday morning. He rallied for a time, but later lapsed into unconsciousness, passing away about noon Monday. The father returned home Monday to make arrangements for the funeral.

Reserves to Play Middleville Here

The Lowell Reserves will play Middleville's first team Friday night at 7:30 at Recreation park. The probable starting line-up for Lowell will be Rutherford and Wood at tackle; Riekner and Alexander at tackle; Green the Second and Eichhoff at guard; Kaiser at center and Lally, Maloney, Sherwood and M. Schwacha in the backfield. Others who will see plenty of action are Fenning, Christoff, Barrett, Van Deusen, Archart, Warren, Krayn, Haverick, Ellis, Reynolds, Housman, Heskitt, Veiter, Scott, Hawk, Schwacha and several others. The admission will be 10 and 15 cents.

Frank P. Hunter Passes at Age 79

Frank P. Hunter was born in Oakland Co., Mich., Jan. 3, 1853, and moved to Keene township with his parents at the age of 1 1/2 years. He departed this life Sept. 25, 1932 at the age of 79 years, 8 months and 22 days.

He was united in marriage to Clara Eva Welch of Keene township, Feb. 21, 1877. Three children were born to this union: Harley of Keene, Vine of Lowell and Jesse of Keene. He was one of ten children born to Chas. G. and Jane Hunter. One brother, Albert C., of Mt. Clemens, survives.

Mrs. Hunter departed this life March 30, 1920, and on March 5, 1930, Mr. Hunter was united in marriage to Mrs. Eva Allen of Lowell, who survives him. Besides the widow, three sons, four grand children, three great grand children are left to mourn their loss. For more than 74 years Mr. Hunter lived in Keene following his honorable vocation of farming, and since his last marriage he has lived in Lowell. He was an honorary member of the Keene Grange.

Funeral services were conducted at the late home Tuesday, the Rev. S. B. Wenger, officiating in interment in Pinkney cemetery. Arrangements by Roth & Brezina.

A. is bringing his leaders.

All men and women interested in small town and rural life are cordially invited. The cost is \$1.50 in money or in produce. Provisions are made for women. The camp is located on Barlow lake, 9 miles south of Caledonia.

MAPES SOUNDS KEYNOTE WITH HOPEFUL NOTE

REPUBLICANS OF KENT COUNTY MET IN CONVENTION LAST THURSDAY AT GRAND RAPIDS, CHOSE 57 DELEGATES TO THE STATE CONVENTION TO BE HELD IN DETROIT TODAY, (THURSDAY) AND ADOPTED RESOLUTIONS IN SUPPORT OF THE NATIONAL AND STATE COUNTY TICKETS.

Robert S. Armour presided as chairman of the convention and Mrs. James Doran was secretary. Cong. Carl E. Mapes was called upon to address the convention. Mr. Mapes said in part:

"It seems to me that every Republican should be proud to go out and defend the record of Herbert Hoover and the Republican party during the last four years," said Mr. Mapes. "We have not been able to prevent a worldwide depression, but our party has done more to lessen the effects of that depression than any country on the face of the globe."

Mr. Mapes quoted a nationally famous special writer for a Washington newspaper, Frederick William Wile, accredited with being an impartial observer, as saying that Herbert Hoover has an almost inexpressible contempt for tricks of the political trade and that if he were of the type of Theodore Roosevelt or Woodrow Wilson he would have at his finger tips the best material in the world for all the political thunder he wanted.

"Mr. Wile wrote," said Mr. Mapes, "that no administration in the world has done more for government in the whole world, can point to such a magnificent program for the welfare of the people as Mr. Hoover's."

"Our economic conditions are better than those of any other people in the world. Think of the orderly process of government that we have had during these troublesome years."

Denies No Cruel Facts "There isn't another country in the world that has gone through the last few devastating years in the orderly way the United States has. President Hoover recently pointed out that three quarters of the other nations of the world have been in the throes of internal upheavals of some kind or other in the last few years; that some have resorted to revolutions, others to dictatorship. In contrast we have found this country going along on an even keel."

"I am not denying that something is wrong when 10,000,000 men are looking for work and can't find it, and it's our job to remedy it. I do not see any universal panacea for these conditions. But in the face of these conditions we must remember that our party is not responsible for the conditions that have arisen. Mr. Hoover has recommended more constructive things in this crisis than anyone in or out of government. His great ability, resourcefulness and high character are such that we Republicans should go forth and re-elect him to the presidency."

Floyd H. Skinner, young Grand Rapids attorney, told the delegates he saw the greatest victory for the party this fall that it had ever had. Mrs. Nellie McPherson of Vergennes and R. G. Jefferies of Lowell were called upon and made brief remarks.

