WHEN SCHOOL ENDS

THE CLOSING of the school doors for the long summer vacation used to be welcomed by millions of young fry as an auspicious event. In these days when many pleasures go along with school life, Young America should not be anxious to have the school days end for the year. In many communities where school appropriations have been exhausted, a too early closing of schools denies something to youth which is going to need in the years to come.

The world may not take notice when the Little Red Schoolhouse concludes its labors for the year. But the little group of eager parents who gather at that rural temple of learning, to note the progress their youngsters have made in the arts of living, are thrilled by the gains which the youngsters have made.

In thousands of towns, the school closing exercises, the graduations and other doings, are a beautiful function. The charm of youth flows through the hall in a kind of electricity. The recitations and songs and dramatic performances and orations demonstrate that education has given these young folks power.

They have learned many of the rules by which daily affairs are conducted, much of the language and literature by which thought is expressed, something of the duties of citizenship. These young people show a mental agility that promises much for the years to come.

HOW PEOPLE MAKE GOOD

THERE are some people who seem invariably to make good in any kind of employment. Whatever job they may take, they have a way of pleasing the people they work for, or to whom they sell things. What is the secret of their success?

THE MONTH OF WEDDINGS

JUNE is traditionally the favorite month for weddings. The poet said that in spring the young man's fancy lightly turns to thoughts of love. Presumably by June his fancy has become so emotional, that the word "lightly" no longer applies to it. He can hardly stand it longer, and the wedding bells mark the full realization of his dreams.

DEATH OF CLARA WARDELL

Clara Wardell, 19, who had been employed in Lowell for the past year, passed away Saturday night at the home of Mr. and Mrs. Don Niles. She underwent an appendicitis operation in St. Mary's hospital, Grand Rapids, the fore part of last week, after which she was removed to the Niles home.

EXERCISES FOR CLASS OF 1935 FULL OF COLOR

SIXTY-FIVE STUDENTS OF L. H. S. GIVEN DIPLOMAS IN COLORFUL PROGRAM—SPECIAL AWARDS FOR HONOR STUDENTS—INSPIRING ADDRESS GIVEN

The class of 1935 of the Lowell High School last night passed into history, colorful commencement exercises at the Strand theatre consummating the finale of years of school work on the part of the students receiving the diplomas. The class, which was composed of 65 members, was the largest ever to be graduated here.

Kathryn Schneider, who ranked first in the class, gave the valedictory and Jean Weekes, who ranked second, gave the salutatory address. The principal address of the evening was made by Dr. Charles E. Barker of Grand Rapids, who talked on the subject, "The Road to Happiness."

William Doyle, president of the senior class, presented the spade, containing ribbons representing all the classes which have been graduated from the Lowell high school, to Frank Monkowski, president of the junior class.

Commander A. H. Stormzand of the local post of the American Legion presented the Legion Honor Cup Award to Kathryn Schneider. Each year the name of the most outstanding senior is engraved on the cup, which was given to the school by the Legion in order to draw the two closer together.

The prize for scholarship was awarded by C. H. Runciman, president of the Board of Education, to Kathryn Schneider. The class of 1935 left a fund, the interest of which was to be given each year to the valedictorian. It was provided that if the money were ever tied up, a committee composed of the superintendent, president of the board of education and a member of the class of 1935 should meet and decide whether the fund should be given to the valedictorian.

Gov. Fitzgerald Saturday vetoed nine bills passed by the recent legislature. Included among them was a measure that would have provided state compensation for officers. Another would have placed a new provision into the building and loan law to permit an association to accept its own bonds in payment of any real estate mortgage it owns.

THE BEST SPELLERS

The seventh and eighth grade classes of the Lowell high school held spelling contests on their last day of school, Wednesday, and winners were: 7th grade, Hazel Peck first and Thelma Powell a close second; 8th grade, Jacqueline Day first and Ardis Schneider close second.

ALL TEACHERS RE-ENGAGED

At a meeting of the Board of Education Monday evening all of the Lowell teachers were re-engaged for next year.

Drill at Bottom of New Oil Well Hole

Not much progress has been made during the past week in drilling operations at Lowell's first oil well, due to the fact that the drill became disengaged and fell to the bottom of the hole. Special "fishing" equipment was brought from the Mt. Pleasant oil field and it is expected that the drill will be recovered soon and drilling operations again resumed.

