

WE DO not quite see how the proposal, which has been lately revived and doubtless will be fought out in the next Congress, to limit the labor of every wage-earner to thirty hours a week, can be carried out.

It certainly could not be carried out in agriculture; though we understand that is not the intention.

What the proponents of this measure have in mind, doubtless, is factories. The theory behind it is that it will "spread the work" and take unemployed factory workers off the relief rolls.

It was not very long ago, only twenty years, that Henry Ford started the industrial world by adopting the eight-hour day.

THIS ADVENTUROUS ERA THE OTHER day a new kind of railroad train ran from Los Angeles to New York in 57 hours.

Half a dozen or more persons have lately made ascensions into the stratosphere, ten miles and more above the earth's surface.

Just the other day came the report of a new, though still costly, method of extracting gold from sea water.

With so many marvels popping up in the news almost every day, it seems to us that the young people of this generation are living in the most romantic and adventurous period of history.

Our earth is still very young, and our human race still younger. Greater opportunities than ever before confront the coming generations in mankind's task of conquering nature and reshaping our environment.

CONSIDERATION PAYS

A WHITE leghorn rooster has no place in a hunter's game-pole, but C. L. Stebbins of Lansing bagged one in a farmer's barn and is proud of it.

Stebbins who is connected with the Michigan State Industries office, stopped two miles west of Portland to stalk a fine cock pheasant that had crossed the road and strutted into a garden patch.

Requiring at the farmhouse for permission to enter the garden, Stebbins learned the landowner was in the field. He sought him out and together they returned to search for the bird.

The farmer then ushered his guest into the barn where he caught a fat leghorn rooster. "Here's your pheasant," he said.

Having pledged themselves to protect the property of the farmer on whose premises they hunt, members of Kent County Conservation League are wearing a yellow badge when afield as a assurance of security to the landowner.

STATE SWINGS BACK TO G. O. P. AFTER 2 YEARS

DEMOCRATIC NATIONAL ADMINISTRATION GIVEN OVERWHELMING ENDORSEMENT—DEMOCRATS WILL CONTROL NATIONAL CONGRESS WITH TWO-THIRDS MAJORITY

Tuesday, Nov. 6, 1934, will go down in history as one of the most hectic election days since the Civil War. Sections that were expected to go Republican went Democratic and vice versa.

Michigan was wrested from the hands of the Democrats, Frank D. Fitzgerald being elected Governor by approximately 80,000 majority.

The Michigan legislature appears to be Republican on the face of returns although the House will be close.

Charles R. Feenstra was elected to the state legislature from the second Kent district, by a majority of nearly 2,000.

Amendments Rejected Here All six of the proposed constitutional amendments were turned down in Kent County.

The vote in Lowell against the amendments in each case was about 800 to 200.

Democratic Tidal Wave The so-called "New Deal" was given substantial endorsement by the election of an increased number of democratic senators and representatives in the national congress.

Auction Sale Dexter Sargent will hold an auction sale of horses, cattle, hogs, farm implements, tools and household goods at his farm, two miles west of Lowell Grand Trunk depot on Thursday, Nov. 15, starting at 12 o'clock noon.

Village President John A. Archhart has issued a proclamation requesting the stores to close from two to four o'clock in the afternoon.

At 7 p. m. the local post will give a banquet at the City hall to which all ex-service men are invited. The banquet will be followed by a program of speaking given by the Rev. Prof. R. C. Stormzand as toastmaster and W. W. Gummer leading community singing.

Rev. Bernie Mulder of Bethel Reformed Church, Grand Rapids, will be the principal speaker at the Armistice Memorial Day program to be held at the high school at one o'clock next Monday afternoon.

Local Ford Agency Has New Proprietor The local Ford Agency and service has been taken over by Pat Beahan who took possession the first of this month.

A complete new stock of genuine Ford parts have been shipped here from the factory also new tools of the latest design for repairing Ford cars.

Mr. Beahan will have four children, Marie who will be in charge of the office; Bert who will have charge of the gas station, and two younger children who will attend school.

The local Ford salesroom and service station, which is located at the corner of West Main and Hudson streets, was erected nine years ago and is one of the finest plants of the kind to be found anywhere in a town the size of Lowell; in fact, it would do credit to a city of almost any size.

The new proprietor has been putting everything in shipshape for the past several days and announces a grand opening this week Saturday to which the general public is cordially invited.

