Forty-Second Year

ON CHRISTMAS GIVING

IT IS not necessary to agree with all the things that are being done in the name of the New Deal to admit that the general run of men and women this year have more money to spend for Christmas than they have had for the last two or three years.

The custom of general giving at Christmas time is a comparatively recent one. Less than a hundred years ago Christmas was exclusively for the children, so far as gifts went.

Every dollar given for such purposes does double duty. It blesses him that gives and him that takes. And there is a very real reason for making as generous contributions as one's purse will permit for these charitable ends.

Neil Cameron, 66, a well-known and highly respected resident of this community for the past 36 years, died Thursday morning on East Main-st. after a brief illness of heart trouble.

Mr. Cameron had been in his usual vigorous health until recently and the news of his unexpected death came as a great shock to his numerous friends in this community.

Mr. Cameron was born in Pricewater, Ont., Oct. 23, 1868. He came to Lowell 36 years ago and was employed as sawman at the Lowell Cutter Company until about twenty years ago when he began to operate the Highland Hills Dairy.

He attended the Congregational church regularly and was always ready and willing to help those less fortunate than himself.

Mr. Cameron married Ida Isabel of Grand Rapids in 1893. She passed away six years later. To this union was born one daughter, Mildred (Mrs. Jack Wayne) of Los Angeles, Calif. Mr. Cameron visited Mrs. Wayne early in the summer when he made the trip with the Rutherford party.

Two electrically transmitted programs will be broadcast from fourteen stations in Michigan during December. The first of these will be "Interview with Mr. Bliss Knapp, C. S. B." on Sunday, Dec. 9th, at 3:15 p. m.

Christmas Trees To Line Main-st

Lowell's Main-st. will soon present a gala holiday appearance. Christmas trees will line the avenue throughout the business district and the large municipal trees at the east and west ends of the street will be lighted as in former years.

Along Main St.
Kellogg's Cider Mill closed its season this year with an output of about 3,000 barrels, which is slightly above the average annual output.

H. C. Callier's office building on East Main-st. is being redecorated throughout the interior, including new linoleum floor covering. The exterior will also be repainted.

Beans by the carload are being picked and shipped daily from the Runciman elevator, giving employment to a large number, with a payroll of approximately \$1200 weekly.

Main-st. was covered with a light blanket of snow Tuesday forenoon for the first time this winter. In the afternoon the snow turned to rain.

The State Liquor Store, which was opened in Lowell a couple of months ago by the State Liquor Commission, has not been found profitable here and the stock of good goods has been moving this week to Grand Rapids.

RELIEF DOLLAR FOR KENT WELL ADMINISTERED

FIGURES SHOW THIS COUNTY IS WELL BELOW THE STATE AND NATIONAL AVERAGE—DOLLAR GOES ELEVEN DIFFERENT WAYS, FOOD TAKING MOST

"How is a relief dollar spent?" "How many cases are on the county relief commission's books?" "What proportion of the relief case load is urban, suburban, rural?"

Those are some of the questions which the Ledger asked the Kent County relief commission, of which James G. Bryant is administrator. Statistics kept in the relief commission's offices, Mr. Bryant says, provide a clear answer to this type of question.

For the fiscal year which ended August 31st show that the average relief dollar was divided in this manner:

Table with 3 columns: Category, Amount, Percentage. Includes Food, Shelter, Clothing, Fuel, Medical, Work Relief, Single and Homeless, Transient Aid, Administrative, Salaries, Expense.

"Certain of these figures will vary seasonally," Mr. Bryant explains, mentioning by way of comparison, "In October, due to the approach of winter, 13c of the average relief dollar was spent for fuel over the month. During this month, also, administrative salaries and expense items had decreased to 4c and 1c on the dollar, respectively, despite the fact that the case load had increased.

Table with 3 columns: Month, Cases, Persons. Lists months from September 1933 to August 1934.

This is the season of cheer and good will—"peace on earth and good will to men"—therefore, let us show outward manifestation by lighting the municipal Christmas trees and by placing Christmas trees in the fireplace sockets the length and breadth of Main-st.

