THE NEW VOTERS

NEARLY 9,000,000 new voters will be eligible to vote at the November election. Their vote will come near turning the tide. No wonder the political war horses are eagerly sniffing the breeze, to see if they can get any line on what those new voters are going to do.

A letter from Golden Greene to the Ledger states that his mother, Mrs. Emma Greene, arrived safely in New York City last Saturday afternoon after five hours' flying time between Grand Rapids and New York. "She is not a bit tired and I'm afraid we'll have a hard time keeping her on the ground in the future," says Mr. Greene in his letter.

Eddie also saw service in the World War. His rank is that of first lieutenant.

A woman transient who is said to have confessed several illegal marriages was picked up by state troopers last Friday afternoon on US-18 at the M-66 intersection as she was trying to get a ride with passing motorists. Her name is Gladys Shotwell and she is said to have revealed that she had left four divorced husbands in various parts of the country and had planned to marry a fifth in Michigan.

With the starting of school, parents should make it a point to see that children are obedient to traffic laws and regulations. This subject of self-protection is as necessary for an education as a knowledge of writing. A richman's Arithmetic enables you to learn of the total of accidents resulting to school children during a school year. Reading tells you of serious mistakes that befall youngsters who would not watch. History points out the necessity of thinking out your movements before you act.

Motorists! Cooperate With School Children

WITH THE OPENING of school one million children are out on the streets and highways on school buses and being constantly on alert for children and other pedestrians on the highways. The members of the new State-Wide Safety Committee are the Superintendent of Public Instruction, Dr. Eugene B. Elliott; the State Commissioner of Police, Oscar Olander; State Highway Commissioner, Murray D. VanWagoner and Secretary of State, Harry F. Kelley. The committee is at work to reduce motoring and highway accidents. This will mean slowing down in school zones and in congested areas, also passing school buses cautiously and being constantly on alert for children and other pedestrians on the highways.

Job Insurance Act Explained At Rotary Club

Aims, Benefits Told By Benedict H. McGinn, Dist. Manager

Benedict H. McGinn, district manager of the Michigan State Unemployment Compensation Commission, enlightened members of the Lowell Rotary Club Wednesday noon, as to the inner workings of the job insurance program. The act was adopted in an attempt to solve one of today's greatest problems, that of insecurity.

The speaker explained that in August, 1935, Congress adopted the social security act, a major advancement towards the economic security of the individual and his family. In December, 1936, the state of Michigan adopted the Michigan Unemployment Compensation Act, covering about 1,500,000 workers.

According to Mr. McGinn, covered employers must have eight or more employees in 20 different weeks of one year. This does not cover agricultural, domestic or government workers.

When a worker loses his job under no fault of his own, he must report to the nearest office, register his name and file a claim for benefits. If it is impossible to find a job for the claimant, the benefits are then paid, if the following qualifications are fulfilled: 1—Applicant must have worked for a subject employer; 2—Must have earned at least \$200 during the first four of the quarters preceding his application; 3—Must be able and available for work at all times while receiving benefits.

Amount of Benefits Received

If these requirements are met, the worker then receives benefits equal to 4% of his highest quarter, not to exceed \$16 weekly or less than \$7 and for not to exceed 18 weeks in any benefit year. If the applicant refuses to take a job offered by the commission, he may be disqualified. If applicant has been discharged for misconduct, he will be penalized from three to nine weeks of the benefits according to the facts of each case.

There are three different types of payment, the total, weekly partial and monthly partial, the latter two allowing those who work only a few days a week or month to receive benefits.

All Unemployed May Register

Any unemployed person may apply for a job at the unemployment office whether or not he is eligible to receive benefits. The Grand Rapids office now has on file the names of 11,000 unemployed persons who are available for all kinds of work.

The commission is governed by a non-partisan committee of four who appoint an executive director to oversee the workings of the several departments. The present executive director is John Townsend of Detroit.

