SCHOOL DAYS BEGIN AGAIN

Only a few days now and school will open. All over the United States thirty million children will flock back to the public schools...

Thirty million youngsters, getting ready to take the places of as many older in a few years. That is as many people as there are in all Poland...

We hear of subversive teaching creeping into some of the public schools in some of the big cities. We do not think that is true in the small towns and the rural districts...

Most important of all is that our public schools should give the children as much as they can absorb of knowledge of how the world of grown-ups gets a living and manages its affairs...

THE CAPITALIST SYSTEM

We hear a great deal about "capitalists" as if they were a small handful of people who were fattening at the expense of the rest of us...

Everybody who has a dollar not in use or an interest in any kind of wealth in any tangible form, is to some extent a capitalist. There are, for example, ten million individual stockholders in the 9,000 corporations...

Twenty-five million persons have life insurance policies on which they have paid premiums. Eleven million Americans own shares in building and loan associations...

Of course, those groups overlap; one man or woman may belong to most of them. But the total of capitalists certainly runs into many millions...

It is the people in those groups who pay the taxes for the operation of the Federal, State and local governments of the United States. When we hear loose talk about "overthrowing the capitalist system" in this country...

THE GOVERNMENT HAS BEEN pouring out relief funds for two years. There has been an emergency and it was imperative that relief be given millions of people...

But the public relief has been abused, and it is high time that men and women for their own future welfare take stock of their situation. We do not want to have our people become improvident and shiftless dependents...

Relief workers report that it is difficult or even impossible to induce some persons who are asking for public relief to go to the exertion of planting a garden or canning vegetables or fruits...

There are families in this county where the mother in the household is ill and who has not the strength or the equipment with which to can the vegetables. She and her family must be given food that has been prepared for them...

But according to reports there are men and women who have the physical strength to plant and care for gardens and the produce from them who simply neglect to do so through shiftlessness...

The greatest recovery program that could be launched in this country would be to arouse the latent spark of pride in self-support. It is demoralizing to have thousands of people in this state maintained by public charity...

Transportation will be furnished on Primary Election day to those unable to get to the polls because of physical inability. Call Republican headquarters Phone 30.

Is your son still pursuing his studies at college? Yes, but he doesn't seem able to catch up with them.

A Question a Week—Number 7 Will you do your duty as an American citizen by attending the Primary next Tuesday and voting for your choice of the best men to be nominated by your party for the coming November election?

FORTY-SECOND YEAR

LOWELL, MICHIGAN, THURSDAY, SEPT. 6, 1934

NO. 16

Good Year Assured For Lowell Schools

Competent Staff of Instructors—Central Building in Excellent Condition—Increase in Enrollment Expected.

Everything is in readiness for the reopening of school in Lowell on Monday. Pencils, books, papers and work will replace fiducials, skates, camping and play for the children...

The teachers will meet at 8:15 Monday to draw up plans for the year and at 9:00 all the children in the first nine grades will gather for instructions. All the "irregular" students and those who are entering Lowell High School for the first time...

With exception of about 25 children who will attend the South Ward school, all the children of this district will be centralized in the Central Building. The plan worked so well last year for the mutual benefit of both the children and the district...

The building and equipment are in a fine state of repair, due to the CWA project and to the excellent work of the janitors who have been on the job during the summer months. The addition to the site voted by the taxpayers last spring will soon be made ready as a playground...

In going over the records it was found that the average tenure of teachers in Lowell is much longer than the average tenure of teachers in other places. And in many respects this is very desirable...

George H. Force, 83 Dies in California. Word has been received here of the death on August 30 of George H. Force of Brentwood Heights, Calif., a former well-known Lowell business man...

Fitzgerald's Record Should Elect Him. Fitzgerald, who has served two terms as Secretary of State, is seeking election on a progressive platform, which demands reform of many of the major problems facing Michigan today...

Mabel Scott Clay Dies in Gd. Rapids. Mrs. F. E. Clay, a former well-known Lowell girl, passed away last Saturday at her home in Grand Rapids.

Notice to Voters. Transportation will be furnished on Primary Election day to those unable to get to the polls because of physical inability. Call Republican headquarters Phone 30.

