

GOING SOME

EVER SINCE Mr. Runciman told us that he spent over two hundred miles an hour in an ordinary passenger plane on his recent return from Denver we have become more interested in this mode of transportation.

SOME of those well versed in international affairs are advising our leaders at Washington to recognize Russia.

IN talking with a public official of one of our Michigan cities we learned that certain members of the commission on this municipality are busy trying to borrow \$500,000 from the government for some civic improvement.

IT APPEARS now that the last vestige of the Eighteenth Amendment will be washed away before the towers of the late fall will have turned into snow.

INVOLVED in the re-organization of the industrial system is the problem of learning what to do with the leisure time. Educators have been "harping" on this matter for years and every effort has been made in the schools to show the children how they should spend their idle hours.

REPUBLICANS of Kent County and vicinity are planning a gigantic, old-fashioned picnic to be held at Johnson Park near Grandville, on Saturday, September 9.

ANTHROPOLOGISTS tell us that our ancestors lived up on this earth over twenty million years ago. Astronomers tell us that our earth is "spec" in comparison with the number and size of the known stars and planets.

Katherine Perry Quits as Teacher

Resigns After Forty-Four Years of Service, On Recommendation of Physician

MISS KATHERINE PERRY (Cut, Courtesy of G. R. Herald.)

Following her physician's orders, Miss Katherine Perry has tendered her resignation to the Board of Education after forty-four years of service as a teacher in the Lowell schools. The prominent lawyer, The people drafted her services as a member of the School Board and he served in this capacity for many years.

During her term as teacher here Miss Perry has witnessed many other changes. She has seen the strap come and go. Methods have been altered many times and although not agreeing with all of the changes she subscribed to most of them.

It was in 1863 that M. M. Perry, a graduate of Hillsdale College, came to Lowell to take charge of the schools. During the same year Lenora Sinclair came to Lowell as a teacher. It was not long before teacher and superintendent became good friends and in 1864 they were married.

"Bob" Starkey is very thankful that he is alive. Cut, and badly shaken up, after a twenty-one foot fall from his car, the cattle-run just north of Madigan's, he is indeed fortunate to be able to tell his story.

THE MICHIGAN MUTUAL WINDSTORM INS. CO. OF HASTINGS ESTABLISHES RECORD

LOWELL PUBLIC LIBRARY

For ten years the Lowell Public Library has been pleased to extend a free service to outside patrons—now—because of increased budget an ever increasing attendance we find it necessary to make the small annual charge of 50c to patrons outside of school district No. 1.

More About the Old Landmark

In writing the story about the razing of the old livery barn last week, we were unable to find out who had erected the original structure. Since that time we have learned that the man was none other than Mrs. J. B. Merriman's father, Samuel E. Sweetland.

Trout Season to Close Labor Day

Many enthusiastic fishermen will head away to the north over the week-end to have one more fling at the trout before the season closes at midnight on Monday, September 4.

Wheat Day Sept. 1, An Opportunity to Sign Contracts

Friday, September 1st, has been set by the committee in charge of the reduction of wheat acreage in Kent County as Sign Up Day. In every township some one will assist the wheat growers of that section in making out their application blanks.

Each farmer will bring in the application blanks that have been sent to him, and also the following information: 1. Wheat acreage and production for the years 1930-1931 or 1932.

District Organization Meetings

On Friday evening of this week, September 1st, will be held the district organization meetings at which time those who have signed the wheat applications will meet in their respective districts and elect a district committee, the chairman of which will be a member of the Board of Directors of the Kent County Wheat Production Control Association and two other members.

Coming Events

Class of 1925, of Lowell High school will hold a reunion Sunday, September 3rd at Fallsburg Park with pot luck dinner at noon, bring sandwiches for family and service. The Committee.

The Keene Good Will club will meet Wednesday afternoon, September 6th, at the home of Mrs. Will Booth, instead of Mrs. James as before announced.

Every one attending dinner day of W. R. C., September 7th, is requested to bring some article, which can be sold. We feel sure Auctioneer Thomas is longing to sell everything, whether vegetables, clothing or what not. Don't forget to bring something.

BRIDGE CORRECTION

We are always glad to have folks "put us right" on stories appearing in The Ledger. In our write-up about the Fallsburg Bridge last week we stated that the warning signs were originals. Authentic information has come to us that the originals were replaced by J. R. Lynn in 1897. He was the son of George Lynn. The duplicates, however, were copies of the originals. The warning about exceeding the speed limit was to prevent damage to the bridge by vibration, rather than to prevent danger from speed.