800 CLAMMERS LOSE RIGHT TO NEW LICENSES

ALL STREAMS OPEN TO TAKING OF SHELLS SO FAR AS STATE REGULATIONS ARE CONCERNED. LICENSES ARE NOW AVAILABLE

Regulations governing the taking of clams or mussels during the 1935 season remain unchanged from last year, says the Fisheries Division, Department of Conservation. All streams of the state will be open to the taking of shells during the coming season, insofar as state regulations are concerned. The season opens July 1 and extends to September 30. Licenses became available June 1 and are issued only on applications sent to the Department of Conservation at Lansing. Application forms can be obtained from conservation officers and shell buyers in the clamming area.

Over 800 of the more than 1,300 clammers who had licenses last year, as well as others of previous years, will not be able to obtain new licenses this year, because they failed to submit the statistical report of their year's operations required by law. It is through the reports that the Fisheries Division is able to determine the trend of mussel fisheries.

While a great many clammers believe some streams or sections of streams should be closed due to the over-intensive shelling which has depleted the beds, the Department believes it will work a hardship on many families depending on the little revenue the clamming seasons affords and would concentrate to clamming on waters remaining open, to the detriment of those waters.

Family Reunions

The annual Heaven family reunion was held at the home of Mr. and Mrs. Burt Heaven of Elmwood Tuesday, 70 enjoying the chicken pie dinner. The oldest present was Alonzo Heaven, 87, of Greenville. The 1936 gathering will be held at the Perry Heaven home at Lake Odessa with the following officers in charge: President, Roy Heaven; vice president, Mrs. Ora Baldwin; secretary-treasurer, Mrs. Will Lott.

Potter Family

The Potter family met at Fallasburg Park Sunday, June 9, with 70 present. After a wonderful potluck dinner, election of officers was held as follows: Aylmer Potter, president; Austin Livingston, vice president; Edith Wheaton, secretary-treasurer. The reunion was set ahead this year as Mrs. Lone (Bowen) Wenzel and son Harold and three daughters of Louisiana were present for the first time since the reunions were started many years ago. Relatives were present also from Grand Rapids, Lowell, Saranac, Ionia, Grant, Belding, Clarksville, Greenville and Boston and Keene townships.

Noted to hold next year's reunion at same place and at usual time.

Farm Necessities Off State Sales Tax List

Seeds, Feeds, Fertilizers and Tools Now Exempt

BUYERS MUST SIGN CERTIFICATES THAT ARTICLES PURCHASED ARE FOR USE IN PRODUCING OR PROCESSING

Without doubt the most far-reaching piece of legislation passed by the 1935 legislature was the amendments made to the retail sales tax act of 1933. Under the amendments now in effect many articles of merchandise used on the farm are not hereafter to be subject to the three per cent sales tax. Merchants and farmers alike are deeply interested in learning just what articles of trade are to be exempt.

On June 4 the sales tax board which consists of the secretary of state, the auditor general, and the state treasurer, met and considered petitions presented by farm organizations and industrial groups and immediately released a tentative list of exempted commodities. While the list is not considered to be in its final form it does in a general way clear up a great deal of confusion which has prevailed.

In general, so far as farm requirements are concerned, it may be stated that anything which is used in the production of crops or in the processing of farm products or which is fed to livestock, poultry or other farm animals, is exempt from sales tax, seeds, feeds and fertilizers used in planning the crop, tractors, plows, harrows and other land tools used in preparing the soil; drills and seeders used in sowing or planting; cultivators and other implements used in tilling the crop; harvesters, mowers, haying and harvesting machinery used in gathering the crop—all these are exempt from the tax. However, if a farmer desires to rehang his barn doors, or install a hay or litter carrier outfit, or new stanchions and mangers, or a milking machine, water tanks and heaters, or if he builds new fencing or hangs new gates or buys brooder houses and erects a new corn crib—all on these items he must pay a tax or the dealer who sells the article must pay it out of his own pocket. The new regulations require in each instance where

Freshman College Invites Public to Closing Exercises

Lowell Freshman College will conclude its year's work on Wednesday, June 19. The faculty and students hereby extend an invitation to the people of Lowell and vicinity to attend the closing exercises, which will be held in the high school auditorium at eight o'clock on the evening of the above date.

Anyone wishing to see something original in rock gardens could be well repaid by visiting the home of J. H. Wright Sr., in Vergennes. This odd collection of stones was gathered from Mr. Wright's farm and arranged by him in the form of a little village.

CELEBRATE JULY FOURTH AT BOWNE CENTER

There will be a big Fourth of July celebration at Bowne Center with a program and sports, chicken dinner and all the fixin's, home-made ice cream and cake. Dinner, adults 35c, children 20c. Everyone is invited to be present and enjoy the fun.

