HOPE FOR FARMERS

FARM mortgage foreclosures have dropped to the lowest point in 10 years, according to government figures.

One hates to see a farm family have to quit. Heart's blood has usually gone into those acres, and it seems like an unhappy defeat on the field of struggle to sorrowfully move out and let someone else try it.

THE ASSET OF BEAUTY

IF A CERTAIN community gets a reputation as a beautiful town, its progress is sure. The American people have a very keen sense for beauty.

Beauty does not necessarily cost a lot of money, but it does call for neatness and some effort. Where there is disorder and decadence and dirt, you rarely find beauty.

DEBT BURDEN ON US ALL

THE AVERAGE debt burden to rest upon everyone in the United States at the end of the next fiscal year, is estimated at \$465. If this proves correct, the average family of five will be carrying a debt of \$1,725.

ROCKED TO SLEEP

MRS. Effie I. C. Carlton, composer of the famous lullaby, "Rock-a-bye-baby," died a few days ago at Boston.

Do the women rock their children to sleep as they used to? Many people would doubt it. They would say the women spend more time rocking the automobile wheel than the cradle.

ONE PERIL AVERTED

AS THE WAR takes its cruel course in Europe, and men rage against their enemies in futile hate, it has become apparent that the American people have done a very wise thing.

In the World war our country made a fight for the free passage of its ships and people through the ocean areas of conflict. It was felt to be the right of a neutral country to have its ships and passengers go wherever they would on lawful errands.

Many people of small means will say that the debt burden on them will be less, since their property and earnings are less than the average. Taxes come out of everybody, and it will take plenty of taxes to pay all the bills that Uncle Sam owes.

Forty lecturers and officers from Kent, Allegan, Ottawa, Barry, Newaygo and Montcalm counties, met in a district conference at the Hotel Pantlind at Grand Rapids recently, with Cyrus H. Jaspers of Grand Rapids, lecturer of the Michigan State Grange presiding.

The afternoon session was devoted to discussion of problems which confront rural leaders and Mr. Jaspers discussed the sessions of the recent National Grange Convention held at Peoria, Illinois.

Emphasis was placed on the development of programs to interest youth in the grange. Mrs. Raymond Hubble, of Coopersville, Ottawa county lecturer, told of the formation of a youth group in that county.

The action of the state legislature in transferring state fire marshal's office to the state police department looks like a good move.

Last Thursday's Ledger stated that F. P. MacFarlane had left that morning for a trip to the Pacific coast.

You'll Have to Reveal All When Census Man Comes Business Survey Also to Be Taken

Have you a bathtub or shower in your home, and who uses it? How much did you make last year and what rent do you pay? How far along in school did you get?

Have you a telephone? How much spinach did you raise last year and how much, if anything, were you paid for it? This will 120,000 census-takers query whoever answers the door at 40,000,000 farm and city dwellings next April.

Secy. of Commerce Hopkins made public Saturday some of the questions through which the census bureau expects to gather the most complete data ever assembled about some 132,000,000 persons, their homes and their farms.

New questions to be asked in the population census this year deal with education, mass migration, employment, occupation and income.

There are 26 general questions in the population census and 11 additional questions which will be asked one out of 20 persons.

Foundations for the 1940 population census work were laid in the first decennial census in 1970, which was provided for by congress to determine representation in congress. The first census of manufacturers, taken in 1810, laid the foundation for measuring the industrial growth of America.

Without doubt, the question perplexing many voters in the fifth congressional district at the present time is the matter of deciding as to who is the man best qualified for the place made vacant by the passing of the late Carl E. Mapes.

The question is not quite so perplexing to the members of the Democratic party, which has but four candidates, as compared with nine candidates seeking nomination on the Republican ballot.

There is little question but that George Washington was one of the best informed men of his day on agricultural problems.

About Wisconsin Our office receives each month an interesting booklet from the U. S. D. A. In the current issue we found some interesting items.

We generally think of Wisconsin as a dairy state but much to our surprise it is second in the production of cranberries.

The last item is not such good news but a careful survey shows that the per capita consumption of potatoes is on the decline.

French Fishermen First To Explore Newfoundland
Newfoundland was already well known and frequented by French fishermen when Cartier headed there first. He came too early in the spring, though, and had trouble with icebergs. Sailing on, he mistook Madagalen and Prince Edward islands (now British) for the main coast, and so traveled north, exploring every harbor and bay.

Elmdale Mrs. Ira Sargeant
Elmdale's Tragic Fire
Saturday morning about 7:15 P. M. operator Delbert Harris heard someone screaming and answered the call, and soon located from whence it came and also saw Mrs. Rebecca Long, who was calling, turn and enter her home, or the kitchen of her home, which was a mass of flames. Owing to the fact that Mrs. Long was nearly blind, it is believed that she did not realize that the fire had reached such a dangerous stage. Carlos Seese was the first to arrive at the scene but was unable to enter the house. The Clarksville fire department was called and as soon as Sheriff Leslie Murphy of Ionia arrived the fire fighters had deeded the smoldering ruins and soon the remains of the 81-year-old woman were recovered. Coroner Harry Myers deemed an inquest unnecessary. Mrs. Long is survived by five children, Howard of Lakeview Ala.; Russell of Otsego, Mrs. Ida Foxworthy of Pellston, Mrs. Erma Wilson of Grand Rapids and Mrs. Almeda Franks whose whereabouts are unknown and seven grandchildren. Funeral services were held Tuesday at 2:00 p. m. at the Beattie funeral home of Clarksville and at 2:30 at the Old Mennonite Church with interment in the Old Mennonite cemetery. Rev. R. C. Johnson pastor of the local Nazarene church officiated.
