A MEMORIAL DAY THOUGHT

FEELING of sadness comes over the nation as the annual Memorial day is again observed, because of the passing of the men for whom this occasion was first created.

Nearly all their comrades have passed on to "Fame's eternal camping ground."

The deplorable quarrel that caused this terrible strife of 75 years ago is mostly forgotten now.

What can we do today to impart to the boys and girls that same fervent patriotic spirit that fired the people of past years?

Former years. The way to promote patriotism is to show the children that their country does more for them than is done for children anywhere else.

Personally I do not believe that dead pigs and buried wheat should be paid for by high prices and hunger.

THE NRA EXTENSION

THE United States senate has passed a resolution which would extend the NRA nine and a half months.

There are probably 2,000,000 such little concerns, many of them very small, employing one to six workers.

Every few days strangers drop into The Ledger office to inquire if we know of any modern houses for rent in Lowell.

HOME TOWN ENTHUSIASM

HOW CAN YOU fill your home town folks with enthusiasm to live and make them want to do things for it?

Logical argument showing how we all benefit when the home town goes ahead, will help convince reasonable people.

DON'T POSTPONE IMPROVEMENTS

SOME people postpone making improvements in the hope they will cost less at a future date.

Board of Review Meeting The Board of Review for Lowell-4, will meet in the township clerk's office on West Main-st.

Lowell High School Qualifies for State

In the Regional track meet held at Houseman Field, Grand Rapids, last Saturday, William Doyle, local high school athlete, took a first in the shot put to be the only local boy to qualify for the state meet at Lansing this coming Saturday.

Lowell's under-classesmen showed up well and should provide plenty of opposition in their later years.

Warner Roth was appointed acting village clerk at the regular meeting of the Common Council held last Monday evening.

Notice Numerous complaints have been received because of damage done to property with air rifles in the hands of small boys.

Stores Now Open on Wednesday Evenings

Lowell stores will be open next Wednesday evening, May 29, (the evening before Decoration Day) and will be open every Wednesday evening thereafter for the remainder of the summer months.

Odds and Ends Here and There

Pithy Points Picked Up and Patly Put By Our Peripatetic Pencil Pusher

Holly is another Michigan town that will be beautified with petunias, the Holly village council having made it the official village flower.

Forest enemy No. 1—the lighted match—is on the loose again. More than 200 forest fires have occurred so far this spring in Michigan.

Hint to trout fishermen: The brown trout of Michigan streams prefer damsel flies and May flies while brook trout select ants and beetles as choice food.

Lakes of the southern part of Michigan are predominately black bass and bluegill lakes whereas the lakes of the northern part of the state are predominately pike waters.

By mid-August, it is expected 33 CCC camps will have enrolled personnel of 6,000 young men engaged in various conservation work projects in the northern part of Michigan.

With pheasants, partridge and quail now nesting in lower Michigan, dog owners are reminded by the Game Division, Department of Conservation, that they should not let their dogs run loose in the woods.

The most highly recommended baits for German carp are composite pastes, says the United States Bureau of Fisheries. Pellets of partly boiled potatoes and dough balls are said to be good baits.

Many farmers believe the skunk to be a killer of chickens. This may be true to a limited extent but Dr. E. C. O'Boke of University of Michigan, says the skunk feed primarily upon ground-dwelling insects.

Miss Jane Addams, internationally known social worker and champion of world peace, died Tuesday in Chicago at the age of 74 years. Miss Addams was a second cousin of the late Mrs. J. M. Hutchison of Lowell.

Michigan's game and song birds are not without friends. So many orders for supplies of the food patch seed mixture have been received by Michigan Farm Bureau that the two tons of seed thought adequate for 1935 are nearly exhausted.

A compilation has been made which shows that Kent County has listed \$19,650,825 worth of needed public works relief projects with the State Planning Commission for action under the president's five billion dollar work relief program.

Henry Ford has announced that all workers in his automobile factories are to receive a wage boost of a minimum of \$6.00 a day. The increase will expand the company's monthly payroll by \$2,000,000. And that's pretty well for the man who did not knuckle down to the NRA.

The CCC division of the national relief administration has announced that it will purchase 25,236 trucks, 564 passenger cars and 520 ambulances from the automotive industry. The purchases will total about \$75,000,000. The supplies are necessary for expansion of the camps to accommodate 600,000 men.

A tax of ten dollars each has been proposed, by a Michigan legislator, to be levied on bachelors. That's letting 'em off cheap compared to what it costs a great of the men to be married and support a home and family. Why not require each bachelor to support some unmarried woman, or a widow, or a bunch of orphans?—The Cassopolis Vigilant.

Mrs. Katy Wilson, Vergennes-ville, has in her possession a booklet, issued by authority of the Lowell Board of Education, which contains considerable matter of interest to the Lowell schools, including the names of 1912, inclusive. Such information becomes more valuable as time goes on and should be carefully preserved.

Developments carry strong implications that the highway phase of Michigan's public works program will be concentrated in the industrial section of the state and the Upper Peninsula. At the same time it was indicated from Washington that the construction of highways and grade separations will be of greater importance in the public works program in Michigan than originally estimated.

To provide extra road clearance for cars to be used largely on unimproved highways, as in the rural mail delivery service, the Chevrolet Motor Company now offers new Standard models carrying, as optional equipment, 19-inch wheels, two inches larger in diameter than the regular equipment. The high-clearance wheels are of wire-spoke construction, similar to the regular 17-inch wheels.

A distribution of 7,517,548 Bibles, Testaments, and Portions of the Bible during 1934 in 148 languages and dialects and in more than forty countries was reported at the 119th annual meeting of the American Bible Society held in New York City May 9. The report stated that since the institution of the Society in 1816 a total of more than 201,000,000 Scripture volumes had been placed in circulation.

