HERE AT HOME

MICHIGAN FOLKS are at last beginning to get Michigan-conscious. For almost an entire century, starting in pioneer days, we have been content to leave it to outsiders to care here and dwell upon the pristine glories of all and sundry.

In an effort to check the normal increase of violations before and during deer-hunting season, the Department of Conservation next month will double its force of Conservation officers in the deer country.

The once popular method of acquiring land by homesteading is now definitely passed in Michigan. A legislative act, which recently went into effect, has withdrawn all tax-reverted lands from homestead entry.

The new regulations for the collection of the sales tax, passed by the last legislature, are saving the farmers of Michigan over \$1,200,000 per year according to the estimates made by the sales tax division of the state government.

No action has as yet been taken by the supreme court in the vexatious problem of the department of public instruction. It did, however, grant a motion of the attorney general last week to include in the record of the case, the fact that the incumbent, Dr. Paul F. Voelker, did not file his bond until in November of 1933, some four months after he entered upon the office.

Edgar Walter Mitchell, of Sand Lake, blind since the age of 10, has for years supported himself by chopping wood. Although Mitchell, who is now 73 years old, gets a \$10-a-month old age pension, he has no intention of sitting idle this winter.

James L. Parker, receiver for the Saranac State bank, has announced that a \$17,000 payoff will be distributed soon. The dividend will represent 5 per cent of both savings and commercial accounts.

The last man to be publicly lashed in Michigan was whipped at a post set in the public square at Monroe, Michigan. The date of the whipping is uncertain but is said to have occurred in either 1832 or 33.

When Lee Miller (not our Lee R. Miller, but Lee Miller of Battle Creek) lost control of his automobile, the principal loss, according to the Helmer Nursery Farm, was the tree the motorcar hit. Nurserymen said the tree was an imported spruce, only one of its kind at the nursery, and worth \$1,000.

The attorney general has rendered an opinion to the effect that the Liquor Control Commission may not prohibit the sale of beer for consumption on the premises on Sunday, but that this may be accomplished by local legislative bodies, either by resolution or ordinance.

Upwards of 130 persons died in week-end auto accidents as motorists jammed highways at the call of autumn weather. Michigan's toll stood at ten dead. Talk about your Roman holidays!

DISPLAY THE FLAG OCT. 28. Nation-wide observance of Navy Day will be held on Monday, Oct. 28. Business places and homes should display the national emblem in honor of the occasion. The U. S. SPUD CONTROL PLAN IS GIVEN OKAY AT MEET

SURPLUS DIVERSION PLAN FAVORED—POTATO PRICES MAY BE BROUGHT NEAR PARITY IF TEMPORARY MEASURES ARE ADOPTED

Some 350 Michigan potato growers and shippers were in attendance at a meeting held in Grand Rapids on Monday for the purpose of formulating a program by which the price of the 1935 potato crop may be raised and stabilized, pending the time when the potato control act becomes effective.

The assembly adopted a motion that a committee be appointed to petition the secretary of agriculture for a referendum on the marketing agreement and the promulgation of a surplus diversion plan.

A hearing on the marketing agreement is expected to be held in Grand Rapids sometime in November. The diversion plan and the marketing agreement are proposed as temporary corrective measures until the 1935 potato act goes into effect on the 1936 crop.

Much interest centered in the surplus diversion plan under which the AAA would pay 25 cents per hundredweight to growers who divert surplus potatoes for livestock feed, potato flour, starch or alcohol.

The plan is proposed to cause sufficient increase in the price of high grade potatoes to automatically cause growers to stop diverting potatoes and to market them in the customary way, instead.

In regions in which the possibilities under the diversion plan are limited, it is proposed to supplement the plan with a marketing agreement to effectively improve prices.

Such an agreement has been proposed for Colorado, Idaho, Nebraska and Wyoming and requires the approval of three-fourths of the growers.

State Mutual In First Rank As Advertiser

The State Mutual Fire Insurance Company of Flint, of which V. V. A publication of national circulation, the American Druggist, publishes an article by Gerald M. Henry of Lowell in its October issue. The article deals with the fact that there is no perfect "poison crime" because of the pharmacist, and shows case examples of poison crimes which were solved by druggists whose records showed who had bought poisons.

It's funny how stories get started on Main-st.—on every Main-st. in the country for that matter. A few days ago a man was seen to enter the stairway leading to the office of a local physician. He held to his face a handkerchief spattered with blood. Someone said "He might have been shot in the face while hunting." But soon the statement was made that man had been shot in the face while hunting. A ledger reporter learned the facts of the story from the physician himself. It was the story of a young hitch-hiker on his way to his home in Oregon. A friendly motorist had offered him a lift. With the car going at a good rate of speed the young man opened the door in order to release his coat which had become caught as he entered. The door was of the type that opens from the front. As the door opened it was caught with such force by the wind as to pull the young man from his seat. He was dragged a considerable distance before the car could be brought to a stop. His face and hands were badly "burned" from contact with the pavement as he was pulled along. After being bandaged up, the youth continued his journey. No doubt he will profit from his experience. It's risky business opening a car door while the car is in motion.