The State convention are the following names for this section of the county: N. E. Borgerson, R. G. Jefferies, Clayton Davis, Charles Feenstra, Wm. F. Eardley, Irving Dintelman and M. B. McPherson.

Legion Plans Welfare Work

At a regular meeting of the Charles W. Clark Post held in the City hall Monday night, B. A. McQueen was installed as commander. In announcing the program for the coming year the new commander stated that every effort would be made to make the post one of the largest and strongest in Lowell has ever had. He also stated that on account of conditions the most important problem facing the post is welfare work and he urged every member to take an active part in this work. The work will not be confined to members of the Legion, but will include the families of every needy veteran.

Dr. Stryker was elected welfare officer for the year and he reported that the post now has on hand a quantity of Red Cross flour and in a short time will have a supply of cotton goods, including underwear, shirts, overalls.

The following heads of committees were appointed: Membership, C. W. Cook; Firing squad, T. A. Gazzella; flowers, G. E. Hatch; Boy Scouts, D. G. Cook; colors, J. G. Hatch and F. D. Smith.

The Lowell post will host to all Legion and Auxiliary members of the 5th District at a banquet in the City hall on Oct. 29th. About 300 men and women from Kent and Ottawa counties are expected to attend.

Kaye Don's Bride

Kaye Don, English speed king in auto and boat, surprised American friends by marrying Miss Eileen Martin, of Greenwich, Conn., the week before sailing home. Mrs. Don is to soon join her husband in Europe.

Dicken's Son Retires

Sir Henry F. Dickens, only surviving son of Charles Dickens, after serving 15 years as judge in Old Bailey criminal court in London, announced his retirement at 84.

Local Man Heads State-wide Group

M. N. Henry of Lowell has been appointed as chairman for the State of Michigan of the Hoover-Curtis Retail Drug Trade Committee. This committee is one of a large number of similar committees being organized among the various business, professional, trade and agricultural groups in every state who believe it is highly important to the best interests of the country that the Republican National ticket be re-elected.

Bright Outlook For Woman's Club

The Lowell Woman's club began its fiscal year Wednesday of this week with a "Get Together Day" comprising attendance of active and associate members, honorary members and the Junior Lowell Woman's club. Mrs. W. E. Hall was chairman, assisted by Mrs. M. Stowell, Mrs. C. O. Lawrence and Mrs. J. H. Rittenberger.

The year promises to be of universal interest and value to those engaged in club work, the president, Mrs. Howard Bartlett, and the Year Book committee having prepared an unique series of programs to be given on each alternate Wednesday, as follows: Oct. 12—Home and Community. Oct. 26—Books. Nov. 9—Peace. Nov. 23—Music. Dec. 7—Address, Rev. R. W. Merrill. Dec. 21—Open Day for Mothers.

Jan. 25—Address, "The Ideal Citizen," Rev. S. B. Wenger. Feb. 8—"Something Different." Feb. 22—Home Ownership. March 8—Health, Home and Happiness. March 22—Youth. April 5—Annual meeting (special program). April 19—President's Day (luncheon).

The club now has 45 active members and three associate. The Junior club has a membership of twenty-five.

Captures Beasts With Bare Hands

Next Sunday and Monday at the Strand theatre Mr. Frank Buck will show us how to capture jungle beasts with bare hands; he will show us a 30-foot python at death grips with a Royal Bengal tiger, a man-eating cat entering a native village, the capture of the rarest of reptiles, the monitor lizard, and the supreme thrill—a battle to the finish between a tiger and a black panther. His picture, "Bring 'Em Back Alive" is the record of his latest adventure in the Malay jungle; it is authentic, thrilling beyond belief; it actually happened and it will hold you motionless as the killers of the animal world wage their merciless warfare. You will well not miss this picture of "nature in the raw" at the Strand Sunday and Monday.

Bank at Holland Robbed This Morn.

The National Bank of Holland, Mich., was robbed this morning, (Thursday), at about 9:30 o'clock, of between \$10,000 and \$12,000. The Buick car bearing license No. 41763, was occupied by five men who after the robbery headed south and were trailed by an airplane toward Hastings, but later it was reported one bandit was shot near Allegan. They had also changed to a black Auburn car and it is said to be carrying a machine gun.

COMING EVENTS

The Wesley Bible class of the M. E. church will hold an important business meeting in the church parlors at 8 o'clock Thursday evening. A good attendance is urged.

The "Annual" public supper Tuesday Oct. 4th at the Methodist Church House will serve from 5 o'clock until all are served. Please remember the date.

