THE REAL TEST  
THE SUCCESSFUL business enterprise is careful to retain in its employ only those who have by integrity and ability demonstrated their value to the organization. That is good business judgment. The government of Michigan is a big business in itself. It has nearly twenty years it has employed Frank D. Fitzgerald as its chief executive officer. He has shown himself to be a man of high character and high ability. He has shown himself to be a man of high character and high ability. ## Homemaker's Corner

By Home Economics Specialist, Michigan State College.  
The knitting-needle and the crocheting hook seem to be well on their way toward enjoying the popularity of the sewing machine. Handmade hats, sweaters, all sorts of accessories, even dress suits, are assembled as considered chic this year.

The problem of proper laundering of these garments is an important one according to home economics clothing specialists of Michigan State College. The lowest priced piece of woolen can be easily ruined by improper handling in washing.

All knitted garments should be washed before laundering, so that they will retain their original size and shape before drying. Use an abundance of lukewarm water, 90-100 degrees F. for washing and avoid any changing of temperature.

Use a mild soap and no strong washing powders. Make suds in the water rather than by rubbing soap directly on the garment. Wash in a large tub, squeezing rather than by rubbing the article. A kneading motion of the hands is best. Rinse in cold water, nearly so hard on the garment.

The same even temperature of rinsing water is the best. Never allow the water to become so hot as to scorch the wool. Rinse thoroughly in several changes of lukewarm water the same temperature as the soap solution.

Lowell's grocery stores were all "Cash and Carry." There was no delivery trucks then. You simply took a basket, had it filled with what you wanted, and you were off. The deer hunting season opens Thursday, Nov. 15, and continues to November 30, inclusive, in all the counties of the upper peninsula and in the following counties of the lower peninsula: Emmet, Cheboygan, Presque Isle, Charlevoix, Antrim, Otsego, Montmorency, Alpena, Kalkaska, Crawford, Oscoda, Alcona, Roscommon, Ogemaw, Iosco, Arenac, Gladwin and Bay.

Walter H. Lupton of Grand Rapids got his deer last week. He got it before the season opened, and using an automobile for a weapon, and to top it all off, he had no intention of killing the animal in the first place. He was driving on US-131, north of Big Rapids, when his car struck a 170 pound 16-point buck that had suddenly bounded in front of him. The buck was thrown directly in the path of another car driven by John Strachan of Grattan whose car was also damaged.