THE WINNERS

An unusually large number of people were in town shopping on Wednesday night and when they assembled at nine o'clock for the drawing the crowd was several times larger than that of last week. The following persons were the lucky winners of \$5.00 each: Stanley Rathbun, Howard Uter and Anna Gordon. The open air concert by the band was enjoyed by all.

State Now Will Pay Non-Res. Tuition

Under the provisions of the Theobald-Saunders bill measure, the state will pay the tuition costs of all non-resident pupils in approved high schools. While the first payment of tuition by the state will be for the school year 1935-36, the total amount of tuition aid will be computed on the basis of the non-resident children enrolled during the school year 1934-35. The act proposes that the state will pay tuition costs to the receiving high schools at the rate of \$85 per child.

SENIORS HEAR ADMONITION TO GET PREPARED

BACCALAUREATE ADDRESS BY THE REV. FR. JEWELL URGES YOUTH TO BECOME INTERESTED IN SOCIAL AND POLITICAL PROBLEMS

"How Shall I Invest My Life?" was the central theme of the address given by the Rev. Fr. Jewell before an audience of about 400 graduates, parents, friends and teachers at the Baccalaureate services held at the Lowell city hall last Sunday evening.

Father Jewell stated that "Idleness has hit the younger generation harder than the rest of the population. Youth has borne its full share of the brunt of direct unemployment. This condition of enforced idleness cannot fail to have a demoralizing influence upon youth."

Working Out Plans For Lafayette-st

A joint meeting of the Village Council and the Board of Education was held on Monday evening for the purpose of considering the question of closing a portion of Lafayette-st. to vehicle traffic, primarily as a matter of safety to school children. It was tentatively agreed that the question might be settled by the school district deed over to the village.

FORMER GRADS TO RETURN FOR GET-TOGETHER

ATTENDANCE EXPECTED TO REACH 250—TWO FORMER SCHOOL HEADS HERE TO TAKE PART ON PROGRAM

President Lee E. Lampkin and other officers and committees of the Lowell High School Alumni Association have been putting forth strenuous efforts during the past few weeks for the annual banquet of the association, which is to be held this week Friday evening in the high school gymnasium.

Features of the program include the introduction of toastmaster, J. B. Nicholson of Grand Rapids, one time superintendent of schools here, by Howard Peckham; an address by J. F. Thomas, also a former superintendent of schools here and now connected with the Detroit school system; a solo by Mrs. Vivian Haysmer Schneider, welcome to Class of 1935 by Mrs. Evelyn Curtiss Lustig and response by Miss Kathryn Schneider, reading of letters from absent members of the association by Walter Kropf, remarks by the president, community singing and selections by the high school orchestra.

The banquet will be served by the M. E. Ladies Aid.

The following committees have been in charge of arrangements for the meeting: Reception—Dr. and Mrs. F. E. White, Suppl. and Mrs. W. W. Gumsier, Miss Marilla S. Chapman, Miss Audie Post, Mr. and Mrs. Harry Fuller, Mr. and Mrs. Walter Kropf, Mr. and Mrs. Philip Schneider, Miss Audrey Chase and Rudolph Witherell.

Nominating—Dan A. Wingeier, Miss Dora Jane Thomas, Miss Emma Kropf and Byrne McMahon. Banquet—Mr. and Mrs. Ernest Roth.

Main-st. is being represented this week by one of our local druggists, M. N. Henry, at the annual meeting of the Michigan State Pharmaceutical Association, which began its sessions in Grand Rapids on Tuesday and closes today. Mr. Henry is the president of the association and is presiding over the sessions. He will also deliver an eulogy on the late Dexter G. Look, who for many years was an active and much beloved member of the association.

Several weeks ago The Ledger published an article regarding an old account book, kept in 1869 by the late U. B. Williams, in which the following entry was made: "Wm. E. Lane charged with 2 banks, 10c." At the time we did not know what "banks" meant, but Mrs. William Devering has since informed us that when she was a girl, bread was sold by the bank instead of on a spool. The thread, which was mostly linen, was for the most part used for mending purposes, Mrs. Devering tells us.

Relatively few people know that all private detective agencies of the state must be licensed by the Department of State. While the law was passed by the 1927 legislature, the first person to be prosecuted for doing business without such a license, was recently convicted in Detroit. The offender was placed on six months' probation and restrained from applying for a license within that period.