William Schneider Auto Wreck Victim

HE AND COMPANION INSTANTLY KILLED AT RAILROAD CROSSING SOUTH OF GRAND RAPIDS.

In the twinkling of an eye, the lives of William Schneider and Ralph Winchester, a friend with whom he was riding were snuffed out late Friday night when a speeding Pennsylvania train crashed into them as they were crossing the tracks in a Chevrolet car on Beals road just south of Grand Rapids.

News a Shock

William paid some of his many friends in Lowell a call just a few days ago and his sudden demise came as a distinct shock. He and Mrs. Schneider belonged to Lowell and they always occupied prominent places in the life of the community.

Sterken Contracts To Carry U.S. Mail

In competing for the contract to carry the mail from the trains to the post-office, Mr. O. Sterken was the low bidder. Beginning September 1, he will be working for Uncle Sam. Mr. Sterken will replace Mr. Harry Waters, who has had the job for the past ten years. Mr. Waters wishes it known that he will continue to carry freight and express.

Auxiliary Unit Gained Distinction

We are glad to note that the local unit of the Legion Auxiliary took a prominent part in the 13th annual convention of the State Department held in conjunction with the American Legion convention in Grand Rapids. The local unit received a National Citation for having over one hundred per cent of their membership for the preceding year. It also received a Citation because of its participation in the Aerial Round-up.

Mrs. Gofredsen, Department President, as usual conducted the meetings very successfully. Mrs. Don Niles of the local unit was department color bearer throughout the convention and served on the resolutions committee. She was also assistant secretary of the joint poppy committee.

Old Favorites

Number Three A LITTLE SHIP A little ship was on the sea; It sailed along so pleasantly. And all was calm and bright—When, lo! a storm began to rise. The winds grew loud and strong. It blew the clouds across the sky.

Number Four MARY OF THE WILD MOOR It was on one cold winter's night As the wind blew across the wild moor, When Mary came wandering home with her babe, Till she came to her father's door: "Oh, father! dear father!" she cried.

Number Five Where once I was happy and free! But now doomed to roam, without friends or home, And no one to take pity on me? The old man was deaf to her cries. Not a sound of her voice reached his ear— But the watch dog did howl, and the village bell tolled, And the wind blew across the wild moor.

Number Six The old man in grief pined away, And the child to his mother went soon. And no one, they say, has lived there to this day, And the cottage to ruin has gone. The villagers point out the spot Where the willows droop over the door. Saying, "There Mary died, once a gay village bride. By the wind that blew across the wild moor."

Number Seven This song was one of those requested in a recent issue. It was presented by Mrs. Dena Hanson. Mrs. Agnes L. Hoffman, also, was kind enough to submit a copy of the same song. We express our appreciation to both of these ladies.

Number Eight "How did that bank teller come to get such a terrible cold?" "All the drafts in the bank go through his window."

WOMEN TO MEET FRIDAY AT CITY HALL AT 3 P. M. TO ORGANIZE—CANVASS IS TO BE MADE SOON.

Following instructions from Washington, a mass meeting was held at the city hall Wednesday night for the purpose of selecting a committee to conduct the N. R. A. drive in this community. Similar meetings have been held in every city, village and hamlet, V. E. Ashley, president of the village, and B. E. Springett, president of the Board of Trade called the meeting. R. Van Dyke was selected as the general chairman and N. E. Borgerson was chosen as secretary. The gentlemen were authorized to select an advisory committee and they appointed C. Cook, R. E. Springett, H. Briggs and W. Doyle. Mr. Van Dyke proceeded to explain the importance of the movement and called upon the citizens to co-operate in every way with President Roosevelt's plans. Mr. Springett stated that in order to co-operate, citizens should patronize those who display the Blue Eagle. He said, however, that business men and employers should be given a reasonable time to qualify for the Blue Eagle before the public should show any animosity toward those who do not have the Emblem. Several citizens here have not found it possible to qualify because their particular codes have not yet been adopted. It is expected that all such difficulties will be ironed out in a few days.

Women to Meet Friday

The women are asked to meet at the City Hall Friday afternoon at 3 o'clock to select a co-chairman and a committee to work with the men chosen at Wednesday night's meeting. The details for the canvass will be worked out at a joint meeting of both committees.

