

1934 Showboat Days Are August 2, 3, 4

Previous Efforts to be Outdone In this Year's Production

A couple of weeks ago the Ledger ran a first page news article headed "A Bigger and Better Showboat for 1934." Activities that are now under way by the various committees indicate beyond question that Lowell's great annual event will exceed previous efforts in every particular. The committee heads are holding meetings at least once each week at which plans are talked and laid and every detail carefully worked out.

Robert Starkey, who is chairman of the committee having in charge the erection of the Showboat, will incorporate some original ideas in this year's boat. For one thing the boat will be built more strongly than ever and will carry safely a total of 150 persons, including the cast, the crew, the band and the crew. The boat's lighting effects and the decorations this year will also be on a grander scale than before. Another new feature this year will be the installation of a calliope, which will add to the real circus effect.

Another improvement will be in the boat's location for the performance which will be four or five rods further north on Lafayette-st. than last year. There are no buildings at this point to interfere with the seating arrangements which will be a great advantage. Chairman Wm. Delaney of the seating committee states that seating capacity this year will be augmented by the addition of at least 125 folding bleacher seats, making a total seating capacity of 4,000.

Chairman Frank McMahon of the lighting committee is laying plans for the erection of an artistic arch at the show grounds

entrance at the intersection of Main and Lafayette streets. Mrs. David Cox, chairman of the music, singing and chorus committee, announces that she is having splendid cooperation from her committee and that the community's best talent is cheerfully responding and will cooperate to the fullest extent in the musical features of the show.

D. MacDuffee, Dr. J. R. Stryker and W. J. Kropf will put to bluish the reputations of Sinclair and Maxwell House Coffee Minstrels. The gentlemen are compiling the cream of the country's jokes, gibes and puns, the points of which will be brought out by interloper Runciman with the skill of a professional.

Ed. Reynolds, R. E. Springett and Dr. J. K. Allard report splendid progress in the new B. of T. band organization and when "Showboat 1934" comes sailing majestically down the Flat, the strains of the old band will reverberate through the hills and valleys for miles and miles around.

Yes, we are going to have a bigger and better Showboat for 1934. General Chairman W. V. Burras and his assistant, R. Van Dyke, are on the job all the while, receiving full cooperation from all who are to participate in Lowell's great annual event.

There will be interesting attractions during each day of the Showboat, arrangements for which are being made by T. A. Gazella, P. J. Fineis, J. E. Bannan, A. H. Stormzand and Bruce McQueen. In fact it's going to be a pretty good time for everybody who ever lived in the Old Home Town to plan to be back on Showboat days, Thursday, Friday and Saturday, August 2, 3 and 4.

State Rodded Co. Making Big Gains

The month of May was the biggest month in both volume of business and new members for the State Mutual Rodded Fire Insurance Company of Flint. The month of April also exceeded all previous records for new business up to that time. This is a splendid showing and speaks eloquently of the confidence in which this company is held throughout the state but also for its capable management under the direction of its president, W. V. Burras, of Lowell, its secretary, H. K. Fisk of Flint, treasurer C. G. Watterson of Grand Rapids and the company's directors.

The following persons represent the State Rodded in this vicinity: D. A. Wingeier, Harry Day, R. E. Springett and Grant Warner, Lowell; John J. Wetterson, Cascade.

125 Attend L.H.S. Alumni Banquet

The 1934 banquet and reunion of the Lowell High School Alumni Association, held in the central building last Thursday evening, was a most enjoyable occasion. The attendance numbered 125 persons, many of the graduates of former years coming from other points to be present.

Coch R. W. Finch was introduced as toastmaster by Robert McMahon; Harry J. Fuller of Grand Rapids, president of the association, gave a resume of the association's business matters; Mrs. Albert Roth of Detroit gave a pleasing solo; Jack Bergin, representing the Class of 1934, gave a toast to the Alumni, concluding with an expression of the high esteem in which Mr. Finch was held by all of the students and presenting him with a scroll upon which were engraved the names of all the boys who had participated in athletic activities under his capable direction; F. F. Coons read letters from Alumni members who were unable to be present; Gerald White of Grand Rapids gave a toast to the Alumni; Rep. D. G. Look, who was to speak upon the subject, "Early Graduation," was unable to be present because of illness. Supl. W. W. Gumsir rendered a solo and led in community singing. The invocation was asked by the Rev. R. W. Merrill and the benediction was announced by the Rev. Fr. Jewell. Mrs. Elizabeth Lalley was chairman of the program committee.