Election November 1 On School Proposal

Taxpayers of Lowell School Dist. No. 1 To Decide Question

The formal offer of the federal government to make an outright grant of \$30,909 and a loan of \$39,000 to graded school district No. 1, Township of Lowell, together with the necessary form for making application for the new school addition, were received by Secretary F. F. Coons on Monday of this week.

The Board of Education was called together in a special meeting on Wednesday and it was decided to present the proposal to the qualified electors of the district on Friday, Nov. 1.

There will be a preliminary meeting for discussion of the proposal, starting at 7:30 o'clock and qualified electors are urged to come at that time with any questions they may have in mind.

Eight Months' Work For Local Labor. Definite assurance has been received to the effect that as much local labor as possible will be used in the project, irrespective of whether the laborers are on relief rolls or not.

New Unit Will Earn Money For District. In a bulletin presented to the Board of Education, Supt. W. W. Gummer pointed out that at the present time over 600 children are attending school in the central building; whereas, in 1919, only 286 in all the grades occupied the same quarters.

An interesting fact was also brought out showing that in the last nine years there has been a decrease in the grade enrollment of over 40 pupils; but this was largely due to the fact that children who had been attending the Lowell schools from three neighboring school districts had returned to their own schools.

For every pupil coming to Lowell from outside the district there will be a tuition fee of from \$48 to \$65 for each pupil, which means that the earning power of the Lowell schools will be materially increased, that is, if the district provides the room.

Qualifications of Electors. The necessary qualifications of voters at a school election involving the voting of taxes are that they must be citizens of the United States, must be 21 years of age (either male or female), must have a three months' residence in the school district and must own property which is assessed for school taxes in the district.

A person buying land in the school district on a land contract who actually pays the taxes upon such land and who resides thereon, is qualified to vote at elections provided he or she is a citizen of the United States, 21 years of age, and has resided in the school district for a period of three months.

Where husband and wife own property jointly and the property so held is assessed for school taxes in the school district, both husband and wife are qualified to vote at school elections and all questions at school elections provided they are citizens of the United States, 21 years of age and have resided in the district for a period of three months.

Any qualified elector owning bank stock upon which he pays school taxes is eligible to vote.

Young Hunter Is Accident Victim

Russell Aldrich, 14-year-old son of Mr. and Mrs. Earl Aldrich of South Lowell, accidentally shot himself in the right foot while hunting with Richard Kinney last Friday. The accident occurred when the trigger slipped from Russell's thumb while the end of the barrel was resting on his foot.

A local physician gave first aid, after which Russell was taken to St. Mary's hospital, Grand Rapids, by Deputy Sheriff Frank Stephens.

Treatment of the case is somewhat complicated due to the fact that the boy also is suffering from whooping cough. Mrs. Aldrich is at the hospital with her son.

Clinics Oct. 28 in Lowell-tp. Schools

The Kent County Health Department will hold clinics in all the rural schools of Lowell tp. on Monday morning, Oct. 28. Toxoids are to be given to children between the ages of six months and ten years.

The clinics will be held at the following hours: No. 2, Riverview at 9:00; No. 9, McIntyre at 9:15; No. 6, Blair at 9:25; No. 5, McBride at 9:35; No. 12, Sweet at 9:45; No. 7, Merriman at 9:55; No. 4, Morse Lake at 10:10.

Dr. Gertrude Tredenic, chiropractor, has a branch office at Lowell in the King block Tuesday and Saturdays from 9 a. m. to 8 p. m.

Rites Friday For John Andrews, 70

John L. Andrews, 70, resident of Lowell for the past 38 years, passed away Tuesday afternoon, following a heart attack. Mr. Andrews had been in declining health for the past six years but his death came as a shock to his many friends. He was well-known here, having been in the meat market business for ten years and in the restaurant business for about eight years.

Rockford Downed In Close Contest

Lowell high school, in one of the hardest fought games of the year, defeated Rockford, 7-0, here under the lights of Recreation Park last Friday night. Lowell, in a spectacular march down the field after the kick-off, was stopped on the Rockford seven yard stripe where the visitors got possession of the ball on downs.

Rockford's punt was blocked and Roark recovered the ball and ran for a touchdown. Monkowski passed to Stukkie for the extra point.

Rockford threatened several times, but failed to score. Their passing attack was their best weapon and was used to advantage in the remaining quarters of the game.

