BACCALAUREATE WISDOM

ONE OF THE EVENTS of the fateful graduation season is the baccalaureate address which is so frequently given to a graduating class on the Sunday before their graduation. It is one form of recognition that it takes something more than knowledge of facts and science to make a truly successful career.

3,000,000 STILL JOBLESS

ALTHOUGH the appropriation figures proposed for the WPA for the coming year have been reduced some 125,000,000 from the sum expected last January, it is estimated there are still 3,000,000 people out of work. It appears there will always be a substantial number who will lack work, because of age, lack of skill, or various handicaps.

MARCHING TO BERLIN

A GOOD MANY people feel that if the allied armies in the first world war had marched all the way to Berlin, and showed the Germans that they were thoroughly conquered, Germany would not have wanted to start a new war.

EASY-GOING AMERICANS

THE AMERICAN PEOPLE are said to have a mercurial temperament. That is, a temperament that rises and falls quickly, like the mercury in your thermometer.

HARDER TO GET MARRIED

THE AMERICAN Journal of Sociology recently published a series of studies of American life, and one of the conclusions reached by its expert authors was that marriage is harder in the United States and divorce is easier.

DRAFTING YOUNGER MEN

A PROPOSAL to reduce the age for drafting young men under the selective service act to 19 years, possibly to 18, will probably be put into congress soon.

Graduation Week Begins Tomorrow

Baccalaureate Services Sunday Night at 8

The sixty-fourth annual graduation exercises will be ushered in tomorrow night when the juniors will be hosts to their upper classmates. The reception at the outstanding social event of the year and the seniors always regard it as the farewell to the good times they have had. The juniors, under the leadership of L. R. Miller, will adhere to the standards of the past in providing the entertainment.

On Sunday evening at eight o'clock the Baccalaureate services will be held in the school auditorium with Rev. Cecil E. Follock, pastor of the Methodist Church, in charge. The orchestra will play the professional and the Girls' Glee Club will sing. The public is cordially invited to attend these services, and there will not be any reserved seats.

The commencement exercises on Thursday, June 11, at 8 o'clock will be for the public but reserved seats will be held for holders of tickets until 7:45. The address of the evening will be delivered by C. W. Grandey, Superintendent of Schools at Terry, Indiana. He is an uncle of Frank Stephens. The complete program follows:

Commencement, June 11
Professional by the high school orchestra; invocation by Rev. Robert C. Warland; salutatory by Janet Fritz; address by C. W. Grandey; musical solo by Hooper Warner, accompanied by Virginia Doyle; presentation of Spade by Richard Gephart; acceptance by Donald Coe; selection by high school orchestra; presentation of Legion honors by Peter Mulder; valedictory by Virginia Doyle; presentation of prizes and diplomas by Mrs. Chas. Doyle; benediction by Rev. Robert C. Warland.

Register Next Week For Canning Sugar

According to instructions received late Wednesday from Mr. E. Kik, supervisor of the Kent County Rationing board, arrangements will be made throughout the county for registration of those who will use sugar for canning. The registration will take place on four days, next Monday, Tuesday, Wednesday and Thursday, June 8, 9, 10 and 11, from nine in the morning until five at night, in the City Hall. The village and board of education will cooperate by furnishing two supervisors, Mrs. L. E. Johnson and Supt. W. W. Gurnea. Mrs. Johnson and Mr. Gurnea will attend a meeting in Grand Rapids on Friday to receive final instructions. According to tentative plans, a pound of sugar will be allowed for each four quarts of fruit, but the number of cans must not exceed by an appreciable amount, the total number canned the year before. One certificate will be issued to each family and any member of the family over 18 years old may apply for it.

Register Next Week For Canning Sugar

Jokes, jests and jibes just by Jeff. One thing different today—when you see a War Bond on one side of the page, you don't see ads for new automobiles on the reverse side. As the horse rears, horseback riding becomes aristocratic and it begins to look as though it may be stylish to walk. They say candy is a substitute for liquor, but we never heard of candy making a Lowell man want to sing "Sweet Adeline." Why is it that vegetables seem to do better in a little garden where there are also a few flowers? We found a truthful Lowell man yesterday. We asked him what he would do if he had a million dollars and he said he supposed he would spend his time wishing it were two million. ... Biting off more than you can chew is almost as big a mistake as going hungry.

Bell Commended For War Effort

Former Legislator Dies at Alto Home

Funeral services held Wednesday for Charles R. Foote, 70, of Alto who passed away at his home after a lingering illness. Rev. F. E. Chamberlain officiated at the services and burial was made in Green cemetery near Belding.

