

THE CALL OF HUMANITY

THE SUFFERINGS to which humanity is exposed call on the American people...

The noble work of this organization reaches into every locality. If the fierce force of nature's elements sweeps down on communities in disaster...

A society with such a superb organization must not be permitted to suffer for lack of funds. The people should volunteer aid...

BIRD TRAVELERS

GREAT FLOCKS of birds are now traveling south. The scientists tell us that many swallows travel from Greenland and Alaska to winter in Brazil...

There are no road signs to tell this winged traveler that it is 1000 miles to his winter resort...

One of the most beautiful songs of the music world is called "When the swallows homeward fly". No wonder the sweeping flight of these beautiful birds inspired the composer...

THE POWER OF RECOVERY

ONE OF the characteristics of the American people is that when they are knocked down, they soon pick themselves up and go ahead...

AFTER THE ACCIDENT

WITH 37,000 people killed annually in automobile accidents and around 1,000,000 persons injured, everyone who drives a car must face the possibility that some day he will be involved in one of these deplorable mishaps...

Former Resident Laid to Rest Here

Funeral services were held Wednesday afternoon in the Methodist church here for Mrs. Bertha Archibald, 69, of Grand Rapids...

NATIONAL BOOK WEEK

Kent County will observe National Book Week Nov. 14 to 20. Emphasis will be placed on promoting reading interests in rural communities throughout the county.

County Health Officer Tells How to Prevent Spread of Scarlet Fever

Scattered cases of scarlet fever have occurred in Lowell for several weeks. This is undoubtedly due to two causes. First, many cases are so mild that they are difficult to recognize...

Auction Sales

Archibald M. Ross, 14 miles south and 2 1/2 miles east of Alto, on Tuesday, Nov. 16, at one o'clock, N. C. Thomas, auctioneer; Ray McGowan, clerk.

Census Cards For Unemployed Received Here

To Be Mailed Out November 16

Several thousand unemployment report cards have been received at the Lowell post office in anticipation of the unemployment census to be taken Nov. 16 to 20.

Each of the unemployed is to receive a card which will be distributed by postal employes not only to every home in this county and state, but also to every place of abode in all the 48 states as well as Alaska and the Hawaiian Islands.

In compliance with a telegram from John D. Biggers, administrator of the census, addressed to Village President J. A. Arehart, the following named persons were appointed at a special meeting of the Common Council held Monday evening to collaborate with Postmaster F. J. Hensley and give whatever assistance is necessary to assure a complete and accurate registration of the unemployed.

All persons who are totally unemployed, able to work and want work.

All persons working full time or part time on projects of WPA, NYA, CCC or other emergency work projects supported by public funds.

All persons who are partly employed, able to do more work and want more work.

These census cards, on which postage is not required, should be returned by the registrants on or before Nov. 20, either by dropping in a mail box, handing to mail carrier or mailing in any post office.

Those who should not fill out the cards include the following groups: Housewives and unpaid family workers engaged in domestic duties and unpaid family workers in a family business store or farm unless they are looking for other work for pay.

Full-time students at high school or college unless they are receiving NYA student aid or are looking for full-time work and expect to quit school when they find it.

It is urged that questions on the cards be correctly answered and that the cards be mailed back at once. Those who need instruction in filling out the cards should consult their mail man or any postal employe at the post office. Mail carriers and post office will supply additional cards upon request.

Those who should not fill out the cards include the following groups: Housewives and unpaid family workers engaged in domestic duties and unpaid family workers in a family business store or farm unless they are looking for other work for pay.

Stirring Address By Am. Legion Official

Armistice Day exercises were held throughout the schools Wednesday afternoon. The High School, comprised of the six upper grades, heard a very stirring address delivered by John W. Gilmore of Detroit, past state commander of the American Legion. Mr. Gilmore was obtained under the auspices of the American Legion through the activities of F. Earle Haner and Dr. H. P. Gottfredsen. His talk dealt with peace problems and the significance of good citizenship.

The third, fourth and fifth grade youngsters listened to a talk by Peter Mulder, a speaker furnished by the American Legion. The children sang songs and poems fitting for the occasion. The other grades held appropriate exercises.

Good Stories For Old-Timers

Mrs. Fred Pattison, our Alto correspondent, sends the following stories dealing with baseball, baseball players, and good marksmanship. Believe it or not. We all know Charlie Bancroft is the greatest baseball fan in this community, and we hear that about 1912, he and George Clark of East Rochester, N. Y. who was working in the Bancroft apple drier at the time drove a horse and buggy to Holland Park to see Ionia and Holland play ball. The sad part of this trip was that the game was called off on account of wet ground. Charlie says home plate in Alto used to be where Floyd Hunt's oil station is now. It might interest some Lowell people to know that Billy Barber was catching for Ionia at this time.

And talk about good shooting! When Bert Stevens was in the depot here at Lowell, he would take a .22 rifle and shoot the ashes from the cigar that George Skidmore was smoking. We think George was a pretty brave man.

One day George held up a nickel and said he thought Bert wouldn't be able to hit that, not thinking that Bert was going to shoot. However, Bert did shoot, and the nickel disappeared and George's fingers stung so that he thought this was a good time to stop holding targets while he was still intact.