The officers elected for the ensuing year were as follows: President, William Kerekes; vice president, Lee Lampkin; second vice president, Warner Roth; secretary, Mrs. Clara McGary; treasurer, Miss Evelyn Veiter. A vote of thanks was given to the retiring officers.

The banquet was served by ladies of the Congregational church. Among those from out of town who made reservations for the banquet were Mrs. Albert Roth, George Gulliford and wife and Mr. and Mrs. Harry Sisson of Detroit; Harriette Blakeslee Lewis of Benton Harbor; Mrs. Louise Murphy Briggs of St. Joseph; Dr. John Hapeman and wife and Miles Grant and wife of Lansing; Mrs. A. G. Peckham, Dr. and Mrs. R. R. Baseball

Dixie Stars defeated Beverly, 10 to 8 and Ionia Reformatory nine, 5 to 3 Sunday in games at Lowell.

In the game with Beverly, the Dixies bunched their hits to score 5 runs in the first three frames.

Beverly came back strong and tied the score in the sixth but the Dixies scored 4 runs in their half to clinch victory. Both Howard of the Dixies and Kuhn and Theil of the Beverlys were pounded hard.

The Dixies scored two runs in the eighth and ninth to defeat the Ionia prisoners. McCall held the losers to 4 hits. Bert and Henderson pitched for the prison team. Olen and Carnecki hit homers while Farmer made 3 hits.

Juniors Trim Coopersville Playing "heads-up" ball Saturday the local Junior Legion baseball team trimmed the Coopersville aggregation 4-2. It was difficult to believe that the same team was in the field as the one which has represented Lowell heretofore. The boys gave Miller, who was on the mound, splendid support in the pinches and they seemed to know what it was all about. If the boys continue to show improvement they might go places in the race. Miller hurled nine, struck out four and walked no one. Monkowski who cavorted in center field made several catches which seemed destined for hits. The next game in Lowell will be with Sparta on July 4. In the meantime the team travels to Crispus-Alics, Carl Johnson, California, Gostcock Park.

Bating Averages The averages for the five league games are as follows: J. Fonger .500, R. Ellis .400, Bieri .250, Miller .250, Kerekes .200, Cordtz .166, Goffredsen .100, Monkowski .085, Reynolds .077, Thorne .060, LaSanki .060, M. Fonger .060, and Jones, G. Ellis and Phelps have had no times at bat.

Home Acres Down All-Stars The Lowell All Stars were defeated by the Home Acres team of Grand Rapids 3-2 in a game played at Grand Rapids Monday evening. The winners bunched all their hits in the fifth inning. Stryker and McMahon gave up but two hits during the game. The local team will play the boys from Home Acres at the Lowell Recreation Park next Monday evening, June 25.

Cubs Win, 11-3 The Fallasburg Cubs defeated the Northeastern Giants last Sunday at Recreation Park, 11-3. The Cubs are scheduled to play at Fallasburg Park again this Sunday.

CLASS OF 1934 RANKS UP WITH PREDECESSORS

FORTY-SIX MEMBERS RECEIVE DIPLOMAS IN COLORFUL EXERCISES AT CITY HALL LAST FRIDAY EVENING—"NEW DEAL" THEME OF ADDRESS.

Members of the Class of 1934 of Lowell High School are now on the roadway to become men and women of tomorrow. In brief but interesting commencement exercises held at the Lowell City hall last Friday evening diplomas were granted to the following forty-six graduates; the presentation being made by V. E. Ashley, a member of the school board:

Betty Ann Althaus, Estella V. Anderson, Gladys L. Armstrong, Maryann Virginia Ashley, Raymond Earl Barrett, John R. Bergin, Jesse Biggs, Albert Blaser, Fred C. Bowen, William A. Boyton, William C. Clark, Ruth Ellen Converse, Lottie Marie Dawson, Thomas L. Doyle, Harry B. Eckhoff, Gladys Mae Granstra, Donald R. Harby, Raymond J. Hoag, Lavina Joyce DeMoulle, Joseph O. Havik, Charles E. Houseman, Dora May Hruschka, Keith Kinyon, Harold F. Jefferies, Helen Virginia Johnson, Maxine Elizabeth Kerr, Kenneth A. Keiser, Keith Jone, Jeannetta Kiste, Marian F. Lind, Earl Maloney, Ferris E. Miller, Eileen Peters, Fred W. Miller, Robert E. Rowland, Jane K. Runciman, Morse Schwacha, Giles M. Sinclair, Orpha M. Stauffer, Katherine B. Steed, Evelyn Allene Utter, Eleanor J. VandenHout, John A. Weldon, Edwin G. Wittenbach, Robert Ward, Betty E. Brannon.