Mr. Foote was born in Ionia on December 13, 1871, and in 1897 was united in marriage to Josephine Rounds of Fremont. He was admitted to the bar in 1895 and practiced at Belding and Alto. From 1902 to 1907 he was proprietor of the Wigton House at Hart. Mr. Foote served the Second district in the house of representatives from 1913 to 1917 and was prominent in the administration of Gov. Albert E. Sleeper. He had been postmaster at Alto for several years and was a highly respected citizen of the community.

Surviving are the widow, one son, Harold Block of Galice, Oregon, one sister, Rosalyn McElroy of Cleveland, Ohio, and a grandson. The sincere sympathy of the community is extended to the bereaved members of his family.

Scrap Metal Drive Brings in 50 Tons

The scrap metal drive conducted by Percy J. Read & Sons, local independent dealers, which ended last Friday night brought in the grand total of approximately 50 tons. The scrap was collected from Lowell and neighboring townships and was a complete success and will provide bombs and bullets for the enemy as well as making repair parts for farmers more certain.

Tax Millage For Townships, Schools

Kent county tax allocation board Monday set tentative tax millage allocations for the 24 township governments and the school districts within the townships, and designated June 15, 17 and 18 as time for final hearings for the various units.

Keene Tp. Woman Has 105th Birthday

Merriman Cemetery Memorial Services

The Merriman Cemetery association held memorial services at the cemetery last Sunday afternoon with Mr. and Mrs. David Sterick in charge of the program. The program included the Star Spangled Banner, led by Mrs. Valda Wata and accompanied by Mrs. John Behler; a group of songs by Marie and Marion Wiant and Marie Sterick, accompanied by Mrs. Wata; "I Am An American" and "Fairest Lord Jesus" sung by Marjory Clark, Donna Dalstra, Eloise and Evelyn Hobbs, Osa Roth, Yvonne Shade and Elizabeth Yeiter; a cornet trio, Charadell Hill, Doris Sterick and Harry Daversport, played and sounded the tape; a quartette composed of Floyd and Glenn Yeiter, William Rhinehout and Robert Cox, accompanied by Miss Doris Yeiter, sang a group of songs, all sung "God Bless America," led by Mrs. Wata and accompanied by Mrs. Behler.

Future Farmers Hold Picnic And Election

The annual F. F. A. picnic was held at Fallsburg Park May 28, to finish up the school year and to elect the officers for the coming year. They are as follows: President, Verdel Bovee; vice president, Stanley Ralya; secretary, Keith Franks; treasurer, Leo Blocher; reporter, Roger Krum and watch dog, George Metterlick. The placing on the good membership ladder of the boys that will receive an F. F. A. letter is George Metterlick, Dale Shade, Verdel Bovee, Roger Krum, Victor Puchase and Harold Krebs. We also played softball until 9 o'clock. There everyone enjoyed a good wienie roast with chocolate milk which was served by the program planning committee. There will be two night meetings during the summer vacation.

Fruit Farm Operator Is Laid to Rest Here

Cecil W. Kelley, 31 operator of the Hiltop Orchard in South Lowell, passed away on Saturday in St. Mary's hospital, Grand Rapids. Funeral services were held in Grand Rapids on Tuesday and burial was made in Oakwood cemetery, Lowell. Mr. Kelley, a native of Bancroft, had lived most of his life in Grand Rapids until a few months ago when he moved to Lowell where he operated the fruit farm. Surviving are his parents, Mr. and Mrs. Lewis Kelley of Lowell, two brothers, Louis of Grand Rapids and Asa of Lowell.

Wasting Rubber Might Lose War

Rationing of Gas Would Hit Michigan Keenly

Back of the transportation tempest on the Michigan home front, centering on the prospect of a July 1 restriction on automobiles, looms this question: When will the war end? We could peer into history and foresee the outcome of the Leningrad-Moscow-Khar'kov fronts, we might find the answer.

As it is, Michigan citizens are apprehensive that drastic restrictions on automobile transportation, instituted July 1, will deprive our tourist industry of \$200,000,000 to \$300,000,000 income. To us, that is very important.

A high official at Washington remarked the other day that the rationing plan for national gasoline production to conserve rubber had been unduly agitated. He termed the general alarm "a lot of newspaper talk."

Newsprinters print the news, whether it is good or bad. And the truth is that newspapers recorded factually the utterances of some of our wisest men, some of whom sincerely believe that at the present rate of use there will be only 10,000,000 of 30,000,000 automobiles on the road by the end of 1943—next year! If rubber conservation is achieved, either by voluntary methods such as the "Pontiac Plan" or by coupon rationing of gasoline, together with requisition of tires on old cars and with salvage of other rubber stocks, it would be possible—so the press has been told—to keep more automobiles going by December, 1943.