Lowell played different ball Friday night than in the game the week before against Lee and it showed that your writer was right in saying that the Lowell team has the stuff. The tackling and the blocking were improved and the old fight was there.

Lowell plays Belding this week Friday afternoon at 3:30. This is the home game. The high school considers it the big game of the season and every effort is being made to get out the largest crowd possible.

Many business men have signified their intention of attending. Turn out and see your team play.

Corn-Hog Raisers Cast Vote by Mail

The Corn-Hog referendum vote in Kent County will be by mail according to Henry Timm of Caledonia, President of the Kent County Corn-Hog Control Association.

Ballots are being mailed to all contract signers who should mail them back at once.

Non-contract voters may vote on October 26th in Room 201, Grand Rapids Y. M. C. A., from 8:00 to 5:00 o'clock. Such voters must establish the fact that they produced either corn or hogs in 1935.

Egg-Weighing Plan Delayed Sixty Days

Egg dealers may put away their scales for another 60 days. James F. Thomson, state agricultural commissioner, announced Tuesday that his new regulations requiring eggs to be sold by weight instead of by the dozen will not be put into effect until enforcement details have been completed.

SUFFERS LEG FRACTURE

Howard Buck, 19, son of Mr. and Mrs. Will Buck, suffered a fracture of his left leg just below the knee, while working at the WPA project at the Lowell high school Wednesday morning.

The accident occurred when he tripped over a line and the wheelbarrow which he was pushing bounded up and struck his leg. Howard was taken to St. Mary's hospital where the fracture was reduced and he was brought home Wednesday afternoon.

GUESTS OF HASTINGS CLUB

Members of the Lowell Rotary Club and their ladies were guests on Tuesday evening of the Hastings Rotary Club at a six-o'clock dinner. Those attending report the occasion most delightful. The program was provided by the past presidents of the Hastings club.

ATTENTION, MOOSE

Lowell Moose members are urged to be present at the club rooms Friday evening, Oct. 25, for a social evening. Entertainment will be furnished by Chas. O'Reilly and others from Grand Rapids. Refreshments will be served.

LIBRARIAN ON PROGRAM

Miss Audie E. Post, Lowell librarian, is on the program at the Institute meeting for Region Four of the Michigan Education- al Assn., which is being held in Grand Rapids this week Thursday and Friday. Miss Post will talk upon the subject of "Magazines in a Small Library: Circulation, Care, Filing and Disposal."

CHALLENGES OF YOUTHS HEARD AT JOINT MEET

ADULTS REPLY TO QUESTIONS PROPOUNDED AT YOUTH-ADULT HEARING SPONSORED BY COUNTY Y. M. C. A.—122 IN ATTENDANCE

The United States Congress, the Michigan State Senate, Agriculture, Industry, Education, Parity, and the Church listened Saturday through their representatives to the challenges of youth at the Youth-Adult Hearing at Rockford.

One hundred and twenty-two people gathered for this occasion which was arranged by the Town and County Department of the Y. M. C. A.

Six youth speakers opened the program with brief presentations on recreation, war, vocations, moral standards and politics. After separate group discussions of the topics, the questions raised by the young people were fired at the "Adult Hearing Board."

The scene shifts to the war question. "Was Not the World War a Defense of Private Economic Interests?" Another question, "Should There Be a Referendum Before War is Declared?" But our congressman points out that popular clamor before war has always preceded declarations and that at such a time the referendum would surely be affirmative. And then the delegates turn their guns on the Hearst and others who would mold public opinion through the press, radio and movies, to their private interests.

Another question: "Is it dangerous to aim too high and then to be rudely cast down?" Some champion the high aim for the sake of struggle and growth. Modern youth like Jesus does not seek the way of personal safety but the chance to live courageously and fearlessly.

Delegates from Alto included Mrs. Charles Smith, Virginia Smith, Carol Smith, Cleone Hayward, Harriet Grote, Beatrice Yeiter, Mrs. D. V. Curtiss, Lawrence D. Curtiss, Clifford Evans, Edward Wood and Mrs. Henry Klahn.

Lowell delegates included Rev. S. B. Wenger, Gracia Haysman, Winifred Goul, Ruth Houseman, Margaret Brighton and C. H. Runciman.

Many times each year the American people need the Red Cross; once each year, the Red Cross needs the American people. The National organization has just closed one of its busiest years in peace-time history.

There were 128 disasters in the U. S. and Alaska last year. Relief work for 110,000 victims in these disasters, amounting to the expenditure of \$464,413. The variation of the catastrophes—dust storms, explosions, fires, floods, epidemics, shipwrecks and all types of storms called for expert counsel on health and nutrition problems as well as case work for relief of the victims.