Democratic Candidates. U. S. Senator—Frank A. Picard, Alva Gammill, Claude S. Carney, Ray D. Schneider, U. S. Congressman, 5th district—Russell J. Boyle, John H. Haven, Thomas H. McAllister, Leland L. Galt, Frederick E. Stiles, Mrs. Josephine Bowersox, Peter J. Danhof.

Republican Candidates. Probably everyone knows that Arthur H. Vandenberg is the only candidate for the republican nomination for U. S. Senator, and that Carl E. Mapes and Charles W. Williams are the candidates for congressional nomination in this district...

Home Candidate

RUDOLPH VAN DYKE

When the Democrats of this community go to the polls next Tuesday they will have the opportunity of voting for the nomination of a fellow citizen as their party candidate for the office of representative in the state legislature from the second district of Kent County, as the name of Rudolph VanDyke will be found on their party ballot for that office.

Mr. VanDyke was born in Bowne-twp. and has spent his entire life in this community. He was for many years engaged in the mercantile business in Lowell until his retirement about two years ago. He is now serving as president of the New State Savings Bank.

The Ledger ventures the assertion that if the dominant party had had more members of the character and ability of Mr. VanDyke the story of the past two years would have been much different than it has been. The democratic party does credit to itself in choosing men of the VanDyke stamp.

Edward C. Walker Passes at Age 67. Edward C. Walker, 67, a resident of Lowell for the past twenty-nine years, passed away Saturday, Sept. 1, after a long illness.

Mr. Walker was born near Waterford, Ontario, Can., March 4, 1867, the son of Ralph and Celestine Walker. He was the last of a family of nine children, three boys and six girls.

On August 30, 1890, Mr. Walker was united in marriage to Harriet Dods, also of Boston township, and to this union one daughter, Ruby, was born. She died about eighteen years ago, leaving her little daughter, Audrey Chase, to fill her place in the hearts and home of the grandparents.

Surviving are the widow, the granddaughter, more than thirty nieces and nephews, several brothers-in-law and sisters-in-law and a host of friends.

Funeral services were held on Tuesday afternoon at the late home, Rev. W. Merrill officiating. Funeral arrangements by Roth & Brezina. Interment in Oakwood cemetery.

1500 Merrymakers At Village Picnic. Upwards of 1500 people gathered at Fallasburg Park on Fall River last Thursday afternoon to take part in Lowell's first annual Village picnic.

The Democrats Open Camp Headquarters. The Democrats have opened up a Democratic Headquarters in the Condon Building on West Main Street near the Strand theatre.

The Lowell Democrat Club will hold a special meeting Friday evening, Sept. 7, at 8 o'clock, in the Condon building on West Main Street near the Strand theatre.

Hon. Frank A. Picard will be the principal speaker at a Democratic rally to be held this Thursday evening at the Casino, Ramona Park. Dancing and other entertainment will be free to all Democrats and their friends.

Ben Wepman announces that his store will be closed next Monday and Tuesday on account of the Jewish New Year's observance. Mr. Wepman and members of his family will attend services at the synagogue in Grand Rapids.

KING MILLING COMPANY ADDS STORAGE TANKS

GRAIN CAPACITY TO BE INCREASED UPWARDS OF 35,000 BUSHELS—TANKS WILL TOWER TO A HEIGHT OF 105 FEET—TO BE FINISHED IN 30 DAYS

The King Milling Company began construction this week on an improvement which will mean much to Lowell as a wheat center. The improvement in question consists of the construction of two concrete tanks for the storage of wheat, which, when completed, will have a capacity of from 35,000 to 40,000 bushels of grain.

These two storage tanks will each measure 18 feet in diameter and will extend into the air to a height of 90 feet. The head housing at the top of the tanks will add another 15 feet, making a total height of 105 feet from the ground.

The tanks are being constructed on the west side of the flour mill and adjacent to the Pere Marquette siding. There are already three bins as the space in the western half of the housing, which connects the two tanks, provides additional space for the storing of grain.

The tanks are being constructed on the west side of the flour mill and adjacent to the Pere Marquette siding. There are already three bins as the space in the western half of the housing, which connects the two tanks, provides additional space for the storing of grain.