Keep Sick Children Home From School

School bells calling a million Michigan children back to school also brought a request from the State Health Department for the cooperation of parents in protecting the health of school children. Youngsters showing any of the early signs of illness should be kept at home and the family physician promptly called. Dr. H. Allen Moyer, state health commissioner, contrary to the former policy of emphasizing 100 per cent attendance, school and health officials today realize that the health of the whole school population will be better protected if the sick child is kept at home.

Wanted, A Home For the Girl Scouts

Now is the time for some good citizen of Lowell to do their good turn for the Girl Scouts. The girls are in need of a meeting place, some place where they can have their own rug and furniture, or any accessories so dear to a group of girls.

The East Ward school building, now sold, has not only put the Girl Scouts in the street but the Brownie Scouts as well.

School Enrollment Above 700 Mark

The total enrollment on the fifth day of school shows a decrease of thirteen from a year ago. On comparative dates, 714 enrolled last year to 701 this year.

Supt. Gunster states that the decline in registration is very unusual in that it occurs in the high school. There are now 323 in the upper four grades, whereas a year ago there were 343 in these same grades. A large eighth grade this year means that in all probability the registration in the high school will increase again next year.

Lowell's Teaching Staff Will Emphasize Patriotic Fervor, Good Citizenship

At the first teachers' meeting, Superintendent W. W. Gunster called attention to the fact that various state and national educational agencies were urging all schools to center the year's instructional program on good citizenship. It was pointed out that for the most part these agencies advocate the teaching of Citizenship and Americanism through the development of an appreciation of our Democratic institutions.

Mr. Gunster suggested that what is needed in America today is a return to a patriotic fervor. He contended that a mere complacent indulgence in those things which are peculiarly American is not sufficient. Patriotic citizenship, the kind that makes us feel that Our Country is the best on earth, is the type of citizenship we need.

In the past quarter century too many educators have ridiculed patriotic fervor, stated Mr. Gunster, adding, "historical personalities and events have frequently been debunked. We have ridiculed S. D. Curtis' dictum to the point where we feel it is a crime to feel that Our Country is the best on earth. Nationalism has been minimized and internationalism has been held up as the desirable ideal. In teaching the fruits and blessings of democracy, we have forgotten to dwell upon the trials and virtues of our founding-fathers. We have stressed the privileges of citizenship without stressing the duties of citizenship."

Only Bona Fide Farmers And AAA Members Are Eligible

Meetings to elect members to community committees, to assist in the administration of the 1941 Agricultural Conservation Program, will be held Friday evening, September 13, 1940. John McCabe, Chairman of the Kent County Agricultural Conservation Committee, announced this week.

The meeting places for these elections will be as follows: Tyrone, District No. 1, Tyrone Township Hall; Solon, District No. 2, Evers Hall; Nelson-Spencer, District No. 3, Spencer Grange Hall; Courtland-Oakfield, District No. 4, Courtland Township Hall; Algoma, District No. 5, Algoma Grange Hall; Sparta, District No. 6, Sparta Library; Alpine, District No. 7, Alpine Township Hall; Plainfield, District No. 8, Plainfield Township Hall; Cannon-Grattan, District No. 9, Bostwick Lake Community Church Basement; Grand Rapids, Ada, Vergennes, District No. 10, Vergennes Township Hall; Walker, District No. 11, Walker Township Hall; Wyoming, Byron, District No. 12, Byron Township Hall; Paris, Gaines, District No. 13, Gaines Township Hall; Cascade, Caledonia, District No. 14, Caledonia High School; Lowell, District No. 15, Sweet School; Bowne, District No. 16, Bowne Township Hall.

Eligibility to Vote

Any person who is participating or cooperating on a farm in the community, in programs developed under Sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, the Agricultural Adjustment Act, the Federal Crop Insurance Act, and the Sugar Act, and who signs an application for membership in the association, or any person who has an interest in a farm in the community and who signs an application for membership, indicating that he will cooperate in a program administered by the association in 1941, shall be eligible to vote in the community election meetings. Voting by proxy or by mail will not be permitted.