Many Are Driving Without Licenses

Approximately 260,000 Michigan motorists are operating automobiles without drivers' licenses, according to records of the department of state.

Under the present motor vehicle operators' license law, 750,000 motorists obtained new licenses by December 1, 1931. These licenses must be renewed every three years but thus far in 1934 only 490,000 drivers have applied for new permits.

While operating a motor vehicle without a proper license has been a misdemeanor in Michigan for years, the financial responsibility act, adopted by the 1933 legislature, makes a motorist without a license liable to the provisions of that act.

The present operators' license law is intended to bar those unfit to operate automobiles from the highways," Secretary of State Clarke W. Brown asserted.

In order to provide prompt issuance of licenses, the operators' license division of the department is now working 24 hours a day.

The cranberry is one of the first of the native American fruits to be utilized by our Pilgrim ancestors, and since that time cranberry sauce has become a traditional holiday dinner combination with turkey or other fowl.

A cranberry meringue pie has been an attractive appearance. Cook it in a shallow pie pan. Make a one-half cup sugar and one cup water to a syrup and add two cups cranberries. Cook until they pop, then cool. Mix one teaspoon of lemon juice with one cup water. Turn this filling into a deep pie crust. Bake for 15 minutes. Cover with meringue. Bake for 15 minutes. They should be freed from other duties. Turn slightly in slow oven.

Cranberries cooked with a pot roast will make the meat tender and moist. Add one cup cranberries to the pot roast. Remove the meat from the pan and add three cups boiling water. Let it boil for two hours. The cranberry sauce made well sweetened. The cranberry sauce made well sweetened. The cranberry sauce made well sweetened.

Editor The Ledger,

I am receiving your very interesting paper regularly and read it with very great interest.

As you know my father, mother and sister were residents of your town for a great number of years and for that reason I am always interested in reading your paper.

From a column of your paper I have noted a very good view point of yours in that you state that in the states you have also the same view point. Canada is very acute unemployment problem. I note you are having the same view point.

We have a peculiar situation prevailing in the land of plenty and in that land we have people who are not able to sustain themselves.

Our wheat crop in Alberta this year is in the neighborhood of 12 million bushels.

I am interested in the prices of ordinary commodities as advertised on the pages of your paper. I am sending you some sheets of commodities as sold in my country.

Please advise me when my subscription runs out so that I may be able to continue your paper. Thanking you very truly,

Yours truly,
Daniel F. Whitney.

"The shadow of the sword," I suppose, my dear—I don't remember reading it...

"Your father's told them?" "He's told them what will happen first, I mean, when the Bronson bodies—both of them—just pass close to the world and go on around the sun...

"Of course—the tides," Tony realized aloud. "Bronson Beta is the size of the earth, Tony. Bronson Alpha is estimated to be twice as large as the earth...

"What does your father think?" "He's watching him. Through the years of their friendship and fondness, she had seen Tony as a normal man, to whom everything that happened was happy, felicitous and ordinary...

"Now, as she watched him, she thought that she would meet with him—and she excited herself to the most terrific reality that man had ever faced. So far as he had been called upon, he had met it without attempting to evade it...

"I don't tell me. Don't break confidence for my sake. I'm not one of those funny, isn't it, to think of the end of all this? I feel stung, hated, don't you? All of it—only because I was just and loving God, after all, and He's taking us hand in hand—the way He did in Noah's time..."

"Good thing, I say." "But Bronson and his scientists aren't doing so well. They make a big mistake if they hold any thing back longer. They'd better tell anything—no matter how bad it is. They'll have to, as they say, uncertainty. They're too scientific, but the human element is the one thing they can't analyze and retro to form."

"Can we, Father?" "You say, sir," he said. "We more than mean it. We're going to be married as soon as we can—aren't we, Eve?" "Can we, Father?" "You say, sir," he said. "We more than mean it. We're going to be married as soon as we can—aren't we, Eve?"