2. Any reputable man or woman residing in this city or surrounding territory is eligible to enter this drive and compete for awards and weekly pay checks.
3. The winners of the awards will be decided by their earned credits, said credits being represented by ballots issued on cash collections and coupons clipped from this newspaper.
4. Participants in this drive are not confined to their own town or community in which to secure subscriptions, but may take orders anywhere in this section; or, for that matter, anywhere else.
5. Credits are free. It costs the subscriber nothing extra to cast credits for a favorite participant. Credits must be asked for at the time of paying subscriptions, otherwise subscribers waive this privilege.
6. Credits are not transferable. Participants cannot withdraw in favor of another participant. Should a participant withdraw from the race, his or her credits will be cancelled. Neither will it be permissible for participants to give or transfer subscriptions to another participant. Credits on such transferred subscriptions will be subject to disqualification at the discretion of the management.
7. Any collusion on the part of participants to nullify competition, or any other combination formed to the detriment of "Weekly Payroll" participants of this newspaper will not be tolerated. Any participant taking part in such combination stands liable to forfeit all right to a prize or commission.
8. All credits issued on ballots may be held in reserve and cast at the discretion of participants or this newspaper. The free credit coupons appearing from time to time in the paper must be cast before the expiration date.
9. In event of a tie for any one of the awards, a prize identical in value will be given each tying participant.
10. Participants in this drive are authorized agents of this newspaper, but it is understood and agreed that they will be responsible for all money collected and will remit such amounts in full on regular reports to the "Weekly Payroll" Department.
11. No statement or promise made by any representative or participant varying from the rules and statement appearing in the columns of this newspaper will be recognized by the publisher.
12. In case of typographical or other errors it is understood that neither the publisher nor "Weekly Payroll" manager shall be held responsible except to make the necessary correction upon discovery of same.
13. ACTIVE participants will be paid a twenty per cent cash commission (\$1.00 out of every \$5.00 collected) on all subscription money turned in to their account each week. It is distinctly understood, however, that in the event any participant becomes INACTIVE, failing to make a regular cash report, he or she will, at the discretion of the management, become disqualified and thereby forfeit all right to an award or an extra commission.
14. It is understood and agreed that the winners of major awards will consider their weekly pay checks in the light of an "advance," which is refundable upon presentation of prizes.
15. To insure absolute fairness in the awarding of prizes, the race will be brought to a close with a sealed ballot box during the entire last "period" of the drive, a ballot box--locked and sealed--will be deposited in the vaults of a local bank, where participants and their friends may deposit their final collections and reserve credits. In this way, no one--not even the Campaign Manager--can possibly know the actual strength of the various participants, which precludes any possibility of favoritism and insures fairness to the minutest degree.
16. Twenty-five thousand credits will be given each worker for every 5-year subscription or its equivalent turned in during their first week of the campaign, and during the third week of the drive, half as many extra credits will be given on same basis.
17. To each "Weekly Payroll" participant who earns as much as \$50.00 during their first week of the campaign, this newspaper will give an extra bonus of \$25 cash.
18. Five thousand extra credits will be given to each participant who makes a cash report each Tuesday, Thursday and Saturday night.
19. This newspaper guarantees fair and impartial treatment to all participants, but should any question arise, the decision of the management will be absolute and final.
20. In becoming a member of this "Weekly Payroll" Campaign participants agree to abide by the above conditions.

Term "Polin" Limited Only the front-line fighting troops of the World War are light to the famous appellation of "Polin." In all other respects, the term is the dictum of the dictionary which has recommended the inclusion of the word "Polin" in the next edition of the Academy dictionary with the definition: "French soldier of the front-line trenches during the war of 1914-18." Popularity of the term since the war has been used for any soldier of the war who wore the uniform, and is now often affectionately applied to the soldiers of the French army.

UNCLE NESBITT

By R. H. WILKINSON. WE KNEW very little about Uncle Nesbitt. And by the way, we knew all about him.

It was like this: Uncle Nesbitt ran away when he was a boy. I believe his parents were along in sorrow line. His father and mother tried to find him, but were unsuccessful. Nesbitt was an only child, and his disappearance broke them all up.

It is believed that I was the nearest living relative, and by the time I had grown up and married the children and Paul, I had a legend. My memory of him was all right. All the facts concerning his disappearance were told to me by my own mother and father, now both dead. For I was taught but a little in arms when Uncle Nesbitt died for the western plains.