The Triple C Circle will meet on Friday afternoon with Mrs. A. M. Andrews at her home on Monroe.

The Bennett Group of the Congregational church will meet with Mrs. D. G. Look on Friday afternoon, Nov. 12. All members are requested to be present.

The South Lowell Aid will sponsor a food sale to be held at Leonard's Studio Saturday, Nov. 13, commencing at 11:00 a. m. p26

The school Lowell PTA will meet at the school house on Friday evening, Nov. 19. A nice program has been prepared. Everybody be there.

St. Mary's Church is sponsoring a chicken supper and festival at the home of Mrs. P. J. Finck, 17, from 5:00 to 8:00 o'clock. Games will be played following the supper. All are welcome. c26

Ware PTA will meet at the school house for their November meeting on Tuesday evening, Nov. 16. A potluck supper will be served.

Mrs. Alma Spring of Grand Rapids, who is now on a lecture tour throughout Michigan, will be the speaker at the next meeting of the Lowell Women's Club to be held on Wednesday, Nov. 17, at the home of Mrs. P. J. Finck. Mrs. Spring is a student of psychology and numerology. Mrs. Glenwood C. Fuller of Grand Rapids, will be the soloist.

Lowell High School football squad, undefeated until last Saturday, bowed in defeat to East Grand Rapids, 14-0 at East Grand Rapids. Displaying lots of power, the East Grand Rapids team pushed the Lowell team around the field and scored in the second quarter on a pass to Ellis of East who ran 30 yards to a touchdown.

Just before the half, the Lowell team got going and took the ball from the middle of the field to the East 5-yard line where they were stopped on four successive plays. The half ended with Lowell deep in East territory.

Lowell failed to continue their offensive drive in the last half and East showed what a plugging back and heavy line could do and Williams of East carried the ball down the field and over for the second East score. Lowell failed to come back after the first and did not threaten East in the last half.

East has a fine team this year and showed their superiority over the local squad but the Lowell boys have a fine record nevertheless. The game was disappointing in the fact that the home town boys did not seem to have that edge that made them the hard playing team that won the previous games. Lindsay, Stauffer and Phelps played good games but were not inspired.

Sand Lake Defeats Lowell Reserves

The Sand Lake team defeated the Lowell Reserves 33-6 Friday evening at Recreation Park. The Sand Lake team scored in every quarter and twice in the third quarter.

Three Women Drawn For Circuit Court Duties

Three women from this locality have been drawn for the December term of Circuit Court for Kent County: Minnie Hawk and Emily Kalkward, Lowell; Nellie Timpon, R. 1. Alto. Court convenes Dec. 13.

The Swedenborgians called themselves the new church.

New Municipal Garage Nears Completion; Structure Possesses Beauty and Strength

In order to purchase the remaining material necessary to complete the municipal garage project, the Board of Trade and the American Legion have appropriated \$300 each out of the Showboat funds. By a resolution, the council has agreed to furnish the remainder of the amount needed, or about \$400. The garage, which is to have the final pour this week, will be finished up with overhead doors, windows, floor and heating plant. The new structure when fully completed will be a building of genuine artistic beauty combined with rugged strength of construction. Our people are bound to be pleased with this new and valuable asset.

The type of construction, which is comparatively new, has brought a number of cement contractors here from various sections of the state to study the method. The building is of pure white in appearance with rounded columns at each of the corners and smaller openings at the door and window openings, all of which have been made smooth by hand rubbing. The total cost of the building will be approximately \$15,000. It is a WPA project, about 20 per cent of the cost being borne locally.

CALENDAR OF COMING EVENTS

Reserve your food sales, supper and potluck notices, dates or parties. The rate is 1 cent per word with minimum charge of 25 cents per issue; all other notices free. If you charge, we charge.

Window Night in Lowell, Wednesday evening, Dec. 1.

The regular annual meeting of Cyclamen Chapter, No. 94, O. E. S., will be held at the Masonic Temple at 6:30 Friday evening, Nov. 12.

The meeting will be preceded by a potluck dinner. Bring a dish to pass. Every member is cordially invited.

The So. Bell PTA will be held at the school house on Friday evening, November 12, 1937. The Logan school will present their play, "The Man in the Green Shirt". Potluck supper. Bring own service. Every one welcome. 25, 26

The Keene Jolly Community Club will be held at the home of Mrs. Philo Blakeslee in Lowell, Wednesday, Nov. 17 for dinner. A Christmas sale will be held at this time. All members try and come.

The Triple C Circle will meet on Friday afternoon with Mrs. A. M. Andrews at her home on Monroe.

The Bennett Group of the Congregational church will meet with Mrs. D. G. Look on Friday afternoon, Nov. 12. All members are requested to be present.

The South Lowell Aid will sponsor a food sale to be held at Leonard's Studio Saturday, Nov. 13, commencing at 11:00 a. m. p26

Along Main St.

Jim Kerr was the first in the history of the local bowling alley to roll a perfect score of 300, which he accomplished last Saturday.