Garden Lore Club

Mrs. M. H. Sheffield of Grand Rapids, spoke to the Lowell Garden Lore Club, Tuesday afternoon at the home of Mrs. Thomas Wykes, on the "Importance of Fall Planting and Gardening." A few of the most important things to do, beginning in September, are to reset the peonies, irises, and make ready for the spring garden. Now is the most opportune time to make a lawn, start your rock garden, fertilize the ground for gardens, take care of summer bulbs, and plan for your annual garden. There was much more interesting information given, and many questions answered of great importance to gardeners. The roll call was responded to by memories of their garden, some were pleasant, some were grave warnings. The President, Mrs. Borgerson then read a "Garden Creed."

As a member of a Garden Club should try to: 1. Make a plan for my garden and follow it. 2. Add annually some new variety, either shrub, bulb, or perennial. 3. Obtain and use a garden note book. 4. Take my note book and several pencils to garden lectures, to reset the peonies, irises, and other gardens. 5. Order bulbs, seeds, and plant material in plenty of time. 6. Learn the proper time for dividing and transplanting perennials and do the work at the proper time. 7. Attempt a garden no larger than can be well cultivated. 8. Preserve garden catalogues and study them. 9. Subscribe to one or more garden magazines and read them. 10. Keep my garden tools sharp, free from rust, and put them away when not in use. 11. Exhibit my flowers at shows and do my share of the work connected with them. 12. Share garden bloom with the afflicted and my knowledge and experience with other gardeners. By Romaine R. Ware, Ore.

The committee for the day were Mrs. Thomas Wykes, Mrs. Lewis Yeiter, Mrs. Clarence Myers. The club adjourned to meet September 11th, at the home of Mrs. P. C. Peckham.

SHOW BOAT FOR \$20.00

Attention—Bill Delaney: "The famed Mississippi River show boat, the Colton Blossom, will again perpetuate the 'melter drammer' of other days. The once proud show boat whose calliope and gilded actors and actresses drew large crowds wherever she was moored, went on the auction block in a United States marshal's sale here and passed into the hands of a new owner for the paltry sum of \$20.00 (Detroit Free Press). The commander of the Legion here, will in all probability, be limited to \$20.00 for a skiff next summer."

By order of the Village council the time for paying the Village taxes have been extended during the month of September. Wm. C. Hartman, City Treasurer.

Governor Still Has Time To Keep Platform Pledge

Gov. Comstock has 18 Months Remaining in Which to Institute Promised Economy. Extravagance Did Not Begin With Governor Comstock, Neither Has It Ended With The New Administration, Says V. J. Brown In Final Article.

BY VERNON J. BROWN

Probably there has never been a time in the history of Michigan when the average individual citizen is more disturbed than at the present moment. Generally it is said we have entered upon a new era in business and industry. It is but short time ago when the cry of the nation was for government to get out of business. There was revolution against bureaucracy. There was a tremendous war against public expense. Today business has yielded itself almost entirely without an apparent resistance to governmental control. Never in the history of Michigan has public money been spent with so lavish a hand.

In this respect Michigan is marching along with the parade. A year ago Michigan was a very political platform was a very political platform was a very political platform.

May Still Redden Pledge Governor William A. Comstock still has ample opportunity to redeem his pledges to the people of Michigan. He has not only time but he still has nearly a year to go before the expiration of his term.

Michigan is ruled by an oligarchy of spenders who have their ears attuned and their eyes focused upon certain blocs and minorities who have learned to make themselves heard and seen. The taxpayer will never receive his deserved recognition until he makes his power a virile, careful portion of election issues. Public waste will never be swept aside from which he fattens at public feet.

Killing Rate
"Farmers frequently find it profitable to take a day off and kill the rats which infest his granaries. And by this means he insults to those who have no state. The simile is employed never to point out that the taxpayers can never hope to keep the meat barrel filled as long as the rats are there."

Reductions Fought
The attorney general is supposed to know the law and it is not the province of a newspaper editor to argue that points of a former governor save to that reduction even in the middle of a budget biennium and after their appropriations have been passed.

may draw at will. Those charged with the administration of public affairs have continued for long periods in an atmosphere of confusion and compromise, with minority groups seeking minor advantages to the detriment of the whole. That reader, is the history of the future? Shall it be a repetition of the old or a new era? We do not believe in the future of the future. We believe in the future of the present. Rev. Wenger had thirty-six in his group on the World's Fair tour last week. Members of the group report a real sight-seeing trip. All responsibility shifts to Rev. Wenger when they leave Lowell and are taken to Chicago to and from the Fair grounds, lodging, a ride down town on the elevated railway, through some of the big stores, Art Conservatory, Fields Museum, also through Armour's Packing house, Garfield Park Conservatory, Lincoln Park and Shedd Aquarium, which are all very interesting, besides attending the Fair three days. Each day the Fair grounds were entered at different places, giving them a chance to cover the grounds without walking too far each day. Rev. Wenger deserves much credit for the manner in which he handles these groups as it makes a very inexpensive trip to the World's Fair.