The Class of 1934 probably possessed the best intellectual capacity and achieved the highest grades of any class ever graduated from Lowell high school.

Some members of the class are planning to go to college and it appears that representatives will be at Central State Teachers College, Junior College, Michigan State, Olivet, University of Michigan, and Houghton College of Mines. Several have applied for scholarships. Harry Eckhoff has already received one of the College of Mines. Others are planning work in various kinds of business and agriculture.

Other features of the commencement program included the presentation of the Legion Honor Cap Award to Harry Eckhoff by Fred W. J. Smith. This cap was given to the school by the local American Legion post in order to bring the Legion and the school closer together. Each year the name of the most outstanding student is engraved on the cap.

The awarding is based upon 50 per cent leadership, 25 per cent scholarship and 25 per cent citizenship. Runners-up for this award were William Clark, Giles Sinclair, Maryann Ashley and Gladys Armstrong.

The Legion honor medal, which is presented to the outstanding citizen in the eighth grade by the American Legion on the basis of honor, courage, scholarship, leadership and service was awarded George Cook by W. J. Smith. Mac Fonger was a close second.

The Auxiliary medal was presented to Dorothy Jean Goul by Mrs. H. P. Goffredsen. Runners-up were Beth Burdick, Virginia Hosley and Jane Seyforth. This medal is awarded on the basis of courage, companionship, character, service and scholarship.

Principal W. J. Smith awarded certificates for athletic ability to William Clark, Jack Bergin, Kenneth Keiser, Charles Houseman and Morse Schwacha. These certificates come from the National Athletic Organization and awarding is based upon participation in two minor sports or one major sport and every mark.

Harry Eckhoff, president of the senior class, presented the Spade to Kathryn Schneider, president of the junior class. The Spade is a symbol of "digging in" and contains the ribbons of each year's graduating class.

The theme of the program was "The New Deal" and this was carried out in all of the speeches; Salutory, Katherine Steed; Dora Hruschka, "New Deals in Education;" Giles Sinclair, "New Ideas;" Valdeictories, Maryann Ashley, Gladys Armstrong. Each address was a thoughtful presentation of the subject in hand, clearly and effectively given, reflecting great credit not only upon themselves but also upon each and every member of the faculty who has guided their progress during the four years in high school. Miss Mabel Hall presided at the piano during the exercises. The Senior Girls chorus sang several selections and Supl. W. W. Gumsir rendered a solo, "The Builder" by Cadman. The invocation and benediction were given by the Rev. S. B. Wenger.

Retirement of Dexter G. Look Is Regretted

The following letter was received on Monday by the editor of The Ledger from Hon. Don VanderWerp, a colleague in the State Legislature of Hon. Dexter G. Look of Lowell. Although the letter is a personal one to the editor we are pleased to make it public as it shows the esteem in which our fellow townsman is held by others:

Fremont, Mich., June 15, 1934. R. G. Jefferies, Lowell, Michigan Dear Jeff:

I note with considerable regret the contemplated retirement from the legislature of Dexter Look. I believe there are few people, even in your legislative district, who realize what a contribution your district has made to honest and stable government in Michigan by repeatedly sending Mr. Look to Lansing. The thought has come to me several times since reading Dec's decision to retire that if all of Michigan's legislators were on the same plane of ability, mentality and integrity as the Lowell representative there would be no question about honest government, efficient government and economical government.

There are all too few dependable legislators in Lansing. There are too many who want to "chisel in" or play to the "gang." This disposition makes government inefficient and expensive. Of course, in the last analysis the people are to blame because they pay too little attention to the qualifications of the men who seek to represent them in the House or Senate at Lansing.

I just couldn't refrain from writing these few lines to you. Respectfully yours, Don VanderWerp.

Big Bargain Day Here On Saturday

The general satisfaction with which Lowell's first Dollar Day was received on May 19 and the quite general request on the part of many satisfied patrons for the repetition of such an event has been the means of inducing Lowell merchants to respond, with the result that a second Dollar Day will be held here this week Saturday, June 23.

In preparation for this big bargain sale day nearly all of the stores will show bright, new, up-to-date merchandise at genuine money-saving prices. The good values will embrace every line of merchandise; clothing, dry goods, shoes, groceries, meats, furniture, hardware, builders' supplies and many other lines and articles too numerous to mention. We can simply sum it up with the urge that it will pay anyone living within a radius of twenty miles of Lowell to come here to do their shopping. The event is a real friendship gesture on the part of Lowell stores.

"Dollar Day" is simply another term for genuine bargain day and, as stated above, includes all lines of merchandise at prices ranging from a few cents to many dollars in value.