F. J. McMahon, superintendent of the Lowell municipal light and power plant and Village Attorney, R. M. Shivel, attended the opening of the new Zealand municipal plant Tuesday evening at which meeting both extended congratulatory remarks.

The lobby of the Strand Theatre has been enlarged by taking over a portion of the space formerly used by the Strand Coffee Shop. The lobby has also been repainted and redecorated. The Strand always lives up to its slogan of being "Michigan's finest small town theatre."

Lowell business places are closing at 11:00 a. m. today and will be closed for the remainder of the day. The high school football team will go to Grandville for the annual football game, accompanied by the high school band as well as a large delegation of students. Members of the Rotary Club and other business men will provide cars for the trip.

The work of razing the Gullford building on East Main-st. is about completed and thus passes another landmark which had outlived its usefulness. Mr. Englehardt, the owner, is to be commended for his enterprise. There are a few other old rookeries about the town which should go the same way, as they no longer serve a useful purpose but are a menace as fire hazards as long as they are permitted to blemish the landscape.

An electric iron left on an ironing board with the current on and forgotten when the family left the house last Sunday came within an arm's length of causing a disastrous fire at the Joe Speersta home in the north part of town. The blaze was increased through an open window by Mayor John Arehart as he was passing by, who turned in the alarm. The fire department responded promptly and the blaze was extinguished before much damage had been done.

The work of remodeling the Ford garage, which has been under way for the past three or four weeks, is nearly completed and the proprietors, Curtis & Dyke, will celebrate with an informal opening in the near future, announcement of which will be made in the Ledger. J. C. Hatch had charge of the remodeling and the improvements made add materially to the appearance of the garage and the conveniences to be offered the public.

"Navy News" says the following story, is a favorite with President Roosevelt: "The Captain of a certain ship in mid-sea sent for a young officer who had been detailed to work out a position at sea. When the young officer appeared the Captain said: 'Young man take off your hat for we are on sacred soil.' 'Aye, aye, sir,' said the tyro navigator, as he withdrew what was coming. 'I have been checking over your position,' the Captain continued, 'and as near as I can make out from your reckoning, we are right in the center of Westminster Abbey.'—Ex.

4-H Club Camp Delegates Named

Fourteen Kent County 4-H Club members were announced at the annual banquet last Friday night as delegates to the annual 4-H Club Camp at East Lansing next July. The club members have been outstanding in their project work and in some cases have carried other than the project named. Following are the delegates: Canning, Alice; Timinsky, Vergennes; Marlon Mulder, Cascade; Food Preparation, Jean Fioravante of Walker township; Thelma Slater of Cascade; Arlene Nielsen of Courtland and Betty Grannis of Nelson. Dairy, Russel Bird of Courtland; James Sheppard of Walker; Robert Hudson of Cannon; Walter Graham of Lowell; Sheep, Gordon Douglas of Nelson; Poultry, Dan DeLewu of Plainfield; Crops, Charles Cramton of Ada and Rex Richardson of Courtland.

Three hundred and forty-five club members, leaders and adults sat down to the second annual banquet, music was furnished by the Kent County 4-H Club band. Speakers were Dean Bradford of Sparta, E. C. Mandenberg of Lansing, Miss Beatrice Boyle and P. G. Lundin of the State 4-H Club Staff at East Lansing.

ROTARY CLUB HEARS TALK ON BAND INSTRUMENTS

An interesting talk upon the subject of band and orchestra instruments was given at Lowell Rotary Club Wednesday noon by "Bill" Johnson, of Grand Rapids, vice president of the York Instrument Co. Mr. Johnson illustrated points in his talk by using a large horn having a total of 25 feet of tubing and a small cornet having but 36 inches of tubing.

The speaker was presented by Royden Warner, program chairman for the day.

Secretary F. F. Coons reported the results of the recent election in his talk by using a large horn having a total of 25 feet of tubing and a small cornet having but 36 inches of tubing.

YOUR NERVOUS CHILD MAY BE A CRUSHED GENIUS

An article in The American Weekly, the great weekly magazine with the November 14 issue of The Detroit Sunday Times, discloses facts explained by Professor Joseph A. Gertes, noted educator, who tells how many brilliant minds could be saved if schools paid as much attention to high-strung, unruly pupils as they do to backward and stupid ones.

Chair Factory Control Passes To New Hands

The Central Michigan Office Chair company, successor to the Superior Furniture company announced this week that the controlling interest has been purchased in this company by E. J. and E. S. Ellis, father and son, who are now controlling and operating the Charlotte Chair Factory at Charlotte. The Charlotte factory has been manufacturing high grade occasional chairs for many years and for the past year has been having tables to match the chairs manufactured at the Lowell plant. These chairs and table units were introduced at the furniture show this week and were received with enough enthusiasm to warrant the purchase of the controlling interest in the Lowell plant.

These are the details as presented to the council Monday evening by E. S. Ellis, secretary of the Charlotte Chair Factory. Mr. Ellis also stated at the council that the production would undoubtedly be increased in the next few months and the employment of more men would necessarily follow. In appearing before the council, Mr. Ellis asked the village to encourage the company in building up the Lowell plant by giving them a 50% discount on all light and power bills for the next five years. The council took action in compliance with Mr. Ellis' request with the proviso that the back taxes of the former Superior Furniture company, owed to the village and township of Lowell and amounting to nearly \$4500, be paid in full. Mr. Ellis agreed to this proposition. The village share of these back taxes amounts to in the neighborhood of \$2000.