Rev. and Mrs. Wenger and the latter's two sisters, Mary Ellen and Cema Landis and Kent Wenger are vacationing this week at Manistee.

Katherine Perry Quits As Teacher

(Continued from First Page)

A Power for Good

In her program of centering her attention on the child in an effort to develop desirable traits of character, Miss Perry constantly placed before the children a motto of her coinage which read, "Do Right; Control Yourself; Work Quietly." There are many who will never forget these words and certain it is that the lives of many have been affected because of them. Miss Perry can resign in the knowledge that her work has been well done; she can always rest assured that her influence for good has been powerful and wide-spread; she leaves in the knowledge that her memory will linger in the hearts and minds of hundreds of folks for years to come. Miss Perry, Lowell salutes you and congratulates you on the service you have rendered. May yours be a speedy and complete recovery so that you may again resume your duties as a teacher in our schools.

Side Lights

Miss Perry will remain at home where she will rest her eyes. Miss Martha tells us that from now on there will be two housekeepers in the household.

When asked what gave her the most satisfaction during all these years we were told, "It pleases me to know that some of my children have achieved success in the business and professional world, but my greatest pleasure comes from the realization that most of the children have become desirable citizens."

This makes the sixth resignation of the Board of Education has received since last September. Five of them have resulted in marriages.

Just out of High School 44 years ago Miss Perry received \$320.00 for the school year. In 1933 many school boards glory in the fact that they can hire college graduates for \$250.00. In some cases this action on the part of school boards is necessary, but in some instances boards are taking advantage of the times. During the past 44 years living expenses have more than trebled and so called luxuries have become necessities.

Miss Perry is applying to the Retirement Fund Board for a pension.

In speaking of the changes in teaching geography Miss Perry called our attention to a text book which was in use just before she went to school. The title of the text is "Physical Geography" and was printed in 1861. This book we were told was the basal text. In discussing Michigan the author used two pages and it is in poetical form. We quote in part:

Southeast the State of Michigan, in sight
Of her dark waters, is the town
Monroe.

Where River Raisin murmurs in its flow
And Ypsilanti on the railway keeps
In Washtenaw, where Huron River sweeps."

Thus we see what is meant by place geography.

Before the present superintendent happened on the scene, the average length of service rendered by the head of the school system was less than three years.

If we would all "Control Ourselves," this would be a much happier world in which to live. If we would all "Do Right" there would be no need for law. If we would all "Work Quietly" as Miss Perry has done without waiting for the plaudits of the crowd, we would all have more regard for each other.

FLOYD E. DOHERTY DIES

Our good friend, Floyd Doherty of Reed City has succumbed to a heart attack. We knew Floyd very intimately up at Clare and we are grieved to hear of his passing. Floyd was owner of the Hotel Osceola at Reed City, purchasing the place a few years ago. He was well known throughout the state. His father was A. J. Doherty, a former power in state Republican ranks.

NEW CHRISTMAS TREE LAW

Act. No. 124 of the Public Acts of 1933, known as the Perry Act, requires that persons cutting, removing or transporting within this state Christmas trees, evergreen boughs or other wild trees, shrubs or vines, shall obtain the written consent of the owner of the land from which the plants or plant parts are taken. The consent shall contain the legal description of the land, as well as the name of the legal owner thereof, and failure to exhibit such written consent to enforcement officers shall be prima facie evidence that no such consent was obtained. The regulations heretofore in force only apply to evergreen trees with the roots attached. Any and all persons interested should obtain full information as to the detailed requirements of this new law.

CHARLES LAYER PROMOTED

Charles Layer, a former citizen here, has again received a promotion. We are glad to know that the former deputy will be an assistant to Fred Weber, who is Bertillon officer in the Grand Rapids police department. Layer has two federal Bertillon courses, and he is an expert marksman.

With FULL CENTER TRACTION, 20% thicker non-skid tread, and stouter Super-twist Cord body, it turns in more miles, more blowout protection, more safety, than you could get from any tire costing four times as much a few years ago... Now is certainly the time to replace worn, dangerous tires with Pathfinders all around. No one can guarantee how long today's still low prices can last. We have your size.