News of Our Boys With the U. S. Flag

Albert Kysar has been promoted to the rank of sergeant and is being transferred from Fort Banks, Mass., to Ft. Edwards, Mass., for further anti-aircraft training. Mr. and Mrs. Vern Armstrong received a card this week Monday from the war department stating that Corp. Lawrence Armstrong had arrived safely in Australia.

War Check-Up of Farm Production Must Be Completed By August 1

At a meeting held May 28 in Grand Rapids for County and community committees, plans were completed for the Agricultural War Production Check-up in Kent County for 1942, according to John McCuba, Chairman of the Kent County AAA Committee.

The morning session was begun by the Kent County Triple-A chairman reading the message from the State Triple-A Chairman, Maurice A. Doan. In his message, Mr. Doan asked, "Did you ever stop to consider, in all its scope and ramifications, just what this Food for Freedom production program means? Did you ever stop to seriously consider how many millions of people are depending on it; how many nations would fall without it; how many soldiers and sailors and marines need it for fighting strength? Farmers are in this war—all the way. Wheels can't turn in the factories—and tanks can't roll at the front—without food and raw materials from our farms."

Parasites, Inside and Out

No domestic animal on the farm has as many parasites inside and outside as the sheep. Drenching for internal parasites and dipping for ticks is not such a hard or expensive job but a messy one. Most Kent county flocks are not large enough to warrant dipping tanks but there is little excuse for a sheep owner not drenching for internal parasites.

Wasteful Practice

Wash O'Brien, of the Soil Conservation Service at Benton Harbor, sent our office an interesting story the other day that we thought farmers in the Grand River Valley might be interested in. Quoting O'Brien, "The U. S. engineering corps, the General Maude, has been engaged for the past month (twenty-four hours a day when the weather was mild) removing soil from the harbor at St. Joseph and Benton Harbor.

Spud Feeder

We mentioned sometime back that John Doneth, who used to check farm account books in this county for the farm management department at Mich. State Col. is in the army. John wrote his friends at the college and recently when he was doing KP duty he helped peel 2,500,000 pounds of potatoes. A little arithmetic told us this was better than 4,000 bushels or about seven carloads. We would like to have seen Doneth at this potato job.

With the U. S. Flag

The Lowell Ledger carried a story the other day that James Read had cashed his bond and was on his way to Australia. We believe Jim is the first former Kent County 4-H Club member to go overseas. He was one of the first dairy club members in the county. Kent County 4-H Club members are pretty well scattered in camps over the country. Walter Graham, of Lowell; Harold Krebs, of Bowne; Robert Zuidema, of Paris and William Dalacow, of Plainfield, all former club members from Kent are in a couple forts on Puget Sound. A couple of other boys have sent their personal effects home and that means overseas for them.

100% Clubs

Speaking of 4-H Clubs and war efforts, the Bowne township summer clubs, both boys and girls at their last regular meeting asked Miss Salsbury, the postmaster at Alto, to bring defense stamps to their meeting. The club members, there are 56 in the two clubs, bought \$38.00 worth of stamps. Every member owns stamps and some have bonds. We believe it is the first 4-H Club in Kent county to be 100% owners of stamps or bonds.

GRAND RAPIDS DIOCESE TO HOLD FIELD MASS

Boys from the Grand Rapids Catholic Diocese now in military service, approximately 3,000, will be honored and remembered at the Field Mass to be offered on the campus of St. Joseph's Seminary in Grand Rapids on June 7 at 11 o'clock.

Child Training

Editor's Note:—The following article is the second in a series dealing with subject of child training.

In the study of child training, child health has often been given so much prominence that sometimes the child's mental and character building has been considered secondary.

Psychologists agree that the adult character is definitely formed by family experiences in early childhood, therefore it is now increasingly emphasized that it is in the home we must develop the democratic character of the citizen of tomorrow.

However, we do not belittle the necessity of the study of child health as it is important perhaps never more so than now. All phases of it are invaluable—nutrition, for instance, which is the basis of health has always emphasized.

Psychologists have long known that the child who is properly nurtured, the balanced diet, the proper environment, the proper stimulation, the proper discipline, the proper instruction in early childhood, to insure mental health and a sane mind for the adult.

SOCIAL EVENTS

Pennock-Schreuder

Miss Grace Schreuder, daughter of Mr. and Mrs. Edward Schreuder of Harding Place, Kalamazoo, and St. Petersburg, Fla., became the bride of Loree C. Pennock, M. M. 2C, U. S. N., son of Mrs. Wilbur N. Pennock of Lowell and the late Mr. Pennock, at a ceremony performed at the parsonage of the Second Christian Reformed Church of Kalamazoo at eight o'clock Thursday evening, May 21. The service was read by the pastor, Rev. E. VanSomeren.