In the Realm Of Local Sport

The Fallsburg Parkers defeated the St. Joseph team of Grand Rapids last Sunday, 9-2. This Sunday the Parkers will play the Grand Rapids Firemen in the first of a three-game series, at the park at 2:30 o'clock.

The American Legion Junior Baseball League has been organized and includes the following posts: Lowell, Caledonia, Holland, Comstock Park, Carl E. Johnson of Grand Rapids, and Crispus Attucks of Grand Rapids. The schedule of games will start Saturday, June 22, when Caledonia will play the local team here. The winner of the league will participate in the statewide tournament to be held in Detroit in August.

A rip-sporting, hard-hitting team left Lowell last Friday with the band to defeat Belding 7-1. Jack Thorne, ace hurler, went into action and pitched a no-hit game. The one run came in on a walk and on an error. Some of the boys playing the last game for Lowell never played before. They garnered 11 hits from two Belding pitchers and outside of one or two fielding errors, played excellent ball. The band and a large following faithfully went with the team and gave them a bigger rooting section than was had by Belding.

Old-Timers Play Ball The old-timers' ball game held at Recreation Park Monday evening between the Lowell Old-timers and the Grand Rapids Has-beens was a scene of what is good and bad in ball playing. The many spectators had as much fun as the players.

Tony Gazella starred for Lowell as catcher, Hank Greenburg, pitcher, held down first base, Gehring McQueen was on the keystone bag, and Pepper Martin Steckle stopped them in the hot corner, Jack Bannan, the Lowell speedy short-stop, held the crowd breathless with a slide of 20 feet on his fallen chest to stop a hot ground ball bunted by the G. R. nine. Kellogg and Gumsier in field, going out to prove the Babe is not too old, decided to retire with the Bambino. Walk Kropf in left field stopped what would have been a home run when he climbed the tennis court screen and pulled in a hard drive made by a G. R. heavy weighted Lefty Gomer. Stuart pitched hitless ball for three innings when he was lifted for a pinch umpire. Schoolboy Ashley was a little wild when he was put in the first of the fourth but steadied down and held them to four hits with his fire ball. Archie Duncan pitched a nice game in right field with no hits, no runs, no errors and no assists.

R. M. Shivel, pinch-batting for Stuart, laid down a bunt which gave the big towners an opportunity to make the only double play of the game. I. J. VanKammen, pinch hitting for Stryker, assisted in the double play. Rose Foreman, pinch hitting for Joe D. Bennett, Sports Editor for the Press, played a star game at second with three strike-outs, three errors in three times at bat. Morris Chadwick, G. R.'s captain and manager, almost won his own ball game when he, but Tony Gazella, caught him 50 feet from home. Jack Hoogerly pitched stellar ball, allowing only 14 hits, 6 walks, and almost got one strike-out for the G. R.s.

Umpire Stryker saved the game for Lowell by calling a home run a foul ball.

THE CONSTITUTION OR DESPOTISM

THE PRESIDENT is trying to make out that the majority decision has deprived the people of something they need. He implies that the decision interferes with the solution of our economic difficulties.

What is this cure-all of which the Supreme Court has deprived us? We know that the NIRA taken as a whole was a failure. Every competent observer in Washington admitted it.

What the Court said was that it was attempting to do anything. The New Dealers must not make the attempt in such a way that our form of government will be undermined, that a despotic will be set up, that government itself will break down under its own weight and sprawling weight.

The ceremony took place in Angora, Ind., Nov. 17, 1934. Mr. Coombe is a graduate of Lowell high school and Central State Teachers College. She has been teaching in Grant and Newaygo. Mr. Coombe is a graduate of the University of Michigan and is teaching in Clarksville.

Reception
Mr. and Mrs. Clyde Condon entertained with a reception Saturday evening honoring Mr. and Mrs. Richard Baird at Fallsburg Park pavilion. The evening was spent dancing and playing cards. Pottery orchestra furnished music and Dell Hardy, Peter Peterson and Warren Reed had charge of the dance floor. The walls were decorated with bows of dogwood and baskets of flowers were placed around in the room. The bride and groom received a large assortment of beautiful gifts and money. Refreshments of ice cream and cake were served to the two hundred and eighty guests.

Charivari
Mr. and Mrs. Richard Baird were loudly surprised Friday evening by a charivari. Mr. and Mrs. Richard Baird, when eight cars and a truck, when fifty people in all, drove into their yard yelling and tooting their car horns. A dinner bell had been mounted on the truck and plenty of tin cans and noise makers were in use. The newly-weds had no escape so dressed and were taken for a ride around town aboard the truck until they promised to treat the crowd. They were invited to Richmond's Tavern and were served refreshments and candy.