What is termed by cement contractors as "continuous construction" will be employed in the building of the tanks; that is, the pouring of the concrete is being done in a continuous manner, 24 hours a day until the work is finished.

The elevator to be used for conveying the grain into the tanks will be operated by electric power. In manufacturing the grain into flour it will be possible to convey about three-fourths of the capacity of the tanks into the mill by means of gravity feed.

In conversation with The Ledger, Mr. William C. Doyle, treasurer of the King Milling Co., said: "Our purpose in building these tanks is to provide additional storage capacity in order that wheat farmers of this section will not need to be turned away because of lack of space when they bring in their grain."

The contract for the construction of the tanks was let to the Burrill Engineering Construction Company of Chicago. O. W. Holmberg is the superintendent in charge of the work.

It will doubtless be of interest to state that when the storage tanks are completed, government regulations require that a red light be carried on the top as a means of protection for airplanes flying at night.

Present last Thursday afternoon when ground was broken for the construction of the new tanks, were Jake Mattern and John Callier, both of whom began service in the local flour mill more than half a century ago and both of whom are still on the job.

The annual meeting of the Peckham Group will be held at the home of Mrs. M. Houseman on Friday, Sept. 7th.

Frank D. Fitzgerald, candidate for the Republican nomination for governor, will make a radio address on Friday evening, Sept. 7, at 9 o'clock over Station WJRB. His talk will be of interest to every voter of Michigan.

"Murder at the Vanities," which combines, for the first time, a brilliant musical show and a murder mystery, comes on Thursday, Friday and Saturday to the Strand theatre.

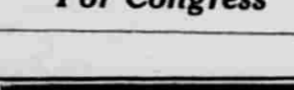

The film opens with the premiere of an elaborate musical show. While girls are dancing and singing, a mysterious murder takes place. Victor McLaglen, detective pal of Jack O'Keefe, the theatre's press agent, is called and he is no sooner in the theatre than a second and more mysterious murder is committed.

The musical show is permitted to proceed, and the film audience sees, out-front, all of the production numbers, while, backstage, the mystery is solved by the final curtain.

For Congress

CARL E. MAPES For Congress, 5th District

If there is any one man in Congress who has endeared himself to his constituents that man is Carl E. Mapes. Mr. Mapes has never failed to show a friendly, human interest in those whom he serves.

The humblest citizen has received the same consideration as has the man of affluence. Because of his ability, his long experience and the high regard in which he is held by his colleagues, Mr. Mapes today holds a position in Congress almost second to that of no other member.

He holds positions of high importance on several of the great committees and should the Republican party again hold the majority in the House Mr. Mapes will more than likely become its speaker.

No citizen has ever been obliged to feel the blush of shame because of Mr. Mapes' stand on National issues. He has always stood for Constitutional government and everything else that is fundamentally American.

Imagine the showboat itself being towed in by a row boat! You go to Oberammergau to see the Passion Play. You go to Holland to see the annual tulip festival. You come to Lowell to see the Showboat.

A number of baseball fans contemplate taking in the baseball excursion to Detroit next Sunday via the Grand Trunk to see the game between the Detroit Tigers and the Boston Red Sox. Reserved seats tickets for the game may be purchased from the agent, R. W. Bettes when securing the excursion ticket. Read further particulars in the adv. elsewhere in this issue.

Sounds like the good old days to read of a railway excursion.

Coming Events. The Board of Education announces that the fall term of the Lowell public schools begins on Monday, Sept. 10.

South Bell PTA will have their first meeting of the year Friday evening, Sept. 14, at the school house. School started Monday with Miss Carol Cahoon of Keens as teacher again this year.

The annual meeting of the Peckham Group will be held at the home of Mrs. M. Houseman on Friday, Sept. 7th.

Frank D. Fitzgerald, candidate for the Republican nomination for governor, will make a radio address on Friday evening, Sept. 7, at 9 o'clock over Station WJRB. His talk will be of interest to every voter of Michigan.