It was therefore, more of a surprise than you can imagine, when I was told to let my mother and father, who were in the highest office in the following fact: Uncle Nesbitt had but recently learned of the death of his father and mother. Since then, he had been in the city of Dallas, Texas, signed by Uncle Nesbitt. It was a lengthy epistle and it was so long that I could not have no heart on his present circumstances. Some 12 years ago I turned prospector. (There was a gap in the detailed account of his experiences.) Suffice it to say that Uncle Nesbitt had, in fact, been in the city of Dallas, Texas, signed by Uncle Nesbitt.

It was nearly half when next we heard of Uncle Nesbitt. A knock sounded on our door one evening, and upon opening it, I discovered there a small man with a gray beard. The beard was stained with tobacco. The face of his eyes was widened and leathery looking. His eyes were red and watery. He had a look that provoked my dislike, and then sent him away. He told us that he came from Uncle Nesbitt's father's estate, which message he presented me in a rather bulky envelope. As we talked of the nation-wide economic conditions.

He expressed a desire to return more to the land of his ancestry, to spend his declining years with his only blue relatives now existing. I was, however, accompanied by the condition of my finances, the facts about which he seemed only well aware, and advised that he was willing to do my share of the bank a sum of money, which was to be used at our discretion for whatever purpose we saw fit. In conclusion, Uncle Nesbitt stated that he would arrive about noon of the following month, and trusted that his advent would not inconvenience us.

Directly following the reading of this letter I called my bank, and was staggered by the amount of money which Uncle Nesbitt had credited to my bank. He had been in the city of Dallas, Texas, signed by Uncle Nesbitt. He had been in the city of Dallas, Texas, signed by Uncle Nesbitt.

For a time only and I were unprepared. We discussed the thing from many angles and at length decided that the least we could do below the State capitol. The man was small and bearded and dirty looking. No papers of identification were on his person, though we recognized him as our visitor of the night previous. And in memory of our distinguished stock-raiser, that the poor chap had a proper burial.

And that was the last we ever heard of Uncle Nesbitt.

Hamilton Home a Messing Alexander Nesbitt, son of home Hamilton Grant, is all set as one of the show spots of New York City. He is a man of 600 acres, and became a meeting place for many well-known statesmen of that day. But Hamilton did not long enjoy it. He was killed in a fight with a bear and Aaron Burr in a duel which resulted fatally for Hamilton. His wife, Elizabeth Schuyler Hamilton, did not long reside there but disposed of it to strangers. About 1810, Elizabeth Schuyler Hamilton, did not long reside there but disposed of it to strangers. ### Can You Help a Deserving Girl Attend College

If there's a discarded tricycle, hand-operated, in your attic, you can send a girl to college with it this winter.

Miss Frances Lee of Lowell, a young woman of such pluck that she graduated from Lowell high school with honors after having undergone 13 operations for osteomyelitis, wants to make advantage of the junior college opened in Lowell this fall with FEBA funds. But she finds she cannot walk the distance to the school.

Miss Vesta A. Sturgis, executive secretary of the Grand Rapids Rehabilitation League, has learned.

Miss Lee enrolled for the college at its opening and made a brave try to walk to school but was unable to do so. She cannot use a tricycle operated by pedals but is sure she can use one operated by the hands.

After her graduation from Lowell high school some years ago, Miss Lee started commercial studies in Grand Rapids but her work was interrupted by another bout of illness. Since then she has tried to do correspondence work. Now that a junior college has opened in Lowell she sees for the first time an opportunity to do college work if she can get to and from school.

"I never saw a greater spirit of determination to overcome physical illness," said Miss Sturgis. "She just won't stay down."

### Garden Lore Club

The annual meeting of the Lowell Garden Lore Club was held at the home of Mrs. P. J. Fineis Wednesday evening, Oct. 31. After a bountiful potluck dinner, the president, Mrs. Fineis, called the club to order for a short business session. The nominating committee then announced the following officers who were unanimously elected: President, Mrs. Fineis; first vice president, Mrs. F. E. White; second vice president, Mrs. Thos. Wykes; secretary-treasurer, Mrs. R. T. Ford.

The president announced her committees and outlined the programs and chairmen for the ensuing year.

Mrs. Ford very delightfully entertained the club with two solos, Mrs. H. L. Weekes accompanying her. Games and visiting followed.

The group adjourned to meet Nov. 13 with Mrs. Robert Hahn. At this meeting Mrs. Allen Bennett will give her report on Michigan's First Conservation Convention which was held in Lansing and to which Mrs. Bennett was sent as a delegate by the Garden Lore Club.