The couple were attended by Miss Margaret Muir and Roy Stinson of Kalamazoo. The bride chose for her wedding a suit of Robin's egg-green, with an orchid shoulder corsage. Miss Muir wore a Navy taffeta suit with a shoulder corsage of Briarcliff rosebuds and sweet-peas.

Only the immediate families were present for the ceremony. A reception was held at the lovely home of Mr. and Mrs. Herbert DeKorte of Kalamazoo, following the ceremony.

Mr. Pennock left Friday afternoon for Eton, Mass. Mrs. Pennock will remain at home for the present, due to the very critical condition of her mother.

Their many friends extend congratulations and best wishes.

Honored on Birthday

The West Side Birthday Club met at the home of Mrs. Ralph Boerma last Friday evening to help Mrs. Boerma celebrate her birthday. Twelve ladies were present and the diversion of the evening was "crazy Pedro." Everyone had an enjoyable time.

Honor Agnes Perry At Farewell Party

From Ionia Daily Sentinel:

"Michigan Bell Telephone employees from Belding, Greenville, Portland, Lowell and Ionia held a farewell dinner in honor of Miss M. Agnes Perry, Lowell chief operator who is retiring from the service, at Leden's Coffee shop on Thursday evening, May 28.

"The Ionia branch was host and Miss Johanna Bielow, chief operator for Ionia, was toastmistress following the dinner. She introduced a member of each branch who spoke briefly. They were Miss Lucy Kohn, a member of the Belding branch; Mrs. Julia Yaner, of Greenville; Mrs. Bertha Earl of Portland, and Mrs. Clara Kingdom of Lowell. Other short talks were given by R. O. Varnum, district commercial superintendent of Grand Rapids; G. R. Riddell, district superintendent of Grand Rapids; R. C. Warner, Ionia plant chief and F. I. Huber, manager of the Ionia branch of Michigan Bell system. Mr. Huber presented the guest of honor with a gift from the group.

Special guests were Miss Katherine Perry and Miss Martha Perry, sisters of the retiring operator and their guest, Miss Marion Bushnell, all of Lowell.

Following the program at Leden's the group met in the lodge of the Bertha Brock park where movies were shown under the direction of R. O. Varnum who was introduced by Mr. Huber. The movies gave some idea what Michigan Bell Telephone employees are doing and can do in civilian defense. It was also announced that telephone employees are buying war bonds 100 per cent.

The women's auxiliary of the Ionia Fishing and Hunting club served a luncheon to the group following the movies. They were the first guests to have luncheon in the newly-completed clubhouse.

REUNIONS

BASEBALL
The Fallaburg Cubs were defeated last Saturday at the park, 9-5, in a good game with Gibson Refrigerator team from Greenville. The team that was to have played Sunday failed to show up.

There will be a game this Sunday at the park at 2:30 p. m.

A minister advertised for a manservant. The next morning a well-dressed young man rang the bell. "Can you start the fire and get breakfast by 7 o'clock?" the minister asked.

"I guess so," replied the young man. "Well, can you polish all the silver, wash the dishes and keep the house neat and tidy?"

"Say, parson," answered the young fellow, "I came here to see about getting married, but if it's going to be as much work as all that you can count me out right now."

Switzerland is now ahead of its program for increasing land cultivation.

Post War Jeeps May Pull Plows
Michigan farms may soak up some of the flood of United States army jeeps after the war is over and before tractor production gains volume.

Federal engineers recently borrowed two of the quarter-ton cars and tested them out on some farm jobs such as plowing and harrowing. Bottom land was plowed seven inches deep at nearly four miles an hour. One 16-inch plow was attached. The army car burned 23 gallons of gasoline in plowing an acre of land.

The jeeps probably could perform farm jobs as capably as Michigan's famed doodlebugs which were converted from discarded autos, says O. E. Robey, agricultural engineer at Michigan State College. The jeeps are made for tough service and likely wouldn't have as many breakdowns as many of these converted doodlebugs.

Too low and too narrow for cultivating row crops, the engineers decided after making tests with the army jeeps.

The jeeps are made for tough service and likely wouldn't have as many breakdowns as many of these converted doodlebugs.

Too low and too narrow for cultivating row crops, the engineers decided after making tests with the army jeeps.

Another complication indicated the military machine would work better on the farm if a slightly lower gear ratio could be installed and a lower hitch put on for plowing.

In comparison with the usual one or two-plow small farm tractors, the jeeps developed from one to three horsepower less on the drawbar, pulled about two-thirds as much and turned out about a third less horsepower hours for fuel used.

The 60 horsepower engine on the jeep can be made to drive through all four wheels and will exert as much as a 1,900 pound pull with almost no wheel slippage. The car equipped for army use has six speeds forward and two reverse.