Persons nominated as committee members, alternate committee member, or delegate and alternate delegate, must be bona fide farmers who are members of the association and who derive a substantial part of their income from farms which they own or operate within the community. They must be bona fide residents of the communities electing them to membership on the community committees or as delegates to the county convention.

Any member of the association otherwise qualified shall be eligible to serve as a community or county committee member, delegate, or alternate, only if such member:

Parents Can Aid In Polio Fight

With nearly 20 counties in the Upper and Lower Peninsulas fighting outbreaks of poliomyelitis, Dr. H. Allen Moyer, state health commissioner, this week called upon parents everywhere in Michigan to be on guard for the first signs of the disease in their children.

Health and medical agencies throughout the state are prepared to handle all cases, the commissioner declared. At the first sign of polio a doctor should be called immediately and the patient isolated. The first stage of the disease, which may come on quickly, is usually indicated by fever, and often nausea and vomiting. Children may complain of stiffness or pain in the back and neck and of muscle tenderness.

Early diagnosis followed by continued medical supervision and orthopedic care will greatly lessen the danger of paralysis. No serum or vaccine has been shown to be of value in preventing polio.

Bell Phone Buys Elmdale Company

Approval of the sale of the Elmdale Telephone company properties to the Michigan Bell Telephone company was announced Saturday in Lansing by the Michigan public service commission. The sale includes 25 miles of pole line, 180 miles of iron wire, 1,500 feet of cable and other plant items.

Adulterated Milk

I wonder how many Kent County dairy men noticed a small item in the daily papers one day last week about a dairy plant in a county adjacent to Kent that ran afoul of the federal government for selling adulterated milk. This company has been buying whole milk, skimming it and selling the cream or making butter. The milk was then filled with some butterfat substitute and sold under a trade name.

The law doesn't say it can't be made but there is a federal law that says it can't be shipped interstate. Apparently this company did this very thing. Judge Raymond of the federal court assessed an \$800.00 fine on the company for this violation.

More Apple Storage Plants

Apple storages in the fruit sections continue to be built. Driving down the Peach Ridge Road the other day we noticed that Carl Crawford on the Alpine side of the road was building a second storage on his farm. Down the road a half mile and on the Sparta side we saw a new one under construction on the Dr. G. S. Felt farm.

Commercial Fertilizer

Ran across an interesting item on the use of commercial fertilizer the other day. In recent years farmers have spent about \$200,000,000 dollars annually for fertilizers. In 1938 about 7 1/2 million tons were used.

A recent survey showed that the most fertilizer is used along the Atlantic coast, more so than in any other part of the country. Crops of high value provide the largest outlets for fertilizer in relation to acreages grown.

Cotton was once the crop using the most fertilizer, but with marked reduction in cotton acreages the past few years the honors have gone to corn.

Use of fertilizer on wheat was most pronounced in the South Atlantic and middle Atlantic states while in the important wheat sections of the Great Plains, Mountain and Pacific Coast, no fertilizer is used.

Tobacco gets the heaviest application per acre of all crops. In the south Atlantic states the average amount is 900 pounds per acre.

Potatoes are a heavy user of fertilizer. Applications in the New England states run as high as 1665 pounds per acre.

Plenty of Certified Seed

Kent County farmers will have a good supply of certified grain and potato seed in their own county for 1940 plantings.

Reports to our office from the Michigan Crop Inspection Association tell us that Robert Sturgis of Byron Center, D. A. McPherson of Lowell and Hugh Clark of Sparta will have certified Huron seed oats.

Jesse W. Pickett of Caledonia and Charles Kaeckel of Grand Rapids will have certified Wolverine oats.

Ed. Parmeter of Courtland township has Chippewa potatoes under inspection and if they pass will give Kent County farmers a source of the seed.