PRIMARY TILT BOTH PARTIES NEXT TUESDAY

WARM CONTESTS FOR PLACE IN THE SUN ON BOTH DEMOCRATIC AND REPUBLICAN TICKETS—MANY CANDIDATES SEEK SHERIFF'S JOB

Despite the fact that there are nine duly qualified political parties in Michigan, only two of them will be represented at the primary election Sept. 11.

The state law provides for primary elections only for parties which poll more than two per cent of the total vote cast for secretary of state at the last general election. Under this provision, the primary balloting will be confined to the Republican and Democratic parties.

Other parties wishing to be represented on the ballot at the general election Nov. 6 must select their candidates by caucus or convention and must certify the names of their candidates with the secretary of state at least 25 days prior to election.

At least four parties will be on the November ballot as the department has been notified by officials of the Socialist and Farmer-Labor parties that they will have candidates for state and congressional offices. One or two other parties may secure places on the ballot with partially-filled tickets, it is believed.

The names of the candidates for the various offices on both the democratic and republican primary ballots have already been published in this paper and are so well known that not much additional information upon this phase of the subject is needed.

Republican Candidates. Probably everyone knows that Arthur H. Vandenberg is the only candidate for the republican nomination for U. S. Senator, and that Carl E. Mapes and Charles W. Williams are the candidates for congressional nomination in this district...

Democratic Candidates. U. S. Senator—Frank A. Picard, Alva Gammill, Claude S. Carney, Ray D. Schneider, U. S. Congressman, 5th district—Russell J. Boyle, John H. Haven, Thomas H. McAllister, Leland L. Galt, Frederick E. Stiles, Mrs. Josephine Bowersox, Peter J. Danhof.

Prosecuting attorney—Henry C. Hart, Abner Dillely. Clerk—Cornelius M. Oudersluys, John DeKruif. Register of Deeds—Georgia E. White, Palmer Tuttle. Probate Judge—Shelby B. Schurtz, Joseph Shulsky. Surveyor—Earl L. Sproat, Edmund T. Carmody.

The names of the democratic candidates who filed petitions for the offices of county treasurer, coroners, circuit court commissioner, and drain commissioner will not appear on the ballot as they have no opposition. They automatically were nominated by the filing of their petitions.

Baseball. Tournament games will be played at Recreation Park next Sunday. The first game between the Adir. Athletic Club and the Bush Grocers of Grand Rapids starts at 1:30. The second game between the Fallasburg Cubs and the Caledonia Independents starts at approximately 3:30.

Speaking of Liberty, the September 1 issue of the McFadden publication has an article by Senator A. H. Vandenberg entitled, "How We Can Bankrupt the God of War." The Vandenberg thesis is a powerful indictment against the "commercial motive" in war and is shocking in its bluntness as to how we have been led into war hatreds. At best, the "next war" is going to be difficult to sell but a reading of the Vandenberg article indicates that the profitable side, following anticipated legislation, is not going to be as attractive as it has been in the past.

A strike in the cotton, silk and wool industries of the country became effective this week by order of the American Federation of Labor. More than a million workers are involved. The President of the United States will appoint a committee of three to arbitrate.

The Federal Emergency Relief Commission has announced an allocation of \$4,349,320 for Michigan to care for September welfare relief budget. The balance of the relief budget is made up of \$1,000,000 from the sales tax revenue appropriation, making a total budget of \$5,349,320.

An 11-year record for a day's business on the state's ferry line across the Straits of Mackinac was set Saturday when 1,808 automobiles were transported. Officials of the ferry line reported Sunday that 40,531 vehicles were ferried across the straits in August, an increase of 14,070 over August, 1933.

The National Grange protested Thursday to Secretary Henry A. Wallace that price fixing and monopolistic tendencies of the NRA were cancelling AAA benefits. Fred Breckenham, Washington representative of the Grange, advised Wallace that farmers would be unable to regain prosperity so long as the recovery administration continued present practices.

First appearances are often deceptive. Consider the case of the landlady who was showing a prospect through the room. Said she: "A professor formerly occupied this room. He invented an explosive." Air? The prospect asked: "Ah, I suppose those spots on the ceiling are the explosive." Sadly the landlady shook her head: "No, they are the professor."