Mr. Ellis states that Mr. E. B. Higgins, who has been the general manager of the Central Michigan Office Chair company will continue as manager of the new concern which will use the trade name "Superior" in connection with its products.

Finch and Team Here This Friday

Coach R. W. Finch of Central State Teachers College at Mt. Pleasant and his football team will stop over in Lowell this Friday afternoon for a practice session. The boys will dress in the gymnasium of the local school and will practice at 3:00 o'clock at Recreation Park. They will stay in Lowell for the evening meal and will then go on to Kalamazoo where they will play Kalamazoo College. Any citizens who wish to see this fine team in practice may do so by going to Recreation Park at 3:00 o'clock tomorrow afternoon. Coach Finch is a former Lowell coach and produced some excellent teams here.

Strand Calendar

Thursday, Nov. 11—He filmed desert warfare, shot his love story in "I Cover the War," with John Wayne, Gwen Gaze and Don Barkley; also March of Time No. 3. Comedy, Lion Tamer, Plenty Money and You, Jack Enny Orchestra and Fox News.

Friday and Saturday, Nov. 12-13—"The Big Show" with Guy Kibbee, Cora Witherspoon, Dorothy Moore and Gordon Jones and "Rustlers Valley" with William Boyd and George Hayes.

Sunday and Monday, Nov. 14-15—"Wotta life, wotta riot, wotta laff" with the Ritz Brothers in "Life Begins in College." A SOUND DOCTRINE

Every governmental official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent. We hold this to be a fundamental principle of domestic government.

FOR BETTER HEALTH

BY DR. J. ROSSLYN EARP
Director, New Mexico Bureau of Public Health

WISDOM TEETH

The third molar, or wisdom tooth, is particularly liable to cause serious illness and even death because of the frequency with which we have trouble in "cutting" them. The complications that arise between the ages of twenty and thirty may occur at any time after adolescence even into advanced old age. Men and women suffer equally but in both sexes the trouble is more often in the lower than in the upper jaw. The most common mishap is that only the front half of the wisdom tooth comes through and the gum forms a hood over the back half of the crown. Infection creeps under this hood and dangerous germs thrive in this little cavern. Attempts to remove a wisdom tooth while the gum around it is infected may result in

Safetygrams

The accident was caused by the glaring lights of a passing automobile, to read an accident report. Every motorist in the country knows well that statement means it is dark and a motorist driving carelessly at night is blinded by the glare of an approaching car. From that instant, it is as if he were without eyes. He cannot see the road ahead, judge the speed of an approaching car. He may slow down or come to a stop, but in that time in his blindness he may drive off the road into a ditch or into a walling.

HOME TOWN THOUGHTS

People ask what they can do to improve their home town. Almost anyone can improve it by improving his home place. The world began to progress when printing was invented, and people read what was printed. Business and popular welfare progress as the people read and know of the approaching car. He may slow down or come to a stop, but in that time in his blindness he may drive off the road into a ditch or into a walling.

FARMING IT... BY WILLARD BOLTE

Remember that chickens and dog skin gloves should not be washed on the hands. These leather gloves come soft when wet and are easily ruined. Work them around in warm water, pressing the mud gently through the gloves. Then wash with cold water and dry in the same temperature as the first water. Finally rinse through a light suds. Squeeze out the moisture by rolling in a dry Turkish towel. Smooth out wrinkles and gently stretch in shape. Then blow into them to make them dry evenly. While still damp work the leather between the fingers and stretch slightly. Finish drying.

Children in Court

A freshman in college was forced to discontinue her education upon her physician's orders. This young woman was the only daughter of a highly neurotic mother who had written long letters in which the vividly pictured her imaginary afflictions for her daughter. As a result, the daughter would not much over her mother's condition that she not only failed her courses but had an anxiety neurosis. A psychiatrist for observation and treatment.

Iron Ching

One of the unexpected benefits derived from installation of deer warning signs at certain points along state highways in northern Michigan has been profound wild game advertising by tourists. Four persons were killed in the state last year as automobiles struck deer on state roads. The warning signs were suggested by the conservation department as a method of preventing deer-automobile accidents. The state highway department made and installed them.

But It's True

The Nebraska turkey breeding house shown in the bottom sketch on top of the mash in the hoppers. On days, they can get their hens fed on wheat and tankage. And more mash made 100-lb. of gain on 400 lbs. of feed—compared with 1,000 lbs. of feed required by another lot of similar flocks that got nothing but corn.