The Demand of Times

The preacher at our church, Lester Kilpatrick, read a poem as a part of a recent sermon that struck me as most timely in these troublesome days. It is from the pen of Josiah G. Holland. We pass it on to you:

"God give us men! A time like this demands Strong minds, great hearts, true faith and ready hands; Men whom the lust of office does not kill; Men whom the spoils of office cannot buy; Men who possess opinions and a will; Men who have honor, men who will not lie; Men who can stand before a demagogue And damn his treacherous flatteries without winking; Tall men, sun-crowned, who live above the fog In public duty, and in private thinking; For while the rabble, with their thumb-worn creeds Their large professions and their little deeds, Mingle in selfish strife, lo! Freedom weeps, Wrong rules the land and waiting Justice sleeps."

HEALTH QUIZ II
Education of the public in matters of health and hygiene is apparently 72 percent successful. One of our nation's largest health organizations, with the collaboration of the United States Public Health Service, is offering a health test to all visitors at its exhibit at the San Francisco World's Fair. The test consists of "true-or-false" questions and the average person is estimated to answer 15 out of 20 correctly. These have been discussed at intervals in the columns of this paper and the remainder are listed below. The answers will be found at bottom of this article.

14. Vitamin extracts are most useful to (a) help build up vitamin reserves, (b) increase vitality, (c) correct vitamin deficiency.

STEPMOTHER almost always has a trying time of it, and in these days of easy divorce one world is full of stepmothers. What makes the situation especially trying for them is that in the beginning everything sounds so pleasant and simple. Sam has two darling children, and Sally and her mother are already. The little girl is shy, and naturally talks a good deal about her mother, but the boy is a perfect darling. After Sam and Sally are married she means to make much of Sam's children. Any way, says Sally, joyously improves the family. Her mother's wedding plans, she says, will be just what her mother needs.

STOP
Again, true spiritual contentment does not consist in the possession of things, but in the possession of the soul. It is a state of mind that is not easily achieved.

THE FIREBALL DOES IT!
Modern engineering has high compression ratios to permit higher compression without "ping." Most have had this without "ping." Most have had this without "ping." Most have had this without "ping."

Patriotic Poem

Mrs. Arthur Green of West Lowell writes real good poetry but through a natural modesty has never said very much about it. Her latest effort is especially appropriate at this time and is entitled:

Our Royal Inheritance

God keep our country bright,
Always keep her in the right,
May she shine forth with a light,
As a star shone that Christmas night.

May our nation live in harmony,
May her light shine o'er the sea,
And help the world live for Thee,
The God who gave us liberty.

Where the birds of colors gay
Sing their praises everyday,
To the land of the brave and free
To thee may we ever loyal be.

We love each lane and flower
And the pines peaceful bower,
We love the forests too,
With their leaves of gorgeous hue.

Though some may choose to roam,
We will keep her for our home,
And under her flag we will always stay,
In our good old U. S. A.

—Mrs. Lena Green.

Lowell Moose 8, Hotpoints 5

The Lowell Moose put on the blitzkrieg in a large 4th inning on Tuesday night and defeated the Lowell Hotpoints by the score of 8 to 5. Each team having previously won a game, the game Tuesday night decided the winner of the city title.

The bombardment was led by Stormzand, Maloney and Mac Fonger. Graham, regular Hotpoint pitcher, was returned to the outfield and a pitcher imported from Grand Rapids. But from the reception given him by the Moose, he returned to the city with his pay check and a credit slip for \$1.00 on an electric clock.

The Lowell Moose look forward to next year and a successful season. They hope to add Graham to their pitching staff.

Social Events

Allan-Gougherty

The nuptials of Miss Mary Catherine Gougherty, daughter of Mrs. Thomas Gougherty of Alto, and Clyde D. Allan, Jr., son of Mr. and Mrs. C. D. Allan of Waterloo, Iowa, were solemnized at St. Andrew's rectory on Tuesday, September 5 at 2 o'clock, Rev. William E. Powers officiating.

The bride, given in marriage by her brother, T. Claire Gougherty, was attired in a simple creation of white Mouseline de soie fashioned with a high gathered bodice and a sweetheart neckline. Her fingertip veil fell from a shaped headpiece of rose-point lace and she carried an arm bouquet of white gladioli and swansonia. Her only ornament was a pearl cross.

