**OBITUARY**

Joyce A. Frost

Joyce Adelaide, daughter of Marcus and Zilpha Frost, was born in Lowell December 14, 1921, and passed away December 30, 1934 at the age of 13 years, 16 days, in St. Mary's hospital, Grand Rapids, following injuries received while coasting on the Fletcher hill near her home.

As a baby she was enrolled on the cradle roll of the First Congregational church of Lowell, where she always attended. She was interested in her school work and a member of the seventh grade. She was also a Campfire girl. Six boys from the seventh grade and six Campfire girls acted as pallbearers.

She had a sunny disposition and will be missed by all who knew her.

Besides her parents she leaves a sister Gloria, a brother Wayne, her Grandmother Frost, Grandfather Hyde, and a host of other relatives and friends.

Gone, dear Joyce, gone forever. How we will miss your smiling face. But you left us to remember. No one on earth can take your place.

You have left the earth of sorrow. You are free from pain and harm. And now rest in peace and conversion, honors going to Nim Vandembroeck and Fred Reusser; consolations to Albertine Blase and Asa Vandembroeck. A nice luncheon with two birthday cakes was served by the hostess. All enjoyed a very pleasant evening and departed, leaving Mr. Kiste a silver gift and many good wishes.

And nothing will seem just right. A face we dearly loved is gone. A heart so kind and bright. But there are some who will always remember. Around the place where you are laid; And who will come and scatter flowers. On the grave that Christ has made.

Card of Thanks. We wish to express our sincere thanks to our many friends for the beautiful flowers and sympathy. We also wish to thank Rev. Wenger for his comforting words, Mrs. Haysmer and the school children.

Mr. and Mrs. Marcus Frost, Gloria and Wayne.

Mrs. Clara M. Tillyer

Mrs. Clara M. Tillyer, daughter of Lafayette and Ann Green, passed away at her home in Cascade-tp. December 30, 1934, at the age of 73 years, 3 months and 6 days. She was born Sept. 24, 1861. In October 30, 1881 she was united in marriage to Fred C. Tillyer. To this union five children were born, four of whom survive: John C. and Minnie of Cascade-tp., Mr. Lottie E. Willette of Otsego and Orville B. of Grand Rapids. The fifth child, Edith May, died in infancy. A grandson, Gerald Reed Tillyer, also survives.

Mrs. Tillyer was a member of the West Lowell M. E. Church and a charter member of Vesta Chapter, O. E. S., No. 202 of Ada.

Funeral services will be held at the home of her daughter, Mrs. Fred J. Roth, Vergennes-tp.

**CARD OF THANKS**

I wish to thank my friends and neighbors for the cards and flowers sent me during my stay at the hospital, also the many friends who called to give me words of cheer at my home.

Mrs. Fred J. Roth, Vergennes-tp.

**Manager's Sale Next Week at A. & P.**

An event of considerable importance to the food-buying public is the announcement of the Atlantic & Pacific Tea Co. setting aside next week, January 14th to 19th as "Manager's Week."

The sale here next week will be under the complete supervision of the manager, Mr. A. Walker, who has been manager of the local store for the past eight years. It is Mr. Walker's contention that the sale will surpass any other sale in the history of the local store.

Watch next week's issue of The Ledger for more complete announcement.

Only one person can defeat you—yourself.

**Mr. Farmer:**

Existing economic conditions force you to get every cent out of your products that is possible. When selling cream why not sell it to the Lowell Creamery.

Our testing equipment is of the latest type thus insuring you of a fair honest test to which you are entitled.

**LIVERY STABLE IS FORGOTTEN "TRADE"**

We have heard much in the last decade or two about the return of the horse. When there is much to be done that must be done quickly the horse cannot compete with the motor. But on the other hand, says the Minneapolis Journal, a horse has a longer life than a motor and his feed bill is less. In times of stress, or where there is no great hurry, the farm horse may find a place.

The census of 1920 showed more than twenty million horses on the country's farms. In 1930 the number had sunk to thirteen and a half million. But in March of 1933 it had risen to fifteen and a quarter million.

The horse may return to the farm, to some extent, but he will not pull street cars again, nor can the bus make use of him. He is far too slow and he does not take the hills as the motor does. In the cities the horse's only place seems to be found in the practice of equestrianism. There will always be those who love the horse for himself, though they are comparatively few, in number.

One institution that, with the passing of the horse, the country has missed, has been the old-time open farm known as the livery stable. In this pleasant retreat, with its generous leisure, its good companionship and its familiar odors, national policies