The bird feeding platform illustrated at the right corner turns with the wind—thus preventing snow and rain from reaching the food. It's easy to construct. Alert poultrymen have discovered that by sprinkling a little fresh mash

LANING-PETTICOT POLITICS HELP TO DETECT THE C.I.O. IN DETROIT

This is one of the interesting conclusions advanced in the wake of America's most important municipal election—the balloting of the Committee of Industrial Organization to seize control of Detroit non-partisan government. Women flocked to the polls in large numbers. Miss Catherine Curtis, national director of the Women Investors in America, Inc., of New York, that the fair sex is vitally concerned by labor strikes and mounting prices and taxes. Surveys by the Women Investors in America show that 65 per cent of wives of men employed in industrial plants report that strikes increased their family life and health. With such a big stake in their husband's jobs, women marched to the Detroit balloting boxes and exercised their privilege.

NEVER FAIL FRIED CAKES

One cup hot mashed potatoes, 1/2 cup butter, 1/2 cup sugar, 1/2 cup milk, 1/2 cup flour, 1/2 cup baking powder, 1/2 cup salt, 1/2 cup vanilla, 1/2 cup raisins, 1/2 cup nuts. Add butter and sugar to hot mashed potatoes and mix well. Add flour, salt and baking powder. Add milk and eggs. Mix ingredients alternately, mixing in raisins and nuts. Add vanilla and nutmeg. Cook closely and set stand in refrigerator for an hour or longer. Roll a mass of dough on a floured rolling board about 1/4 inch thick. Cut with a doughnut cutter dipped in flour and fry in deep hot fat (375 degrees F.) until done. Drain on paper towels. If you aren't serving hot coffee, make a delicious cold coffee-fried cake.

Spuds That Satisfy

When you buy Michigan potatoes at the corner grocery store, they will be better than any other potatoes you can buy. Michigan potatoes are grown in the best soil and under the best conditions. They are the most nutritious and most delicious potatoes you can buy.

Apple Advertising

The co-operative advertising success of California citrus growers in being cited by officers of the Michigan Apple Institute is a result of a similar campaign. It was the Michigan Apple Institute that returned a rich dividend of higher sales and more stable prices. Only four states in the nation produce more apples than Michigan, according to a report of the Michigan State College who declares that "in quality of cherries and apples Michigan holds top position in the list."

Watch Out for Deer

One of the unexpected benefits derived from installation of deer warning signs at certain points along state highways in northern Michigan has been profound wild game advertising by tourists. Four persons were killed in the state last year as automobiles struck deer on state roads. The warning signs were suggested by the conservation department as a method of preventing deer-automobile accidents. The state highway department made and installed them.

Iron Ching

One of the unexpected benefits derived from installation of deer warning signs at certain points along state highways in northern Michigan has been profound wild game advertising by tourists. Four persons were killed in the state last year as automobiles struck deer on state roads. The warning signs were suggested by the conservation department as a method of preventing deer-automobile accidents. The state highway department made and installed them.

But It's True

The Nebraska turkey breeding house shown in the bottom sketch on top of the mash in the hoppers. On days, they can get their hens fed on wheat and tankage. And more mash made 100-lb. of gain on 400 lbs. of feed—compared with 1,000 lbs. of feed required by another lot of similar flocks that got nothing but corn.

But It's True

The Nebraska turkey breeding house shown in the bottom sketch on top of the mash in the hoppers. On days, they can get their hens fed on wheat and tankage. And more mash made 100-lb. of gain on 400 lbs. of feed—compared with 1,000 lbs. of feed required by another lot of similar flocks that got nothing but corn.

The bird feeding platform illustrated at the right corner turns with the wind—thus preventing snow and rain from reaching the food. It's easy to construct. Alert poultrymen have discovered that by sprinkling a little fresh mash

Before The Supreme Court

by A. B. CHAPIN

YOU ALL SIX MILLION OF YOU WHO ANNUALLY PAY NINE MILLION DOLLARS FOR HUNTING LICENSES WHO SPEND ANNUALLY THREE HUNDRED AND FIFTY MILLION DOLLARS FOR ARMS, AMMUNITION, HUNTING EQUIPMENT AND SO FORTH, WHO ARE INDIFFERENT TO THE HEEDLESS DESTRUCTION OF WILD-LIFE BREEDING, FEEDING AND WINTER AREAS, ARE CHARGED WITH AIDING AND ABETTING THE WILFUL AND WANTON EXTERMINATION OF THE NATION'S WHINDLING SUPPLY OF GAME ANIMALS! GUILTY OR NOT GUILTY ???

Auto Sales Climax

Counter to the forecast of the bureau of agricultural economics that the present brief business recession will run into 1938 is the general confidence shown by Michigan automobile manufacturers in making plans for 1938. September automobile sales were 10 per cent higher than September of a year ago. A total of 2,874,743 new cars were sold during the first nine months of 1937.

So. Keene-N. Boston

The Jolly Community Club met last Wednesday for dinner with Mrs. Irene Bakelak as her home. The members of each club were to be taken in that day. All members are requested to be present.

4-H Club Members Go to Chicago

Fourteen 4-H Club members, seven girls and seven boys, will be in Chicago Saturday, Sunday and Monday. They will be in Chicago for the purpose of attending the 4-H Club convention.

The Three R's AND TELEPHONE TAXES

Approximately \$20,000,000 of the money which the people of Michigan have paid for telephone service over the past ten years has come back to the form of primary school education for the boys and girls of the state.