This year tragedy may come to our community, and Red Cross membership dollars will be ready to help us.

Kent County is under the Red Cross chapter offices located in the Houseman Building in Grand Rapids. All Red Cross chapters are affiliated through the national organization and must be prepared to act jointly in event of a major disaster. Definite obligations are laid down in their charter by Congress.

Since the general purpose of Red Cross is to alleviate and prevent human suffering, its program is both curative and educational in nature. Among its services are Public Health Nursing, Junior Red Cross, Emergency Relief, Veterans Claims, and instruction in First Aid, Safety, Life Saving and care of the sick. Volunteer workers make garments, give canteen and hospital service, and transcribe into Braille books and magazines for the blind, 38,000 nurses are on the active Reserve list, ready to answer any peace or war call.

Keep it in mind to renew your membership during the period between Armistice Day and Thanksgiving.

—Mrs. R. D. Hahn, Local Rep.

**THE DOCTORS ARE RIGHT**

Women should take only liquid laxatives

Many believe any laxative they might take only makes constipation worse. And that isn't true. Do what doctors do to relieve this condition. They use a liquid laxative.

Three steps to relieving constipation:

1. Take a small quantity tomorrow; less each time, until bowels need no help at all.
2. Laxative, and keep reducing the dose until the bowels need no help at all.
3. Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why your laxative should be in liquid form. A liquid dose can be regulated to the drop.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—both natural laxatives that form no habit even with children. Syrup Pepsin is the nicest tasting, nicest acting laxative you ever tried.

### QUICK RELIEF FOR UPSET STOMACH

Chronic Case of Indigestion Quickly Relieved By Indo-Vin.

MR. W. E. BURTOFT, of Hoover, Ohio, says: "My stomach was always upset and I was FULL of gas after my meals, and this gas even had its effect on my heart, for my heart seemed to shake and flutter like a leaf on a tree. I got Indo-Vin and will say that here is a REAL

MR. BURTOFT and GENUINE medicine for a person to take. My stomach is never upset after meals any more and my food does not sour or form gas in my chest, so that I never have that awful pressure and fluttering around my heart like I used to. This is the greatest thing of the kind that EVER CAME HERE and I am proud to publicly endorse it. You can now get Indo-Vin at the Henry drug store, here in Lowell and from all good druggists throughout this section.

### Junior Red Cross Formed in School

An active organization of the Junior Red Cross has been started in the school this fall. Four students, Doris Christiansen, Fay Green, Virginia Doyle and Donna Thorne, act as representatives to the district meetings held in Grand Rapids each month.

Much interest has been shown by the students in this work, especially in their annual roll call, which was one of the largest in recent years. Most of the pupils earned their own donations.

Mrs. Corrintha Schenklerberg of the Grand Rapids Junior Red Cross gave an inspiring talk to both students and teachers last Thursday, telling of the various activities in other Kent county schools.

Some of the grades already have started working on material to be exchanged with schools in foreign countries.

Miss Dorothy Koth is in charge of the work.

### FREE SCHOOLS

"The free common school is America's greatest gift to humanity. It belongs to the heritage of intelligent and responsible citizenship established by our pioneering forefathers. It is necessary to the success of our Republic. The School is the surest guarantee of our personal rights. It is the safeguard of our political liberties. It is the bulwark of our representative institutions. The school seeks to enrich and ennoble home life. It develops the skills in agriculture and industry. It helps to awaken ambition and to establish character. It emphasizes responsibility to the common good and the general welfare. The free school is the expression of a mighty faith. Because we believe in ourselves, in democracy, and in the future, we seek through the schools to improve the quality of our lives."

### Garden Lore Club

At the October meeting of the Garden Lore Club, which was held with Mrs. H. L. **REDUCED Time Payment Plan**

A new plan to finance the unpaid balance on new cars, that not only saves the customer a substantial amount of money but is so simple that he figures the costs himself, is available to all purchasers of new Chevrolet cars, G. G. Webster, manager, Webster Chevrolet Sales, Lowell, announced at his office today.

"This plan known as the G. M. A. C. 6 Per Cent Plan is a simple, straight-forward one devised by General Motors Acceptance Corporation, a subsidiary of General Motors, and welcomed by us as another economy we can pass on to buyers of the new 1936 Chevrolets," Mr. Webster stated.

"Under this plan the car buyer knows exactly what it will cost him for time payment service. Actually it is as simple as A, B, C. The buyer merely takes the unpaid balance due, adds to this amount of his insurance and multiplies the result by 6 per cent. The answer is the entire cost of financing the unpaid balance and insurance for 12 months. For payment periods longer or shorter than 12 months the cost is one-half of one per cent.

"The G. M. A. C. reduced time payment service is offered on all new Chevrolet cars and trucks."