Friday evening, Sept. 30, will be given a lecture under the auspices of the Ladies' Aid society by H. Perschbacher. His subject being proper food and manner of serving. A demonstration of food products will follow the lecture, all of which will absolutely be without price. The only proviso being an attendance of twenty-five couples which will net us \$10.00.

The Euodian class will meet in the dining room of the Church House, Friday, Sept. 30th, a pot luck supper. Bring your sandwiches and one other dish. Every one is welcome.

Sink Announces His Candidacy

Charles A. Sink, who failed to win the nomination for Lieutenant-Governor, has made public correspondence which has passed between him and his successful opponent Luren D. Dickinson, as follows:

CHARLES A. SINK

"Honorable Luren D. Dickinson, Charlotte, Michigan

"I congratulate you upon your re-nomination for Lieutenant-Governor. You have had a long and honorable career as a statesman, and it is a credit to you and the people of Michigan that your long and valuable service is still remembered and recognized so effectively. Cordial greetings and best wishes.

(Signed) Charles A. Sink."

"Honorable Charles A. Sink, Ann Arbor, Michigan

"My Dear Senator:

"I deeply appreciate that telegram more than any of the other congratulations that I have received. I told Mrs. Dickinson that was just like Charlie. I want to congratulate you on the thorough, able and clean campaign that you conducted. I have not heard a criticism.

Respectfully,

(Signed) L. D. Dickinson."

Mr. Sink, who has made many friends through his hard clean campaign, also announces that he will again be a candidate two years hence.

Beet Sugar Passes Tests

Even Chemists Can Find No Reason For Discrimination Against Home Grown Product.

Chemists and specialists in nutrition at Michigan State College are unable to understand where the mistaken idea originated that a difference exists between cane and beet sugar either chemically or in actual use.

Experimental work in canning, preserve making, and in preparation of jellies shows that the edibles prepared with beet sugar and those in which cane sugar were used were identical in appearance, in taste, and in keeping qualities.

Chemical tests are unable to differentiate between beet and cane sugar, and the two are identical in appearance when properly refined.

These statements should help the market for the product of the 14,000 Michigan farmers who are growing sugar beets this year. This crop will produce approximately 300,000,000 pounds of sugar but this amount is only three-fifths of the total sugar used by Michigan residents each year.

Michigan sugar factories and Michigan farmers who have produced the crop in previous years have passed through discouraging seasons. Cooperative effort by the two groups have permitted the opening of additional plants and the production of an increased acreage of beets this year.

The continuation of plant operation and the production of this cash crop will depend upon future markets. The use of Michigan sugar in Michigan homes will aid the marketing of the product.

SECOND POWER PLANT DEMONSTRATES VALUE

Telephone Service Maintained as City Electricity Fails

For nine hours not long ago the city of Austin, Tex., observed what might be termed an "electric powerless day." Only the telephone, the street railway company, and the University of Texas were immune—and that because each possesses an emergency power plant.

Affected Nearly Every Business and Every Individual

It all happened because all to the amount of some five tons or more had found its way into the intake wells from which water is taken to operate the cooling system for the turbo-generators at the local power plant. The big generators overheated and had to be shut down until the silt could be removed from the wells. This put the power and light system of the city out of business and also affected almost every individual in Austin.

Householders could not get their vacuum cleaning done, the ironing had to be left unrolled, radios were silent, electric refrigeration refused to refrigerate even one tiny cube of ice. Bakers and their mixers were idle, butchers couldn't grind hamburgers, and even the barbers had to discard their electric clippers for the hand clippers of an earlier age.

Emergency Equipment Tested and Maintained in Working Order

It is for just such emergencies as this that the telephone companies maintain their own emergency equipment, tested regularly and kept in good working order. Which was fortunate for Austin. For as soon as the power went off, nearly everyone had the same idea at the same instant, which was to call up the power company to tell them their lights wouldn't light. Having done so, their next impulse was to call up their friends and neighbors to see if they were in the same plight. Telephone traffic peaked up far above normal.

The accident occurred about 10 o'clock in the morning, and service was not resumed until 7 o'clock in the evening, while in the residential district the service could not be restored until about 11:30 P. M.

Statistics Refute "Weaker Sex" Idea

Washington.—The "weaker sex" idea has been overthrown, officially.

Public health records show that:

Girls have a lower mortality rate at birth and during childhood.

They begin to walk at six weeks to two months before their supposedly stronger brothers.

They begin to talk from two to three months earlier in life than the boys.

Women can stand more pain than men.

The statistics came from numerous searches and hospital tests recorded in the health service and census files.