That is because taxes assessed by the state against certain utilities, including the Michigan Bell Telephone Company, are paid into the primary school fund. From there the money is distributed among the 83 counties of the state, and helps support the elementary, grammar and high schools.

Money alone could not account for Michigan's high standards of public education. Our state has been fortunate in the men and women entrusted with this work—the superintendents of public instruction, state, county, city, the local school boards, Parent-Teacher associations, and the individual teachers.

Michigan Bell Telephone Company

On Saturday evening Mr. and Mrs. Henry Kort of Grandville were invited to be in contact on Thursday. John O. MacFarlane and daughter, Sally Lou, Detroit, spent Sunday with Mr. and Mrs. F. P. Coons and family. Mr. and Mrs. Ernest Aldrich and family were in Grand Rapids on Tuesday.

Joe Gish

Two girls were born to Mr. and Mrs. Joe Gish Saturday. The girls are named Mary and Helen. They were born at 7:30 p. m. and weigh 7 1/2 and 7 1/4 pounds respectively.

Gove Lake

Mr. and Mrs. H. L. Cooper of Gove Lake, Mich., were in Grand Rapids on Tuesday. They were accompanied by their children, Mr. and Mrs. H. L. Cooper, Jr. and Mrs. H. L. Cooper, Sr.

HOW

BILLS ORIGINATE IN THE U. S. HOUSE AND SENATE.—Bills may originate in either house, but according to the Constitution, every bill for raising revenue must originate in the house of representatives. The senate may, however, propose or concur in amendments, as with other bills.

After a bill passes both houses it is presented to the President. If he approves it, he signs it; if not, he returns it with his objections and the house in which it originated proceeds to reconsider the bill. If after such reconsideration, two-thirds of that house agrees to pass the bill, it is sent, together with the objections to the other house, by which it is considered, and if approved by two-thirds of that house it becomes a law.

If any bill is not returned by the President within ten days, Sundays excepted, after it has been presented to him, it becomes law, the same as if he had signed it, unless the adjournment of congress prevents its return, in which case it is not a law.

How Red Square Was Named Is Plain Enough

It is generally assumed that the "Red Square" in Moscow, on which the Kremlin fronts, was so named because red is the Communist color. Another explanation is that it took its name from the fact that it ran with blood during the executions under Ivan the Terrible.

Dr. M. W. Pickard informs us, says the Kansas City Star, that both explanations are wrong. The Red Square was the ancient market square of Moscow, where fine fabrics were offered. In Russia, "red" is used in the sense of "beautiful." If you wish to compliment a young woman, you say she is a "red girl." So the Red Square was named because of the beauty of the wares displayed there for sale.

How Hides Are Preserved

The Smithsonian Institution says that the hides brought back by African explorers for their collections were prepared simply by skinning the animal and salting the fresh hide thoroughly, especially around the edges. After all traces of blood are gone the hide is packed in salt in a tight barrel. It is then ready for shipment. While no liquid is put into the barrel, enough juices will be withdrawn from the hide by the salt to make more or less liquid in the barrel. No vermin of any kind will attack a hide so prepared.

How Broccoli Is Cooked

To cook broccoli cut the bunch into lengths suitable for serving, and cook it in a large quantity of salted water until tender. It is difficult to give the length of time for cooking because it depends entirely on the age of the broccoli. If the broccoli is cut at the proper time, the whole bunch can be cooked and eaten. Broccoli has long been popular in southern markets, but in the last few years it has been found widely in our own city markets.—Alice M. Child, Division of Home Economics, University Farm, St. Paul.

How Middle Names Started

Middle names have been used from a very early period. Originally the Romans used only one name, but soon adopted three, namely, the praenomen or fore-name, the nomen or name, and the cognomen or surname. The first marked the individual, the second the clan or tribe, and the third the family. In the early Christian church names were given on baptism or admission into the church. The number of Christian names varied, depending upon the selections by the godparents.

How to Keep Fur Coats

Don't neglect minor rips and tears. Have them repaired immediately. Don't hang your coat on the radiator when it is wet. Let it dry at a normal temperature. Don't keep coat hanging in a hot closet next to a very warm wall. Don't sit on fur coat for long periods of time.

In Memoriam

In memory of our dear son and brother, Raymond, who passed away one year ago, Nov. 8, 1936. No one knows the silent heart-aches. Only those who have lost can tell Of the grief that comes in silence For the dear one, loved so well. Mr. and Mrs. Fred Nummer and Family.

Social Events

Neighborhood Club
Mrs. Elizabeth Lalley entertained the Neighborhood Club last Thursday at her home. Honors were won by Mrs. Lawrence Rutherford and Mrs. F. J. McMahon.

Fortnightly Club
The Fortnightly Club met Tuesday evening with Mrs. H. J. Englehardt, Mrs. A. F. Zwemer acting as assistant hostess. Mrs. Hazel Moore gave a review of Travel by Air and Miss Dora Bangs talked on California.

Entertains Euchre Club

Mrs. Theresa Howard entertained the ladies euchre club last Thursday afternoon at her home. There were four tables in play, honors going to Mrs. Dell Condon, Mrs. Law Winger and Mrs. Kate Curley. Refreshments were served.

