BOY SCOUTS

DICTATOR countries have stress ed their youth movements as a part of their combined force for strength. Here in this country we have a group of youths that are called Boy Scouts that represent an order whose aims and purpose is to build character, prepare for citizenship, instruct in ways of scouting and dedicate lives of American boys to accept responsibilities of tolerance and brotherhood. This

form other useful services. As the lems to be solved. He used the Onan of Flint, and a grandson of Boy Scouts celebrate their anniversary this week, we send them no hogs two years ago, owned 100

means, sweep moors. Surely she is have any good 1942 seed left, it soon be sent overseas.

The will be more considerate this year of using love distance. and sending wires, but we can still that can easily use it.

THE MAN LINCOLN

to great figures of the past who have met wars and helped win them, the mind draws instantly to the man Lincoln. Can we deny that human nature is different than those 80-odd years ago when a nation was making a desperate strugge? Man may have different reasons, different policies, varied attacks, but man's nature is the same swhen Lincoln piloted the ship,.

A good deal of interest was fore the presents were taken from the Christmas tree. The Ledger remotor and other electrical equipments from her home west of the Grand Trunk depct. The trip by auto would require 30-40 trip by auto special struggers that shortage of help and special will continue to publish the records for 1943 find and the provide shown in the fine exhibit of farm Trunk depct. The trip by auto would require 30-40 trip by auto would require 30 as when Lincoln piloted the ship.

native constabulary of Negros Island of this concentration was a carrier, nose up as high as he dared and Australia. At 9 p. m. we heard the was to bring in the cushion of his plane—it had cracked up against a ci. It was up to us to take off and cutting the remaining two motors so landing lights. But it dion't see

"you're forgetting your first cable." shape, and finally had six which we landing in a rice patch as you could priority, for those planes that night "No, I'm not," said Frank. "I got thought could complete the mission to first soon as I could—gave it to someone who was going in to Ma
"No, I'm not," said Frank. "I got thought could complete the mission hope for. Just as the ground was and get home. But remember Old to someone who was going in to Ma
"No, I'm not," said Frank. "I got thought could complete the mission and get home. But remember Old coming up at us I hit the dome related to take out General coming up at us I hit the dome related to take out General to someone who was going in to Manila to file on December seventeenth."

planeless pilot. So it ought to be rolled off, leaving that little hole you eral hadn't yet arrived. But we teenth."

Frank had been alive then. But 1 lots were Shorty Wheless, Pease, Lee opened up, so that the first slugs over for a single hour of daylight on hadn't got it until the nineteenth. Coats, Vandevanter, and of course Anything could have happened in Jack Adams—I was his navigator. thirty yards away in a straight line the Jap planes were swarming over those two days, and for the first | "We are flying in formation to just a yard from my chin as she the place. Pease knew the Air Force

help, he explained, by classifying "When we come in on the target, crawled up into its nose and was ground. and filing these, getting them in their proper groups, help speed up the stream of reinforcements which the boys out East would need so badly—we didn't dream how badly."

"When we come in on the target, I'm down there in the lower jaw. But now my job as navigator is temporarily over, so I can leave it and go back to the bomb bay, where the bombs are hanging in racks on either side of a little aisle.

"When we come in on the target, I'm down there in the lower jaw. But now my job as navigator is temporarily over, so I can leave it and go back to the bomb bay, where the bombs are hanging in racks on either side of a little aisle.

"We all got in, and discovered Well, he explained, there were supposed to be a lot of floating Japanese mines here, and he thought it would be all right if we didn't bump be had said it was; in ble shape as the had said it was; in the bombs are harmoned in the lower of the water. Why?

I'm down there in the lower jaw.