The president of the club urges all the members who are able to do so to attend the Chrysanthemum Show at the Civic Auditorium in Grand Rapids Thursday, Friday and Saturday, Nov. 8, 9 and 10. Entries will be made by Grand Rapids florists and leading florists of New York, Indiana, Ohio, Wisconsin and Illinois, besides other Michigan cities. Charming dining table service will also be on display. A nominal admission fee will be charged.

### The Red Cross In Peace Times

Many ask what the American Red Cross activities are during peace times and when there is no disaster relief work necessary. First of all, the Red Cross is the official investigator in each district for the War Department and Veterans' Administration. That is, it gives free clerical assistance to veterans of any war, enlisted men and their dependents, in applying for all kinds of pensions, hospitalization, burial claims, etc., besides many free interviews and home visits.

Home nursing and care of the sick is taught by trained nurses, last spring 18 such classes with 20 or more members each were organized in Kent County. The boys in Lowell, Public Health Nursing and Free Clinics fill a great human need, especially in the southern states.

First aid classes provide instruction to those who wish to know how to apply immediate treatment at the scene of an accident, until a physician arrives. Twenty classes in Kent County received training last winter.

National Red Cross workers teach life saving, and examine life guards who are policing public pools and beaches. The boys in the CCC camps are being taught life saving.

There are over 40,000 members in Junior Red Cross in Kent County alone. Their motto is "I Serve." They make toys, scrapbooks and gifts for convalescing children and invalids. International friendship is fostered by the exchange of portfolios with countries all over the world. It is the only youth organization that Mussolini allows in Italy, besides his own. Last winter children in Kent county brought in 80 discarded spectacle frames that were turned over to the Association of the Blind and given to people who needed glasses badly. This winter the Junior Red Cross will continue sponsoring free eye and dental examinations among needy children.

During the recent "Morro Castle" fire at sea, it was Red Cross Relief that aided the survivors, fed and clothed them, sent telegrams, furnished nurses at the morgues to take care of grief-stricken relatives, and aided in reuniting families among the various hospitals.

An International Red Cross Congress is now being held in Tokio, Japan.

To be a member of such an organization is a privilege. Watch for next week's writeup.

### East G. R. Winner In Grid Thriller

Flashing a football team that would be a credit to any Class A school, East Grand Rapids triumphed over Lowell last Friday 13-0. It was the first time that a Lowell football team was defeated by a class C school since November 8, 1929. The local boys made a fine game of it and they went down to a glorious defeat. Although they finally had to surrender to power and experience they retained the respect of their rivals and their backers and played the best game of the season.

The Game

East received the opening kickoff and after an exchange of punts won possession of the ball on Lowell's thirty-yard line. The visitors made two first downs and the ball was only fifteen yards from the goal. East was penalized 15 yards on the next play but on an attempted pass the officials ruled interference and East was awarded a fumble, intercepted a pass, blocked a punt on East's 12 yard stripe, yet failed to cross the visitors' goal line. The half ended with East in possession at mid-field.

Lowell Fails To Score

The second period belonged to Lowell by a wide margin but the boys lacked the punch to score. Lowell made several first downs, recovered a fumble, intercepted a pass, blocked a punt on East's 12 yard stripe, yet failed to cross the visitors' goal line. The half ended with East in possession at mid-field.

Last Half

The third quarter was played in Lowell's territory but as time was called Lowell was in possession on its own 42 yard line. East was again penalized 15 yards at the opening of the last quarter but proceeded to make 5 first downs in rapid order and Hook carried it over and passed to Clark for the extra point. In trying to score Lowell passed practically and East intercepted and again marched to scoring position as the gun sounded.

Comments

Fred Ricker and Calvin Pinkney were injured so seriously that they had to be removed from the game. Fred has been in the lineup steadily for three years and during this time he has seldom left the field. He has been the mainstay in the line and Coach Avery will miss him in the Grandville game. It was Fred's last game. He left the field in a blaze of glory. Pinkney played a good game and will be back next week.

Lowell made 6 first downs to 12 for East. At the end of the third quarter each team had made 5 first downs.

Christoff was the mainstay in Lowell's offense but he was ably supported by Yeiter, Lindsay, Scott and Shukkie.

The entire line played well, especially Tom Tackie to tackle. East's best weapon was the end run.

East also excelled in punting and in returning punts.