Tickets with each purchase of fifty cents or more will be given away on Dollar Day the same as any other day. These tickets are given with each fifty cent purchase and multiple thereof by most of the stores and are good at the cash drawings held in Lowell every Wednesday night at nine o'clock, at which time cash prizes totaling \$15,000 are given away. The stores are open on Wednesday evenings for the accommodation of patrons and a free open air band concert is given on the street from 8:00 to 9:00 o'clock. Be sure to be in Lowell with your tickets when your number is called.

Former Hotel Man Critically Injured

Mr. Vry was taken to Butterworth hospital and Mrs. Vry was taken to St. Marys.

The son is said to have lost control of the car when a tire blew out.

Thirteen Persons At May TB Clinic

Thirteen people in Lowell and vicinity thought enough of their health during May to attend the free chest clinic which was conducted by the Anti-tuberculosis Society in City Hall. One case of advanced tuberculosis was found and immediately sent to Sunshine Sanatorium. Members of the family and those children who had been in close contact with this patient were immediately examined and x-rayed by the tuberculosis society or referred to their family doctor. Such cases are examined as a matter of prevention because all knowledge of tuberculosis shows that the germs sown in the bodies of children usually cause the greatest damage in early adult life. Five other family contact cases were examined and one case of childhood tuberculosis was found. Christmas Seal funds made this clinic possible.

HISTORY—AND LAWS

THE KEY to the future lies in the study of the past. If you want to know whether this, that or the other scheme for saving mankind from the consequences of its own folly will work, read history.

From time immemorial people have had a belief in the magic of laws. Lawyers can make "prop" good, or so they believe. The prohibition laws were going to make everybody temperate.

Two thousand and more years ago the Greek philosopher Plato wrote: "How charming people are! Are they not as good as a play? Trying their hands at legislation and imagining that by reforms they will make an end to the dishonesties and rascalities of mankind!"

Solon the Wise said much the same thing; so did Saint Paul. Today, as in the past, it is impossible to legislate avarice, selfishness and greed out of the human race.

PLANS—ALWAYS SELFISH

MEN OF imagination have tried their hands from the earliest days at working out plans for the Perfect State, in which everybody would be happy and contented. Plato, Francis Bacon, Sir Thomas More, Edward Bellamy and many others have written fascinating books telling how a planned economy would operate.

None of them ever worked, because all of these schemes have been based on the idea that the mass of humanity is imbued with elemental justice and wants everybody to have a square deal. The fact is that few of us care whether the other fellow gets a square deal or not. If we get what we want, whether squarely or otherwise, the other fellow can have what he left, provided someone else doesn't get in first.

NATURE—STEPS IN

THE TROUBLE with all human planning is that there are always incalculable factors which may upset all the plans. Nobody can ever be sure that he has taken all of them into account.

For example, the plans of the AAA for a reduction of wheat and corn acreage were all very well—if anyone could have taken the weather into account. But Nature stepped in and did one grand wholesale effort what the Government was trying to do with the cooperation of millions of farmers. The drought in the Northwest cut down production and sent prices up more speedily and more effectively than any human plan could possibly have done it.

The main trouble in getting plans for the benefit of humanity to work, however, is that you never can get everybody to agree to travel in the same direction at the same speed. That can only be done by force. In private business the force is the threat of loss of employment if one doesn't do team-work. Government can

What Actually Happens When You "Step on the Gas"

You may be surprised to learn that your car does not burn gasoline. Instead—it burns a powerful "gas" or vapor, made up of gasoline—and several thousand times as much air!

In one split-second, your car has to take a "breath" of air, mix it with gasoline vapor, and feed it to the cylinders.

Obviously, it's important that your gasoline be a good mixer with air—all kinds of air. Because the condition of the air changes constantly—hot to cool, dry to damp—with every little daily change in the weather. When the gasoline fails to mix properly, you get poor starting, loss of power, sluggish pick-up, "cranky" operation from your car.

WHY MORE "GAS" PER GALLON

The makers of Mobilgas avoid this with Climatic Control, which means that Mobilgas mixes better with all kinds of air.

"Is the Universe, including Man, Evolved by Atomic Forces?"
Among the Bible citations in this passage (Amos 4:13): "For, I say, that I firmly believe the mountains, and create the wind, and declareth unto man what is his thought, that maketh the morning darkness, and treadeth upon the high places of the earth. The Lord, The God of Hosts, is His Name."

Correlative passages to be read from the Christian Science text-book include the following: (1) "That the great First Cause must become material, and afterwards must either return to Mind, or go down into dust and nothingness.