Vern Huff, fruit grower and farmer on Knapp-rd., northeast of Grand Rapids, expected his 10-acre old field would perhaps yield around 40 to 50 bushels per acre. He threshed the other day and had to pay the threshers for threshing 600 bushels of oats for a yield of 60 bushels per acre. Most of the 10-acre tract was lowland, where the moisture supply was plentiful throughout the growing season.

A large number of Masons from many sections of the state gathered at Camp Rademaker near Bear Lake September 1 where they witnessed a new step in Michigan Masonry. They saw a tree enacted in the open for the first time in this state. A hillside was used as an amphitheatre, a cast of 300 tiling part. A nearby woods symbolized the ancient forest of Lebanon. The Royal Arch degree was conferred.

### Garden Lore Club

The Lowell Garden Lore Club was again honored by having for their speaker Tuesday Mrs. Ora Chadwick of Grand Rapids, a member of the Kent Garden Club. Mrs. Chadwick first gave the rules governing the principles of arrangement of flowers and reasons why some bouquets were spotty, so to speak, why certain colors look better under artificial light and the more delicate colors in daylight. Then she briefly told of the French, English and Japanese rules for arrangement. At the end of her talk Mrs. Chadwick very artistically arranged several bouquets showing containers for different heights and combinations. The club appreciated the fine talk and demonstration and all look forward to her coming again.

The meeting was held at the pleasant home of Mrs. Carl James where all like to go and are always royally entertained. A good crowd was in attendance and a fine plant sale was conducted at the close of the meeting. Many lovely bouquets were in evidence about the home and they made the rooms pleasant despite the rain and drear weather outside.

Mrs. Allen Bennett was appointed chairman and Mrs. Harvey Coons assistant on a Conservation Committee to represent the club at a two days' school to be held in Lansing October 17 and 18.

The next meeting will be held in two weeks on Sept. 18 at the home of Mrs. Rosella Yeiter, N. Monroe St.

### CANDIDATE FOR CONGRESS

### Strong Contender For Legislature

With the date of the Primary election at hand, it appears that Charles C. Saur, superintendent of Godwin Heights Public Schools, will be a strong contender for nomination to the office of State Representative, from the second Kent district, on the Republican ticket.

CHARLES C. SAUR

Since school legislation will be foremost in importance at the next session of the legislature he is well qualified to serve in that capacity.

At the age of 32, Mr. Saur has completed 5 1/2 years of training at State Teachers' college at Kalamazoo and the University of Michigan where he is being awarded the Master of Arts degree in the fields of School Administration and Political Science and has had 12 years experience in public school work, the last 10 years as superintendent at Godwin Heights, a position which he now has.

He advocates more state aid for public schools with greater equalization of educational opportunity.

Mr. Saur is married and resides at 441 VanAllen Drive in Paris township.

### Feenstra's Record Speaks for Itself

Charles R. Feenstra, Paris township supervisor for the last seven years and for fourteen years, member of the school board in his home district, has announced he is a candidate for nomination on the Republican ticket to the post of state representative from the Second district, which covers the southern half of Kent county, excepting Walker township, and includes East Grand Rapids and Grandville.

Before becoming supervisor Mr. Feenstra was township treasurer, and before he enrolled for the World War he was clerk. He is a farmer and an active member of the Christian Reformed church. He was born in Paris township, is 40 years of age and has seven daughters.

Supervisor Feenstra's candidacy is due to the urging of citizens who admire his stand for the right and for the best possible educational facilities for the children of Michigan. They assert that as supervisor he alone has handled the task of caring for 500 Paris township families during the financial stress of the last few years, that he realizes the trouble caused by higher taxes necessitated by relief work and can take to the legislature a comprehension of the situation that will aid in overcoming present difficulties.

As if he was running on any particular platform, the candidate smiled and said he had found his "platform" on a card tacked to a wall. It was headed, "But Once" and read as follows:

"I am passing through this world but once. Any good, therefore, that I can do, or any kindness that I can show to any human being, let me do it now and not defer or neglect it, for I am passing this way but once."

All of which is in keeping with Supervisor Feenstra's public and private life and a fitting creed for the father of seven girls.—South Kent News.