"Now, demanded Tony of Eve, what in the world, which cannot possibly remain, does he mean by that? That we shouldn't love and live together, in an instant, but that we should wait for a year, or half a year, or less, before we can be together? That we shouldn't love and live together, in an instant, but that we should wait for a year, or half a year, or less, before we can be together?"

4th Graders Build Cabin, Give Party

The fourth grade had a delightful time building their log cabin. The boys built the house and the girls did the sewing and made the rugs.

For the frame we took wood. We used three big cardboard boxes to make the house. We marked the cardboard so it would look like logs. Then we took two smaller boxes, one bigger than the other, and made a fireplace and a chimney. We also made a bed, two chairs, a bench and a table. We put squirrel and rabbit skin on the chairs to make them soft.

For the window we took a piece of brown wrapping paper and greased it with lard. Then one of the girls made the curtains and hung them at the window.

We had a pioneer gun that one of the boys carved out of wood. After the cabin was finished we invited our mothers and gave a play called "The First Thanks giving." We also had a party which was the second act of our play and we had a very nice time. Betty Lou Kysler.

OBITUARY

RUDOLPH REUSSER

Rudolph Reusser, son of Samuel and Rosina Reusser, was born April 7, 1890, in Vergennes township. At the age of five years he became partially paralyzed and was more or less helpless the rest of his life. He attended the Waters school until the age of 14, being carried into the school by his classmates. He was a great reader and was well informed concerning topics of today. He spent much of his time in bringing joy to others with his needlework.

Although he suffered much he was very patient and bore his infirmity with a great deal of fortitude. He was a firm believer in the Lord Jesus Christ whom he loved. In 1920 he joined the Zion M. E. Church under the pastorate of Rev. J. J. Link and came to the services as long as his condition permitted it.

Since the death of his mother in 1921, he made his home with his sister, Mrs. Alfred Thomet, of Ada, who cared for him so tenderly and so lovingly until his death. He passed away November 26, 1934, at the age of 44 years, 7 months and 19 days. He is survived by five sisters, Mrs. Rose Thomet, Mrs. Lizzie Kropf, Mrs. Lena Eickhoff, Mrs. Anna Ryder, Mrs. Clara Schmeller, and one brother, John Reusser, of Wisconsin. Many relatives and friends rejoice with him that he is relieved of his suffering and is at home with the Lord.

Funeral services were held on Wednesday afternoon at the home of Mrs. John Kropf at 1:30 p. m. and at the Alton church at 2:00 p. m. Rev. John Claus officiating. Burial was in the Alton cemetery. Arrangements by O. J. Yeiter.

FREDERICK L. ROGERS
Frederick L. Rogers was born on a farm in Vergennes township, Kent County, Mich., June 5, 1848, the son of Alexander and Ann Rogers, who were among the first white settlers in Kent county. When 16 years of age he enlisted in the Civil War, serving in Co. H, 10th Mich. Cavalry until the end of the war.

On Feb. 20, 1873 Mr. Rogers was united in marriage with Caroline W. Miller, also a native of Vergennes township. They purchased a farm near his birthplace and resided there, with the exception of a year or more, until 1894, when they moved to their present home in Lowell. Two sons were born, Charles A., residing in Lowell, and Clyde, who passed away in early boyhood.

While on one of his daily walks to town on March 2 of this year, Mr. Rogers fell on the icy walk, receiving injuries from which he never recovered. He passed away at his home on Vergennes Road on Tuesday evening, Nov. 27, 1934.

Mr. Rogers leaves, beside the widow and son, one granddaughter and three great grandchildren of Detroit, one nephew, two nieces and many friends.

Funeral services were held on Friday afternoon at the Roth & Brezina chapel under auspices of the local American Legion, Rev. S. B. Wenger officiating. Interment in Oakwood cemetery.

Card of Thanks
We wish to thank our neighbors and friends for their many kindnesses during our bereavement, also the American Legion and the Rev. Mr. Wenger.

Mrs. Fred Rogers,
Mr. and Mrs. Chas. A. Rogers,