Cutworms Are Now No. 1 Public Enemy

Reports of Damage To All Classes of Crops Come From All Parts of Michigan

Cutworms have become public enemy number one in the fields and gardens of Michigan, and, like animals, public notice so far accorded them seems only to have encouraged their appetites for crime, according to the entomology department at Michigan State College.

Reports of destruction roll into the entomology department on the telephone, by telegraph, and by mail. Six acres of everbearing strawberries disappeared near West Highland, and an inspection of the field showed a condition which was expressed as, "paved with cutworms." The taste of these insects for green stuff is not confined to any one species of plant. They have been reported as destroying carrots, corn, tomatoes, all sorts of garden plants, and some flowering plants.

When cutworms are present in the numbers now reported, the only practical method of controlling them is to use the poison bait. The bait should be placed in the infested areas just before dark. It is scattered on the ground in flakes to avoid leaving lumps which might injure birds or domestic fowls.

The poison bait is prepared by mixing one bushel of bran, one-half gallon of cheap molasses, and one pound of paris green. Enough water is added to permit thorough mixing and to allow the poison to go into solution so that each particle of bran has a coating of the killing agent. Too much water wastes poison, as any water that drips out carries poison in solution. Two ounces of banana oil are added to the mixture.

The quantities of materials mentioned will make bait enough to treat two acres. Bait should not be wasted by applying it in areas where plants are not being damaged. Bait applied early in the day will dry out and is effective in attracting cutworms.

Gardeners who have only small plots of ground to protect can cooperate with neighbors in buying and mixing the bait. Local dealers in supplies often will mix the bait and sell it in quantities needed. Ten pounds of bait will treat one acre.

Arsenate of lead or calcium arsenate can not be used successfully in preparing poison bait. Sodium arsenite can be used but it is usually not so readily available at local stores.

Fall plowing of land to be used for gardens or crops helps materially in controlling cutworms and other insect pests. The insects are turned up to the surface where they are exposed to unfavorable weather conditions and to the attacks of birds and animals.

Special bulletin No. 183 published by Michigan State College contains detailed directions for controlling the insects which attack field and garden crops. Extension bulletin No. 117 is intended for the use of gardeners who are having trouble with bugs. Either bulletin or both will be sent to anyone requesting it from the bulletin clerk at the College, East Lansing.

Dist. Patriotic Instructor Letha Mackey. Other members from Amasa B. Watson Corps were as follows: Ida Glasgow, Lorena Post, Dorothy Palmer, Mrs. Buchanan, Edith Morse, Jessie Klane, Mrs. E. A. Wood, Ida Carrier, Katherine Gilman, Clara Hollister, Ella Morgan.

Mrs. Lora Hartman was recognized as Worthy Matron of Eastern Star and presented with a beautiful silk flag from Joseph Wilson Corps.

A rising vote of thanks was given Mrs. Misonoff for presenting the Corps with flowers for table decorations. An invitation by the President of Watson Corps was given and accepted by Joseph Wilson Corps to attend the meeting on Friday, June 7 in Grand Rapids. Meeting closed by singing of America. Next meeting June 20, at 2:30 p. m. P. C. L.

Entertain at Bridge Supper
Miss Marie Beahan of Lowell and Miss Esther Carten of Ionia were hostesses for Sunday night supper and bridge at Miss Beahan's home in honor of Miss Josephine McGowan of Ionia and Miss Ruth Scheid of Belding, who are to be married Saturday, June 22. YES SIR, THIS IS IT...

ALL-WEATHER

WERE not guessing when we tell you the famous "G-3" All-Weather gives more than 43% greater non-skid mileage.

Backing up the experience of our "G-3" customers is evidence—real testimony—gathered coast to coast by a field detective, Inspector Faurot of the New York Police.

He found that this greatest Goodyear tire of history is standing up even better than we've claimed. Come see this costliest-to-build tire that costs YOU nothing extra!

Sure!

GUARANTEED AGAINST ROAD HAZARDS as well as defects.

Ford V-8 Truck Caravan Here June 22 and 23

LOCAL BUSINESS men and farmers will find much to interest them in the Ford V-8 truck caravan which will arrive here June 22 on a four month tour of the state. Above are shown the deluxe panel delivery at left, and the stake-body "demonstrator" trucks, two of the eleven Ford V-8 commercial units comprising the caravan. The visit will be spent in demonstrating these vehicles on various jobs.