Well, he explained, there were supposed to be a lot of floating Japanes here, and he thought it was in just as teni-

bank, had been hurt and was in through the open bomb-bay doors, to them we reported to General Radio Tokyo had broadcast. It is "We were getting more and more oxygen mask is back by my seat in in for it. Because it seemed the ing Fortresses are operating from uneasy. Here we were, comfortable on this beautiful field. It was as peaceful as Clark Tield had been before December eighth. We'd fled oxygen mask is back by my seat in the navigator's compartment, and just before Jack Adams from his pilot's seat slammed those bomb-

bay doors closed, looking down be something, but then the doors and myscif a battalion to command, pearl fishermen, who had been slam shut and there is only black. which we thought was going to be a thinly scattered along this Austra-

coast of Luzon, Of course that meant kept losing altitude.

(Continued from last week)

"And one of the first things that happened was that we lost our squadron commander, Major Gibbs.
He had taken off under cover of darkness on a secret mission—and did not come back. We never knew what happened. Weeks later the native constabulary of Negros Island of this concentration was a carrier, and the nandwriting on the wall for us, particularly if one was a carrier with Zeros which would presently be in range of us and could strafe of us we spotted a big clump of us were ward in the field, where the planeless aviators were being assembled for altitude fast, and then right ahead of us we spotted a big clump of us were served. Her pupils wish nosed her in toward land, still losing altitude fast, and then right ahead of us we spotted a big clump of us we spotted a big clump of us were safely back into the air negative.

"I got to Del Monte on March thir teenth and we were all ganged up on the field, where the planeless aviators were being assembled for us without the air negative.

"I got to Del Monte on March thir teenth and we were all ganged up on the field, where the planeless.

"I got to Del Monte on March thir teenth and we were all ganged up on the field, where we would get safely back into the air negative."

"I got to Del Monte on March thir teenth and we were all ganged up on the field, where the planeless. do what we could. We'd been work- we wouldn't have to climb out of her them and kept on going. We didn't

"But, sweetheart," said Margo, ing like hell to get the planes in in flames, he made as nice a belly know it then, but we didn't have Al

Clark Field. Each was a problem, because I wanted each to fill a need. I couldn't tell him I was worried because that would be letting him down. He would think I didn't have complete confidence in him. I would start to write the little news about family affairs, and it seemed so trite—because maybe he'd be read
"About an hour out of Del Monte to write—because maybe he'd be read
"About an hour out of Del Monte to write—because maybe he'd be read
"About an hour out of Del Monte to write—because maybe he'd be read

To your part to

-get that extra War Bond NOW!

Now, as never before, your country looks to you to do your patriotic duty. For this is the showdown. And what's your part in this bitter struggle?

Right now, it's to get behind the 4th War Loan and invest in at least one extra \$100 Bond. A Series E War Savings Bond will cost you just \$75 and you get back \$4 for every \$3 you invest, if held to maturity. But that's the least you can do. Invest more if you possibly can. Invest \$200-\$300-\$500 or more. Help the company you work for to meet its quota.

Remember, these extra War Bonds are in addition to your regular War Bond subscription, either through payroll deductions or other channels. Before you say you "can't afford" to do more than you are already doing, think of those who are pouring out their blood and their lives today and every day that this

World's Safest Investment Ali over the country men and women look to the future with confidence. They are the ones who have put part of their extra wartime earnings into the world's safest investment—U. S. Government War Bonds. What about you? Are you letting the dollars slip through your finger—dollars that should be put safely away in War Bonds? There are War Bonds to fit your needs...Bonds which are backed up by the strongest "company" in the world. Build that home you have always dreamed about. Send your child to college. Buy the wonderful things that are coming after the war. YOU

that are coming after the war. YOU CAN DO IT WITH YOUR WAR BOND SAVINGS.

Progressive Farmer Passes

Folks up in Courtland township will miss friendly Elwin Parmeter who passed away recently. Born and raised in that township, he typified to me a good American farmer. Always a good potato producer, he and his son, Elwin, started raising certified seed potatoes few years ago and did a most sucof storages before building his.

Sometimes I wish there was a scale we could put on farms and check their fertility. If there was such, am sure that the Parmeter when he started to farm.

The esteem in which he was held was shown by the many friends who paid their last respects to him at the Courtland Methodist Church.