Miss Jane Noel, maid of honor, wore a pink sheer marquisette gown with a molded waistline, a shirred bodice and square neckline, completing her ensemble with a shoulder length veil and halo of pink chiffon and a bouquet of orchid gladioli.

James Grima of Ann Arbor assisted the groom as best man. Mr. and Mrs. Herbert Dows completed the wedding party as Master and Mistress of ceremonies.

Mrs. Gougherty chose for her daughter's wedding an ensemble of dusty pink with black accessories and a corsage of white gladioli.

Mrs. Allan, mother of the groom, wore an Alice blue gown with matching accessories and gladioli corsage.

A reception was held following the ceremony for the immediate families and intimate friends in Country House.

For going away Mrs. Allan, Jr. chose a suit of rose chiffon broadcloth with black accessories.

The bridal couple have left for a Northern wedding trip and will be at home after September 15 in Waterloo, Iowa.

Entertained for Florida Guests

Mrs. John Layley was hostess to the Neighborhood Club at her home last Thursday. Honors in bridge were won by Mrs. L. W. Rutherford and Mrs. John Arehart.

Miss Shear Is Bride of Mr. Collins

Miss Vivian Shear, daughter of Mr. and Mrs. Lodi Shear, became the bride of Ernest Collins last Friday, in a very pretty wedding. The ceremony, with Rev. R. M. Barksdale officiating, took place at the home of the bride's parents at eight o'clock in the evening. Ernest is the youngest son of Mr. and Mrs. James Collins.

Against a background of flowers and palms the young couple spoke their vows, witnessed only by members of the immediate families. Attending the couple were Mr. and Mrs. Howard Collins of Grand Rapids, Howard being an older brother of Ernest. The bride wore a sailor blue street length dress with corsage of red roses, while her attendant was most attractively attired in olive green.

Following the ceremony, delightful refreshments were served. A huge cake in pure white and castle like in shape, adorned the table. It was indeed a happy occasion, an evening fully rounded out by unannounced friends, relatives and neighbors who appeared outside to offer congratulations and best wishes in an appropriate manner.

The newlyweds will be glad to receive friends after September fifteenth at their home, 420 North Riverside Drive.

Rod and Gun Ladies' Night

Ladies' night of the Rod and Gun Club will meet the evening (Thursday) with Mr. and Mrs. E. C. Foreman, Mr. and Mrs. Glenn Webster and Mr. and Mrs. Ray Avery as hosts and hostesses.

Bell Co. Installs Emergency Cable

Accelerating its traditional policy of preparedness against possible emergencies, the Michigan Bell Telephone Company has announced that it has just started construction of a new 95-mile cable extending east and west across the heavy industrial section of the state.

The cable, according to George M. Welch, president of the company, will serve as an alternate route for existing channels and also will provide relief for those over which usage is approaching the capacity stage. Estimated to involve gross expenditures of nearly \$640,000, the cable will be built underground along private right-of-way.

Two smaller extensions—one north and south and the other east and west—also are being built.

CHILBLAIN

The Spitz who lives next door, had company visiting at his house this week. They have a little black and tan, and Chilblain brought him over to meet MacTavish and me. His name is Elwood and boy is he a shrimp. He isn't any bigger than a medium sized guinea pig, and I'll bet he weighs four ounces less than a soap bubble. But he's a great little guy. We went over in the lot to hunt gophers and Elwood didn't hang around trying to dig them out, he'd just beat it down the hole and chased them to another exit. They popped out of the ground like pop corn on a hot stove. He had gophers running around that field thicker than mosquitoes at a beach party. Mac and I ran ourselves bowlegged trying to catch them. But those imitation ground hogs would disappear down another hole faster than beer at an Irish picnic.

What a delightful baby!

said the nervous young curate, visiting a parishioner. "And how old is he—er, he, she, or it, as the case may be?"

"Just five weeks air," replied the proud mother.

"Well, well," said the curate helpfully. "Your youngest, I suppose."