Michigan's quadruplets, daughters of Mr. and Mrs. Carl A. Morlock of Lansing, celebrated their fifth birthday with a big party Sunday. The children, Edna A., Wilma B., Sarah C. and Helen D., never have been exploited. They are in perfect health although they never had a special hospital, but have been cared for since they were five weeks old by their parents. They plan to enter kindergarten this September.

Mrs. Delora Minnich Laid to Rest Sunday

Delora Ellen Pettit Minnich was born at Hudson, Mich., August 3, 1862, and departed this life May 17, 1935, at the home of her daughter at Lowell.

She was married to Charles B. Minnich to which union were born five children, all surviving. They are Mrs. Hazel Walker of Oakland, Calif.; Mrs. O. J. Brezina of Lowell; Mrs. Fern Billings of Wausau, Wis.; Mrs. Florence Wells of Yankton, S. D.; and Albert Minnich of Blind River, Ontario, Can.

Mrs. Minnich spent most of her busy life in northern Minnesota, living five years in the neighboring province of Ontario at Blind River.

About two years ago she was left alone after the passing of Mr. Minnich, since which she had made her home here with her daughter. Although in declining health she enjoyed the fellowship and friendship of many neighbors and friends.

She is survived by her children and grandchildren together with two sisters, Mrs. Chas. Trumbull of Mt. Vernon, Wash., and Mrs. Gertrude Church of Reading, Mich., one brother, Daniel Pettit of Hudson, Mich., and a host of other relatives and friends.

Funeral services were held at the O. J. Brezina home Sunday at 2 p. m. Burial was at Oakwood cemetery. Arrangements by W. A. Roth, with Rev. S. B. Wenger officiating.

Local Woman Wins Recipe Endorsement

Mrs. Ella Aldrich, Route 2, Lowell, Michigan, has just been awarded a Certificate of Recipe Endorsement by Better Homes & Gardens for her recipe "Southern Spice Cookies."

This certificate, which brings national recognition to Mrs. Aldrich, is given by Better Homes & Gardens only to distinguished recipes which pass its testing kitchen's tests for dependability, excellence of taste, and family usefulness.

Mrs. Aldrich's endorsed recipe follows:

Southern Spice Cookies

1 cup butter
2 cups brown sugar
3 eggs, beaten
5 tablespoons sour milk
1 teaspoon soda
1 teaspoon lemon flavoring
3 cups flour
2 teaspoons baking powder
1/2 teaspoon salt
1/2 teaspoon cinnamon
2 teaspoons cloves
1/2 cup chopped nuts
1/2 cup raisins

Cream the butter until soft. Add the sugar gradually and continue creaming until smooth. Add the beaten eggs and the sour milk in which the soda has been dissolved. Add the flour and the flour which has been sifted with the baking powder, salt and spices. Mix until smooth and add the chopped nuts and raisins. Drop from a teaspoon onto a greased baking sheet. Bake in a moderate oven (375 degrees) for about 15 minutes.

FARM HOUSE BURNS

The frame house of Mr. and Mrs. Ed. Easterbrook in West Lowell burned to the ground last Thursday morning. When the fire was discovered at about seven o'clock the roof was all ablaze. With the help of the neighbors part of the furniture was saved. It is reported that the loss was partially covered by insurance. The barn is being temporarily filled up for the family's occupancy.

SCHOOL NOTICE

Supt. W. W. Gumsier announces that school will be closed on Thursday in order that the children may take part in the Decoration Day exercises and march in the parade. However, classes will be held on Friday.

Every Motorist Should Know Needs of His Car

If you would reduce automobile accidents, give heed to the four commonest causes of mechanical failure. These four causes are listed as follows by Wilson S. Isherwood, prominent automotive official and a leader in safety campaigns:

Bad brakes.
Worn tires.
Worn steering gear.
Poor acceleration.

Every motorist should know when brakes are not properly functioning and when tires have reached the danger point. Mr. Isherwood declared. But there are many who are unaware of the necessity for steering gear inspection, and for tuning up the motor for better acceleration. A motor that is well tuned up, he stated, seldom stalls on a railroad crossing or goes "hay-wire" in traffic.

In tuning up the motor, Mr. Isherwood points out the necessity for a complete tune-up, which can be performed in about 30 minutes. This consists of the following operation:

1. Clean and adjust spark plugs, replacing any worn plug.
2. Inspect ignition cable and battery.
3. Clean breaker points.
4. Adjust timing.
5. Adjust valve clearance.
6. Adjust carburetor.

Fat Men and Giants

The United States has its fair share of fat men and giants. Miles Darden was both, says a writer in the Kansas City Times. He was 7 feet 6 inches, and weighed a little better than half a ton. He was born in 1798, and lived until 1857, was married, a father, worked all his life, and was a pretty normal individual in spite of his size. Silly statistics and information are at ways in order when discussing giants or fat men—it took thirteen and a half yards of material to make a coat for Darden.

Ban on Competition

During the Middle Ages, Belgium had very strict laws to prevent what it considered to be unfair competition, writes Isaac Hershkowitz, in Collier's Weekly. In at least one town, craftsmen and vendors of goods were not only forbidden to advertise but they were not even allowed to stand in their doorways for fear they might blow their noses or sneeze in order to attract the attention of passers-by.

Early Use of Dice

Dice were probably evolved from knucklebones. It is almost impossible to trace clearly the development of dice as distinguished from knucklebones, on account of the confusion of the two games by ancient writers. It is certain, however, that both were played in times antecedent to those of which we possess written records.