Mrs. Van Wingen Entertained
Mrs. Will Buck entertained last Friday evening with a miscellaneous shower for Mrs. John Van Wingen (nee Bernice Lee) of Grand Rapids. Around 16 guests were in attendance and games were played. Refreshments were served by the hostess. Mrs. Van Wingen received many lovely and useful gifts.

Births
Twin boys to Mr. and Mrs. Paul J. Feutz of Ada.
To Mr. and Mrs. Chas. Benedict of Saranac, a 6 1/4 lb. son, Earl Ray, on Saturday, Nov. 6, at the Luz Maternity hospital.

Real Estate Transfers
Emeline Austin et al to Mabelle W. Harker, lots 106, 107 and 105, Sweet & Smith's add.

Woman's Club

The fourth autumn meeting of the Lowell Woman's Club was held Wednesday afternoon, Nov. 3, Mrs. F. E. White acting as hostess at her home.

The president, Mrs. W. W. Gummer, called the meeting to order. The club song was sung, Mrs. David Cox at the piano. After the reading of the Collect and minutes, four new members were voted into the club and one member reinstated.

Mrs. John Taylor, as representative of the club to the annual District Meeting of Michigan State Federation of Woman's Clubs, held in Grand Rapids, gave a fine report on this meeting. At this meeting our president, Mrs. Gummer, was honored by her election to the State Federation nominating committee.

Mrs. R. G. Jefferies gave a report as delegate to the county federation, bringing out many interesting points.

Mrs. Gummer called on Mrs. H. L. Weekes, chairman for the day to take charge of the program. Mrs. Weekes introduced Mrs. Treasa Merrill of Detroit, head of the Fine Arts Department of the State Federation of Woman's Clubs. It was a pleasure having Mrs. Merrill with the club as she was formerly an enthusiastic worker in one of the Lowell Literary clubs. Some of the outstanding points in her talk for the afternoon were: the strong power in which the Federated Clubs were endowed, with a membership of forty thousand women; they should obtain the essential and prohibit the demoralizing things which influence the lives of the young people of today; the influence of the home; the prevalence of liquor in so many colleges and universities; the appalling circumstances existing in regard to child delinquency, blaming much on the uncensored moving pictures; the splendid work of the Catholic League of Decency in obtaining a 95 per cent clean picture. Her talk was forceful, enlightening and very much appreciated. Mrs. Merrill had as her guests Mrs. John Black, Mrs. L. J. Bunyan, who presented a delightful and pleasing skit, "Paris Sets the Styles". Mrs. Black is chairman of the Detroit Moving Picture Council. She gave a short talk on need of pictures being censored.

Mr. Walter gave two pleasing violin numbers, "Carolina" and "Scherzo". Mrs. Cox accompanied him at piano. The committee for the day then served with tea. Mrs. Gummer and Mrs. Quick pouring.

The club adjourned to meet in two weeks with Mrs. P. J. Fineis.—E. Lalley, Press Reporter

So. Boston Grange

Booster night at South Boston Grange was attended by a large crowd. The Knapp Trio of Ionia delighted the audience with their music and played for an hour of dancing following the program. A play given by the Rosenberger Community Club and directed by Mrs. John Lott, was a gloom chaser from start to finish and was very well done. Steve Custer, one of the oldest members of the Grange, demonstrated his ability with the rattle bones, accompanied by Ira Sargeant with a harmonica. Ardeth Kyser very pleasingly played three numbers for us on her Hawaiian guitar. Mr. Taylor, Supt. of Lake Odessa schools, gave a short talk which was enjoyed by all. Pot luck lunch was served. Thus ends the year's activities and next Saturday night, Nov. 13 will be election of officers. All members please come. A surprise feature and pot luck supper will follow the meeting.

The Community dances are growing more popular than ever. Another party Nov. 20. Bring your best girl, your family or friends and enjoy the excellent music.

Apple and Date Salad

Materials: 4 cups McIntosh or other tart apples (cut in pieces); 1 1/2 tablespoons lemon juice; 1/2 teaspoon salt; 1 tablespoon sugar; 1 cup of cut dates.
Mix apples, dates, lemon juice, salt and sugar. Moisten with mayonnaise and mix thoroughly. Chill. Serve on shredded lettuce and garnish with extra mayonnaise and whole pecan nuts.

Why Ducks Never Get Wet

There are several reasons why ducks never get wet, according to a writer in the Montreal Herald. For one thing, the feathers which cover the body of the duck are very thick and smooth. The feathers are so thick that the water does not come in contact with the air underneath the feathers, so that the skin is kept quite dry. Also there is a structure called a gland and the business of this gland is to make oil. The oil is used by the duck to smear over its feathers and make them slippery. As oil and water will not mix, this layer of oil prevents the duck from getting wet.