The following participated in the Lowell line-up: Green, Ricker, Pinkney, Doyle, Monkowski, Hong, Fenning, Lindsay, Scott, Yeiter and Christoff.

Last Game Next Monday

Grandville helps to close the season here on Monday at 2:30. The game will be another thriller and according to dope Grandville should win by two touchdowns. Every effort is being made to make this the biggest game of the year. Lowell fans have not been turning out in support of the team and the Legion, in helping to sponsor the game, is determined to get out and work a large crowd. It is hoped that places of business will close from 2:15 to 4:30. Grandville must win to remain in the race for county championship.

East had twice as many fans at the game last Friday as Lowell did. Let's show the team we can support a loser.

### Visitors Invited to Freshman College

The most important event of the past week was the giving of Intelligence Tests to the entire student body on Thursday evening from seven o'clock until nine-thirty.

These Tests are sponsored by the Michigan Department of Education and were administered locally by Prof. H. L. Carter, of the Department of Psychology, Western State Teachers' College, Kalamazoo.

The first Test given was the 1934 edition of the Psychological Examination for College Freshmen, prepared by L. L. and T. G. Thurstone, of the University of Chicago. The second Test was the Minnesota Reading Examination for College Students. The two together constitute the regular examination given to Freshmen in all the standard colleges of the state.

The results of the examinations will be determined by the Research Department of Western State Teachers' College and reports will be sent to us in about two weeks.

The ratings attained by Lowell students will be made a part of their permanent scholarship records on file in the office of the Registrar of Western State Teachers' College.

We greatly appreciate the service rendered by Prof. Carter, and the courtesy and cooperation accorded us by the officers and faculty of our parent college in Kalamazoo.

Mr. John C. Hoekje, Registrar of Western State Teachers' College was in the city on Tuesday in order to familiarize himself with the work done in the Freshman College. He expressed himself as pleased with the arrangements provided for class work, and also with the progress that has been made to date.

Visitors to the afternoon class in Psychology added to our enjoyment a few days ago. We are pleased to have the people of the community interested to the point that they want to come and see for themselves what is being done. Classes are in session in the afternoon from one o'clock until five, and in the evening from seven o'clock until eleven. You will be welcome in any class. Your visit will encourage us.

### Woman's Club

The Lowell Woman's Club met on November 7 at the home of Miss Audie Post with the president, Mrs. Allen Bennett, in charge. After the regular business meeting a report of the meeting of the Kent County Federation held in Lowell on Oct. 25 was given by Mrs. Chas. Foote. A letter from Mrs. O. E. Balyeat of Sparta, chairman of the Library Extension committee, was read by Mrs. R. G. Jefferies. The letter gave particulars concerning the Kent County Library project. Mrs. John Taylor and Mrs. Reuben Lee were named on the committee to take care of getting books to be given to the library.

Miss Mabel Hall played two selections on the piano, "Crocodyenne" by Paderewski and "Gavotte" by Brahms.

A contact letter from the State President, Mrs. Sears R. McLean, was read by Mrs. C. H. Horn.

The speaker of the afternoon, Dr. Paul Kniskern, of Grand Rapids was introduced by Mrs. M. B. McPherson, chairman of the day. Dr. Kniskern is in charge of relief work in the county and city. His first statement was to the effect that, contrary to common belief, doctors are still very uncertain as to the curing and diagnosing of illness. They find that a large proportion of people with illnesses have no organic disease, particularly so in relief cases. He said that from 40 to 50 per cent have no actual organic disease. A large percentage are functional. He mentioned two kinds of people asking for help, one was the "Conscious fraud," who imposes on insurance compensation by maligning and lying as to their trouble. The second type were the ones who have troubles that simulate certain diseases. This may be on a hysterical basis. He stated a case of hysterical blindness. Sometimes the trouble is mental and they need the help of a psychiatrist. The people who have imagined symptoms are usually below par mentally.

There are 12,000 families in Kent county who have access to Welfare medical aid. He brought out the fact that people not on relief, cannot provide adequate medical aid for their families. He sees enlargement of medical relief work in the near future. At the close of Dr. Kniskern's talk Mrs. Duell of Alto sang "House by the Side of the Road" by Sam Walter Fauset.

A very instructive talk on "Safety in the Home" was given by Miss Hattie Lynn.

The club adjourned to meet on Nov. 21 at the home of Mrs. Thos. Wykes. Lee R. Miller of Lowell high school will give a talk on the "Home."