Why Hands Reveal Facts
Why do some people have small hands and others large, clumsy hands? Small-handed people are generally quick and impulsive; they usually hate detail and are either a great success or a big failure. Large-handed people are much more patient, careful over detail; they are thoughtful and cautious and rarely act rashly. But whether your hands are small or large, they indicate the direction in which your success and happiness lie, according to a writer in London Tit-Bits Magazine. No two hands are exactly alike, neither are there any two lives exactly alike. Take any family you know. Some have traveled, some stayed at home; some become wealthy, others find poverty. Their histories are written on their hands.

Deer Hunters May Total 150,000

Michigan's deer hunters owe the weather man a venison steak. Due largely to the comparative mildness of last winter, the outlook for the coming deer hunting season, which opens Nov. 15, is the most promising of the last several years.

I. H. Bartlett, state conservation department deer specialist, believes that more young deer came through last winter than have in three or four years, which should mean a greater number of legal bucks in the woods for the hunting season. Acutely unfavorable weather conditions are believed to have occurred in only one sizeable section of the state's deer territory, Mr. Bartlett says, and that was in the west end of the upper peninsula where a heavy snow fell last Feb. 2 and stayed through the late winter. More instances of deer starvation were reported in this area than elsewhere in the state. Counts taken by the civilian conservation license sale program indicated that although the deer decreased in some sections, increases were reported in a larger number of sections.

Based on last year's sale of deer licenses which totalled in the neighborhood of 137,000, combined with an indicated increase in the number of bird and small game hunters who took to the woods and fields during October, the prediction is made that Michigan's 1937 deer hunters may number close to 150,000. Last year's deer license sale figured an average of four hunters to the square mile in the state's deer area which totals about 34,500 square miles.

According to department of conservation estimates, approximately 45,000 deer were killed legally last season.

WHY

Fear and Rage Cause Hair to Stand on End.

When the hair bristles as an accompaniment to fear and rage that part of the brain known as the hypothalamus is responsible, according to Dr. S. W. Ranson, head of the department of neurology of Northwestern university.

The hypothalamus is about the size of a bean and is located at almost the exact center of the head. Thus it is relatively inaccessible, but Dr. Ranson, H. W. Magoun and H. Kabat found a method by which they could explore it, notes a writer in the Chicago Tribune.

It was found, said Dr. Ranson, that stimulation of the hypothalamus causes a rise in the blood pressure, rapid deep respiration, bristling hair, and dilation of the pupils of the eyes.

Since reactions of this kind invariably accompany fear, rage, and other intense emotional excitement, Dr. Ranson concluded that the hypothalamus is the source of such emotional expression.

Since a state of emotional excitement is just the reverse of the condition found in sleep, Dr. Ranson believes that the hypothalamus furnishes an emotional drive which is an important factor in maintaining the waking state.

These conclusions have been supported, he said, by experiments with monkeys. Where the hypothalamus has been damaged monkeys show a great decrease in emotional excitability and are drowsy. Wild monkeys after such treatment become tame.

Why Many Things Are Not What the Name Indicates

Everyone has seen peanuts, but how many realize that, scientifically speaking, they are not nuts but beans? June bugs, moreover, are not bugs but beetles. Almost everyone thinks that sealing wax is a kind of wax, but actually it has no wax in it, being composed entirely of shellac, Venice turpentine and cinnabar. Rice paper, too, which is used largely for making cigarettes is not made of rice but from a pithy plant called "tung-tsu."

Nearly everyone in Britain imagines that Westminster Abbey is an abbey—but it is not, observes a writer in London Tit-Bits Magazine. Its real name is The Collegiate church of St. Peter. Panama hats are not made in Panama, but in Ecuador, and there is no bone in whalebone. It is really baleen, an elastic substance found in the mouth of the whale. Nor is there a camel's hair in a camel's hair brush. It is made from the hair of squirrels. Also, the pineapple is neither an apple nor a pine, but, botanically speaking, a berry.

Michigan's mounting automobile death toll—already a matter of concern to state officials—was given a surprise interpretation in Detroit by Lieut. Franklin M. Kreml, director of the Detroit accident prevention bureau, who declared at a safety council meeting: "The majority of persons killed in accidents in Detroit within the last year were drunk or had been drinking." The temperance testimonial was not an advertisement for Michigan's automobile industry or for the legislature's recent liberalizing of liquor rules. It was an unexpected boost for Detroit's municipally operated buses whose drivers, according to an interstate commerce commission official, "are the most careful in the world." In approximately eight out of every nine farms in the United States, water is carried by hand. Sugar is employed in screen studios to construct windowpanes, later to be shattered in slap-stick comedies.

Seek To End A.F.L. - C.I.O. Rift

WASHINGTON... The first attempt in two years to end the bitter hostility between the two rival labor movements nearly hit the rocks when the C.I.O. group, headed by Phillip Murray (right), flatly refused to dissolve their organization as a condition for peace. Now A.F.L. committee, led by Chairman George Harrison (left) counters with proposal to take back suspended unions under former rights and privileges.

Wilkins Asserts Lost Fliers Survive

BROOKLYN... Lost amid Arctic wastes since August 12, Sir Hubert Wilkins, explorer, is confident the six grounded Russian aviators still live, though probably stranded hundreds of miles from human habitation. Here Wilkins is shown beside U.S.S.R. plane in which he and party will wing northward in second rescue flight.
